Powerful, liberating, and deep! A bold witness of the awesome hand of God. Prophet John Lewis takes us beyond the scientific explanation of the human brain to a critical awareness of its psycho-spiritual relevance. Truly a missing link! This is a captivating revelation on how “perfect love drives out fear.” Expect to be changed!

In this day and age, both the Faith and Secular Communities are driven and held captive by fear. Prophet John Lewis as he is led by the Spirit of God guides us spiritually and metaphysically from mankind’s introduction to fear in the Garden to our deliverance from it on the Cross. Prophet John draws a clear parallel between the Serpent (reptile) in Genesis and our physical Reptile Brain (serpent brain) and brain stem.

Throughout the book, Prophet John exposes how we are programmed and manipulated through the “Serpent Brain” in every area of our lives. Hosea 4:6 says, “My people are destroyed for lack of knowledge...” As you read this book, you will be set free from your prison of fear because of what our Father provides us with through this man of God. Be blessed as you read this revealed Word of God.

There are many that have received revelation knowledge, but I see John Lewis as a forerunner in the area of revelation knowledge. In this book, Serpent Brain, John breaks down the source of our fear and how to understand the brain. He teaches us through Scripture, science and revelation knowledge a prophetic picture of God, using the brain, how it functions spiritually and carnally. He exposes at the deepest levels the source of mans fall, revealing our true nature, Christ in us the hope of Glory. John unravels many mysteries in the word of God and exposes many misunderstandings in the body of Christ. This book will be a real eye opener of understanding and will change your prayer life drastically.

First of all, I think this book is truly great, covering an arena that few fear to tread in. You have certainly covered all the bases and made the way ‘open’ to all that are being drawn (dragged) into Christ and His fullness. Getting folks to ‘stop and think’ is most of their journey.

My name is Dr Moses Patrick Fraser. Growing up as a child I had a passion to see people healed from physical diseases. At the age of 12 when I became enlightened (had a salvation experience), I personally experienced God's healing power in my life and was healed of severe asthma. As time went on, my desire became stronger to become a physician and to see others healed supernaturally.

I graduated from Medical School in Russia and spent 2 Residency Programs both in Internal Medicine and Family Medicine in University of Washington Family Residency Program, Vancouver WA. I have practiced medicine in Europe and Ghana, Africa. I am presently practicing medicine at the Southwest Washington Medical Center, Vancouver WA.

It was during my Medical School days in Russia that I first met Prophet John Lewis in the church I was then Pastor of in Russia. I served as John's interpreter in most of the meetings and we saw the miraculous power of God manifested through him. Since that time we have remained in contact.

When Prophet John told me about the book, "Serpent Brain-Transforming the Carnal Mind," I was excited. I reviewed the book and as a scientist I was amazed about the metaphysical illustration of the Serpent, the anatomy of the human brain and how it all correlates with Scripture. This message is not packaged as the regular religious messages are.

The message in this book will really transform your entire being and release the hidden potentials within you. We must let go of the fear. We must be willing to learn and transform our reptile (serpent) brain. Only then can we be conformed to the Spirit and become all that we were born to be. This is why everyone needs to read this book.

It has been said that, "The word of him who speaks to men without speaking to God is not fulfilled." When one reads the writings of John Lewis, it is clear that he has first spoken to God and now is communing with men. An impressive book, powerfully prophetic and provocative. This a wonderful integration of spirituality and science! Lewis' erudition and enlighten is anointed scholarship at its best.

ABOUT THE BOOK

Bottom line, this book is about overcoming your fears with Love and living a life of love; by accepting yourself and others that may appear different (religiously, racially, politically, gender, etc). On a scientific level, it is about the ancient Reptile Brain in humans and its coming transformation. The main focus or character in our discovery will be what is scientifically termed, the R-complex or Reptile Brain in humans. It is this member or organ, where we will trace the root of humanity's *perceived* problems. The R-complex, which I call the Serpent Brain is the oldest part of our brain, this is where all of our primal instincts, carnality and fear originates. I will use these terms (Serpent Brain-R-complex, Reptile Brain & Carnal Mind) interchangeably throughout the book, referring to the same organ. We seek to show how mostly all that we *perceive* as evil or negative stems from ancient programming in the reptile brain, based in fear. However, through deprogramming and reprogramming the Serpent Brain, we can consciously live in what we consider the supernatural or Spirit consciously at all time. I will connect the dots between science, spirituality, mysticism, metaphysics and the human experience, to paint a clear picture of the Creator's Ultimate Purpose. My intent is to demystify much of what is called spiritual, metaphysical or mystical, and at the same time show how true science validates ancient biblical and spiritual teachings.

Now to explain this: Every part of our body is a replica or physical manifestation of something that exists in the celestial or etheric realm. Humans are composed of many bodies, but we will mainly focus on the physical and energetic bodies. The good news of the Creator's purpose and plan is recorded throughout the human anatomy and DNA. We are awesomely and wonderfully created in the image and likeness of the Creator; although, we don't yet fully express that reality.

Nevertheless, we do have a hope and promise that we will be completely restored to our Edenic Consciousness, to totally operate out of the Mind of Christ at all times. At which point, even the members of our being that are considered most lowly and primal will express the full glory of our Creator God.

In this book, we challenge you to look at real issues, *perceptions*, lifestyles, behaviors, religious ideas, political agendas, propaganda and hidden fears. We will not only look at them, but possibly change some and come to realize the power of LOVE, that dissolves all fears. Furthermore, we will show you the hidden metaphors in Scripture that hinted at the transformation of the Serpent Brain/Carnal Mind, the Pineal & Pituitary Glands. We also set this forth in practical and mystical inspired poetry throughout the book; as an introduction to each chapter. In the poems are hidden prophetic clues; concealed in rhymes and metaphors before the next chapter on this journey deeper within.

“Bless the LORD O’ my soul and all that is within me bless His holy name.” Psalms 103:1 KJV

The physical and material world only reflects that of the invisible or spiritual world. In what we call the spirit realm, the Seraph (angelic being) is the spiritual counterpart of our physical

Serpent (reptile) Brain and brain stem.

The metaphysical primal Serpent Brain will be transformed to be liken unto the Seraph within mankind. The Seraphim are the mysterious highest celestial Angelic Order of Fiery Flying Serpentine creatures, closest to the throne of God. According to Scripture, they cry; *“holy, holy, holy is the LORD of hosts; the whole earth is filled with His glory.”* Isaiah 6:1-3

All of creation earnestly waits and groans with great expectation for humans to once again fully operate out of whole brain synchronicity, as in Eden. At which point, we will fully manifest as sons and daughters of the Most High and the whole earth of our being will express his glory. This book, and all that seek the Light are dedicated to the complete transformation of the human mind and choosing to live in Love.

Finally, this is a Spirit inspired book. It should not be seem as a “Christian” book, although most of the information is from the Bible and my encounter with Christ. It is my intent to reach all people of faith and the faithless, thus, the language will reflect many religions and science. It was not written as a regular book for only information, entertainment or education, although, you will receive all of that and more. It was written as a meditation, a contemplation, a revelation; using trigger words and phrases to unlock parts of your being, so that you may overcome fear, have a paradigm shift and manifest his Love, Power and Glory.

ACKNOWLEDGMENTS

I would like to acknowledge and give thanks for and to all the experiences and people that have crossed my path up to this point. I would like to give special appreciation to the experiences and people that may have appeared negative and attempted to create fear and instability in various areas of my life. Had it not been for those testing moments, weeks, days or years; the Christ would not have been formed to the degree He has in me.

I now realize that I called those people and experiences to me, probably on an unconscious level. They were my needed teachers, guides, counselors, principals and friends in disguise in this cosmic classroom called *Perceptions*. They taught me not to believe everything I see, feel, hear, taste or even sometime speak.

Thanks for your lessons, disciplines, blessings and challenges that sometimes seemed they were meant to destroy me. They have succeeded greatly, as complete Ego death is my ultimate goal, and total transformation. My *perception* of God, the universe, others and myself has changed. Fear has been transmuted to faith, by the power of love. I have come to my *right* mind and I now know who *I AM*.

PREFACE

After graduating from high school I had every intention of going to the university and getting a degree in Psychology and practicing it. However, after my spiritual encounter with the Christ, during high school, my path led me in another direction. It led me to devoting my life to the full time ministry of missionary evangelism and humanitarian acts in many nations. Nevertheless, I would read psychiatry or psychology journals from time to time. I was seeking to understand the emotional and biological counterparts and manifestations for the spiritual problems of those I ministered to.

I remember reading, the only fear that humans are born with is the fear of falling, unless there's in utero trauma. During delivery after spending 40 weeks cushioned in a warm womb of embryonic fluid, and attached by the umbilical cord to the source of nourishment, a fear of falling is ingrained, as the child makes its downward entry into this world. Evidence of that initial fear yet persists into adulthood; it oftentimes manifest as we are nodding off to sleep. The medical term is called, a hypnagogic or hypnic jerk. It is an involuntary muscle spasms causing the body to jerk while falling asleep. One often feels he is about to fall. I am sure you can identify with the sense or feeling of falling, while you are lying securely on your bed. All at once your body twitches or jerks you out of sleep, as you try bracing yourself from falling.

It was in the late 1990's, probably around early 1998, when I had returned home from speaking at one of our weekly highly progressive Home Group Fellowships. This was nothing like the stereotypical Home Bible Study group, as oftentimes more than 50 spiritually hungry people would attend. There was spontaneous praise and worship with lots of instruments; we never knew what was happening from moment to moment, as we allowed the Holy Spirit to have complete control. Some used to call this fellowship the *Mystery School* or *School of the Prophets*, because we were blessed with such in depth revelation knowledge, as others and I taught week after week. Plus, there were awesome accurate prophetic words delivered. People heard about us were drawn from out of state and literally out of the country to share in the rich experiences provided by the Holy Spirit, over quite a number of years. Often after these meetings I would be so high spiritually from extensive worship, teaching and preaching, that I could not sleep until the early morning.

I had taught a message on “Overcoming Fear” and the symbolism of the Serpent many times, but hours after this particular meeting, something else began to develop in my spirit that night. While in meditation and soaking in the after-glory of the meeting, I was led to pull up my encyclopedia and study the human brain. I had read information before and studied the brain a bit, but for the first time I recognized there was a part of the brain called the Reptile Brain, which I immediately preferred calling it the “Serpent Brain.” During my study, I discovered the four main functions of it (feeding, fleeing, fighting and sexual desire).

As the Holy Spirit downloaded revelation knowledge, a message formed. It seemed kind of radical and I thought, “most of my messages are radical, so what?” I began sharing thoughts and power points, dropping seeds here and there to see how people would respond or if they could hear what the Spirit was saying. I was happily surprised that it ministered life and witnessed to all those that heard the little that I shared each time. It was exciting watching the twinkle in the

eyes of those listening, as they expressed “aha” moments.

It was not until late 2003-2004 that I shared extensively what was revealed to me regarding the Serpent Brain. It was amidst what I call *the Indoctrination of Fear* launched by the politicians, media and some well known TV evangelists/pastors. Living in a post 9/11 world it became hard to distinguish truth from error amidst all the “fear mongering” and “psychological warfare” launched upon the American people and the world. People were afraid of “terrorists” being everywhere and anyone of dark or olive skin with a mustache or beard, which included me. I was often asked by strangers, especially in the airports, “What country are you from?” “Are you here visiting America?”

I had been petitioning the government to remove me from the “FBI TERRORIST WATCH LIST” to no avail. Some folks that knew me felt I was put on it because I had actually shared some visions about the 9/11 event at least 9 months prior and posted it on my website; stating this “terrorist event involving landmark buildings being destroyed on the East Coast would happen in September 2001.” Furthermore, I had announced it prophetically to a group of about 200 during a speaking engagement June 2001. I suppose me being very vocal on the internet contradicting the governments narrative didn't help. Things actually got worse and I was eventually put on the “NO FLY LIST,” while returning from Pakistan in 2005 and was not permitted to fly out of Bangkok, Thailand.

I was confined to sit in a specific area with a color-coded sticker identifying me as a potential terrorist or threat to Homeland Security. Ookaayy. I had been able to put up with all the other challenges (delays, missed flights, interrogations, no access to electronic tickets or kiosk, people staring, etc) of my travels since 2002 and had kind of gotten used to it, but this was different and I began to fear. In the Bangkok Airport, I was constantly under the watchful eye of the airport security, as they often conversed on their walkie talkies in Thai language, while starring at me. Fear was producing images in my mind of me sitting in a Thai prison for weeks or months or until my government finally cleared me. I had heard stories... Memories of me being detained and incarcerated in Russia and Ukraine, while on mission trips several years prior flooded my mind as I was thinking, this would be much worse. The head of security told me I would be detained until someone came from the American Embassy to clear me. After many hours and after much intense arguing, I was finally allowed to leave Thailand for America. Hallelujah! However, I was not allowed to fly anymore for a while.

In America, like thousands of other innocent people, I experienced the inconveniences of missing flights, waiting at the check-in counter for up to 20 minutes, while the agent disappeared in the back room with my passport or driver's license to call Langley, Virginia to report my local or international travel itinerary and get approval for me to fly. During this wasted time other anxious travelers in line beside and behind me stare at me in fear, wondering if I had plans to blow up an airplane. So far I have been removed from the No Fly List. I have letters I carry at all time after much petitioning basically stating I am not a threat and should not be on the FBI or Homeland Security Terrorist Watch List. However, I am yet on the List and have been told I will probably be on it for life-but probably not an an immediate person of interest.

Those experiences all aided in further developing this book. The initial message that I shared on speaking tours was in response to the *Indoctrination of Fear*, hoping to somehow

deprogram the effect it was having on the Serpent Brain/ Carnal Mind of so many good people. A strong “spirit of fear” was permeating most of this country; especially Believers were being gripped and tormented. I was appalled at the hatred, unnecessary vitriol, the pro-violence stance and unChrist-like attitude being spewed on the TV, Radio and from great pulpits in America. All of this unChrist-like behavior was birthed out of “the ministry of propaganda” and the Indoctrination of Fear following the attacks on 9/11.

In 2004, I posted a written extended (booklet type) message called “Serpent Brain” on my website and sent it out to several hundred people in our email database and also sent out hundreds of hard copies. The response was awesome and surprising. I received positive emails from around the world due to the message being forwarded to hundreds and possibly thousands of others. Ministers started contacting me from across the country asking for recorded messages or a book on this subject, often sharing how the message had changed their lives and opened their understanding. The emails yet came for months as some people reported they had read the message up to about 10 times to absorb it all.

Then, there were those that suggested I write a book, but due to my busy schedule traveling out of the country, I felt it was not the time. Also, in 2004 I was invited to Greater Works Church International in Atlanta, Georgia by Pastor/Prophet Daryl Winston to speak at his *School of the Prophets* and share the message “Serpent Brain.” The response was the same as in the written publication; the word brought life, enlightenment and freedom from fear.

This is not the type of book that most people would be able to pick up, read and grasp the contents and deeper meanings at one reading. It is written as a meditation and revelation to bring forth transformation. Soak, chew, allow the words to marinate and eat them all over again and taste something new. This is a 3-Part book designed to minister, provoke thought, educate, empower, enlighten people in 3 stages of spiritual development and give you permission to *THINK*.

- * Those who are *Finding the Path – Part I* (secular, political or religious, but hear the Call)
- * Those *On the Path - Part II* (responding to the Call and waking up)
- * Those further on the Path, *Becoming the Path – Part III* section is mostly prophetic- (those awake with no desire to fall back into religious-political or secular slumber and have become the Call)

It is my desire that each person that looks upon and even handles this book would be blessed, stirred from within, changed and set free from FEAR, religious guilt, false patriotism, shame and condemnation. May God Almighty cause the Eye of understanding be opened, grant unto you the spirit of wisdom, even the serpent’s wisdom that Jesus spoke of and revelation knowledge as these prophetic revelatory words find place in your spirit. May the words and the Holy Spirit awaken you to a new level of consciousness and realization of the greatness of the Creator, our all inclusive loving heavenly Father. May you realize that every part of your being was created to glorify Him. Every organ, muscle and cell is a replica of a powerful spiritual reality that your body-temple is declaring to the world and to your entire being as you are perfected in love.

“There is no room in love for fear. Well-formed love banishes fear. Since fear is crippling, a fearful life— fear of death, fear of judgment—is one not yet fully formed in love.” 1 John 4:18 Message Bible

“There is no fear in love [dread does not exist], but full-grown (complete, perfect) love turns fear out of doors and expels every trace of terror! For fear brings with it the thought of punishment and [so] he who is afraid has not reached the full maturity of love [is not yet grown into love's complete perfection].” 1 John 4:18 Amplified Bible

ABOUT THE BOOK COVER

While in meditation some years ago after sharing some thoughts about the message, “Serpent Brain-Transforming the Carnal Mind,” I began to envision the book. I did not have the time to sit and write it then, but I knew one day I would give birth to it. While reading the extensive newsletter publication version I had posted on my website, images and thoughts came to my mind about the book cover. Feeling that it was divinely inspired, I was filled with excitement.

I knew there had to be a silhouette of a skull showing the brain and a fierce cobra coming out of the back of the skull over the head with the tail going down the brain stem and spine. As someone said, “*a picture is worth a thousand words.*” I later envisioned a sacred geometric pattern surrounding it. Spirit within was stirred, as I sensed the effect the cover would have on people.

I finally connected with the geometric image of the 12 cones or 12 horns. It confirmed lots of what I had already written about in the book.

To me the 12 Cones represent the ancient symbols and metaphor for the pine cone or pineal gland-the All Seeing Eye of God within man. (You’ll read lots about this later). 12 is a number that denotes governing, ruler-ship, organization and dominion. The cones become horns that give a sound. In the beginning was the sound (word) or vibration and everything was created by this sound. The horns represent the universal sound in all humans, organizing and governing all that is. However, not all are able to hear the sound it at this time.

The 12 horns also represent 12 dimensions or levels of ascension to transform the Serpent Brain or carnal mind. They are a type of the 12 pairs of cranial nerves that control the senses and organs in the body. On a deeper metaphysical level, this is linked to complete restoration and transformation of humanity. Humans will once again realize their dominion and divine nature.

If you look closely at the brain you will see an eye that is open. Many times when we become startled or afraid, we close our eyes. When fear has been overcome and driven out, the 3rd eye opens (Eye of the Spirit) and we find ourselves back in the Garden of Eden. Absorb and experience the hidden meanings in the book cover. Take a moment to just stare at it. Hear the silent sounds of the trumpets within.

[My friend Marcus Blunt in Phoenix, AZ is the creator of the silhouette head on the cover, the serpent brain, coiled serpent, Christ sitting & standing images inside]

PART ONE

THE
PROGRAMMING OF FEAR

Genesis Chapter 3 in the Bible is where “FEAR” was first introduced, programmed & hardwired into the DNA of humans. We will show this according to Scripture, spirituality and science, as we take a closer look at the biblical Serpent, Eve and Adam. This is the beginning of our journey, exploring elementary teachings in the outer court (body-physical realm). We are preparing to journey from the outer story, to the inner reality.

FINDING THE PATH

PROPAGANDA OF FEAR

*The airways, the freeways, the noise is out of control
Everybody's talking and yelling-I am about to lose my soul-
Politicians lying, preachers compromising and denying that God is always love
Everybody's running here and there and life has gone from push to shove-*

*Another fake terror scare, change the color from orange to red
Epidemics, pandemics, manufactured diseases-we'll all soon be dead-
Hypnotized and paralyzed by the images on my big screen
Day after day carnage-this must be a dream!*

*Living life obliviously in the 21st century is how so many escapes
The propaganda of fear has become the main product America makes-*

*Control and the need to control is the name of the game
Take another pill, go to sleep and tomorrow will be the same-*

John Lewis

CHAPTER 1

INDOCTRINATION OF FEAR

Down through the ages of time there have been powerful leaders with great charisma rise with the ability to move the masses. Unfortunately, many of these gifted men and women abused their God given ability of communication. Instead of moving people toward Love and Unity, the masses have been moved toward Hatred and Division. These clever leaders learned a secret and it is yet used today and works perfectly in every walk of life. The secret is the Indoctrination of FEAR. Fear lives in the Serpent Brain (the oldest part of the triune brain and brain stem) and can easily be activated by “trigger” words. When someone uses “trigger” words appealing to the hidden or obvious fears in people, the R-Complex or Serpent Brain becomes engaged. The Serpent Brain does not think; it only reacts in survival mode. In Christian terminology, the Serpent Brain would be called the carnal mind; the carnal mind is closely related to the Ego and is obsessed with self and self preservation.

What does the Indoctrination of Fear mean: to teach/preach, repetitive implications, to brainwash; to coerce others with ideas, beliefs based in Fear (deception, false evidence, and partial information) for the purpose of manipulating the emotions or controlling others.

This age old indoctrination of fear can be traced back to the Garden of Eden when the Serpent questioned, introduced alternative facts and manipulated the truth of Eve’s reality by saying, “*Did God say...?*” In his dialogue, he caused the first parents to fear and doubt their own divinity and oneness with God. The result was they separated themselves from God in consciousness; fearing that they were not who the Creator had already declared them to be. Mistaking their identity, they ran and hid from the God of Love.

“And the LORD God called unto Adam, and said unto him, Where art thou? And he said, I heard thy voice in the garden, and I was afraid, because I was naked; and I hid myself.” Genesis 3:9-10 KJV

Dr. Paul Joseph Goebbels was a Nazi in Germany; he was also the Minister of Propaganda. He had a good understanding of how the spreading of ideas through the media could be used to CONTROL people. Propaganda works by repeatedly enforcing the same ideas; usually appealing to the fears of the listeners. This continues until the people are indoctrinated (brainwashed) and begin to buy into the ideas and follow them. This is accomplished through fake news or reports with partial truth. It is similar to the way advertising works today.

The Nazis used campaigns, radio reports, books, teaching in schools and clubs, to get their ideas and messages across to the German people. Big rallies were very popular where Hitler would speak to large groups of the public, spreading his fear and hate-filled ideas; he also used the promotion of his book *Mein Kampf* to spread fear and hatred.

Current religious and political leaders are using this technique of fear to accomplish their selfish goals, which destroys the lives of many innocent people. It is used to rally their people to agree with the political leaders to wage war and to further oppress and enslave humanity. Fear is also used by many religious leaders to keep the masses ignorant and subdued in their Religious Prison Camps called churches, mosques, synagogues and temples. The Indoctrination of Fear is used to keep people from having a deep personal relationship with the Creator.

The first section of this book will illustrate how through very simple ways all of humanity has been and is being indoctrinated with fear. This indoctrination starts from loving parents and relatives. Out of a concerned heart, we make the mistake of planting seeds of fear that grow and produce the fruit of frustration, shyness, anger, bitterness, anxiety and depression (mental illness). For example we say, “never trust anyone,” “those people are all thieves and violent,” “the boogey man will get you.”

Oftentimes the offspring will repeat the negative programming of their parents to the next generation, not realizing the negative outcome or impact some of those things have had on them. It is important to empower children from infancy, let them know that they are unlimited powerful beings created in the image and likeness of the Almighty God. The positive intent and belief behind the words that you speak to your children will help shape their destiny. Release the need to control and protect by using unnecessary fear; relax and realize God has a plan.

Society and the Media are the next great teachers that indoctrinate us with fear. It is very important that we protect our ear and eye gates from the “scare tactics” that our culture is constantly bombarding us with over the Computer, TV, Radio, Theatre, Music and DVD’s. It is important to be aware of the world news of the day, but not to be inundated with the political and secular propaganda that seeks to spin it and control us. (Unfortunately, some people want to be scared to death and controlled.) See the devastating, hopeless situations for what they are, pray about them releasing love and mercy. If you can’t do anything to change them besides releasing compassion and light, then move on. Get unplugged from the hypnotic system of bad news and propaganda. This high tech age that we are in now with all the gadgets are just another form of manipulation and control to keep us dependent on things outside of ourselves.

“Be still and know that I Am God”. Psalms 46:10 KJV

Last but not least, the most powerful system that indoctrinates us with fear is Religion. This indoctrination causes Muslims to blow themselves up and kill thousands of innocent people in the name of Allah. It causes Christians to bomb and support the bombing of hundreds of thousands of innocent people, to conquering their lands and great resources in the name of Jesus. It causes religious Jews (Zionist) to murder and support the oppression and killings of defenseless people in and grabs and the mass manipulation of the nations in the name of Yahweh.

Man created religion as a method of control. It is the ancient strategy of divide and conquer; this is why we have religious and ideology wars. The Creator God wants a relationship with ALL of His creation. Don’t listen to those who seek to sow seeds of fear, division, hatred; racial and religious pride.

“For God so LOVED the world (Jew, Muslim, Buddhist, Hindu, Wiccan, Satanist, Atheist and even Christian, etc) that he gave his only begotten Son...”John 3:16 KJV

Stop fearing what you don’t understand that might appear different. Take the time to examine it with an open mind, get the correct information and you will realize there is nothing or no one you will need to fear.

FEAR & THE WORSHIP OF SERPENTS

There seems to be another age old fear, the fear of snakes. I suppose it is something encoded into our DNA and hardwired into our brain. To be honest, there is a fear, dislike and at the same time worship and intrigue for the serpent all over the world.

Just hearing the word “snake” brings chills and fear to some people; it also brings the idea of deceit. Hollywood has helped to perpetuate the fear and further distort the personality of serpents. My favorite snake movies are, “Anaconda” and “Snakes On A Plane.” I must admit that I am yet not too fond of being around snakes and I experienced some startling moments while watching those movies.

Humans have been almost equally intrigued and awed by serpents from the beginning of time. The worship of serpent deities is found in practically all ancient cultures. The Hindu Festival of Nag Panchmi is associated with snake worship, where snake idols are offered gifts. The Semitic tribes of Mesopotamia worshiped serpents and believed that snakes were immortal, because they could shed their skin. The ancient Hebrews of Palestine/Israel worshiped Nehushtan, the brass serpent on a pole that brought healing. The Greeks believed in Gorgons and Medusa. The Aztec of Central America worshiped Quetzalcoatl, the Feathered Serpent, and the West Africans worship Zombie, the Rainbow Serpent. The Chinese worshiped Nuwa and Gong Gong serpent deities. Japanese and Chinese both worshiped the dragon deities. Today some Pentecostal Christians in the rural southeastern parts of America ritually handle poisonous snakes in church, while worshiping, dancing and speaking in tongues.

Could there be something intrinsic about humans and serpents? Could the biblical story in Genesis chapter 3 offer more in depth insight beyond the basic Sunday school lessons version? Are there hidden mysteries waiting to be revealed in that story that will help us better understand ourselves, each other and our Creator? These are some of the questions that we will address using biblical text, science to confirm it, history, other holy writings and revelation knowledge. Out of the mouth of two or more witnesses every word will be established and paint an awesome picture of God’s ultimate purpose for mankind.

When I discovered that there was actually a part of my brain named the R-complex, *Reptile Brain (Serpent Brain)* because it actually looks and functions like a reptile, many of the mysterious biblical passages made more sense. It became clearer how the Serpent of Genesis chapter 3 had indoctrinated Adam and Eve with FEAR and for more than 6000 years of biblical

chronology mankind has been consistently indoctrinated with FEAR by religion, politics, society and even loving family members that mean well. However, through Holy Scripture I could see how mankind would be delivered from the bondage of the Carnal Mind/Serpent Brain and total transformation would take place. The Apostle Paul stated that we are to *“be transformed by renewing your minds,”* and to allow the Divine Mind of Christ to manifest. *“Let this mind be in you, which was also in Christ Jesus.”*

“And the LORD God called unto Adam, and said unto him, Where art thou? And he said, I heard thy voice in the garden, and I was afraid, because I was naked; and I hid myself.” Genesis 3:9-10

STORY TELLING OF MY GRANDMOTHER

Many of my early years of life were spent mostly at my grandmothers' house, due to the fact that she lived directly across the street from my elementary school. There was no shortage of entertainment for my cousins and I. Between the high drama of family life and the interesting story-telling time, there was very little time or care for TV shows. As I think on all the outrageous stories, most of which were true, at least in the minds of the story-tellers, a few really stand out that were verifiable.

My grandmother was very overprotective and lived much of her life in fear that someone would harm her or that “something bad might happen.” Due to her phobias, she was compelled to warn us about every little thing and go to the extreme in making sure her message got across. In retrospect, I now realized I was lovingly and thoroughly indoctrinated with fear as a child. Her cultural background, a rape at a young age and extreme negative racial experiences while living in the south when she was young, made her to be very suspicious of others and overly superstitious. In spite of her phobias, she was a very religious Baptist that rarely went to church, but was quite spiritual. Her suspicions about others often turned out to be accurate. However, it could be possible that she was creating some of those scenarios by the fears being projected from her own mind. We tend to attract to ourselves the beliefs and fears of our mind.

One day after seeing a garter snake, I remember her warning me to be aware of snakes, as she informed me of the different kinds of snakes in the area. She told me a story of how a blue racer snake chased one of my uncles when he was young, while he was working on the farm. Looking at me very sternly, she said, *“You should run zigzag if you are ever chased by a snake.”*

She was convinced that by seeing the garter snake so close to the porch that evil or someone evil would possibly be coming to the house soon. Therefore, she was compelled to prepare for this possible evil or negative attack. This meant burning candles or incense, saying prayers to ward off evil, becoming overly suspicious of anyone's motives and a range of things that her carnal mind would conjure up. Often, she would get so worked up and fearful over what she thought was a premonition of something bad happening, that she would become ill and have what today is

called “panic attacks.” This further confirmed in her mind that she was right all along, because something bad did happen; she got sick. On the other hand, many of her premonitions were accurate.

On another occasion she told me a strange story about a relative’s experience that was also verified by other family members. My grandmother suspected that someone had put a curse on this relative that suffered from chronic headaches and fainting spells for no apparent reason. After western medicine and everything else had failed and her condition grew worse, my grandmother took her to see the shaman. Sometime during the session the female shaman was given insight and knew what the problem was. While she was taken over by the Spirit, she began to repeatedly make gestures of pulling something out from the suffering young woman’s head and throwing the invisible objects into a tray nearby. When she had finished, right before their eyes appeared several small live wiggling dark colored snakes in the tray. The shaman quickly got some fire, said a prayer and burned them. The young woman was never sick like that again with fainting spells. I learned at very young age that the supernatural world exist, and I later also learned to discern the difference between fearful superstitions and the real supernatural.

For many years I watched my grandmother and other members of my family suffer and were tormented from the mental illness of “fear.” I saw many lives negatively impacted and awesome potentials and spiritual gifts paralyzed by the tormenting images that fear produced from the carnal mind (serpent brain).

“There is no fear in love [dread does not exist], but full-grown (complete, perfect) love turns fear out of doors and expels every trace of terror! For fear brings with it the thought of punishment and [so] he who is afraid has not reached the full maturity of love [is not yet grown into love’s complete perfection].” 1 John 4:18 Amplified Bible

“God has not given us the spirit of fear but of love, power and a sound mind.” 2 Timothy 1:7 KJV

Several years before my grandmother passed away my mother convinced her to attend a special Church service where a prophet was speaking. It took much convincing and working of the Holy Spirit, because at this point my grandmother would barely leave the house. She was afraid that someone might break in while she was out, or that while she was out someone might harm her. At the meeting my grandmother experienced the raw power of Christ in a personal way, which brought deliverance from her life-long tormenting fears and emotional healing. The Holy Spirit did in a few hours what shamans, therapists, psychiatrists and addictive pharmaceutical drugs had not been able to do all her life.

At the time, I was living and ministering out of the country and had not talked directly to my grandmother in more than a year. I woke up out of a dream about her one morning in my hotel room, with a strong urge to call her. Due to my strong intuition I had, with great excitement, I called my mother; expecting to hear something wonderful about my grandmother. After hearing the news of her spiritual encounter with Christ several days earlier, I was even more anxious to get her number and call her.

When my grandmother heard my voice, she began to cry and say that she had been praying

since early morning that God would tell me to call her. She wanted to share with me that she had finally experienced the peace and joy that my mother and I had shared with her for several years. She told me her story of how drastically her life had changed in just a week. At the end of our conversation I prayed with her and she was gloriously baptized and filled with the Holy Spirit over the phone and could no longer talk in English to me. We actually ended the call speaking in tongues, our heavenly languages, as the calling card minutes expired.

For the next several years of her life, she progressed from fear to great faith. She no longer trusted in her hand gun to protect her. She had carried it in her house coat pocket and slept with under her pillow, for as many years as I could remember. Her hair trigger temperament, preempted verbal strike to the jugular and forked tongue of evil speaking was silenced. The overactive survival mode of her Serpent Brain had been neutralized and transformed to produce wisdom, godly speech and deep intercession for others.

I am reminded of a preacher I heard on the radio many years ago that said, "Fear not is written in the Bible 365 times in some form or another. Everyday of the year Father God is saying. "Don't Be Afraid, just trust me."

"Is there anything too hard for the LORD?" Genesis 18:14 KJV

SLEEPLESS IN HEAVEN

*The Supreme Being, the All-Knowing One must have fallen asleep
After 6-days of creating and organizing the planet for Adam to keep-
Tradition says, somehow God's archenemy slithered in
And tempted the pinnacle of His creation to commit a sin-*

*How could the All-Knowing One not know the outcome?!
Would He not also be responsible for what man has done?!*

*Utopia has disappeared and moved far away
They feared, got mixed up and ate from the forbidden tree, they say-
Did the Creator plant a poisonous tree in this beautiful land?
Could it be that the so-called fall was a part of the PLAN?*

*The Creator never slumbers or sleeps
The natural mind can never comprehend His ways, for they are too deep-
How arrogant of me to think I can sin against God or change His plan
Apart from Him I am just a frail human.*

John Lewis

CHAPTER II

GOD MUST HAVE NODDED OFF TO SLEEP...

“Now the serpent was more subtle than any beast of the field which the LORD God had made. And he said unto the woman, Yea, hath God said, Ye shall not eat of every tree of the garden?”
Genesis 3:1

From Sunday school days and Summer Bible camp, we were told the age old story about the first parents on the planet that lived in this wonderful garden paradise on earth. It was literally heaven on earth. Everything was perfect and there was only opulence, as they communed with the Creator in the cool of the day. Adam and Eve were given dominion over all the works of God’s hands and literally made rulers (Elohim-Gods) over the planet. They were immortals clothed in light bodies, immune to sickness, disease, depression, and lack. The Creator was very proud of His creation and said that it was *“very good,”* as He lovingly watched over them as any parent would their newborn. God told them to enjoy everything, except He pointed out the one tree they were not to eat from. He gave the specific instruction and the consequence of death for disobeying.

“And the LORD God commanded the man, “You are free to eat from any tree in the garden; but you must not eat from the tree of the knowledge of good and evil, for when you eat of it you will surely die.” Genesis 2:16-17 NIV

God must have nodded off to sleep. One day while Eve, the mother of us all, was strolling through the upper regions of Paradise and Adam not far from her, something strange happened. Or, maybe it was not strange to be able to communicate with all forms of creation.

Eve had a conversation with a wise and cunning Serpent in a tree. It was not just any tree, but the forbidden Tree of Knowledge of both good and evil. It was the only one God had seemed to go out of His way to bring their attention to and then tell them not to partake of it. But they did. Shouldn’t God have known that this would happen? How could He just sit back *and allow* this conversation to go on? Why did He place the tree there in the first place?? God must have nodded.

As a child the idea of a talking serpent did not sound too far out, because I had heard many bedtime stories and nursery rhymes; animals always talked in those stories. I would also think if the mind is conditioned from an early age to believe animals talk in human language, then it would not be too hard to convince an adult. However, in this story the Serpent had a sinister plan to get the first parents to disobey the Creator and he succeeded. As a result of them eating the forbidden fruit, an apple, we were told, Adam and Eve were evicted from Paradise. This sinister sly, Serpent had somehow outwitted God the Creator and as a result won claim over planet Earth that was initially ruled by God and the first parents. Thus, as the story goes on, we find ourselves in this horrible predicament today with wars, hatred, famine, death, disease, religion, crooked governments, and everything destructive. We were told the sole responsibility for all of

this is that slithering smooth talking Serpent. GOD HAD TO HAVE FALLEN ASLEEP!!

The Serpent that deceived Eve, who in turn caused Adam to transgress by giving him a taste of her fruit, was chastised by God. The Serpent would no longer walk upright, but crawl on his belly all the days of his life and live off a diet of dust. We are told that this was his punishment for causing the first humans to lose Paradise. This Serpent has become a symbol for Satan and everything evil in Christianity. Satan is also blamed for even the minutest mishaps (i.e. bad hair day, broken nail, indigestion after overeating, getting a speeding ticket, being late, evictions due to mismanagement of funds, obesity, etc.) in the daily lives of most Christians and is ritually cursed, bound with words and rebuked. Many seem to have become obsessed with him and he is mentioned in some circles almost as often as the name of God or more. He is seen as an entity outside of humans, constantly opposing everything that is good.

“...When I want to do what is right and good, evil is ever present with me and I am subject to its insistent demands” Romans 7:21 Amplified Bible

As this intriguing story goes on, we are told the fate of the planet, all the descendants of Adam and Eve and the Serpent/Satan. After about seven thousand of years from Genesis the Serpent will be destroyed in a lake of fire. Earth will be restored back to Paradise, and mankind will live as Gods again in communion with the Creator and all will live happily ever after.

GOD’S PLAN B??

I normally do most of my studying and meditation late or after midnight when everything is quiet. Plus, spiritual activity seems to increase just before and during the 3rd Watch. One of those tranquil nights in the late 1990’s while mulling around my office, the Spirit began downloading information and revelation into my spirit about the Serpent. I must admit this was way beyond the basic information I had learned as a child in Sunday school, what my mother had taught me, and what is yet widely taught to adults today in church. I had often used Encarta Encyclopedia over the years to study the human anatomy and try to understand how it would relate to biblical scriptures. I had come to realize and believe some time prior, that everything in the material or physical world is a replica of something far greater in the spirit or invisible world. Therefore, there would have to be a metaphysical aspect to many of the familiar Bible stories I had learned and taught to others. This did not mean that “all” my prior learning and teachings were wrong; it meant that there were deeper levels I had not discovered. It meant that I had to take “God” out of this nice little box created by my religious belief system, if I was ever going to know and understand Him.

While studying the human brain, I discovered that there was the R-complex or Reptilian Brain. Immediately the Spirit brought my mind to Genesis chapter 3 and I saw how this story I had heard all my life was actually unfolding within me and all of humanity. This was not to say that the story I had heard from a child was not a literal story. It was. Yes, there was a Serpent character talking and he was probably from an alien Reptilian race of beings created before humans. Yes, there were trees, fruit and a literal Adam and Eve that existed eons ago. However,

for the first time, I began to experience the story on a personal level within, as spiritual insight flooded my mind. All at once the Garden of Eden experience of somewhere in the Middle East was realized within me.

In order to see this, we must lift this history a bit and look beneath the letter of the words, to discover the esoteric meanings. On a deeper level the dialogue between Eve and the Serpent was actually the communication between two parts of the triune brain. (1) The R-complex = Reptile/Serpent Brain. (2) The Limbic Nerve System (Neo-Mammal Brain). The Neo-Cortex, (3rd part of the triune brain) was later involved. This experience is happening every day since the Genesis 3 account, it will be explained in detail later.

In my experience, the Serpent, Eve and Adam metaphysically became my Triune Brain. The R-complex = Serpent, Neo Mammal-Limbic Nerve System = Eve, Neo Cortex = Adam and the biblical story made even more sense. It was no longer a distant story, but an immediate reality forcing me to take responsibility for my actions instead of blaming a Serpent or a devil outside of me. My years of religious traditional thinking and beliefs about the limited version this story of Adam, Eve and the Serpent were literally shattered in an instant. It was truly an “aha” moment. (We are not denying the characters, Eden’s existence, or that there was a literal event long ago. Historical events are often the basis for deeper historical allegories.)

The truth that I had received from the Spirit of Truth was a rhema (living, inspired) word that set me free into a more expanded understanding of the greatness of the Creator. This expanded understanding or revelation created a greater appreciation for the Infinite Mind that works in all of us. This freedom and sense of responsibility also brought to me a deeper peace and awareness of the true loving God. Thus, further releasing me from religious guilt, shame and condemnation, that’s rooted in an unhealthy Fear of God. The God that did not nod and fall asleep has a Plan and nothing about that Plan has changed. His Plan has always been good. There was no back up plan or substitute Plan B that would force the heavenly Father to deny or cast out his creation into utter torment forever, because it did not meet a certain standard. The problem with creation-humanity, if we can say there is one, stems from FEAR that produced a *Mistaken Identity*. We can not truly know ourselves until we realize God Is Love...All the time. It is in that realization that we come to know that We Are Love, and that has to become our identity. So there could never be a Plan B regarding the Creator and creation.

“I am God, the only God there is, the one and only. I promise in my own name: Every word out of my mouth does what it says. I never take back what I say. Everyone is going to end up kneeling before me. Everyone is going to end up saying of me, “Yes! Salvation and strength are in God!”
Isaiah 45:22-23 Message Bible

CAN HUMANS CHANGE GOD’S PLAN??

Hundreds of millions of people that believe in what we call God and try to live their lives according to their beliefs, are living in guilt, condemnation and fear. These are people that go to religious services weekly, pray, perform charitable acts and do all the right things. Yet they are worried that they have somehow thwarted God’s Plan for their life by a choice or choices they

made. *They are afraid that they may have married the wrong person, chose the wrong career, started a family too soon, or too late, they are too old, or too young to pursue their goals. Or, they moved to the wrong city, have committed too many sins or they are not holy enough. The list goes on and on. They are fearful and filled with unbelief, guilt and regret thinking that our loving heavenly Father somehow wants to punish them for what is perceived as a transgression or wrong choice.* God's Sovereign Plan can work through and override any *perceived* wrong choices or mistakes made by humans. That which appears as evil can be transformed into goodness. How arrogant of us to think that by a puny human choice, we could somehow screw up Almighty God's Plan!!

“For I know the plans I have for you, declares the LORD, plans to prosper you and not to harm you, plans to give you hope and a future.” Jeremiah 29:11 NIV

“I know what I'm doing. I have it all planned out — plans to take care of you, not abandon you, plans to give you the future you hope for.” Jeremiah 29:11 Message Bible

“For I know the thoughts that I think toward you, says the LORD, they are thoughts of peace, and not evil; to give you an expected end.” Jeremiah 29:11 KJV

There Is No Plan B!! Contrary to my prior indoctrination and beliefs that somehow Adam and Eve had thwarted God's Plan by listening to the Serpent; He had to come up with a way to save humanity. That late night while basking in the glory and meditating, I realized what happened in the Garden of Eden was all part of the well thought out Plan of the Most High. I further realized, that all the things that had happened in my life, the good, bad and ugly would somehow work into this awesome Plan for a higher purpose. It became crystal clear, that no one, no event, or no thing was capable of thwarting the Omnipotent, Omniscience Plan of God. Not only His Universal Plan, but even His individual plan for our life, can not be destroyed.

I came to this conclusion, that if God's Plan was not hindered in the Garden of Eden and He did not fall asleep at the wheel, then it meant that everything had to have happened as it was planned. If everything happened as the Divine Mind had already Plan it to be, then I didn't have to fear or worry about an adversary called the Serpent or the Devil, despite the reality of the existence of this entity. I further concluded, in reality, there is nothing outside of me that could stop me, because greater is He the Christ that is in me. We must assume responsibility for our personal spiritual development and trust God.

“Yea, before the day was, I AM he; and there is none that can deliver out of my hand; I will work, and who shall hinder it?” Isaiah 43:13 KJV

“Yes, and from ancient days I am he. No one can deliver out of my hand. When I act, who can reverse it?” Isaiah 43:13 NIV

“Yes, from the time of the first existence of day and from this day forth I am He; and there is no one who can deliver out of My hand. I will work, and who can hinder or reverse it?” Isaiah 43:13 Amplified Bible

“Yes, I am God. I've always been God and I always will be God. No one can take anything from

me. I make; who can unmake it?" Isaiah 43:13 Message Bible

There is a reason and a season for every challenge that we face in life. We are never left alone and our heavenly Father never nods or sleeps. Our *perceptions* of the challenges are what determine our reactions. Eve *perceived* and feared that God was trying to keep something wonderful from her and Adam; based on the Serpent's questions. Does it sometime feel like God is keeping something from you? Have you prayed and done all the right things, to just be disappointed again and again by not seeing the desired answer? Does it sometime feel like God must be angry at you and just don't want to bless you? Looking around at everyone else, it seems like life is moving on, but you are somehow stuck. Change how you are *perceiving* life and your Creator. Could it be that you are somehow being saved from something that you are not ready for? Could that thing or person you want so badly become a distraction at this time or even an idol? Change your *perception*, nothing is working against you, everything is working for you. Eve was made to feel that God was keeping something from her. Adam thought surely their Father was holding out on them. Unfortunately, they could not discern that they were not prepared, responsible or mature enough to handle the realm of duality, good and evil. We are the living proof of it today, as their descendants, we yet bring forth death. This was no surprise to the Most High.

For a moment they seem to have forgotten they were already created in the image and likeness of God. They were the gods of this world and did not realize it. How often we forget that we have been given dominion and can subdue anything we face in life. Don't get side tracked by false and misleading *perceptions* of things; faithfully stand on the unshakeable words of life that you have received. Stick with the Plan. Don't allow the hard questions of life to throw you off balance, causing you to forget who you are. Don't allow the beautiful, shiny, desirable hissing material things or people cause you to slip into temporary amnesia. That temporary amnesia of your true identity can last a life time. False *perception* is the breeding ground for fear and all torments in life. Fear is what activates the Serpent Brain or Carnal Mind, shifting the focus from reality to the world of illusions.

"These hard times are small potatoes compared to the coming good times, the lavish celebration prepared for us. There's far more here than meets the eye. The things we see now are here today, gone tomorrow. But the things we can't see now will last forever." 2 Corinthians 4:17-18 Message Bible

CHAPTER III

SELLING FEAR IN THE 21st CENTURY

Off and on over the years in between my foreign missions trips or during my transitioning times, I have taken short term secular jobs. This served two purposes; to provide extra resources and to keep from getting too bored while waiting. Since I enjoy interacting with people, over 90% of these jobs have been in sales. Plus, I had heard that salespeople earn the highest incomes. I was taught various marketing and sales techniques and read books on how to be effective in sales. One of the most important points is appealing to the emotions of your prospect to close the sale. I learned that people will easily buy things they don't really want or need.

One summer, I decided to stay in Seattle, WA with my mother, instead of Canada where I had been living for some time. I responded to a classified ad for a Sales Position; the product was Fire Extinguishers and I got the job. My family teased me and told me that I was supposed to be starting fires (spiritual revival fires), instead of extinguishing them. My job was to canvas this new housing development of beautiful homes and try to sell at least one of the compact expensive new hi-tech fire extinguishers to each household. After a few days of barely selling anything, I really got the hang of it. I was able to appeal to the fears and emotions of my prospects by graphically telling them the reality of a "flash-over," or "back drafts" in the home. I showed them pictures of burned flesh falling off of victims' bodies, the stats of kitchen fires and the many people that get trapped in their bedroom at night. I showed them innocent children in the Hospital Burn Unit and the stats on how much property and irreplaceable heirlooms that go up in flames yearly. I told them to imagine this (images of burn victims) was their family. Last of all, I demonstrated how my compact expensive hi-tech fire extinguisher worked and how those scenarios could have been different had they had my hi-tech fire extinguisher. By the way, it was all true. I normally communicate with passion, facial expressions and using hand gestures, especially if it is something I believe in. This really helped with my presentations. Some of my presentations had women and children almost in tears, as I was able to project the fear images accompanied with trigger words of them being caught in a fire without my expensive compact hi-tech fire extinguisher.

Some families were so afraid of becoming a victims of a home fire that they ordered my fire extinguishers on the spot; one for each bedroom, each car, the kitchen, the boat and for heir children living somewhere on a university campus. In a short time, after selling quite a number of the hi-tech compact expensive fire extinguishers, my manager was very pleased with me and had me doing the sales training meetings, spending more time in the office and training to open my own office. Of course, I could justify my scary presentations, pay increase and quick promotion, by saying, "I was providing education and possibly saving some lives."

WHAT IS FEAR?

“We have nothing to fear but fear itself.” Franklin D. Roosevelt

What is FEAR? It is to be afraid, the feeling of uneasiness, anxiety, concern or agitation. - Webster Fear is the strong emotion causing anxiety, the feeling of uneasiness about something or someone that you have limited or no knowledge of. It is concern that something might happen that you have no control over and the expectation that you might not like it. Fear is jumping to conclusions, making judgments based on limited knowledge or evidence. False Evidence that Appears Real. Or, Feelings, Emotions Anxieties Raging. FEAR IS DECEPTION.

Here is a short list of some of our FEARS:

- * What if I have cancer, heart disease, or some other deadly diseases?
- * What if my child marries someone of a different race?
- * What if my child marries someone of a different religion?
- * What if people reject me or not like me?
- * What if I lose my job, my car, my home, my child, my spouse?
- * What if I can't live up to others expectations?
- * What if I have committed the unpardonable sin and God sends me to hell?
- * What if people found out who I really am?

These are the types of questions that bombard the mind, creating fear and worries about what might happen in the future.

“Steep your life in God-reality, God-initiative, God-provisions. Don't worry about missing out. You'll find all your everyday human concerns will be met. Give your entire attention to what God is doing right now, and don't get worked up about what may or may not happen tomorrow. God will help you deal with whatever hard things come up when the time comes.” Matt. 6:33-34 Message Bible

Fear has become a product nicely wrapped in colorful psychological trigger words that sell books, movies, pharmaceutical drugs, CD's, hatred, political and religious ideas and unnecessary silly products. *Fear is FALSE INFORMATION.*

In this 21st century we have a Culture of FEAR (deception). The American culture enjoys and feeds on being scared to death. We look for things to make us afraid, such as horror movies and haunted houses. Some Christians can't seem to live a consecrated disciplined life, unless they are often hearing someone yell at them from a pulpit about a terrorist God that's anxious to torture them in hell fire. “Yeah, scare the hell out of me, Amen.” Many seem to have an unconscious fetish for pain and torture, or to watch it. They expects our loving Creator to bind people up, beat them up and burn them up; while they gleefully watch from the edges of glory, experiencing some sick religious climax.

SELLING WAR/TERRORISM FEAR

Carefully wrapped and sometimes (rapped) in craftily thought out psychological trigger words, accompanied with graphic images not always accurate from the Cable News Networks, the political salesmen market their products of fear. By repeating the images and trigger words again and again the brain is washed of all logic and rationale and fear activates the Serpent Brain/Carnal Mind. This powerful hypnotic drug of fear numbs the spirit and thinking mind to the point that the victims are rendered helpless and will believe whatever is said, no matter how outrageous or silly it is. They will even make excuses for their blatantly lying politicians or deify them. The intense psychological warfare that's been waged since September 11, 2001 and increased, has created many victims, most claiming to be God-fearing Christians. Wasn't it Jesus who spoke about the mass deception causing FEAR at the end of the age, when His disciples asked Him for signs of the end of the age?

The first thing He said was, *"Be careful that no one deceives you."*

"If it were possible, they shall deceive the very elect. Behold I have told you beforehand."
Matthew 24:24-25 KJV

People are glued to the major news networks to hear about the latest USA military strike, the latest terrorist attack, the latest car bombing, the latest fake Bin Laden video and what the elusive al Qaeda Network is doing now. The Carnal Mind/Serpent Brain feeds off of the fear that is being sold to us about people that live in Afghanistan in tents and caves. These people have no running water, very limited cell phones reception, they use camels and donkeys for a mode of transportation, but will somehow destroy America. Even educated people seriously believe this. The sales of this specific product of misinformation and fake news have sky-rocketed as people buy into it day after day. When fear activates the Serpent Brain/Carnal Mind, all logic and "common sense" goes out the window. People have become *addicted* to fear and have become adrenalin junkies. If this culture does not have a "fear drama" they will create one.

While leaving a Morning Prayer and worship meeting some fellow Believers approached me. One lady commented on spiritual gifts that she perceived had been given to me from God and asked me when I thought World War 3 would start and if President Bush would be re-elected in 2004. After just leaving what was supposed to have been a prayer and worship meeting that turned out to be a fear and bash the Muslim meeting, I was very careful how I should respond. After all, these were people that I was actively involved with and ministering to. There was silence as I stood there and all eyes were upon me. I remember thinking, "be nice and agreeable."

Without choosing my words I blurted out, *"WW3 has already begun; it started when the President of our country bombed and invaded Iraq, a sovereign nation with no justification. WW3 is being called the Global War on Terrorism, etc..."* OOops! It was as if I was speaking a different language, as their faces contorted and went from shock, to anger, to fear and anger again. I tried to smooth things over by honestly, telling them I felt President Bush would get elected or appointed again. They seem to have lost my phone number and no longer need my counsel.

What is it that causes people to ignore the facts and choose to agree with lies and deception? What is it that renders the logical left-brain powerless, in spite of the clear handwriting on the wall? What is it that paralyzes the brain and causes one to react; instead of question and actually THINK? What is it that causes Believers to somehow override the unktion of the Holy Spirit deep within, the Bible and plain old “common sense?”

The answer to those questions and many other similar ones is FEAR. When someone appeals to your fear (Reptilian Brain/ Serpent Brain), whether it is in church, media, newspaper or in person, you will believe and do stupid things based on your fears. It does not matter how educated or uneducated, how wealthy or poor, how old or young, Spirit-filled or heathen one is; fear will cause one to become irrational. They will prostitute their morals, excuse wicked behavior, compromise their conscience, all because they are afraid. The fear of being wrong, having a different opinion, the fear of leaving the herd mentality.

The minds of the American people have been inundated with psychological trigger words such as; “Threat,” “Insurgents,” “Muslims,” “Islam,” “Terrorist,” “9/11,” “Homeland Security,” “Attacks,” “Al Qaeda,” “Bin Laden,” “Allah”, “Weapons of Mass Destruction,” “Iran.” (Close your eyes for a moment; say one of the words or phrases above-what is the first image or emotion that comes forth)? Proof! Most people are not aware that the majority of Muslims don’t have Middle Eastern or African features, rather Asian or European features. Why does the media want you to think of Black and Brown skinned people as the enemy? Why do they tell you that Islam is the enemy and most of the people who practice it don't live in the countries they tell you to be afraid of and hate? What is behind this racial and religious Fear that's being created? See through the lies.

There are approximately 20 million practicing yellow-skinned Muslims living in China. There are around 200 million practicing Muslims in Indonesia. There are about 40 million practicing Muslims of European descent, with European features living throughout Europe. Over 2/3's of the 1 billion people that practice Islam and are considered Muslims, Do Not Come From the Middle East or Northern Africa. Due to propaganda, ignorance and fear, most Americans think that Muslim is a race that originates in the Middle East, possibly somewhere around Saudi Arabia. It gets even weirder. Due to the media, where most people get their education in history and geography from, some even think of Christianity as a race and Judaism (Jew) as a race of white-skinned or western people. Amazingly, some educated Christian religious leaders, with hidden agendas help promote this non sense. Ignorance and fear causes them to totally overlook the facts that Jesus and his disciples (practicing Jews and founders of Christianity) were Palestinians. They lived in Palestine. The Palestinians 2000 years ago were dark skinned, mostly curly haired people, and one could not tell the difference between them and the Eastern Africans. Judas has to betray Jesus with a kiss, so that the white-skinned Roman soldiers – Police Force could identify and arrest him. Mark 14

SELLING RELIGIOUS FEAR

I learned a long time ago as a Missionary Evangelist working in various countries and cultures

that the “great commission” given by Jesus the Christ was not for me to go and make “western style Christians” of all nations, rather, it was to make Disciples. Unfortunately, there are many “Christians” but a very few disciples (disciplined ones) that practice the teachings of the all inclusive loving Christ.

Over the years, I have talked with pastors and religious leaders all over the world. I have worked with various churches and tried to encourage pastors. The gift of Shepherding in my opinion is the most difficult of the five-fold ministry gifts to the Body; it is also an office I do not covet. My earliest experiences as a new born believer in Christ were many times confusing to me. The sincere leaders felt they had to threaten the congregants with the wrath of God to keep the people attending the church and consistently tithing. Then there were the “fear tactics” to prevent us from visiting other churches; somehow by visiting another building where people were worshipping the same God, we might get a demon or become confused. In their theology it was easier to catch a demon (get possessed), than to catch a cold.

My message to Pastors over the years has been; “those that God did not send to be a permanent part of a congregation can not stay and those that He did send can not leave,” The people assigned to hear the voice a specific Shepherd will hear, they are his sheep of which Jesus is the Chief Shepherd and Bishop of their soul. With this realization there would be no need for scare tactics. (This is also true in business and any leadership role). There should be no competition, jealousy and manipulation of the people of the Most High God.

Much of the religious programming over the media and the programming that goes on from the pulpits of America is filled with Fear (deception). Coupled with Christian cliches and trigger scripture, the hypnotic powerful addictive drug of fear is used in most sermons each Sunday. The thought out psychological trigger words and phrases are, “Hell,” “Satan,” “Devil,” “Enemy,” “Demons,” “Occult,” “Sin,” “New Age,” “Wrath of God,” “Sodom and Gomorrah.” These emotionally charged words/phrases are repeated over and over many times to appeal to fears, thus, causing people to not use “common sense” or really hear what the Holy Spirit is saying. Howbeit, some leaders do this unconsciously, without a sinister motive. Nevertheless, people become confused, and start believing and doing things that don’t make sense. We are not saying these words or phrases should not be used, but they should not be used to manipulate or instill fear. Anyone operating out of fear can easily be controlled; politics, the media and religion are masters at this. Don’t confuse acts of faith with reaction of fear.

Many American Christians are victims of fear and religious guilt. These hypnotized victims have been scared through psychological warfare being used by the puppet preachers repeating what they are told by the government, special interest, traditions or the media.

Here are a few examples below of things we have been told.

- * “If we had the Bible in schools and they had not pushed God out, we would not have the violence of school massacres.” Then the fear of violence or fear that God is not being revered activates the Serpent Brain, and the thinking mind (common sense) shuts down.

(The Bible, a book made with ink and paper with writings about God, Jesus and Love in schools do not prevent anything. People living the words in the Bible is what brings peace and change.

Do you see how utterly stupid that is to think such? This is about politics and has nothing to do with Christ)

- * You have been told that: “If they allowed the 10 Commandments to be displayed then we wouldn’t be a violent nation.”**

(That is laughable and embarrassing, if people actually believe that. America has been at War for over 200 years. In fact, we might be the most violent nation on the planet, even those we have Churches on almost every corner in our cities and the majority profess to believe in Jesus message of Love.)

- * You have been told that: “Only if certain laws were passed to prevent certain groups of people from choosing the way they live, or who they love; we would be a holy nation – preventing the wrath of God from coming on us.”**

(Western version of Christianity or righteousness can not be legislated – not even biblical Christianity. Wouldn't the wrath of God be more easily provoked by racial and social injustices, Corporate greed and hate; rather than people wanting to love each other...if the *perceived* wrath of God is to come? Changes must come from within if there is a need for change.)

These are some of the constant appeals to the hidden phobias in society. They (the puppet masters) know that by appealing to a specific part of the brain, using specific words, you are rendered thoughtless and powerless and will be agreeable. By the way, where is God not? Isn't He in the Schools and everywhere? Isn't He Omnipresent and doesn't He live in His people that attend or work in the schools? How long will you allow greedy politicians, the media and pathetic religious leaders pull your strings and treat you like a brainless idiot?

THOUGHT PROVOKING QUESTIONS:

- * Does a Gideon Bible in the room of every hotel prevent adultery, perversions, criminal activity and murder?**
- * Why carry a Torah, Bible, Koran or religious book in our hands, if we have not hidden the words in our hearts?**
- * Why display the 10 Commandments, if we don't practice loving God with all our heart and loving our neighbor (humanity) as ourselves?**

“One of the teachers of the law came and heard them debating. Noticing that Jesus had given them a good answer, he asked him, “Of all the commandments, which is the most important? The most important one, answered Jesus, “is this: ‘Hear, O Israel, the Lord our God, the Lord is one. Love the Lord your God with all your heart and with all your soul and with all your mind and with all your strength. ‘The second is this: ‘Love your neighbor as yourself. ‘There is no commandment greater than these.” Mark 12:28-31

It is presently impossible for America to not be a violent nation, as long as fear is used to manipulate society and religion. We will remain a violent nation as long as our government bomb nations for profit\$ and Christian\$ readily agree with violence and injustice. Violence breeds more violence (no matter what political party one subscribes to) and it becomes an unending cycle, until people self destruct or choose LOVE. *Do we really believe the message of Jesus the Christ?* By the way, ...

Fear is what feeds the Serpent Brain and causes it to run amuck. There are many western nations that are not considered nearly as godly as America claims to be; they have fewer churches and little or no Christian media outlets. Yet, they are not faced with the violence and rage that we are. Why? There is little or no fear tactics constantly being used to manipulate and control the public.

Nearly every week, we are indoctrinated with something to be afraid of and panic over: Bird Flu, Swine Flu, Mad Cow Disease, Laughing Sickness (kuru), Tainted Tomatoes, E-Coli, Killer Bees, Gay People, Illegal Aliens, Other Religions, Other Races and of course TERRORISTS. The list goes on and on. One week a group of scientists announce they have spent millions researching to prove something we need to fear, a few months later more millions are spent to tell us not to fear that anymore-rather to fear something else. When the Serpent Brain is engaged, the frontal lobes are shut down. In other words no logic, no reasoning and no thinking-only panic, frustration and fears are manifested.

HALF OF AMERICANS ARE MENTALLY ILL

Many years ago as I toured across the country and listened to some Christian programming on radio and TV, I became very much disturbed. Once while preaching a message on "Overcoming Fear," I shouted out, "America is the most mentally ill nation in the free world and most Believers are in a chronic stage of mental illness." I did not make this statement in arrogance or to unrighteous judge. Furthermore, that statement seemed to just gush right out of my spirit. I was also pointing out the many things we do as Christians motivated by ignorance or

being afraid of God our Father. These things create religious guilt, feelings of unworthiness, shame and the fear of others.

Some time later, I found this article in a medical journal that shows a study done in 2005. It confirmed the statement I had made years earlier. *“It has been a decade since scientists last fanned out across the country to assess the rates of mental illness. The latest census, just completed, indicates that a whopping 46 percent of Americans will suffer from a mental disorder during their lifetime. “This is depressing,” says Harvard University epidemiologist Ronald C. Kessler, who directed the huge study, which was published as a series of papers in the Archives of General Psychiatry.”*

WHAT? HALF OF AMERICANS ARE MENTALLY ILL?

Did you know that FEAR is the root of all mental illnesses, even those that seem genetic or hereditary? First of all, if it is hereditary, that fear or 'spirit of fear' was transferred from a parent or grandparent through genetic (DNA) mis-sequencing, if that is the case. Otherwise, a person with a mental illness has consciously or unconsciously open a door to fear in their life and it could have been through a trauma.

Some babies, as early as in utero can have fear activated, due to what mother puts in her body, extremely stressful challenges, rejecting or hating the pregnancy, or violence. Depression, anxiety, bi-polar, schizophrenia and all the other hundreds of medical terms used to define or describe a mental illness has its root in Fear.

Phobias can often manifest as Pride in Mentally Ill people. We see this most frequently among racists, people who feel they are superior, due to their race or skin color. These poor weak souls are filled with Fear that they are not good enough, therefore, they must make themselves superior to convince themselves they are alright. *Their superiority is based on the lack or abundance of melanin in their body.* Because these people are so sick in the head, they become very dangerous

to society, thus, we have many White-skinned terrorist and sleeper terrorist cell in this country. They are waiting for someone to rise up and lead them to create a fear-driven false utopia, led by people that look like them. This Mental Illness often causes people to seek to segregate themselves, due to their overwhelming fear of having to constantly see others, they inwardly feel inferior to. Unfortunately, we have a lot of closeted racist Christians. Many of the racist people base their ideology and flawed theology on the misinterpretation of the Bible.

Fear often manifest as Pride in Mentally Ill in people of Faith also. Religious people can be the most mentally ill, it was the religious people that had Jesus, the Prince of Love crucified. It is this form of mental illness that birth the Crusades, Holy Wars, and Muslim Jihads. Like toddlers, religious people ignorantly squabble about whose God is better, the correct name to address deity by and the brand of religion one should subscribe to. Fear!! Can anyone have a monopoly on what we call “God?” Is the Creator Christian, Muslim, Jew, Buddhist, Hindu or any other man-made label we like. Hell No!! Is it only the NAME that we call Him by that gets his attention, or the sincere cry of the heart? Did not he say, “He honors his word above his name?” Don't misunderstand my point, I love the name of Jesus or Yahshua, and the English word “God,” because I speak English. But should I be so arrogant and ignorant to insist people that speak Spanish, Arabic, Russian, Swahili, Chinese, Sanskrit or Navajo to use my English word “God” in addressing what they know of as the Creator? Do they really need permissions or validation from American Christians to call unto the same Being we call God? Must they become Westernized, Anglo-cized or American to have a valid relationship with the Creator? Is a Bible needed to experience and know the Creator? There are probably close to one billion people that have never heard the name JESUS in what is called the 10/20 zone near the Equator around the world. Are they all doomed to hell forever because they do not have internet, Christian TV, radio, electricity, bookstores or Bibles? What type of mental illness are we manifesting with this sort of thinking? It's coming from the Serpent Brain/Carnal Mind. The root of hate is FEAR.

Jesus said, *“Many will say to me on that day, Lord, Lord, did we not prophesy in Your Name and in your name drive out demons and in your name perform miracles? Then I will tell them plainly, depart from me, I never knew you, you are workers of lawlessness.”* Matthew 7:22-23

Look at what prophetic scripture say about this 21st century indoctrination of fear that many have received.

“The whole head is sick and the heart is weak.” Isaiah 1:5 KJV

“Men's heart would be failing them because of their fears and expectation of things coming on the earth.” Luke 21:26

“Men swooning away or expiring with fear and dread and apprehension and expectation of the things that are coming on the world...” Luke 21:26 Amplified Bible

Taking a look at society, politics and the media today one will soon realize that we are in an age of high anxiety, stress, worry, panic and fear. Plus, psychopaths are basically in control of the world. Along with the fear and anxiety, we also have bad eating habits which make a recipe for coronary problems and all the diseases related. The power of fear and human's expectations of evil and negative things happening have created and magnified a whole new area of mental illness in the 21st century

Have you noticed the barrage of pharmaceutical ads during each commercial constantly programming you to believe that you or your child might be sick and need drugs? Nearly 50% of Americans are on pharmaceutical drugs. 30% of our children are diagnosed with ADHD (Attention Deficit Hyperactivity Disorder) and are prescribed psychotropic drugs. They grow up drug addicts and develop numerous side effects from the drugs. Some of those side effects are other mental illnesses, like schizophrenia, thoughts of suicide, murder, rage, depression, loneliness, urge for violent sex-rape. Side effects of some psychotropic drugs are known to turn straight men/boys into flaming homosexuals and weird sexual addictions and desires for animals, as well as creating other addictions. Not to mention the negative effects on the brain, and other organs in the body. Thus, needing more drugs to deal with the side effects and it goes on and on.

This has become a Zombie nation. The majority accept this as normal that kids should be on drugs. I suppose is it easier for most 'so-called parents' to pump their kids with unnecessary drugs, rather than take time and parent them. Somehow being different, independent, creative, excited, a fast thinker and filled with energy are symptoms of ADHD or some other mental disorder. The pharmaceutical and street drugs are another form of control that America has bought into and it's spreading worldwide. Their intent is to keep you and your children subdued, non-thinking and dependent on the system.

DIAGNOSIS – DIA (Greek) means – apart, separate –GNOSIS (Greek) means Knowledge, to discern, know about something. (This knowledge has the power to cause you to prematurely separate from your physical body=death... Die because of knowledge (tree of knowledge). Or, the Dia- can separate you from the medical Gnosis (knowledge) and cause you to transcend that and tap into the esoteric Spirit knowledge, in Greek it is called - Ginosko. Whose report will you believe?? Don't die from your diagnosis. I am not saying don't get a diagnosis, that information can be useful to help you overcome. I am saying, replace Diagnosis with Ginosko. Jesus often spoken of this experience that takes you beyond natural knowledge. In Hebrew it is called, Da'ath. (I share this from personal experiences.)

America is literally under a spell of witchcraft and we are transferring it upon the nations. The witches, wizards, warlocks and sorcerers are your educated scientists and chemists that manufacture, prescribe and control the flow of prescription drugs. You don't have to allow their spells (diagnosis) to be a death sentence. Supernatural healing and natural healing is yet available. The Greek word for sorcery is “pharmakeia,” this is where the word pharmacy comes from.

“But there was a certain man, called Simon, which before-time in the same city used sorcery, and bewitched the people of Samaria, giving out that himself was some great one: To whom they all gave heed, from the least to the greatest, saying, This man is the great power of God. And to him they had regard, because that of long time he had bewitched them with sorcery.” Acts 8:9-11

We thank God for all the wonderful doctors and modern science, however, many have deified modern Western medicine and have allowed their physicians to become their drug dealer – sorcerer and held in high regard, accepting every diagnosis and prognosis that roll from off their tongue.

“You will no longer shine bright as candle light in the dark, your cheerful character will be

darkened and subdued, and the voice of joy and laughter will no longer be heard in you at all; the medical associations, suppliers and makers of pharmaceuticals have become powerful in the earth. By their sorcery and witchcraft in the form of what is called medicine, they have deceived and now control all the nations.” Revelation 18:23 Order of Melchizedek – JL Version

“Neither repented they of their murder, nor of their sorcery...” Revelation 9:21 KJV

This was predicted in the Bible 2000 years ago, specifically speaking to our time. Look around you! You see Zombies, children and adults moving about, talking, working, playing, and carrying on with life, but look closer. There is no light in some of their eyes, little to no light in their soul, empty shells of human beings under a strong spell of witchcraft and don't know how to break it. They sit next to you in church, worshiping every week or preaching to you from the pulpit. They work with you, your neighbors, your banker, grocer, lawyer, your adult children, your elderly parents and even sometimes your doctor. Most don't even know they are bewitched and are not even responsible for their condition. The sorcerers and sorceress carry on, accepting no responsibility for their many mass murders caused by their addictive charms they create and dispense liberally. They have become powerful. But that same verse says the light of their influence will come to an end along with their wealth and celebration of it. What causes this form of sorcery to be so powerful? FEAR!!! You get a negative report from most time a well meaning caring physician, who can only practice what he has spent over \$150,000.00 to train for and is in debt for years. That report creates fear and the only way he knows, or can tell you, without be held accountable, how to help reduce that fear, is to take chemo or some other addictive drug.

We are told in their bombardments of ads, to fear the symptoms of depression, prostate cancer, breast cancer, heart attacks and strokes. The systems of this world can offer no hope, no peace. They only offer FEAR. Be Afraid - be very afraid is their message and it produces death. This is the message of the Carnal Mind, the Serpent Brain.

“To be carnally minded is death.” Romans 8:6 KJV

“It will seem like all hell has broken loose — and everyone all over the world in a panic, the wind knocked out of them by the threat of doom... When all this starts to happen, up on your feet. Stand tall with your heads high. Help is on the way!” Luke 21:25-28 Message Bible

There is only one way out of this serpentine downward spiral behavior of racial and religious hate, sorcery and pride, and one way to be deprogrammed from the brainwashing indoctrination of fear. It is not in the false comforts of religion and government promises. It is not in the illusions created by fear that provides a false sense of security and locks us up in denial, addictions and the blaming of others. We must unplug from the system and return to Eden within and partake of Christ, the Tree of Life. We must return to the Being we call God with our whole heart, not the Religious-Political images, rhetoric and flawed ideas that's dressed up as God on the outside, but is filled with venom. We Must Return To LOVE.

“Thou will keep him in perfect peace, whose mind is stayed on thee because he trusts in thee.” Isaiah 26:3 KJV

“For God hath not given us the spirit of fear; but of power, and of love, and of a sound mind.” 2 Timothy 1:7 KJV

PART TWO

IDENTIFYING YOUR FEARS

In this section we will Identify Fear. In doing so, we will take a closer look at modern science to realize that true spirituality and true science are not in conflict, but do agree. We will discover how fear activates the Reptile Brain called the R- complex and the functions of it. We will also discover how the Reptile (Serpent) Brain is what the Bible calls the Carnal Mind, or what some refer to as the Ego. Further, we will see clearly the Truine Brain as the (3) characters in Genesis chapter 3.

Let's continue to move beyond the outer court realm of understanding in Part Two, into the holy place (soul). We will begin our transition from basic Christianese terminologies. Our intent is to reach a wider audience, and speak in tongues the mysteries, using scientific metaphysical and contemporary terminology. Fear not, language is powerful and has the ability to open new portal of awareness.

ON THE PATH

CARNAL MIND

*Created in the likeness of the Divine?
But something within is about to drive me out of my mind-
The urges, thoughts, images and anxieties-they overwhelm me
The erratic emotions, impulses, hidden fears and insecurities wont let me be-*

*In this masquerade where no one or nothing seems real
Carefully I play my part hoping to remain concealed-
This unwritten familiar script we all know
Our survival instincts must protect the Ego-*

*Dread and hate when the mask is off and the party's ended
Alone with my comfort foods-forget those I have offended-
The chemicals I eat have morphed my body into oversized
As I pretend to not hear those who laugh and criticize-*

*The hissing voice in my head compels me to run far away
When the challenges of life comes my way-
Created in the likeness of the Divine?
I think there is something wrong with my mind-*

*I have killed at least a thousand people in my head
Unspeakable perversions flood my mind while on my bed-
A snake must have crawled in and taken control of my brain
Somebody help me before I go insane!!*

*Absolution and a renewed mind is what I want and need
I must let go my fears, dethrone the Ego and greed-
I chose to take off the mask, love myself and others
Through Christ I now realize we are all sisters and brothers-*

*I AM created in the likeness of the Divine!!
Transformed, informed, conscious and in my right mind-
The deceptions and fears of yesterday have gone
I AM fulfilled, free and never alone-*

CHAPTER IV

THE BRAIN

“Science without religion is lame; Religion without science is blind.” Albert Einstein

The Brain is made up of about 200 billion cells. Each cell has about 50 neuron transmitters, and there are at least 100 trillion neuron connectors. Each of these neuron transmitters has the capability to store and transmit at least the amount of information the latest desktop computer can hold. This elaborate network communicates through an amazingly complex languages of the brain.

Your brain is an extreme super bio-computer that connects you to the physical world, the spiritual (invisible) world, other galaxies and other dimensions and planes of existence. You are not limited to the present reality or the present world. Your brain has the ability to connect you to eternity past and eternity future in real time. The brain does not know what we call “time.” This powerful device serves many purposes and one of them is to allow Mind or Consciousness to flow through it. It is this Consciousness that exist everywhere at once that the human brain has access to.

This section of the book identifies the R-complex aka Serpent Brain as the Carnal Mind and describes the 4 main functions of the Serpent Brain. *We will discover how these 4 functions are necessary for human survival and body maintenance; also how they can be the cause of a life of misery and death.*

All of humans have been stamped with the nature (mark) of the beast and can descend to the lowest and most primitive ways of life. On the other hand, all humans have been stamped with the nature (mark) of God and can choose to ascend to the highest levels of spirituality and expression of Love.

Science tells us that the brain develops in 3-stages, the R-complex (Reptile/Serpent Brain), the Neo-Mammal Limbic Nerve System and finally, the Neo Cortex. Let’s look at the most primitive part of the human brain. The R-complex and brain stem is the part that functions like a reptile or serpent. Out of the billions of cells and neuron that make up the whole brain, only a few cells make up the Serpent/Reptile Brain. This is the seat of aggression, ritual and territorial behavior; there is no real life in its present state. This is the part of the brain that is concerned with only number one; it is the all about “me.” It will steal, kill, rape, lie, destroy and think nothing of it because the Serpent Brain does not think, it only acts. There is neither real creativity, nor anything new that emits from the Serpent Brain; it has the ancient behavior of a reptile. It is the predator that lies in wait for the prey. In biblical scripture this would be called the Carnal Mind; this is where all the works - which are called sinful flesh emit from. Apostle Paul said,

“For to be carnally minded is death; but to be spiritually minded is life and peace. Because the carnal mind is enmity against God: for it is not subject to the law of God, neither indeed can be. So then they that are in the flesh cannot please God.” Romans 8:6-8 KJV

The carnal mind is the obsessive, compulsive actions and mindset that opposes all that is good or God. In one sense this can be call Satan, the devil or the Serpent. It is the direct opposite of that which is spiritually or morally correct. The carnal mind is the consciousness and lifestyle or mindset that stems from the Serpent Brain. It also attracts like negative energy from outside itself and becomes a portal for lower states of consciousness passing through it. It is ancient selfish behavior activated by fear, that puts one in “survival mode.” To be carnally minded does not necessarily make one evil. It only means that one is very narrow, shallow, and fearful and is choosing to live in the dark, dirty, musty basement of illusions; instead of the well lit penthouse of reality.

There is an elevator that descends and ascends regularly that can take one from the lowest, filthiest dungeon up to the Penthouse, where you were designed to live. The elevator is called Jesus (Yahshua) the Christ. I am not speaking of a historic religious storybook Jesus. I am speaking of the Now, Resurrected living Christ.

“In Him we live and move and have our being.” Acts 17:28 KJV

One must rePent in order to return to the Pent-house from which humanity descended from. Repentance means to change or transform your mind-consciously choose to no longer be led by or listen to the whispers, hissings and impulses of the Serpent Brain/Carnal Mind. It is accepting forgiveness, forgiving others and yourself. When this takes place one is given access to operate from the super computer of higher consciousness that connects you to the unlimited world of reality. This is the Spiritual Mind/Neo-Cortex of life and peace.

SERPENT BRAIN

We are at the end of an important planetary cycle of 26,000 years; this is where the end becomes the beginning and the beginning becomes the end. Another way of seeing it is the ancient symbol of a serpent with his tail in his mouth - All is One. This symbol was given many thousands of years ago in the land of Egypt. It is called the Ouroboros. Thousands of years later the ancient Hebrews that came out of Egypt (Africa) used it as the powerful mystical 9th letter or hieroglyph of the ancient Hebrew alphabet, Teth In order for us to really understand how the end will be, we are forced to go to the beginnings. This is also why if you are a student of the Bible, you will find the many parallels between the Book of Genesis and the Book of Revelation.

Genesis chapter 3 can be encapsulated as Paradise, Paradise Lost, the Search and Promise of Paradise Restored. It starts off with the Serpent being the most subtle beast of the field, but somehow winds up in the Garden. The traditional historical understanding of this story is great for understanding the very basic principles of what is *perceived* to have gone wrong. However, in order for us to really get the deeper messages, one must first internalize this experience and see it on a meta-physical level. It will do you little or no good to only visualize a literal snake or an alien Reptilian being talking to a woman over 6000 years ago in the Middle East or Africa without the understanding that this is your personal experience.

By the way, metaphysics only means to go beyond or greater than the physical reality. This should be the goal of all people on the path of spirituality, to progress beyond the realm of appearance. In other words, for every part of your physical body, there is a spiritual counterpart in the universe. Remember, Yahweh told Moses to make sure he built the Tabernacle according to the pattern shown to him on the mountain. That Tabernacle of Moses was a replica of the Cosmic Tabernacle in the heavens. *“Don't you know you are the temple?”* Furthermore, the physical body, organs, and the brain, are the physical conduit for which the etheric or energetic body, organs and brain to express; that exist within and without what we know of as the physical body.

The brain can be divided into 3 main parts- Science calls it the Triune Brain.

- 1) The Reptile (serpent) Brain is also called the root brain or R-complex.—I ACT
- 2) The Neo-Mammal Brain where the Limbic Nerve-System is - I FEEL
- 3) The Neo-Cortex the Covering of Gray Matter-Frontal Lobes.—I THINK

The Serpent Brain is the most inner core part of the brain, and the most primitive of the Triune Brain, then there is the Neo Mammal and the Neo Cortex. Why is it called the Serpent or Reptile Brain? It functions like the brain of a snake or other reptiles. Lacking language, its impulses are instinctual and ritualistic. It is concerned with fundamental needs such as survival, physical maintenance, hoarding, dominance, preening and mating. It is also found in other lower life forms such as lizards, crocodiles and birds. It is at the base of your skull emerging from your spinal column. It computes only Basic Survival, Self-Defense and Counter Attack. It is 100% competitive, does not think, has no new ideas and it only computes the “ME” behavior. When we

are out of control with rage, it is our reptilian brain overriding our rational brain components. In Christian terminology it is the carnal mind. It is this carnal mind or ego that produces suffering, disease, lack and ultimately death when out of balanced.

REPTILIAN BEHAVIOR

*Ancient instincts, selfish habits and impulses spring up from deep within
Out of control urges and passions makes me want to sin-*

*My appetite and lust for food I can not restrain
60 lbs overweight-look at all the weight I've gained!!
Discomforting deadly comfort foods to release my stress
My clothes don't fit-I'm sick and depressed-*

*Responsibilities and challenges overwhelm me day by day
The fear of failing makes me want to run away-
Another job, another relationship, another family and spouse
I am bored and smothered-I must get out of this house-*

*Hidden repressed anger-hurts of the past lodge within my being
Boiling just beneath the surface of the nice smile you are seeing-
Just one word or misunderstood action, I might just go off
I have no control and a life could soon be lost-*

*Relationship? Forget it, give me a one night stand
I just need to get off-give me a woman or a man-
So many encounters, quickies I don't remember-God forgive me please
Another pregnancy, abortion -Nooo!! Not a disease-*

*Aren't you tired of the spiritual, physical and emotional drain?
This is the life produced by the overly activated reptile brain.*

CHAPTER V

4 BEHAVIORS OF THE SERPENT BRAIN

Here are the 4 main behaviors of the Serpent Brain that were covered in the poem before this chapter: (they have been called the 4 “F’s”- (but we will re frame from using coarse language) FEEDING, FLEEING, FIGHTING, & F-- uh ...SEX. The Serpent Brain is also where FEAR lives and becomes the energy to activate the 4 behaviors on negative levels. This is the base, where negative energy rises from, the brain stem.

1) FEEDING

FEEDING - As humans we know that it is important to eat in order to live. We are thankful for communication from the R-complex in conjunction various other parts of the brain that helps to know when to eat. However, due to the complexity of the times we now live in, many people actually live to eat in western society. Obesity has become the norm even for our children, but is this normal? I see something more sinister and subtle going on as Americans are becoming eating machines and developing various eating disorders.

Many people who are morbidly obese can trace the root of their problem to a traumatic experience or series of events in early childhood. It could be a rape, molestation, physical or emotional abuse. Or, as a teen or adult, a relationship that became terminal and died. Trapped or hidden fear would be the root cause in some form of their obesity and food is being used as a drug to numb the unconscious relentless emotional pain. It is the serpent brain that has been activated by this sometimes unconscious fear or experience that has not been recognized, confessed and reconciled. Thus, food becomes a source of survival on the emotional level and a means to further deny the trauma of earlier years. Food can become a substitute for that lost loved one or broken relationship, when the reptilian brain focuses on “me” and puts you in a survival mode. The logic of temperance and future ramifications of stroke, high blood pressure, diabetes, heart disease and cancer is shut down. The reptile brain or carnal mind does not think; it Acts. The bill boards and mesmerizing TV ads are constantly appealing to the inner fears and need for comfort foods; they are followed by the ads for dieting. The see-saw effects of this type of propaganda is designed to keep you off balance and confused. That extra desert, second and

third servings of the meal and 3:00 am meal is a hunger for something else that food can never satisfy.

Due to the deep level of emotional trauma coming from a broken relations, some females will find themselves gaining so much weight, until they appear no longer attractive. Unconsciously, they are manifesting a fear of relationship or rejection and repelling any future advancements off. Food even becomes a substitute for sex and intimacy, as the marriage to food is solidified.

Bulimia is another emotional and eating disorder, where one consumes a large amount of food, followed by guilt, shame and vomiting...only to repeat it again and again. This purging and forced fasting after large meals are often connected to body shaming and a distorted view of one's self. Fearing they are fat. The already mistaken identity becomes lost in a sea of shame.

The Serpent Brain is a master of illusions, if it can not get you to overeat, due to unresolved fear, one might go in reverse and under eat and starve to death. Anorexia is the body going on a forced fast in an effort to deal with a recent trauma, or a suppressed trauma that suddenly comes to the surface. There is no longer an appetite, as the fear of gaining weight sets in and the goal is to not eat.

It is all rooted in Fear. One must get the courage to deal with that fear once and for all and take their power back. A strong connection with the Creator and finding your true identity in the living Christ can produce the Love to overcome all fears.

Then, there are others who are victims in this complex society, victims of the Serpent Brain operating through high officials with intent to control. The genetically modified food that is produced for us is designed to alter the human DNA. It is designed to reprogram the DNA, thus creating sickness, disease, shorter lifespan and death. The genetically modified hormone and chemical injected fast food is addictive. Your body will crave it again and again and yet not get the proper nutrients, while the body morphs to mimic the animal it eats. You are what you eat.

Young girls seem to be maturing much faster, they are growing breast, getting their period, their young body looks like that of someone in their 20's. Why is that? The hormone injected Fast Foods and animal products are creating more estrogen and other hormones in our kids, thus, girls are reaching puberty much sooner and looking older. Sadly, it is also affecting our young boys and men. The unnecessary doses of estrogen in food is creating more estrogen within their body. Estrogen is a predominantly female hormone, boys should be developing more testosterone to look, sound and act more like the men they are coming to be. However, the opposite is happening, as the feeding frenzy off of Fast Foods and animal products increase. More young men are developing breast and becoming more emotional. We are developing more feminine males, with higher pitch voices, smoother skin and less desire to be the dominate (top) when it come to sexual activities. In counseling with men, I am finding more are having an urge to explore being dominated sexually in heterosexual relationships. The extreme estrogen injection in food is all happening by a sinister design. It is not by accident or coincidence.

Detach yourself from the inner fear of not having enough and the need to consume large amounts of toxic food in one day, there is no lack, only abundance. Even in the time of potential worldwide food shortages, there will always be enough. Flee the Fast Food joints along with your

young children. Learn to listen to your body; instead of the endless ads that program you to eat things that will cause mutations and death. Take the focus off of the illusion of “me” that appears in the mirror or in your mind. That is part of the problem, fear has your focus on “ME” yourself, shift the focus to something and Someone greater than you.

“If you are willing and obedient you will eat the good of the land.” Isaiah 1:19 KJV

(When fear in this area has been overcome, and faith through love is activated; one will experience an insatiable hunger for the things of God and spiritual food. The hunger and thirst shall be filled with the Living Bread -spiritual nourishment that comes through communing with him. The Living Waters will be refreshing and quench the thirst – this comes from living in his Presence)

2) FLEEING

FLEEING -This ancient survival instinct is what has caused our species to survive. We have all heard stories or have personal experiences of sensing something about to happen and our instincts forcing us to leave just before something traumatic did happen. This may have been a relationship, an airplane crash, a vehicle accident, storm or confrontation that we were saved from. We need to know when to run and when not to run.

The fear of commitment has caused many to flee from their responsibility of being a parent, spouse, business partner, friend or from fulfilling their dream. Circumstances in life which are *perceived* as a threat to the EGO, that do not instantly benefit “me” create the fear that set many to flight. The emphasis is on “*perception*,” What the carnal mind or reptile brain *perceives* as a threat is not necessarily a threat. However, to the narrow, self serving mind of someone only concerned with their best interest, the least disruption will become a threat. Their fear based insecurities will not allow them to stick around or work on a relationship; their hard shell exterior is actually too fragile, so they must run.

People change their jobs, careers and partners like they change their clothes. Fear of commitment or fear of being abandoned. The carnal mind kicks in and finds an easy way out due to abandonment issues. This behavior seems to follow some throughout life, as they bounce from one city or state to the others, In their spirituality, it is the same. They seem to bounce from one church, fellowship group or gathering to the others, they fear committing to anything or anyone. The least pressure or disagreement, they flee.

Dead beat parent are sometimes a victim of this. Often they don't leave because they don't love, but they are afraid of responsibility, or not being able to be responsibility. Mostly men find themselves in this predicament. Either way, it is a very selfish choice; the only way this fear can be overcome is by taking the focus off of "ME." Receive the perfect love of God that will help you endure all things, be long-suffering, temperate, and "self-sacrificing." The excuse of working long hours can be another form of "fleeing" in many relationships. Fear of communicating, interacting with the family reveals deep underlying issues and insecurities. If you can relate better to strangers in a bar, people on your job or at church, than you can to people that you live with; there is a problem. Possibly, you are repeating the behavior of your father. Whatever it is, fix it, or your children will possibly be infected with the same fears. Give yourself a chance, you're probably a great parent.

Necropolis is called the wealthiest place in the world. It is filled with scientists, scholars, athletes, poets, actors, artists, good politicians, preachers, singers, musicians, homemakers, parents and all the unknown geniuses of the world that ran. They were once dreamers, until something or someone planted a seed of fear. Maybe it was the cunning first question the Serpent asked Eve, "*Did God really say...?*" This is the crafty question that challenges your God given ability to express yourself and causes one to fear and doubt.

Reptiles don't dream, they don't have the ability to dream, their whole reality is in the waking state. When the reptile brain or carnal mind is engaged, all your dreams are forgotten and wither away as grass on a hot summer day. The focus shifts from how my talent or life can enrich someone else, to how this might negatively affect "me" or the need for "instant reward".

Here are some thoughts that stem from the fear in the carnal mind: What if my vulnerable ego get bruised? What if I am embarrassed? What if I am rejected? What if I really can't do it? What if she/he is unfaithful to me? What if I can not provide and I am seen as a failure? What if...? What If????!

"Run away and you will never have to 'possibly' face the fact that you failed," says the ancient Serpent Brain. "Go as far as you can and start a new life." But the new life does not seem so new, it's a repeat or continuation of the old one(s). The characters change, but the sad saga cycle continues. Then, there are the gnawing questions eating away, What if I had not run or dropped out on the relationship, or had not set my dreams aside?

Over 50% of marriages today end up in divorce court. Hollywood and society has glamorized this type of reptilian behavior and made it socially acceptable as the norm, but is this normal? No! Yet I realize there is sometime no other way. It should not be normal for spiritual people. A secure spiritual foundation is the anchor and solution to the fear of commitment or selfishness.

"Greater love has no man that this that he would lay down his life for his friend." John 15:53

(When this fear is overcome by faith and Love, one will run and not be weary and walk and not faint. The name of Yahweh will be realized as your strong tower and a place, experience one can run to and find courage, acceptance and safety.

3) FIGHTING

FIGHTING -There is a time and season for everything. Fighting is certainly one of our basic survivor instincts. Unfortunately, on this planet during this time, there are sometimes a need to physically defend oneself. Verbal fights can sometime be unavoidable, whether, at home, on the job, in court, and occasionally with an irrational neighbor. Our challenge or goal should be, is to aim not to be the instigator or agitator of such base behavior. Fighting can very well cause the extinction of humans on the planet, as it almost did during the days of Noah. Genesis 6 says, *“the earth was filled with violence and every imagination of man's heart was to do evil continually.”* It's beginning to look like that today. It is not only important to know when to fight for something, but how to fight.

“The weapons of our warfare are not carnal, (based in the serpent brain mentality) but mighty through God...” Ephesians 6 KJV

The real powerful weapons of spiritual people are not guns, knives, bombs and missiles. The most powerful weapon is LOVE; of course few actually believe that today even though we preach it. Isn't it amazing how Mahatma Ghandi defeated the British Empire without firing one shot? Dr. Martin Luther King Jr. led the great Civil Rights Movement of Change and Equality that changed America without invoking violence or firing one shot. The weapons of Love and Truth will always dispel the darkness.

When the Serpent Brain *“perceives”* a threat it will quickly move into *“pre-emptive strike”* mode. The 21st century disturbing policy is, *“strike them before they strike us”* or *“Because They Might Be Thinking About One Day Striking Us.”* It is this policy that has launched us into the early stages of World War 3 and threatens the life of everyone on the planet. Fear in overdrive has also trickled down to every aspect of our society, totally disregarding the respect for life.

The Serpent Brain is where fear lives and is the base where negative energy stems from, the brain stem. You have heard people that commit horrendous crime say *“I don't remember what I did, it was all a blur.”* Or, you remember getting upset and saying things you don't even remember and didn't mean, when you felt threatened in some way. That's true, the Serpent Brain does not think, it only reacts. If someone says that they reacted in a negative way with their heart instead of their head it is a lie. What they really mean is that they conceded to their primitive emotions (the Serpent Brain); instead of accessing the rational part of the brain. These

are sometimes mistakenly called “crimes of passion.”

If one appeals to the fear in the serpent brain, all the triggers and switches to the frontal lobes will be shut down, thus causing the instincts of it to be fully engaged. At this point it all about “me,” doing whatever to survive, defend and counter attack. There is no reasoning or logic to determine if there is a real threat or not, the serpent brain goes into the pre-emptive strike mode. It reacts with ancient programming.

The Fear of someone or something being taken away, challenged or changing activates the reptilian brain/carnal mind. We seem to have come full circle with the story of Genesis chapter 6. Just before the cataclysmic earthquake, tsunami and flood, the land was filled with violence and killing. Man’s imagination was obsessed with violence and hurting others-the Me, Me, Me attitude.

“I am going to put an end to all people, for the earth is filled with violence because of them...”
Genesis 6:13 NIV

We seem to have become a generation of vipers, filled with suppressed anger and rage creating violence everywhere. Children and young people have become desensitized to violence and death, because they have seen thousands on TV, Video Games and the evening news. Many kids can barely discern between the virtual video world and real life. Vehicles are now used as weapons or someone will blow your brains out for cutting them off on the freeway. Road rage is not confined to young people anymore and what is “perceived” as a “mugging” (a staring look) can end your life. Many in Law Enforcement seems to take their license to kill seriously and look for humans to kill or beat mercilessly. Filming Live murders and beatings is not rare, especially in minority communities.

We have become a society on the edge filled with mentally ill people on drugs. Some have the audacity to go into a Sunday morning worship service and kill innocent people, because they feel threatened by their expression of spirituality. Trigger words and gestures that activate the carnal mind challenging old paradigms, traditions, the ego and religious ideas cause the serpent brain to act and react. It would be very easy to relinquish ourselves of responsibility by blaming a demon, satan or something outside of us. (This is not to suggest there are not outside forces, entities that can interact with our reality). We must get rid of the gospel according to the late comedian Flip Wilson that states, “The devil made me do it.” If we really believe that lie, we should empty the prisons and not support capital punishment-because the criminals should not be held responsible for their crimes.

“Where do you think all these appalling wars and quarrels come from? Do you think they just happen? Think again. They come about because you want your own way, and fight for it deep inside yourselves. You lust for what you don’t have and are willing to kill to get it. You want what isn’t yours and will risk violence to get your hands on it.” James 1:1-2 Message Bible

“WHAT LEADS to strife (discord and feuds) and how do conflicts (quarrels and fighting) originate among you? Do they not arise from your sensual desires that are ever warring in your bodily members? You are jealous and covet [what others have] and your desires go unfulfilled; [so] you become murderers. [To hate is to murder as far as your hearts are concerned.] You burn with

envy and anger and are not able to obtain [the gratification, the contentment, and the happiness that you seek], so you fight and war.” James 1:1-2 Amplified Bible

We as a society must find the things that are really worth fighting (exerting energy or force to change or stop something) for. We should “fight” for Peace, Unity, and Love, to Eradicate Evil, Sickness, Famine, Injustice, and Death. This fighting is easily done in our “prayer closets” on our knees, meditation, by random acts of kindness and by electing “real” leaders and love. Yes, this is also done by Protesting. If most of the people in their religions (Christians, Jews, Muslims, Hindus and Buddhist) would simply put their beliefs into practice, we would have heaven on earth. *“Fight the good fight of faith.”*

“There is no fear in love [dread does not exist], but full-grown (complete, perfect) love turns fear out of doors and expels every trace of terror! For fear brings with it the thought of punishment and [so] he who is afraid has not reached the full maturity of love [is not yet grown into love’s complete perfection].” 1 John 4:18 Amplified Bible

(Many people fight because they feel they need to control something or someone, it is rooted in the fear of not being in control or being dominated. Once this fear is overcome, a person would be an awesome intercessor, prayer warrior or advocate for social injustices and human rights. Love unconditionally dissolves the need to hurt others or even animals. Be a healer instead.)

4) SEX

SEX- (My intent is to show some of the extreme measures, due to the turmoil one can be driven to; when living in fear of not rising to ridiculous standards of our culture.) As humans, if we expect to prolong our species, we must have sexual intercourse in order to procreate and for natural enjoyment the Creator sanctified. We can appreciate how the serpent brain interacts with other parts of the brain to make this a pleasurable experience. People are becoming less inhibited with sexuality, even among Christians, many are becoming less uncomfortable talking about something that is natural, normal and should be discussed. After all, none of us would be here without it. There has been and yet is a lot of confusion between the male and female brain in regards to sexuality and how male and female relate to each other. To really understand this, we must realize that men *perceive* life differently from women and when it comes to relationships and sex, the expectations should be based on reality not misleading expectations.

THE FEMALE SERPENT BRAIN

I think it is safe to assume people are having more sex, based on the TV and internet advertisements; even older people are. TV shows, ads and over the internet are constantly telling women when and how they should be having sex. The old Serpent Brain seems to be good at making love and war.

There are subtle sinister messages that are being sent our direction to create Fear and self rejection. Fear sells. These crafted messages sometime laced with “trigger words” sexualize everything from toilet disinfectants, to pharmaceuticals. One can barely watch TV or a commercial without noticing the “Boobs” and “Booty.” In my mind, it is hard to visualize a fast sports car without visualizing a barely dressed young woman posing beside it in very suggestive manners. Long before all of the sexual overtones were aired on TV, it was called the “Boob Tube,” how prophetic). The subtle messages are; if you want anything in life, want to be accepted, successful, respected, or be cool, you got to look sexy based on society’s standards. Of course this means women must wear very low cut blouses, short skirts or extremely tight pants leaving very little to the imagination. In order words, women are pressured to disrespect and degrade themselves in this misogynistic culture.

What if a girl does not have the big boobs? Most are going to feel bad about themselves, because they have been programmed to believe that big boobs and a big round booty defines them. Many end up agreeing to reduce themselves to a piece of “meat.” After all, what else should a man look for in this sex crazed society that has clearly defined what is sexy? Celebrities, Music Videos of MTV, Reality Shows and everybody that's anybody has told her how she is suppose to look, feel and act. This sets her up for rejection due to self-rejection and the way she sees herself. Night after night staring in the mirror, adjusting her breast, getting bigger pads to create the illusion of bigger breast -stick your chest further out. What conflict and turmoil it creates in the mind for having a flat-butt and how it is *perceived* in this modern world that emphasizes conformity. The fear of not being beautiful or good enough leads to depression, competition and low self esteem.

If she is married or has a boyfriend, social programming has told her that men really only love women with Big Boobs and a Bubble Butt. Her fears create the illusion that her man is not being faithful and would rather be with someone else. Sometimes this fear becomes a reality, due to her expectation and actions. She is watching his eyes and somehow what she’s feared becomes her reality. She *perceives* him looking at every big breasted or big booty woman.

This inner turmoil and fear forces some women to have an enlightened moment, or so it appears. There is a way to be beautiful and sexy like the girls in the magazine, on TV, or next door. Breast and Butt Augmentations is the trend, even for girls not yet fully developed. The Carnal Mind/Serpent Brain is highly competitive and will go to any extreme, because it’s all about “me.” Therefore, her non-thinking brain will persuade her to have unnecessary surgeries, putting her life at risk.

Peer pressure and the counsel of social media have persuaded many young women and girls to give up their virginity and have sex with a total stranger, to feel validated and accepted. This is part of the Social Survival Programming that assures status and makes one feel part of the majority.

(Big boobs and a bubble butt are wonderful if you have them, so are smaller boobs and a not so round butt. Take the focus off of the less than 1% of you that exist in the physical world. You are not your body.)

THE MALE SERPENT BRAIN

The hissing of the Serpent Brain has not left men out on this. There is hardly a week that goes by that I don't get an email invitation to order Viagra or some other erectile dysfunction drug. The old Serpent Brain seems to be good at making love and war. In order for men to be successful, cool, cute and sexy, they must look like they live in the gym, or have a gym at home. The programming from the bombardment of ads and commercials says, he must have "MUSCLES," very defined features, a 6 pack and a there is a growing emphasis on the size of his butt.. The evening and late night commercials are constantly telling men their Penis is not big enough and that women want them bigger. "Bigger is Better," they say. If a man wants to be cool, sexy, accepted and successful, he must have a bigger one and wear pants that reveals a bulge. Somehow men are now being defined and defining themselves by the size of their penis, testicles and biceps.

What if a guy doesn't have a big penis? Because of the constant programming of society, the sneak glances at his well endowed peers in the shower room, and comparing himself with others sets him up for self-rejection. Each time he takes a shower, he is reminded of his underdeveloped penis and small testicles. Looking in the mirror reminds him that he is too fat or too skinny and his body size is not what is *perceived* as attractive. Due to his frustration and fear of not being big enough, he will not perform as well in bed, thus, confirming his fear of not being big enough. His *perception* of not being big enough may drive him to penis pumps, potions or penis pills that guaranteed to make him bigger. The Carnal Mind is highly competitive and will go to any extreme because it's really all about "me" surviving a relationship or being seen as a super stud. Therefore, his non-thinking brain (penis) will lead him to pornographic material and set him up for more self-rejection after viewing super-sized male models with which he feels he must somehow compete. This can lead to a cycle that renders him not able to interact with another person, the virtual world of porn is less intimidating. This addiction can also negatively impact a man/boy with a big penis, rendering him unable to perform well, with an actual partner.

A man's fears and *perception* that his woman is not being satisfied, faking orgasms and would rather have a man with a bigger penis can become a self fulfilling prophecy. His actions, and blaming her for his frustrations over not being able to perform well can awaken or create a desire within her for a bigger man.

Don't allow the carnal mind to reduce and mentally handicap you to the point of defining yourself or being defined by the size of your butt, muscles or penis; you are Bigger than that. The compulsive behavior of the carnal mind can never be satisfied. Some men are so driven by this unhealthy obsession that they undergo penile implants or extreme stretching exercises. **The Biggest Sex Organ You Have Is Not Between Your Legs, It's Between Your Ears. Your Brain!** Once you move beyond the lowly reptilian brain activated by fear to access higher more developed brain activity, your satisfaction and the ability to satisfy your beloved will never be an issue.

(A monster package and muscles are fine, so is the average or below average package non muscular body. Take the focus off of the less than 1% of you that exist in the physical world. You are not your body)

THE TRANSGENDER SERPENT BRAIN

As knowledge increases in an ever changing world, we will be forced to re-think many things that we thought we knew. This may become extremely challenging for those who subscribe to a rigid religious paradigms. Even though modern science has mapped the complexities of the human brain and human genome, they are yet lost in the maze of understanding how it all works. To add to the confusion of letting go old beliefs and theories, there is the rise of the transgender person.

Male and female brains are on average slightly different in structure as we have already explored, but is there a difference in the Transgender person, a male that feels within he is a female, or the female who is convinced from within that she is a male?

Spanish investigators—led by psychobiologist Antonio Guillamon of the National Distance Education University in Madrid and neuropsychologist Carme Junqué Plaja of the University of Barcelona—used MRI to examine the brains of 24 female-to-males and 18 male-to-females—both before and after treatment with cross-sex hormones...the female-to-male subjects had relatively thin sub -cortical areas (these areas tend to be thinner in men than in women). Male-to-female subjects tended to have thinner cortical regions in the right hemisphere, which is characteristic of a female brain. (Such differences became more pronounced after treatment.) “Trans people have brains that are different from males and females, a unique kind of brain,” Guillamon says. “It is simplistic to say that a female-to-male transgender person is a female trapped in a male body. It's not because they have a male brain but a transsexual brain.” Of course, behavior and experience shape brain anatomy, so it is impossible to say if these subtle differences are inborn...”

A trans-person is mostly living in a world of confusion; fear added to that is like the Serpent Brain on steroids. In their search for their gender identity, the perplexities of expression would probably be overwhelming. If one is a male with a huge penis and testicles, but feels he is a female, swim parties would definitely not be on a frequent activity. If one is female with big boobs, but feels she is male, their wardrobe would be limited to extra large tops.

I can't image the amount of thought one has to put into sex reassignment surgeries and the importance it is for trans-people to have an identity that matches what their brain is wired for, instead of what their genitalia says. What is even more complicated with transsexual, transgender people is, the outside can be changed to match what science interprets their brain to say or what they feel, however, their DNA will not change and yet identify them as the male or female they are genetically. Of course, this could be heartbreaking, even for gay people.

The overall solution to this extremely heartbreaking life of confusion and fear is to TRANScend the identity on your birth certificate as male or female, the identity your brain and

emotions says you are – not by a series of surgeries and hormone treatments. Become a “real” TRANS, by tapping into your true identity as the divine image and likeness of the Most High God; which is male and female.

“So God created humans in his own image and likeness, in the image of God he created them; male and female.” Genesis 1:27

(Being blessed with both male and female genitalia is fine or not sure which you should have. There's more to you than what's between your legs or the feelings inside. Take the focus off the less than 1% of what you appear to be or feel. You are not your gender, nor body.)

UNDERSTANDING THE FEMALE BRAIN

In order to understand the female brain, we will move beyond the reptile brain for a moment to explain higher brain activity. *From the male perspective, women are the most complex creatures on the planet, so complicated that God had to anesthetize Adam before he presented her to him.* She is a mystery above all mysteries, and once you think you have things figured out and you know exactly what she wants, it's all changed...and without warning. Little things become huge mountains easily; one reason is because the outer layers of the cortex of the female brain are much thicker than males. (Don't accuse me of calling women “thick headed.”) This is the area of reasoning, logic, and thinking. An innocent remark can morph into a civil war, because she reads so much more into it and sometimes over analyzes what may have prompted it. Plus, her hippocampus, which is larger than the male hippocampus, will cause her to remember you made a similar remark exactly 3 years, 2 months and 17 minutes ago. When the Serpent Brain is engaged, men are no match for women in wit, memory and arguments.

According to Dr Laura Schaefer, author of the Female Brain; “A little kiss, peck on the cheek or calling ahead to make reservations goes a long way. It means so much more because her outer cortex will magnify the intents, thoughtfulness and gesture.”

When the reptile brain is engaged and the focus is “me” females will become depressed more easily than the male. The female brain produces significantly less serotonin than the male brain does; this is the brain chemical that helps make us happy. This could be another reason women should be treated with extra care and with constant encouragement.

The Creator made man and woman differently for a purpose, when the roles are confused, and the man expects the woman to SEE things as he does; or the woman expects the man to FEEL as she does; there is chaos. Allow your man to be a man and don't try to make him into your girlfriend. Otherwise, this opens the door for the hissing of the Serpent Brain to manifest fear, competition, extreme imaginations and revenge.

UNDERSTANDING THE MALE BRAIN

In order to explain this we must move beyond the reptile brain for a moment to explain higher brain activity. The hippocampus, where initial memories are formed occupies a smaller percentage of the male brain than the female brain. This is why most men on their first date don't remember things that may have been discussed on the phone, or at the work place, or may not notice changes you have made in your wardrobe, or cosmetics. It is not that he purposely forgets; the capacity is just not there, unless he has trained himself to remember details.

According to Dr. Larry Cahill of the University of California at Irvine, "Some of the limbic cortex involved in emotional responses are smaller in men than in women. This is another reason men are more prone to speak exactly what they are thinking, without coating words or realizing the emotional effect on the female. Females use the left part of the amygdala that tends to deal with emotions and details; males tend to use the right part of the amygdala that deals with memory, but not necessarily details. Men don't easily get hints; we are not that smart."

The hypothalamus in males is at least two times bigger than in females and contains twice as many cells. This connects to the pituitary gland which releases the sex hormones. Men naturally think about sex more than women, because they are hardwired that way. Studies show that healthy men between 18-25 have sex thoughts between 1-388 times a day, compared to women in the same age group 1-140 times a day. When the Serpent Brain is stimulated with visual and imaginary temptations, the carnal mind can go into overdrive and out of control. However, a disciplined transformed mind is well balanced.

[Some recent stats show that 1 in 8 people in America have a sexual transmitted disease and in some of the larger cities, the stats say 1-4% of the people with STD's are incurable. Remember, when the Serpent Brain/Carnal Mind is engaged, all logic and reasoning is shut down. It Does Not THINK, it only Acts].

Allow your woman to be a woman and don't expect her to be excited about everything your male friends would. Otherwise, this opens the door to fears and false sensing of rejection...she just doesn't See it that way.

RUNNING INTERFERENCE

The Reptile Brain is ritualistic in nature. It is used to sets of patterns and behaviors that have been developed from childhood. The set patterns are comfort zones, things we feel familiar with and don't really want to change. In many ways, we allow these behaviors to define us. Oftentimes, these patterns exist on the subconscious level and we find ourselves behaving certain ways or having certain physical manifestations. The majority of people live their lives like clockwork; it is the same pattern everyday. This systemic behavior provides the level of comfort, security and sense of control necessary to survive.

For some, this ritual is lunch at 12 noon and dinner at 6:00 pm on the dot, everyday. Ten or

fifteen minutes beyond, or before the everyday ritual can cause an argument or bad mood, and throw the rest of the day off for everyone involved. For others, it may be going to a restaurant and eating a certain type of food, watching a favorite sitcom year after year, or playing a game, or sport on a certain night ritualistically. What this does is reinforce the habitual behavior of the serpent brain, thus, limiting oneself. These simple examples are very powerful and hint at deeper levels of insecurities that can create more serious negative behavior patterns. Interference with this level of comfort is interpreted by the serpent brain as a threat and must be dealt with immediately. Something out of the norm, without being forewarned; like switching the days for certain meals or introducing a new meal can create a heavily tensed atmosphere. Someone dropping by unannounced or a spontaneous idea that would change the daily routine could wreck havoc on the engaged serpent brain. It is not used to thinking, it only acts.

Listen to the hissing and whining of the serpent brain.

“But we always have roast beef on Tuesday and fish on Friday.” “You know this is the way I always do my laundry, the whites first!” “This is my spot; I always sit here to watch TV.” “I have been traveling the same route home from work for 10 years.” “We go to the same camping spot every summer for vacation.” “Our religious service always ends at 12:15 pm; if it goes longer I will just leave.” “You never put rosemary on the potatoes before!” “I always play ball on Wednesday.”

Running interference to interrupt the rituals will actually loosen the strongholds of the carnal mind set behavior patterns. *Spontaneity* is the key word. At first it might not feel comfortable and the fear of doing something different might seem overwhelming. By performing simple spontaneous exercises, you can liberate yourself from the bondage and torment of needing to have control. The ritualistic behavior is simply about control.

Here are some suggestions to help transform the mind and break behavior patterns. These suggestions will make it easier to set yourself free from more serious ritualistic behaviors:

- * Become open to spontaneity
- * Free yourself from a rigid scheduled lifestyle
- * Take a new route home from work, enjoy the extra 5 minutes of driving
- * Try a new exotic restaurant each week
- * Do your laundry on a different day
- * Try a new hair color and fashion
- * Take a vacation to a new location
- * Listen to a different type of music and try to appreciate it

- * Have a snack or a meal with a neighbor that barely speaks English and learn to communicate without verbal language**
- * Visit a religious service from a different faith (Mosque, Synagogue, or Buddhist Temple) and get something out of it**
- * Go out of the way to help someone**

DARK DREAM

*My human life is a product of the first parent's choices and imaginations
I carry the genetic marker that identifies me and my limitations-*

*A cursed race by the Almighty-I am told
Labor, suffer, and soon die like a beast-pray to save your soul-*

*A complicated hard life of blood, sweat and tears
Cry louder to the space-God until He hears-*

*Cursed creation! How can I change the world?
Maybe it was just their imagination? I think I can change my world-*

*Hidden in my DNA, there must be a secret code
The information to reverse the lie I have been told-*

*I can see with my other eye now deep from within me
There was nothing wrong with me-I AM free!!*

*My perception of things have now changed
As I learn to synchronize the language of my triune brain-*

*The Creator was not disappointed, angry or displeased
He rebukes the silly rituals-we thought we had to appease-*

*"You cursed yourself," says the Almighty to the first pair
"It's time to wake up from your extended nightmare"-*

CHAPTER VI

MARK OF THE BEAST

Modern science confirm that there are only 2 base emotions or frequencies humans express, from which all other emotions develop from. They are FEAR and LOVE. At any given time, we are either operating out of fear or love.

In the historical or literal understanding of Genesis 3, we have discovered that FEAR caused the problem in Eden. Adam and Eve lost their identity and were afraid that they were not like God, and that God was trying to keep something from them. This is the same ancient fear that plagues humanity today and religion has magnified it. By over emphasizing the doctrine of “sin,” instead of the “good news” of God’s Kingdom and righteousness, we have created more “sin” or what is termed “sinners.” Instead of proclaiming what Christ has done (It is Finished), we seem to keep reprogramming people to believe they are “UNDONE.” “*Woe is me, I am undone*” is echoed throughout humanity. In my experience of surveying and asking people why they don’t attend a church or attend a religious function, the answers were all similar. Here are some of the answers I got again and again: “The preaching is negative,” “I feel condemned,” “The preacher doesn’t make sense,” “They just want your money.” etc. If we want to see a real spiritual movement, we must stop appealing to the Serpent Brain by using fear tactics.

There is so much we hear about the mark of the beast these days and the Christian book stores are filled with writings of those who are considered experts in Bible prophecy or Eschatology. A closer look at Genesis chapters 3 & 4 will provide some deeper insight to what the mark might be on an esoteric level.

1 Now the serpent was more crafty than any of the beast the LORD God had made. He said to the woman, “Did God really say, ‘You must not eat from any tree in the garden?’” 2 The woman said to the serpent, “We may eat fruit from the trees in the garden, 3 but God did say, ‘You must not eat fruit from the tree that is in the middle of the garden, and you must not touch it, or you will die’ 4 “You will not surely die,” the serpent said to the woman. 5 “For God knows that when you eat of it your eyes will be opened, and you will be like God, knowing good and evil.” 6 When the woman saw that the fruit of the tree was good for food and pleasing to the eye, and also desirable for gaining wisdom, she took some and ate it. She also gave some to her husband, who was with her, and he ate it. 7 Then the eyes of both of them were opened, and they realized they were naked; so they sewed fig leaves together and made coverings for themselves. 8 And they heard the voice of the LORD God walking in the garden in the cool of the day: and Adam and his wife hid themselves from the presence of the LORD God amongst the trees of the garden.” Genesis 3:1-8 KJV

“Adam laid with his wife Eve and she became pregnant and gave birth to Cain. She said, “With the help of the LORD I have brought forth a man.” 2 Later she gave birth to his brother Abel... Now Cain said to his brother Abel, “Let’s go out to the field.” And while they were in the field, Cain attacked his brother Abel and killed him.” Genesis 4:1-2, 8 NIV

After Eve and Adam's encounter with the Serpent, (which also represents the RNA messenger genetic structure) their R-complex aka Serpent Brain was activated producing fear and the four main functions went into manifestation in this order.

- 1) - FEEDING (they ate the fruit) Genesis 3:6
- 2) - FLEEING (they ran from the Presence of God) Genesis 3:8
- 3) - SEXUAL DESIRE (Adam knew his wife) Genesis 4:1
- 4) - FIGHTING (Cain murdered Abel) Genesis 4:8

WHAT IS THE MARK?

Adam figuratively received the mark of the beast by partaking of the fruit of the tree of knowledge of good and evil. (Kha-rag-mah is the Greek NT word for “mark” from which the English word Character is derived; or behavior). Through this reptilian interaction or genetic tampering, a DNA mis-sequence on the genetic marker of humans came about. The Serpent Brain became negatively activated. Before this time, the oldest of the triune brain (Reptile Brain) functioned in unison with the other two parts (Limbic Nerve System / Neo-Mammalian Brain and Neo-Cortex) in the earlier Adamic creation. Before Genesis chapter 3 Adam and Eve operated out of “whole brain” or “hemispheric synchronization” capacity with the ability to communicate with animals, plants, and all life forms, to experience multidimensional realities, to understand and access the stars, they experience agelessness and a light-body.

The outward story and picture of the Serpent became Adam and Eve’s inward reality. They and all of humanity became marked or received the genetic misinformation that produced fear and activated the Serpent Brain in a negative sense. This became the beast within mankind. Adam fell genetically, dimensionally and consciously and he has continued to fall as the character of the beast has become more deep-seated in mankind.

“Now the serpent was more crafty than any beast of the field.” Genesis 3:1 KJV

What about the number 666, computer chips and other hi tech implants? It’s fear and ignorance appealing to the Serpent Brain creating reactions. We give you permission to turn off the negative Serpent Brain and THINK. (We acknowledge that implants are highly probable and may become mandatory in this new world order of things to some degree).

PROVOKING QUESTIONS:

* What laser tattoo, computer chip or implant the size of a grain of rice that man can make is so powerful it can undo the blood work of Christ at the Cross and the resurrection power that’s manifesting in you now?

* Do you really believe a literal etching on your hand or forehead could change God’s love for you? (Selah, meditate on this thought).

(In posing those thought provoking questions, I am also fully aware of the hidden purposes of such implants and hi-tech devices that can literally change human DNA. One of the sinister intents is to obstruct the frequency of God that will cause transformation.)

All of humanity has the mark of the beast, but greater than that, all humanity has the mark (character) of God waiting to be activated.

“So the LORD God said to the serpent, “Because you have done this, Cursed are you above all the livestock and all the wild animals! You will crawl on your belly and you will eat dust all the days of your life.” Genesis 3:14 NIV

The Serpent was cursed to slither on the belly and eat dust. This means that the Reptilian Brain (carnal mind) expresses itself through the base or lowest level of humanity (fear, rituals, anger, rage, violence, sexual deviation, etc). Fed by fear, the Serpent Brain reacts to the ancient programming of contaminated fallen Adamic genetics. It is the old Reptilian Brain that creates and receives deception.

“That old serpent, called the Devil and Satan is what deceived the whole world...” Revelation 12:9 KJV

WHERE IS THAT OLD SERPENT?! The innermost core of the human brain, the oldest and most primitive part of the brain that functions like a Serpent (reptile-dragon brain). I heard this ancient Egyptian proverb as a child that seems to have stuck in my mind over all these years. *“There is a devil and there’s no doubt, but is he trying to get in or get out.”* I am not denying that there is a negative force, energy, entity or spirit that may operate outside of the human reality. One can only exert authority over what is recognized. However, the most concern should be focused on overcoming the ancient reptilian programming within. There is nothing wrong with the system; it just needs reprogramming (new information, revelation).

THE CURSES

The human brain is divided into 3 main parts, as we have discussed; it is called the Triune Brain (Serpent/Reptile Brain, Neo-Mammal Brain and Neo-Cortex). We are living proof and science confirms that the 3-brains communicate with each other; this is how we are able to function as healthy human beings. And we know from scripture in Genesis chapter 3 that there appears to be this communication between 3 entities (Serpent, Eve and Adam). On the metaphysical level, this is further proof of the inner dialog of Genesis chapter 3 within humans. From here on, see this experience of Genesis taking place in you, the communication and questioning take place frequently. Also, understand not only is your brain triune, but you are a triune being.

The reptilian brain communicates through a system of nerves, in other parts of the brain in

images of dream-like state. Dreams do not originate in the Serpent Brain, reptiles can not dream. However, through the system of nerves going through the Limbic Nerve System images can be formed and projected into the Neo-Cortex or Frontal Lobes area.

“And the LORD God caused a deep sleep to fall upon Adam, and he slept...” Genesis 2:21

Adam fell into a deep sleep; I wonder what he might have dreamt. There is no Scripture that says, “God woke Adam from his sleep.” Could Adam yet be asleep and dreaming? Is it possible that his dream has lasted over 6000 biblical years in linear time, but only seems like a night to him in the realm of “no time?” Could we all be the virtual images that make up Adam’s Dream?

SERPENT = REPTILE BRAIN

“So the LORD God said to the serpent, “Because you have done this, Cursed are you above all the livestock and all the wild animals! You will crawl on your belly and you will eat dust all the days of your life. And I will put enmity between you and the woman, and between your offspring and hers; he will crush your head, and you will strike his heel.” Genesis 3:14-15 NIV

The first curse (punishment) came upon the Serpent; he would slither on his belly and eat dust all the days of his life. (Does this mean he had legs or wings prior to this?) Furthermore, there would be conflict between the seed of the woman and the “*Serpent's offspring.*”

Either I missed something, or there’s more to the literal historic aspect of this story and much more happened around the tree with Eve than what you are told in Sunday School or Sunday morning worship. *The Serpent has an offspring?!* That would mean the Serpent (Reptilian) performed a sexual act with someone that got pregnant and we know know it was not Adam. It had to be Eve. Her first son Cain, the one that became the first biblical recorded murderer, was fathered by the Reptilian. This is why we yet have a reptilian-hybrid race (seed) yet on the planet today. Allow that to sink in, as we move forward with our main idea.

The Serpent's curse was to eat dust. In watching nature and science programs, I’ve never heard them talk of a serpent that had a diet of dust. Snakes are carnivores. They seem to always be more interested in rodents, livestock and sometime humans.—I ACT!!

The reptile brain was *perceived* to be restricted to relating to the 4 basic functions. The restrictions were negative expressions of fear, hostility, and the survival mode. All of this is from the dust realm (dust represents the lowest form of humanity expressed through Self-ish desires). The prophet Isaiah said, “*Awake, shake yourself from the dust, arise.*” Isaiah 52:1-2 KJV

Adam was formed from the dust of the ground; the Creator genetically altered those lowly particles by speeding up the frequency of the molecules and breathed life into him and he became an organized living, acting, feeling, emotional, soulish spirit being. However, when humans are not operating at optimum level and not living out from Spirit, the vibratory frequency of our being is slowed down. Instead of being the imaged formed clay (stardust) man that can be

reformed again and again in the Masters hands, we become loose disorganized dust particles blown about by the winds of life and doctrines, lost in a dust ball of actions and reaction driven by fear.

“For dust thou art, and unto dust shall thou return.” Genesis 3:19 KJV

Only at the lowly dust level does the Serpent have access to devour or overcome you, to magnify the reptilian behavior and bring death. Don't allow yourself to become “Devil's Food,” which means functioning on a slower vibration lacking star light. Arise, shake yourself from the lower dust nature and be the expressed image of God that you truly are.

The 4-main Behaviors/Functions of the Serpent Brain are not bad or evil, they are necessary for man's survival when in balance. Without the Serpent Brain (brain stem), we would not be able to function on the basic levels as humans; sleep, eat, body maintenance, and memories. It is the unconscious work of the Serpent Brain the keeps your heart beating and lungs breathing.

EVE = NEO MAMMAL BRAIN

“To the woman he said, ‘I will greatly increase your pains in childbearing; with pain you will give birth to children. Your desire will be for your husband, and he will rule over you.” Genesis 3:16

The second curse (punishment) was for Eve or the Neo-Mammal Brain, where the Limbic System of nerves are that control the emotions or *E = energy in Motion*. She would experience pain, hurt and sorrow in child-bearing. She would also experience ranges of out of control emotions brought on by love, the greatest of all emotions. Love hurts. It would be the emotional struggle of bringing forth seeds of promise and somewhat losing her identity.—I FEEL!!

This is the *perceived* punishment or restriction in the expression of the emotions and imagination, where seemingly there would be a struggle to stay balanced. This (Eve-Limbic Brain) is the feminine side of human (not in gender), or a type of the soul of all mankind. The challenge of being a submitted disciple would be tested again and again as Eve, the Neo-Mammal Brain, the master of manipulating emotions, would demand equal time.

“Casting down imaginations, and every high thing that exalts itself against the knowledge of God, and bringing into captivity every thought to the obedience of Christ.” 2 Corinthians 10:5 KJV

Feelings can be very deceptive and our reality can change at a moment's notice. Through spiritual weapons of divine power are we able to pull down the false images and imaginations that become erected in our mind. The fear induced images demand attention and worship, but a higher command has gone forth to make no images to bow to, even mentally. Allow the Christ image or Christ Consciousness to be erected in your emotions and imagination and be led by the Spirit instead of emotions.

ADAM = NEO CORTEX BRAIN

“And unto Adam he said, Because thou hast hearkened unto the voice of thy wife, and hast eaten of the tree, of which I commanded thee, saying, Thou shall not eat of it: cursed is the ground for thy sake; in sorrow shall thou eat of it all the days of thy life; Thorns also and thistles shall it bring forth to thee; and thou shall eat the herb of the field; In the sweat of thy face (brow) shall thou eat bread, till thou return unto the ground; for out of it you were taken: for dust thou art, and unto dust shall thou return.” Genesis 3:17-19 KJV

The third *perceived* curse (punishment) was for Adam or the Neo-Cortex Brain, which is the highest level where positive brain power resides and where electrochemical energy rushes when the amygdala is turned on. This is one of the areas where science discovered that the “born again experience,” “nirvana” and “enlightenment” takes place. The frontal lobes become open and all the senses from the Serpent Brain and Neo-Mammal Brain are magnified, as the Triune Brain becomes seemingly ONE, flooded with unlimited information and euphoria.—I THINK!!

The *perceived* punishment came upon the ground to not produce and what did come forth would be through hard labor, the sweat of Adam’s face (brow) all the days of his life. Spiritually speaking, this means that the Pineal Gland, a small gland between the left and right hemisphere of the brain (called the brow chakra or 3rd Eye in Afro/Asian culture) would become closed. In ancient art this gland was often symbolize by the Pine Cone. Humans shut or cover their eyes when they become startled are afraid, this is what happened to Adam. His 3rd eye was shut.

The 3rd eye is the area of intuition, it is the member that sees or is God. Because of the *perceived* curse, the frontal lobes and right brain would become complicated to access and open also. Spirituality, enlightenment, the supernatural, unlimited sight, creativity, abundance and all the positive energies would somehow be sealed within.

(The pineal gland is one of the main glands of the endocrine systems of glands that control the body; it helps to orchestrate the body and sleep. It is a pine cone shaped gland lodge in the middle of the left and right hemispheres of the brain between the eyebrows).

Adam was told that his success would come through the sweat of his brow (“ze-ah”—the Hebrew root word for sweat means, agitation and fear). The Creator was saying that through works and much effort humans would gain access to the realm of unlimited intuition and spirituality again. Isn’t this what we have experienced for at least the past 6000 years—hard religious and humanitarian works motivated by fear of our Father/ Creator. We have only manifested a limited expression of Him and the kingdom of heaven within.

Every level of human consciousness and expression was affected and restricted as a result of the curse projected from the Serpent Brain activated by fear of not being who God had already declared they were. Fear paralyzes the unlimited potentials within.

INVISIBLE CLOSET

*I walk pass that room ten times a day, I don't see it anymore
It has blended into the wall I created-I can't even see the door-
It's just stuff, old junk-- things I don't want to think about
It's really nothing, I'm okay - but trapped need to get out-*

*No, I can't find it, I don't want to look ~~~ it's not time
The noise from behind that wall drives me out of my mind-
Maybe ~~a peek but please don't make me go inside?
The fear, the pain, the memories ~~ I want to hide-*

*Stuck in time from the trauma of years ago and shame
Afraid to go into my invisible closet to deal with the pain-
Today nameless fears will be identified and dismissed
When I realize I deserve a life of peace and bliss-*

*Trapped emotions will leave my body and soul
As I release my fears to be made whole-
I am not the person in the invisible closet, scared and bound
I have been liberated and the wall is torn down-*

CHAPTER VII

IDENTIFYING YOUR FEARS

Please take as long as you need and identify your fears. I want you to write them out on some paper. This is a necessary exercise. Bring these fears out from the hidden invisible realm and closet of your mind; into a visible state and look at them, see them for what they really are. Take time and write them down, no matter how insignificant they may be or how many they may be.

Try to remember when and where each fear originated no matter how horrible or silly it may appear to be. Once they are written, speak this Prayer Affirmation below over each of them and **feel** the Love of God filling your being, as you release them, to be tormented by them never again. Practice this for a few days, or as long as you need to and then take the paper and shred it or burn it. Allow this to be a prophetic or symbolic gesture of being released to move from Fear to Love with greater confidence in each of those areas. (Do this each time fears accumulate, or if some some reason old ones return. You Are Free!)

PRAYER - AFFIRMATION

(SPEAK THIS OUT LOUD WITH EMOTIONS)

Father/Mother/Creator, I am thankful that you have given me a spirit of power and love. I confess that I have a sound (healthy) mind, a disciplined mind; I have the mind of Christ. Therefore, I release myself from known and unknown fears and emotions attached to them in my life. Shine the search light of your Holy Spirit and reveal where every seed of fear has been planted and root it out by the power in name of Jesus (Yahshua) the Christ.

(Release the childhood, adolescent and or adult fears. Release the emotion that may be associated with each fear if applicable by speaking out loud the prayer affirmation below. You have permission to express every emotion during this exercise; yell, scream or weep if necessary).

I release all Childhood fears of the dark, of something in the closet, of something under the bed and abuse (name it) in any form. I release all my Adolescent fears of not fitting in, or not getting enough attention and love; rejection. I release all my Adult fears of abuse, abandonment, of being alone, of not being able to care for myself, of rejection, of poverty, of success, of disease, of death and of committing the unpardonable sin. I will no longer be manipulated and controlled by trigger words that create negative emotions, fear, division and hatred. I ask for the seal of God to be on my forehead to protect my mind and change my thinking process now.

I receive the peace of God in every area of my life. The love of God fills my life and fear has no place in me. I AM a son/daughter of the Most High God - I AM created in His images and likeness. My carnal mind is being transformed and renewed moment by moment to produce life

and peace. I AM renewed in the spirit of my mind. I AM redeemed from the curse. I AM complete in Love. I AM filled with Love. I AM loved and I love others. Amen. So be it.

Now that you have written out your list, spoken the prayer and have released your fears and torments, where do you go from here? This is the part where you learn to become a disciple indeed. Reading a book, making a list, saying a prayer or having someone else pray for you is only the first step. Your *perception* of life and everything around you must change daily. You must consciously choose to Forgive yourself daily and Forgive others. There are residuals of the old pattern of thinking, attitudes and behavior. There is also emotional and cellular memory that will seek to draw you back into fear, anxiety, self-pity, condemnation and guilt. When these old companions come knocking on the door of your thinking, emotions and memory, don't answer it. Don't even dwell on the past for an instant. You must pull down the mental images immediately and forgive yourself and others. The old tormenting companions will go away for the moment. Eventually, they will know they have no more access to you and wont return.

Keep yourself filled with positive emotions, thoughts and speech, loving all that is good (God). Study and meditate on the positive powerful words of your "holy book" and live them. Love yourself and allow yourself to receive the unconditional love from the Creator; this will keep the old reptilian companions of fear, self-pity, depression and guilt from your mental door. Loving others and allowing them to "BE" without self-righteously judging others, will drive the old tormenting companions far away. They are attracted to negative thoughts, words and actions. This is the simple key to Your Transformation.

PART III

TRANSFORMING YOUR FEARS

There is a clock set in the lowly caterpillar's DNA. At the appointed time, she must put herself into a cocoon and become transformed into a seemingly totally different specie. As the inner alarm goes off, she will emerge with unimaginable beauty and lightness, sampling the new world.

So it is with humanity; we are at the end of time for living as only humans. We are emerging out of the cocoon of fear and transforming into the image of the Divine. Hear the sacred blast of the 12 horns within that releases you from the illusionary self. The tired Carnal Mind/Serpent Brain of humanity has run its course and must surrender to the power of transmutation. Humanity will arise with lightness and enlightenment to soar and sample a new world.

In Parts I & II, we dealt mostly with the issues of the body (physical world -outer court) and soul (holy place-relationships). Now we will progress to unravel the mysteries of Spirit (holy of holies-your Identity) – the realm of Reality. This part is highly prophetic of things that will be and are manifesting now. Allow this to become your experience, as we speak in the language of science, metaphysics, various religions and 21st Century Mysticism.

BECOMING THE PATH

TRANSMUTATION

*The apothecary mixes her herbs and spices with the precise measurements
to produce an unknown fragrance-*

*The alchemist draws from within himself the contrast of elements to
produce the metal of divine radiance-*

*Codes, clues, markers and hidden symbols are the cloaks for the
practitioners of illumination-*

While chanting and conjuring the awesome power of transmutation-

*The unearthly sweet fragrances have intoxicated my senses and carried me away,
Far from the fears and regrets of yesterday-*

*The perceived curse that was, is not and is gone from me
Absorbed by the Serpent hanging on a rugged Tree-*

*No more a lowly serpent with a venomous bite
You have now grown wings-so take your flight*

*To the highest realm around the throne of my being
Guarding the Word most sacred that I am seeing*

*The fire of the inner alchemist burns within to melt my soul-
After I am tried I shall emerge as pure gold-*

*Holy, holy, holy cries the Seraph from within
My body-temple is filled with the glory light again-*

*Reformatted DNA, I have evolved and in my right mind
My 3rd eye is open and I transcend space and time-*

CHAPTER VIII

TRANSFORMATION OF THE SERPENT BRAIN

There is nothing wrong with the equipment (reptile brain); it is there to serve a higher purposely than what we have known. Every part of the human anatomy declares hidden powerful messages of the wonders of our Creator. The appointed time has come for humans to evolve and for the messages in our anatomy (body temple) to speak. Jesus (Yahshua) and all the prophets of every culture foresaw and spoke of this great change. The language they used to describe it was often in parables or metaphors. We will discover this in the following chapters, as we follow the many clues and codes given throughout the Bible and from ancient cultures worldwide. Once the Serpent Brain is reprogrammed and activated to function as prior to Genesis chapter 3, humans will function out of whole brain synchronization. This is Divine Mind or the Mind of Christ.

The Brain is called the Triune Brain because it has 3-main parts. The Bible speaks about 3-Minds: (Mind is the consciousness within the brain, the thinking, feeling, reasoning and impulses).

* THE CARNAL MIND = The Serpent Brain =SERPENT- *“To be carnally minded (operating from the system of impulses generated by fear and selfishness) is Death. This process does not submit to the higher law (operations) of all that is good or God.”* Romans 8:6 Order of Melchizedek JLJ

* THE NATURAL MIND = The Neo-Mammal Brain =EVE- *“The natural mind does not receive (understand) the things of the Spirit of God; for they are foolishness (because the natural mind depends on the 5-sense realm and is led by emotion, this soulish mind can not process spiritual truth)”* 1 Corinthians 2:14 Order of Melchizedek JLJ

* THE SPIRITUAL MIND = The Neo-Cortex =ADAM -*“To be spiritually minded (operating from the system of meditating on God thoughts motivated by love and selflessness) is Life and peace. This thinking is submitted and aligned with a higher frequency, the Divine Mind, the Mind of Christ.”* Romans 8:6, Philippians 2:5 Order of Melchizedek JLJ

“Do not be conformed to this world (this age), [fashioned after and adapted to its external, superficial customs], but be transformed (changed) by the [entire] renewal of your mind[by its new ideals and its new attitude], so that you may prove [for yourselves] what is the good and acceptable and perfect will of God, even the thing which is good and acceptable and perfect [in His sight for you].” Romans 12:2

BOOK OF GENETICS

It had been about 3 or 4 years since I stepped further away from the religious box of limitations, I had long jumped out of. I had long been considered a bit weird, although, people could not deny the prophetic call and miracle manifestations that followed my ministry. I was constantly warned and encouraged by godly father-like men of God, *“Just stick to the basics son and prophesying and your ministry will be very successful.”* But I was hungry and craving for *MORE*. The 'just' beyond basics that I taught/preached was not enough. Deep was calling to my deep and I was answering. My spirit was being flooded with “spiritual science,” I was able to connect the dots easily between the Bible, holy books from other religions, Indigenous storytelling from various lands; with what I was understanding about modern science. It was LIFE! It was Exciting! It was TRUTH! It was all the same Voice, using different words.

While sitting in the airport in Manila, Philippines, waiting to fly back to Seattle, WA, after weeks of living in the glory and seeing many lives changed and supernatural miracles; something happened. As I was meditating on what I had been receiving and writing about DNA, Spirit said to host a DNA Conference in October. It was to be called, **DIVINE NATURE ACTIVATED – DNA Conference - Sukkot (Tabernacles) 2003**. This would mean a “coming out,” becoming even more controversial and enduring more persecution. The letters D-N-A and quotes from science was mostly a “no, no,” unless it dealt with Creationism. The DNA Conference was a huge success, as Spirit drew people from across the nation and out of the country. They left with an experience, testimony and an introduction to the Book of Genetics (Bible), as they had never heard before.

The Book of Genesis is the book of genetics, genes, and beginnings. This is one of the reasons we find extensive genealogy of mankind; so and so “begot” so and so, etc. etc. In chapter 2, we are introduced to the science of DNA, genetic manipulation and a form of cloning. As our heavily edited version of the story goes; the Creator realized there was no one suitable for the Adam he had formed and that it was not good for him to be alone. God caused a deep sleep to fall upon Adam and took a “rib” out of his side and created woman. I think most people realize it was not a literal (spare) rib taken from his side. The Hebrew word for rib is “tsela” which means to curve, side chamber, to build, or a cell. God literally took from the nucleus of the human cell, the curve (spiral deoxyRIBonucleic acid) and X chromosome to clone a female version of Adam, called Eve.

The Creator left many clues throughout the Bible and other ancient cultures to make it easier for us to fully understand our beginning and unveiling. He was fully aware that English would be the predominant language of the 21st century, when there would be an awakening of human consciousness. Thus, we will find a play on words throughout the Bible, other holy books and metaphors. DNA is deoxyRIBonucleic acid, and this is further confirmation of how the clue was hidden in the middle of the word. Unfortunately, most who study the Bible have not even scratched the surface to discover the many hidden clues that lead to a deeper spiritual life. The ceiling for understanding biblical mysteries and receiving revelation knowledge is not normally allowed to go beyond the Pastor and the limited information he has learned in Bible School, sometimes I called, Cemetery. It is because they rarely go beyond the dead letter of the word.

Genesis is the outward record book of fallen genetics on the planet, reflecting the internal book of genetics called DNA. The DNA structure is called the Book of Life by modern scientist; it is the record keeper of all humanity. The prophetic psalmist David alluded to this internal book.

“My frame was not hidden from you when I was made in the secret place. When I was woven together in the depths of the earth, your eyes saw my unformed body. All the days ordained for me were written in your Book (scroll) before one of them came to be.” Psalms 139:15-16 NIV

Coiled and rolled like a scroll within each of the more than 60 trillion cells of the human body is over 6 feet of pure Intelligence called double helix or double serpent DNA. This is the Internal Book of Genesis-Revelation or Genetics-Unveiling; where all life, past, present and future is recorded. The Book Genesis is the outward story of your internal story and that of every person that has been on the planet and will be on the planet.

Some of the most recent scientific facts about DNA reveal that there is 6.5 feet of DNA in each cell. *“Taking into account of there is approximately 60 trillion cells in the body human, some scientists say more. If all the DNA in an adult human were to be unwound from each cell, stretched out and connected together, it would reach from Earth to the Sun and back 70 times. This is based on “Length of a Human DNA Molecule,” The Physics Factbook, Edited by Glenn Elert.”*

You are a biological super-computer, filled with genetic and molecular codes far beyond what the present human mind can think or imagine — words have not been created to even verbalize it. Thus, DNA has to be designed by a Superior Thinking Mind and not random molecules, cells and gushy stuff randomly meshing together.

The so called “fall of Adam” that brought on the *perceived* curse (punishment) was not just about what might be considered a moral fall, error in judgment or disobedience to the Creator. More importantly, it was a fall in genetics, a fall dimensionally and a fall in consciousness. A big prophetic clue is the story and art of Genesis chapter 3 of a serpent coiled around a tree. That is the outward picture of RNA, or the single helix of DNA. RNA is (RIBonucleic acid). The RNA structure is usually seen as a single helix structure, a spiral upward as a serpent. RNA has four different bases: adenine, guanine, cytosine, and uracil. The first three are the same as those found in DNA, but uracil replaces thymine as the base complementary to adenine. This may be because uracil is energetically less expensive to produce, although it easily degenerates into cytosine.

This ancient single helix art-single serpent structure wrapped around a pole or tree can be

traced back to at least 5000 years, as the ancients carved this image on pottery, in caves, and on walls. Our ancestors somehow knew about this science and we have just rediscovered it a little over 50 years ago. The mystical clues were left to tell us that the key to humans being restored would be found in our DNA and the Reptile Brain. Let us explore Adam's *perceived* Fall step by step and his ascension.

ADAM'S GENETIC FALL

The stories we read about in the Bible and other holy books of the history of mankind's plight and prophetic redemption can be found written in the stars of heaven, nature and even the cells of the human body. The Genetic Fall of Adam is prophetically implicated when the Creator told the Serpent that he would crawl on his belly (lowest expression) all the days of his life. The Serpent was a symbol or metaphoric of the messenger RNA structure. In Christian belief, this Serpent represents the devil transformed into an angel of light. The Greek definition of the New Testament word for 'angel' means messenger. The Serpent's message caused a mis-sequencing in human genetics that eventually led to physical death.. In this instance, the DNA frequency as a receiver and transmitter in humans became limited to receiving and transmitting lower and slower vibration frequencies. Thus, some the Intelligence and information coiled within the DNA would become fear based distortions and easily manipulated by thoughts. This mis-information programming would cause the physical body to become weak, limited, lacking, dis-ease prone and destined to eventually die by a specific time, as the Psalmist David wrote 3000 years ago.

“All the days ordained for me were written in your Book (DNA scroll) before one of them came to be.” Psalms 139:16 NIV

“And the LORD God commanded the man, “You are free to eat from any tree in the garden; but you shall not eat from the tree of the knowledge of good and evil, for in the day that you eat of it you will surely die.” Genesis 2:16-17 KJV

When Adam and Eve *perceived* that the genetic programming of their double helix DNA had changed, and they were no longer expressing their light-bodies, they became afraid. This genetic fall or genetic manipulation of the human began to manifest rapidly. The fruit, whether metaphoric or literal, triggered something in the DNA of humans that caused them not to be able to access all that they were. Internal systems began failing, as codes and sequencing in their body malfunctioned and missed; switching some operations off. The 64 Codons (Codons -sequences of three nucleotides, genetic codes, genetic language and literal switches that determine internal and external manifestations, based on being turned on or off) were being turned off, possibly one by one or in gene clusters and they could feel an unknown level of humanness, they had never experienced before. The beautiful glory light emanating from within, due to the 64 codes on, became duller and duller; as what was *perceived* as ugly on their body appeared.

The jeweled treasure that covered their outside vanished inside, to be later known as a treasure hidden in earthen vessels. They covered their genitals with fig leaves to hide what appeared as ugliness compared to their prior higher genetic genitalia manifestation. They were frightened and appalled at their decaying human flesh and sense of mortality. Can you imagine,

it must have felt like a beautiful butterfly having a reverse metamorphosis, degenerating into a caterpillar. The new fallen genetic mis-information was transferred from the template DNA strand to be copied onto the complementary DNA strand assuring that every human born would have the same genetic mis-information that produces death.

“I was afraid, because I was naked; and I hid myself.” Genesis 3:10 KJV

Furthermore, so great was the fear and negativity projected from Adam, who was the powerful Elohim (God) of the earth, that the very DNA of the planet and all its creatures began to reflect the *perception* of Adam’s reality. They too were affected by this genetic fall, the aging and death process began to manifest all around them. In and through Adam’s fallen genetics, all life forms experience the state of death.

Humans today have only about 20-22 of the 64 Codons turned on in our genetic make-up, 42-44 remained turned off. This is not enough to sustain longevity and divine health. For the wages of what is *perceived* as sin is death. What is sin? Sin only means missing the mark, it is an ancient archery term used when one does not hit the target. It is the Greek NT word “ha-mar-te-a.” This goes much deeper than disobeying religious rules. Rebellion and disobedience to Divine Law written in our heart and our conscience is only the outward expression of what has happened at the genetic-cellular level with all humans.

Since Genesis chapter 3, all of humanity has missed the mark - “sinned.” What mark? Several years ago I was mowing the dried up weeds, little grass and dust, in my desert landscape back yard. I accidentally hit a slightly raised hill of dust and got a good dose of blow back from the lawnmower. I have an allergy to dust, especially, that amount. While in bed suffering needlessly a few days with a fever, chills, flu like symptoms and loss of my voice, I prayed for healing. I needed my voice back, because I had to travel to speak at a conference the following day. As I meditated on the definition of “sin” missing the mark, I heard the Spirit say loudly within me, “What mark?” Then, the answer came immediately in my spirit, “we have missed the *genetic marker*.” My unnecessary suffering, refusing to take medicine, unless I can’t handle it anymore paid off in many ways. With that rhema revelation alone, that revealed word brought healing and light. My fever immediately broke, the chills left, my voice returned and I got up rejoicing. The next day I flew to speak at the conference. Of course, now I had a new message, “Missing the Genetic Marker.”

What is a genetic mark or marker? A genetic marker is a gene or DNA sequence with a known location (mark) on a chromosome and associated with a particular gene or trait. Genetic markers can identify sets of genes that cause cancer, disease, ancestry, health, eye color, skin color, longevity, etc.

The wages, outcome or effects for missing the genetic marker, genetic mis-sequencing and mis-information of DNA language is surely death. So what religions interpret as “sin” should not really be only about the external things we do or don’t do. *Perceived* negative speech, thoughts and actions are only external effects of a deeper genetic cause in the programming of all humans. There is a genetic marker -language for Glory, out of which flows divine health, longevity, wealth, opulence, immortality, joy unspeakable, peace, unconditional love and divinity. This is why the Apostle Paul said,

“All have sinned (missed the genetic marker) and fallen short of the glory (marker-target).”

The story of mankind and the planet does not end there: ***“BUT the gift of God is eternal life through Jesus the Christ.”*** The gift (Greek NT word “charisma” = Grace, knowledge, favor, virtue) of God was manifested in the embodiment of Jesus (Yahshua) the Christ in the message and life that he lived. He represented and presented the Original DNA Template Strand of Regeneration. In Him alone was the knowledge, technology and Grace codes to recreate and restore genetically fallen or downgraded humanity and all creation. He (Christ), being the 2nd or last Adam, carried in his DNA the turned on 42 genetic Codons (codes on) that originally got turned off in the 1st Adam, leaving us with only 24 turned on. Thus, making it possible for humans to operate as divine beings again, with all 64 genetic codes turned on. This mystery is also concealed in the genealogical record of Jesus (Yahshua) in Matthew chapter 1 account of 40 generations leading up to Yahshua being the 41st. Each named generation leader represented a codon being turned on to eventually produce Messiah with the 64 codons turned on and later his New Creation specie being -manifested sons/daughters of God, the 42nd. $22+42=64$

Herein lies many other mysteries set forth in numbers/numerology that I wont veer too far off into, lest we leave our point. 64 or $6+4=10$ - Yahweh gave us the Torah summed up in 10 mystical Commandments that were not meant to be kept in the legalistic sense as Moses and others to this day thought. They were a metaphor for the divine law of 10 laid out in the body human in many ways. It is the Yod (10th letter of the Hebrew alphabet), hand or finger of God reaching out to humanity. Yahweh gave the ancient Hebrews 613 laws and ordinances to keep ($6+1+3=10$). The 64 Codons turned on, is a metaphor for the 10 Commandments activated to bring Life and Light. However, people always had a problem “keeping” the top 10 and we fall short, repeatedly missing the mark, thus, guilty of breaking all. Jesus (Yahshua) gave us an expanded revelation of how to “keep” or activate the 10 or $6+4$. It is through LOVE. 64 or $6+4=10$ - 10 reduces to 1. There is only (1) Law, it is the Law of LOVE. This law fulfills all and trumps all laws. Love the Creator, love your neighbor and most of all Love yourself. This creates Change or Transformation. *“Hear, O' Israel: the Lord our God, Yahweh is ONE.”* Deuteronomy 6:4

This mystic secret is also cleverly hidden in other cultures. In Chinese culture, the mystery of the 64 Codons is concealed in the *“Classic of Changes,”* or *Book of Changes*, better known as the *“I Ching (Change).”* I prefer calling it the *“Eye Change.”* The I Ching is ancient Chinese text of 64 mystical symbols used for divining the mind of God. This form of prophetic science is used by casting I Ching sticks - the 64 reveals the unknown. In the Bible, this same prophetic science was called “casting lots,” Jesus disciples used it in Acts 1:26. Moving beyond the basic obvious, the 64 codes of Chinese text is an ancient interface on a subtle energetic level to hack into the 64 Codons and create Change. The universal message of the Creator about the coming Change is embedded in every culture. Again, the 64 ancient Chinese characters reduces to 1.

There are only (2) frequencies that create emotions on the planet, Fear and Love. Everything you see and don't see stems from one or the other. The Ultimate Love frequency was sent and amplified to absorb and transmute Fear, and all it's torment. Creator God sent Love in the form of the God-man, Jesus (Yahshua) as his gift (Grace) to activate the power of *“pa-len-GE'NE-sia.”*

This is the ability to create and form life again and again from within oneself. Re**GENE**ration (Greek NT word palengenesia = regene-ing, new birth, renewal and re-creation) is the reactivation and raising to a higher frequency fallen or downgraded human DNA; that will produce unlimited realities and physical immortality. This Re-Gene-ing also includes all creation and the planet itself.

“Jesus replied, “Yes, you have followed me. In the re-creation (re-generation) of the world, when the Son of Man will rule gloriously, you who have followed me will also rule ...” (Romans 3:23, 6:23 KJV, Matthew 19:28 Message Bible)

ADAM’S DIMENSIONAL FALL

“Adam, where are you?”

The *Fall in Genetics* or reprogramming of human genetics led to the *Fall Dimensionally*. Locked within the human double helix DNA programming are unlimited potentials; the fiber optics of this bio-frequency information granted Adam and Eve access to many dimensions and realities of existence. In that existence, all dimensions are one. They were not limited in mobility and could travel at the speed of thought throughout the universe. However, they might not have come to full realization of this or the need to prior Genesis 3. Their physical light-body was their space suits, equipped with the ability to adapt to any environment. Remember, they were created in the image and likeness of the Elohim. They were Elohim (Gods).

Humans fell from easy access to the 4th dimension, 5th dimension and beyond, which granted unlimited movement; to the limited 3rd dimensional world. The trans-dimensional and multi-dimensional states became shut off in part, granting access only to those with a craving to move beyond the 3-dimensional world of illusions. However, for the most part for eons, accessed was granted through rigorous prolonged fasting and other extreme spiritual disciplines that are necessary to by-pass the delusions of the 3-D world. The invisible worlds/dimensions around and within humans slowly became out of reach and considered nonexistent. Humans continued to fall or be lowered to a state of being, whereas, they only could believe what they could see. As their inner eye closed, only the two physical eyes were relied upon. The dense limited illusion of the world became their accepted reality.

The Voice that once walked and talked with them in the Garden of their being, in the cool (Hebrew word ru’ah = spirit) of the day, or Day of the Spirit within was suddenly *perceived* as a voice of intimidation, judgment and anger. The loving voice, that they *perceived* as an angry voice said,

“And the LORD God called unto Adam, and said unto him, Where art thou?” Genesis 3:9-10 KJV

This 3-dimensional world was strange, scary and new, they were not used to it and they did not know where they were. The vibratory frequency of this realm was slower and everything was denser. They were unsure of how to function in this new realm; fear had created this awful illusion for them. It was as if they had literally been relocated to a distant dying planet. In reality, they were yet in the Garden. Fear had created lines that separate or appear to separate dimensions and this new reality was changing moment by moment as they entered into a form of “twilight zone.”

Not only were they affected by this change, but the creation that they once governed and lived in harmony with had lost much of its beauty and glory. The glory-light of the Creator’s essence emanating from every body of water, animal, tree, leaf, stone, flower, fruit, blade of grass in amazing digital colors had greatly diminished. Even the insect kingdom was no longer attractive. Material creation had somehow become a prisoner to the 3-dimensional world and its limited expressions and changes.

“For I consider [from the standpoint of faith] that the sufferings of the present life are not worthy to be compared with the glory that is about to be revealed to us and in us! For [even the whole] creation [all nature] waits eagerly for the children of God to be revealed. For the creation was subjected to frustration and futility, not willingly [because of some intentional fault on its part], but by the will of Him who subjected it, in hope that the creation itself will also be freed from its bondage to decay [and gain entrance] into the glorious freedom of the children of God. For we know that the whole creation has been moaning together as in the pains of childbirth until now. And not only this, but we too,...” Romans 8:19-23 Amplified Bible

The Eternal Voice yet calls out through the portals of time, space and dimensionality, “*Come up here,*” Revelation chapter 4. We were given the example of how, as we ascend in consciousness, the wall of dimensionality will come down. It will be as the Wall of Jericho did. It was the frequency, the sound that caused the Wall to fall down flat. Can you hear the sound????!! It is not the sound of “Old Time Religion,” that’s not good enough. It is not the sound of Americanize version of God or any other nation. It is a pure unadulterated message to connects you back to the Godhead. It is a sound being heard by a few but increasing, this sound/message of the 12 trumpets/horns of Initiation within will cause the walls in our consciousness to fall – and the walls of dimensionalities without. It will dispel all fear of giant ideas, giant religious doctrines of men, giant theologies, giant religious personalities, and giant denominations; that have dominated, intimidated and tried to defied the true army of Yahweh.

Release a frequency from your mouth. It’s time to, “Shout.” Shout until every Fear from the serpent brain is silenced. Shout until every *perceived* Wall is crumbling in your life. Shout, until you realize, you’re bigger than any giant that would challenge you. Shout on behalf of others, until their *perceived* Walls that separate them from what the Father has comes down. Shout, until there is no separation, all is one and you have access to every realm. Shout!!!

“God has gone up with a shout, Yahweh with the sound of a trumpet.” Psalms 47:5

ADAM'S FALL IN CONSCIOUSNESS

The Fall in Dimensionality led to the Fall in Consciousness. This new 3-D world of limitations and denseness weighed heavily on Adam's and Eve's minds. The oneness with the Creator they once shared had now developed into duality. God was no longer a part of their being, but *perceived* as an Entity separate from them and angry, needing to be appeased. The Fall in Consciousness caused them to experience amnesia and to forget who they were and where they were. Their conscious reality of themselves had drastically changed, as they saw themselves as naked (without covering, exposed, vulnerable, afraid and shameful). The consciousness of creation had also fallen and was not responding to them as it did before they fell genetically and dimensionally. The reverence creation had for the one who had given them their nature/name was quickly diminishing.

"I was afraid, because I was naked; and I hid myself...And God said, 'Who told you that you were naked...?'" Genesis 3:10-11 KJV

Take note! It was not the Creator that told Adam he was naked (weak, vulnerable, without protection, exposed, sinful or shameful). It was Adam's confession based on FEAR, stemming from his newly activated serpent brain. That had become his belief and reality. Adam (humans) out of fear, since then have been confessing that they are shameful, sinful, something is wrong with them and weakness; thus, enforcing the genetic misinformation and making it stronger.

Adam had come to believe that his heavenly Father/Mother Creator was actually against him, and somehow this strong fear based belief was encoded into his DNA and cells, passing it down to all humans. Science has proven that humans can change their DNA by their thoughts or belief system. Furthermore, we pass those genes down to our offspring. Shame, guilt and condemnation filled the first parents of the Genesis chapter 2 creation.

"As a person thinks and believes in their heart, so they must become." Proverbs 23:7 OOM JLJ

Therefore, we have gone to extremes to appease, please and win the affections, favor and attention of the Creator through ritual, religion and rebellion. The reptilian illusion of an angry God upset with His creation and anxious to destroy it is reinforced every Sunday morning in most of Christendom. It is also enforced among the other Abrahamic religions (Judaism, Islam). This is what makes it difficult for the sincere truth-seeker to find their way to the kingdom of God within.

"You generation of vipers and hypocrites that do not permit others to enter the kingdom..."
Matthew 23 KJV

At the same time the fear voices of religion and hate is preaching, the Voice of our Loving Father/Mother, who is already pleased and is madly in love with creation is constantly calling in the depths of our being, *"Where are you?"* This is a Cell call, a call at the cellular level, to be restored. The Voice is calling out from the inner Scroll of Genetics, *"Return to me, I Love you."* The call is encouraging a Cell Break. Break out from the cell bars of illusions and limitations. In reality, we never left the Garden. Adam thought he was somewhere else, where God was not.

Where is God not??? If you make your bed in hell, is He not there also?

God is in that Bar, the Strip Club, Dance Club, Pornography Theatre, Prostitution house, Adulterous Motel Room, violent alley-way, under the bridge, drug infested place, depressed suicidal paranoid place, fake perfect lifestyle, success but no peace, selfish, arrogant lifestyle, messed up family, broken marriage, back-slidden hypocritical lifestyle, scared and hate-filled, that dead legalistic Church, Mosque, Temple or Synagogue ----- “Where are you??!!” This is a Cell Call of Love – Answer it and you break out of your jail you created for yourself. RePent means to change your mind again for the good; ascend in consciousness to the Pent-house.

“He has come in the volume of the Book (DNA scroll) that is written about you.” (Hebrews 10:7, Psalms 40:7)

“Once you were alienated from God and were enemies in your own minds.” Colossians 1:21

PERCEPTIONS

*Perception is the companion and foe of humanity
It is the blessing or curse that creates my reality-
Shaping and reshaping my every action and reaction
Allowing me to experience the joy and sorrow of my creation-*

*I see and don't see based on what I think I know
Judging, complimenting and criticizing this cosmic show-
From one extreme to the other my perception is strained
Caught up in the outer missing the inner that I can attain-*

*It was my perception that separated me from my divine self
Judging myself unworthy and everybody else-
There is a realm beyond perception which my 3rd eye can see
It is the realm of reality that's manifesting in you and me-*

*With closed eyes I see the truth all around
Waiting to be experienced to liberate those who are bound
With the limitations and confusion of the sense realm,
Into the glorious liberty of the I AM*

*The curse that was and was not is gone
I AM back in my garden singing the Seraphim songs-
Not separated from the Source nor can ever be
Partaking of the Tree of Life that's within me-*

John Lewis

CHAPTER IX

WHAT CURSE?

“Christ has redeemed us from the curse of the law; being made a curse for us, cursed is everyone that hangs on a tree.” Galatians 3:13 KJV

“Christ redeemed us from that self-defeating, cursed life by absorbing it completely into himself. Do you remember the Scripture that says, “Cursed is everyone who hangs on a tree”? That is what happened when Jesus was nailed to the cross: He became a curse, and at the same time dissolved the curse.” Galatians 3:13 Message Bible

In the previous sections, Part I- Indoctrination of Fear & Part II- Identifying Your Fears, we discovered and explored the *perceived* curse rendered by the Creator. 2000 years ago Jesus the Christ became what mankind had *perceived* as a curse and hung on a tree to CANCEL all the torments stemming from the reptile brain or carnal mind activated by Fear. All the indoctrination of fear, brainwashing, and genetic misinformation within our DNA was reprogrammed by his death, burial and resurrection. That which appeared as a curse is now a blessing, to those who understand and believe. However, the realization of this truth has not yet been fully manifested. This is partially due to the fact that we are yet operating in the system of time, instead of the NOW.

Time itself can be somewhat of an illusion, although it appears to be managed by solar activities. It appears that we are trapped in every moment that has existed and does exist, going through time. That is the reality of the 3-Dimensional world. It is not the reality of what we call Spirit, God or Energy that exist before, above, below beyond and through what is called Time. Breaking through the genetic, dimensional and consciousness barriers of time brings us to a state of no longer going through time. Rather, time goes through us and we catch up with what already is...as one lives in the Perpetual Presence - present, NOW.

ADAM - REDEEMED FROM THE CURSE & REACTIVATED PINEAL GLAND

“The Man said, “The Woman you gave me as a companion, she gave me fruit from the tree, and, yes, I ate it.” Genesis 3:12 NIV

Adam, represents the Neo Cortex- (*I THINK*). He no longer has to be led by Eve (Limbic Nerve System- Emotions-I FEEL). Thus, the *perceived* punishment for listening to and obeying her; instead of what the Creator spoke to him is over. Eve is a type of the soul that Adam, a type of the human spirit, was led by. Soul is the feminine feeling part of humanity. Soul is mind, will,

emotions, intellect and imagination. Humans are comprised of spirit, soul and body.

“As many that are led by the Spirit of God, they are the sons of God.” Romans 8:14

Let us now fast forward to the 21st century, with the knowledge that there is no curse. Curses or blessings are normally placed or performed by using “words” magically. A magician, sorcerer, witch or prophet normally repeats the words like a chant to reinforce and build the energy of the word. Normally, this is done with strong emotions involved and belief in the words that become Spells. It would appear that humanity and the planet was placed under a spell, a bad spell in Genesis chapter 3. According to biblical chronology, that would be nearly 7000 years ago.

2000 years ago, someone was sent to break or reverse the 'bad spell' or *perceived* curse inflicted on human consciousness. In reality, this *perceived* curse was generated from the reptilian brain and dream world of the 1st Adam in the Garden of Eden. It was broken by the 'good spells' (God spell-Gospel), words of the last or 2nd Adam aka Jesus (Yahshua) in the Garden of Gethsemane. His ego death in Gethsemane - *“Father, not my will, but thine be done,”* made Golgatha easy. The Gospels are magical or spiritual words of transformation, once the proper technology of faith is applied to unlock them. We have a repeat of them 4 times with various degrees of emotions and intent, as a written record.

(Remember, Adam went to sleep in the Garden of Eden. The 2nd Adam did not fall asleep in the Garden of Gethsemane, but his disciples - sons of Adam did.)

Now Adam, the Neo-Cortex Brain (Gray Matter) is set Free? He is redeemed from the curse. YES!!! Things are not always as simple as black or white, the gray does matter.

According to the finished work of the last Adam Christ 'good spells,' the *perceived* curse of economical and spiritual poverty has been broken. There is no need to struggle; use the spells by just asking, believe, receive and allow abundance. The fertile field of higher consciousness and brain activity is accessible and waiting to be plowed to produce instant manifestations of thought. We have access to the frontal lobes and right brain, where Spirit generates visions, foreknowledge, enlightenment, creativity and abundance unlimited. The curse said,

“In the sweat of your brow you will eat your food.” Genesis 3:19 NIV

The word brow here is a metaphor for the 3rd Eye (Brow Chakra), Eye of Horus, scientifically

called that pineal gland. All of these are names describing the same thing, don't stumble over 'words' or phrases, making them a bad spell. Chakra simple means wheel of energy. The physical organs are only replicas of the energetic/spiritual organs in the body. According to the Genesis 3:19 verse, the brow (3rd Eye) has become dysfunctional under the *perceived* cursed.

Does modern science confirm what the ancient Africans, Indians and other enlighten cultures knew? Do humans really have a 3rd eye, or is this some baseless occultic teaching? Is it located between the eyebrows inside the brain? Is this just a New Age teaching?

'The front section of the Pineal Gland has the complete structure of a human eye. A study from the laboratory of Dr. D.C.Klein, NIH has proven this: "*the pineal gland contains more than 200 retina genes and photoreceptors.*"

The ancient Egyptians and Indians were accurate to call the pineal gland the 3rd eye, or eye of Horus, since it is equipped to function as an eye. How did they understand this science long before what we have now called modern technology?

Redemption from the *perceived* curse also means that the pineal gland will begin to fully function again. It will no longer be clogged with the sweat of Adam's brow. Sweat is the Hebrew word 'zeah,' which makes up the word zahava; it means horror, FEAR, trembling and agitation. Again, we see this whole experience was rooted in fear that produced hardship, poverty and frustration. The Brow Chakra - 3rd Eye, Eye of Horus, the Pineal Gland became clogged, calcified and closed. Good news, the curse is broken. Now it's opening and we are seeing God in our flesh, as the mind is renewed. This is the All-Seeing Eye of God within mankind, where nothing is hidden.

"Yet in my flesh shall I see God, whom I shall see for myself." Job 19:26-27 KJV

You must develop your spirituality and INSight (eye sight from inside) to the point that you can see God within for yourself and not depend on pastors, prophets, teachers, imams, rabbis or gurus to show him to you. Remember, the Serpent's question and statements caused Eve to fear and believe she was not the divine visible expression of the invisible God. The deception generated by fear leaves as we see or realize God in us, as us. Our struggle as humans to be like God is over. We struggled, because we feared that we were only human and humans can never be Gods.

This was the ancient struggle during Jacob's dark night of the soul, where he wrestled inward, outward, upward, to break away into a new dimension to see God in his face. First, he had to overcome the fear of looking his twin self (brother-Essau) in the face. When the day was breaking, he was enlighten and named the place/experience Peniel (Penuel). Genesis 32 Peniel means To *SEE* God face to face. This was a veiled mystical code name for what we would call, Pineal in the 21st century. The Pineal Gland is located in the center of the brain between the eyeBrows. It is the Eye of Horus as the ancient Egyptians of Africa portrayed it in their hieroglyphs. This is the metaphysical place where you see God and become changed. Can you see God in what appears as the weaknesses and imperfections in your flesh? Can you see God in the shortcomings of your humanity?

Can you look into the mirror or say to others, “*When you see me you see the Father?*” You must come to that realization, as Jesus did. As the eye of the Spirit is opened and we identify with the Divine, the struggle is over. It is the return to Eden within. God is seen in all flesh and in everything. Race, skin color, ethnicity, political party, religion and every separation created by fearful humans is dissolved in this place of Pineal/Peniel. There is only One, and we all make up that One. There is Only GOD. How then can I fear, or hate others; would it not be fearing or hating myself??

WHAT DID THE ANCIENTS KNOW ABOUT THE PINEAL GLAND?

As stated in Chapter VI; the pineal gland is formed in the shape of a pine cone and is lodged in the middle of the left and right hemispheres of the brain, between the eyebrows. We know that in Hinduism it is called the 3rd eye, and the Egyptians called it the All Seeing Eye of Horus, the sky God. Modern science proves that the Eye of Horus hieroglyph is the exact image of what the pineal gland inside the brain looks like. Also, we know that there was a play on words regarding Jacob’s experience in Genesis 32 (Peniel-Pineal), that caused him to be transformed into Israel. Were there other cultures also that knew about the powers and potentials of this tiny gland? Yes! In most of the ancient cultures and religions this mystery is depicted in their art as we will see below. The powerful symbol you will see again and again from each continent, is the Pine Cone. (Pine-al ~ Pine)

In the Dionysus Roman Religion, there was a *Bronze Hand* that reveals many mysteries of their practices. On the tip of the thumb there is a Pine Cone. Dionysus worshipers were known for seeing visions; after working themselves into a frenzy (brain orgasm). Dionysus was considered the god of religious mysteries, wine and ecstasy.

In Reflexology the tip of the thumb is associated with the Pituitary and Pineal Glands. It is believed that by massaging the tip of the thumbs, blockages are released and energy flows to stimulate the Pineal Gland. As a result, visions become clearer.

Below is an image of the Aztec Mexican goddess Chalchiutlicue, she holding a Pine Cone symbolizing the birth, she was goddess of birth, streams and lakes.

The Egyptian Staff of Osiris the sun god has a Pine Cone on top and the double helix around it.

One of the ancient Assyrian winged god images extends a Pine Cone representing the power of regeneration. The image is also known as Nimrod, the Assyrian god.

Left: The Court of the Pine Cone (Vatican City State).
Top Right: The staff of the Pope. Bottom Right: The staff of Osiris (Egyptian God)

The Pope carries a Pine Cone Staff and the Vatican Palace is filled with Pine Cone images on the stairway carvings, candle holders and in various art forms. Did you know that the worlds largest Pine Cone is erected in Vatican Square? What is the esoteric meaning behind this? What ancient secret teachings regarding the Pineal Gland might be hidden away deep within the Vatican vaulted library chambers?

Is this ancient Pagan and Christian symbol revealing ancient subliminal messages of esoteric truth to be understood in our time? Why is it associated with Light and the Sun gods? Jesus said,

“The light of the body is the eye, if your eye be single your whole body will be filled with light.”
Matthew 6:22

Meditate on what Jesus (Yahshua) said. He did not say “eyes,” he specifically said, “EYE.” The ancient Hebrews came out from Africa under the leadership of Moses, who was trained in all the arts, sciences and religious practices of the Egyptians. They were very much aware of the All Seeing Eye of Horus, therefore, they understood what Jesus (Yahshua) was teaching.

The Pine Cone is a symbol of Immortality and the Divine on earth. The Judahites (Hebrews in living southern Palestine/Israel) had previously been in Babylon and Persia for many years, but had returned to their homeland of Judah (Jerusalem). It was discovered or revealed that there was a prophetic festival that had been forgotten. This revelation came after two days (a prophetic type of 2000 years). It was the Feast of Tabernacles-Sukkot that had been forgotten. In the book of Nehemiah, the Pine Tree is one of the trees chosen to build the sukkah (booth) to celebrate the Feast of Tabernacles. The Hebrew word used in this passage for pine is *sheh-men*, which mean oil, riches and fatness. The oil was used to produce Light; it was also used to anoint the heads (brow) of priests, prophets, and kings.

The Feast of Tabernacles (Sukkot), the 7th festival of the 7th month also foreshadows the Reactivation of the Pineal Gland that's affected by light in mankind. As we see the Pine Tree was used. This experience will produce the light-body, illumination, immortality and abundance, as we operate as priests, prophets and kings in the earth. Nehemiah 8

EVE-REDEEMED FROM THE CURSE

“And the Lord God said to the woman, What is this you have done? And the woman said, The serpent beguiled (cheated, outwitted, and deceived) me, and I ate.” Genesis 3:13 Amplified Bible

Eve, represents the Neo-Mammal Brain (Limbic Nerve System-*I FEEL*). She no longer has to express deception, and vulnerability to deception, or listen to the hissing Serpent Brain (*I ACT*), because she has been redeemed from the curse of the law. Through the power of the Good Spells cast on her behalf, she is redeemed. The *perceived* punishment for listening to the Serpent and being deceived by him is over. (The Serpent or reptile brain is a type of carnality expressed through the flesh body. The body is the physical part of our triune being that acts or manifests what we are thinking or feeling).

In this redemption, the sense of subordination to the male (Adam-Neo Cortex) vanishes, as the (2) becomes one. Each are celebrated in their uniqueness, for their specific abilities. Eve the Limbic system Feels and knows from within what to do and Adam the Neo Cortex Thinks to wisely execute. The blame that Eve was carrying has been absorbed into Blessings. Blessed and highly favored as the Mother, nurturer and receiver of all that is good.

Eve gets to know what unconditional love really is; without the fears of being hurt, disappointed and taken for granted. *“Mature love cast out all fears, because fears torment.”* Love releases the negative energies and impulses from the reptilian brain before they become actions. It paralyzes Fear and transmutes it into Faith, thus, preparing the Serpent Brain to be reprogrammed and function at the highest level of divine wisdom. Faith is energized by Love.

“And I will put enmity between you (Serpent) and the woman, and between your off spring and hers; he will crush your head.” Genesis 3:15 NIV

Your complex Limbic Nerve System can now bring forth the seeds of promise without painful

miscarriages and untimely deaths to dreams. Soul's fulfilled dreams and desires serve as a weapon to literally crush the head of the serpent (fear impulses and actions of the carnal mind). Each time you give birth to a prophetic promise, faith explodes and fertilizes the field of dreams to produce more. This realm of E=motions is set on fire with the Holy Spirit to bring to pass speedily the desires of the unified soul with spirit. The emotions -Eve (I Feel) that led Adam into overstepping and engaging into what was *perceived* as forbidden, has now been redeemed and serves as dynamite to propel Adam (I Think) into his destiny.

It is your Energy in Motion that interacts with and engages the etheric realm causing the desires and prayers to be answered quickly. It is:

“The effectual fervent (Greek word “energeo” boiling over, hot, bubbling, stirring) prayer of the righteous that avails (Greek word “eskhuo” prevail, to be strong, robust, have power, forceful) much.” James 5:16

Eve, the female, the soul, the Limbic Brain system is where the Energeo in Motion comes from. Females seems to have a special grace in accessing that area of the brain more easily than males in most cases. This is a power center for producing the prophetic and supernatural. The communion with the Creator should not always be as a casual emotionless conversation or reading from a Prayer Book. There should be frequent times the communion with Father/Mother God be like that of righteous Hannah who was barren.

Hannah had prayed for many years for her healing and nothing was happening. However, on that specific occasion, she had enough of not being able to conceive. She continued to pray for changed, but how did she pray. She prayed the effectual fervent prayer; a boiling over, hot, intense, E=motion prayer. She was so enraptured that she was “out of her mind” and the priest thought she was drunk with wine. She was drunk with Spirit, because she had bypassed the Serpent Brain, with all of its fears, inhibitions, ego, insecurity, doubts and pride. This was a holy union between the Neo Cortex and the Limbic Brain system (Adam knowing his wife Eve intimately). What was produced? What was the fruit? It was a miracle son- she was healed of barrenness and produced the nations' first Seer Prophet – Samuel. 1 Samuel chapters 1& 2. He is the only prophet that never missed. Yahweh did not let any of his words fall to the ground.

“And Samuel grew, and the Yahweh was with him, and did let none of his words fall to the ground.” 1 Samuel 3:19

Are there areas in your life which appear barren, unproductive, dead and unresponsive to all the things you have tried? I challenge you to pray a prayer out of your inner most being that engages the Limbic Brain system incorporating all the energy in motion you have. Prayer and intercession is a form of giving birth. You must PUSH with all that's within you!!! PUSH=Pray Until Something Happen.

“Thus says the LORD of hosts, Consider you, and call for the mourning women, that they may come; and send for skillful women, that they may come: Let them make haste and take up a wailing for us, That our eyes may shed tears And our eyelids flow with water.” Jeremiah 9:17-18 KJV

“But women shall be saved (redeemed) through childbearing...” 1 Timothy 2:15

In the literal sense of the word this was speaking about salvation or redemption would come to women, because it would take a female to give birth to Messiah. On a more esoteric level, this uncovers the great power lying in Eve-the Soul and the Limbic Nerve-Emotional Brain. This is the Eve in both male and female. Expressing intense emotions during prayer or celebration/worship can be your salvation, due to what's birth from it.

In natural childbirth, once the truth of Eve being redeemed from the *perceived* curse of painful childbearing is fully realized, women will no longer experience hard labor in childbearing. It's becoming more popular to naturally give birth, without all the drugs. Eventually, as we continue to evolve into higher states of consciousness, accessing higher levels of brain energy, the gestation period won't take 40 weeks. It could be as little as 3 months or less. The female body is well equipped for this type of accelerated gestation. Access to higher brain activity can produce the hormones and chemicals to make this a reality. (Could it be that this is how the ancients were able to populate the world so rapidly)?

CHAPTER X

FREEDOM FROM RELIGIOUS FEARS

Some years ago, I heard a very interesting joke, which I receive and repeated as a Parable in various forms many times, since I heard it. Hear this as a parable: Three blind men were given a task. They were sent out to examine something and come back to describe it. With the aid of their walking sticks, they approached an animal and touched it. Each of them came back and gave their description. The first blind man said, *“This creature is very skinny and long, like a rope; with hair on the end.”* Then, another one argued, *“No, that's not true, this creature has a very big fat body.”* Finally, the last blind man shouted, *“That's not true, they are all wrong; this creature is like a huge long nose that hangs and curls; it has horns on both sides.”*

It was toward my late teen years, when I had my first spiritually enlightening encounter. It was so powerful my life change directions completely. I encountered the Living Lord Jesus (Yahshua). 4 days later, I was taken out of my body, had a vision and was baptized and filled with the Holy Ghost, “that with a mighty burning fire,” as they use to describe it. It was like thousands of volts of electricity flowing through me, as I vibrated uncontrollably, speaking in loudly in a strange tongue (language I never heard or learned) for some time.

At the end of that meeting, electricity was yet flowing through me and each person I shook hands with got a jolt and fell over as they touched me. People 'falling under the power of God' rarely happened in that church and I did not understand what was happening. All I knew, it was the “best high” I'd ever had. The incurable grand mal seizures I had and the chronic migraines that would literally cause me to faint and fall down flights of stairs, never came back. I was miraculously healed and went from being a fearful extreme introvert, to an extrovert, telling everyone that came near me what God had done for me. Some unbelieving family members and peers told me my experience would soon “wear off.” It never did, I became even more radical.

In my naivety as a neophyte, I thought that all people that really believed in the Creator got along. As part of my religious *Indoctrination of Fear*, I was caringly told who I could not hang out with, what churches and religions were off the list and not to study anything about other religions- because it would confuse me. Of course, these people meant well and was trying to protect me and also make sure too many people did not leave the church. Plus, they told me I had to watch out for deception and demons that I might catch from reading about other religions or visiting their place of worship.

Due to my insatiable hunger for the reality of “God” and Him drawing me, I grew spiritually really fast and had awesome supernatural encounters from day 1. Plus, I just believed the *God Spells* (Gospels) and was able to duplicate many of the miraculous events. My curiosity to know why people believe what they believe and why religious people could not get along, even in the same denomination, led and forced me to become a “*Truth Seeker.*” It no longer mattered where or who Truth came from, I was able to receive it. Because I desired truth in my inner self, it was easy to identify and discern error. Truth had set me free and the serpent brain could no longer

use fear of doctrines, others that might appear different, believe differently or worship differently to cause me to separate from them. Nor could I any longer feel religiously superior or agree that the Most High only talked to people in America that frequently went to a building with a Cross on the top. In my encounters, research and listening....I did say LISTENING to others, I found out many were describing the same experiences or overall message I understood, just using different terminologies. We were all like the blind men in my parable, limited, and only able to *perceive* in part; the same massive elephant. The tail, body and trunk were all parts of the massive elephant.

As time went on over the years, I found myself speaking in the Catholic Church, a Jewish Synagogue, teaching and working miracles at a Hindu Colony in Asia, speaking at several New Age Gatherings/Churches, Unity Church, Spiritualist Church, talking to Buddhist, attending Mosque frequently with my Muslim brethren, etc and Loving all people. Of course, I continued to attend Protestant Pentecostal/Charismatic church services. I could not deny there was an element of this massive God, that I had not seen or experienced anywhere else.

As the Mystery School in Seattle, Washington developed in my home, we went through a period where Muslims frequently came and I used to teach from the Holy Koran and the Holy Bible. Because of my ability to be all inclusive; other truth seekers came and experience more of God. This home gathering was where I encouraged the people that came from various religious backgrounds, lifestyles and walks of life to leave their “labels” at the door and enter as one. Isn't it freeing to know that no one group have a monopoly on Truth, or God, and his Plan is for all to know him (be saved)...and no one can prevent it? It is so freeing to allow the Holy Spirit do his job to draw and change others, while I do my job of loving.

“And other sheep I have, which are not of this fold (religious persuasion as yours): them also I must bring, and they shall hear my voice; and there shall be one fold, and one shepherd.” John 10:16

“To the pure, all things are pure, but to those who are corrupt and do not believe, nothing is pure, In fact, both their minds and consciences are corrupt.” Titus 1:15 NIV

“Blessed (happy, fortunate, anticipating God's presence, spiritually mature) are the pure (those with integrity, moral courage, and godly character), for they will see God.” Matthew 5:8 Amplified Bible

WHAT ABOUT THE SERPENT’S CURSE?

Does redemption from the *perceived* curse also include the Serpent and all that it might represent? We’ve come to realized on the metaphysical (spiritual) level that this experience is taking place within us. This has been demonstrated in exploring the Triune Brain. Since the finished work of Christ affected and redeemed the Neo-Cortex Brain (Adam) and the Neo-Mammal - Limbic Brain (Eve) from the *perceived* curse, it must also have affected the Reptilian/Serpent Brain, keeper of ancient wisdom. One will have to move further from previous rigid indoctrination to grasp this powerful revelation about the unlimited power of Love. Let’s

look at various illustrations that show the transformation of the Serpent Brain. The human body, scripture, history and even the constellations of stars reveal this mystical truth over and over again.

“And the angel of the LORD appeared unto him in a flame of fire out of the midst of a bush: and he looked, and, behold, the bush burned with fire, and the bush was not consumed.” Exodus 3:2

“And Moses answered and said, But, behold, they will not believe me, nor hearken unto my voice: for they will say, The LORD has not appeared unto thee. And the LORD said unto him, What is that in your hand? And he said, a rod. And he said, Cast it on the ground. And he cast it on the ground, and it became a serpent; and Moses fled from before it. And the LORD said unto Moses, Put forth your hand, and take it by the tail. And he put forth his hand, and caught it, and it became a rod in his hand.” Exodus 4:1-4 KJV

Moses had an experience with fire, and a rod that turned into a serpent. He became afraid and fled from it. Fear and fleeing are the behaviors of the old reptilian brain being demonstrated. God told Moses to pick up the serpent by the “tail” and it became a rod again.

The Serpent Brain is part of the brain stem that connects to the spine that runs down the back to the tail bone (sacrum-sacred bone). The tail bone was called by the ancients, “*the seat of immortality.*” It is yet believed by some sages, that through the complex nerve system connecting the sacrum to the spine, immortality can be activated. The word sacrum comes from the Greek “*hieròn ostéon*” and means, “*holy bone*” or “*sacred bone.*”

Notice the human backbone and spine is looks similar to a serpent and the tailbone looks like the head with two eyes.

Moses picked up the serpent by the tail and it became a rod again; after this experience with the burning bush and exercise, he was able to perform the miracles and bring the people out of the house of bondage. Moses first had to learn to face his fears and get control over his negative, out of control actions. The reptilian instincts of feeding, fighting, and fleeing and out of balance sex drive had to be surrendered to a higher cause. This is the learned lesson that releases humanity from the house of bondage of limitations and lack, into the unlimited realms of the Spirit.

MOSES & KUNDALINI

First of all, God can not be limited to speaking 1611 KJV English or 21st century what I call, Christianese. Christianese is a developed language (words, phrases, terms, cliches') used by modern Western "Christians" limited to their understanding and interpretation of strictly biblical Scripture. It is strangely believed by many Evangelicals that using words from science, ancient cultures or ancient religions to describe spirituality, somehow pollutes the biblical or their personal narrative. This fear and deception have caused many to not see the bigness of the Creator and understand the magnitude of his Love. A simple way to understand this, is to realize that before Judaism was established 3500 years ago, Christianity 2000 years ago, or Islam 1500 years ago; God existed. People were engaging and encountering God in Africa, the Americas, India, Europe and the Far East. Their valid experiences were called by many names, depending on what part of the world they were from. Over time some of the names have changed, but most remain the same. Keep in mind the parable of the blind men. Our intent is to show the Bigness of our Creator and that there was never a time in human history that He was not working in human lives and manifesting Himself. What may be new to you, has been before. *"There is nothing new under the Sun."* Ecc.3:1

When Moses raised up the serpent and it became a rod again, he was declaring a powerful spiritual truth known to the people of the East over 1000 years before Moses birth. In the East this would be called "kundalini rising" in the Sanskrit language. Kundalini means coiled or coiled serpent. It is the feminine energy life force at the base of the spine (tail bone-sacred bone) that rises when one is being prepared for a special task, enlightenment or to function in miraculous power. (Man was created in God's image and likeness, both male and female. El Shaddai is the feminine or Mother/Goddess aspect of Father God. This should now make more sense why the Serpent spoke to Eve). Kundalini rising is the force of creativity to perform and become the miracles. This fiery serpent energy rises up the spine, into the brain stem (Serpent Brain) and is expressed through the Neo-Mammal (Limbic Nerve System) and out through the Neo-Cortex Brain.

Moses was well educated in the sacred secret arts of the Egyptians who were masters in spiritual and magical practices. Do you think that Moses was totally clueless to the experience he was having? Do you think that he was naive to what it meant by raising up the serpent that became a rod? The fiery burning bush and this feat are clues that he knew what this meant.

"Moses was educated in all the wisdom of the Egyptians and was powerful in speech and action." Acts 7:22 KJV

The spiritual encounters with Almighty God are universal and not limited to particular religions that think they have a monopoly on Truth. The Creator makes Himself known in every culture and religion. People all over the world have what are *perceived* as "Christian Experiences." It is the human brain that creates names and labels to define the experiences (Christian, Eastern or Egyptian etc). However, the reptile brain creates fear of the experiences, or name of it, because they are given labels different names than we are used to. In stating this, I do realize that any spiritual experience or encounter can become polluted if fear, ignorance and

arrogance is not purged from it, it is this that opens the door to deception or the counterfeit.

Observation of What is Called the Kundalini Religion (Cult) of Hinduism

In Christianity, amazingly there are over 40,000 denominations and most can't agree on much beyond the very basics. Some of them believe and practice the supernatural aspects of the "Full Gospel." Most don't believe that the supernatural or miracles are for us today and they actual demonize Pentecostals and Charismatics for believing. Other world religions have the same ideas. In Islam, there are many factions, some believe in the supernatural and act similar to Pentecostals – they are called Sufi. Sufis dance, twirl and see visions. In Hinduism, the oldest established religion in the world it is also the same. However, there are those who do believe, teach and practice the supernatural, they are of what is today called the Kundalini Cult.

In short, one would think he is attending a highly energized Charismatic/Pentecostal service; while at a Kundalini gathering, without the western comforts. People are sitting in lotus positions orderly on the ground, as the leader is in the same position up front. When he feels the kundalini starts to rise in him, the worshipers rush to the front, as the guru (teacher/preacher) lay his hands on them -speaking over them. He is imparting and activating kundalini within them. The catchers stand behind those that might fall down to catch them. People are shouting, jumping, dancing, vibration, laughing, crying, feeling fire on parts of their body or chills, rolling on the floor, filled with ecstasy and being healed of diseases. Keep in mind, these experiences and teaching were taking place in India mostly and Eastern Africa thousands of years before the Day of Pentecost (Christianity). Who can counsel the Creator and tell him what he can or can not do? Does the Kundalina people label Charismatics/Pentecostals experience counterfeit?

Have you ever been in worship, prayer, meditation, reading, listening to a living word, music or hearing a testimony and you felt chills go up your spine to the base of your neck making the hairs stand up and chill bumps covered your arms, while your body twitched? Or, the manifestation may feel as heat or fire on the body or in the bones. That's kundalini rising, the coiled serpent energy becoming activated in a positive way. In Christian terminologies it is called, "the Anointing," "the Quickening," or "the Holy Ghost bearing witness." Sit quietly in meditation for a few moments, you might feel the transformed serpent energy (Spirit of God) crawling up your spine, or manifesting as heat or fire.

Then I said, "I will not make mention of him, nor speak any more in his name." But his word was in mine heart as a burning fire shut up in my bones. Jeremiah 20:9 KJV

In the ancient times, if a person had really met with God he or she would have some out of the ordinary abilities to prove it. One could not simply announce they were sent by God or produce papers from a religious school they had attended to validate such claim. It was not about how much one knew intellectually or learned education, it was Who you knew that qualified a person. A person had to prophesy an accurate word or show a material supernatural sign as evidence they had an encounter with the Most High. Even in the days of Jesus the Christ, he said people would not believe unless they saw a sign. The most common test 3500 years ago in Egypt to prove enlightenment or experiencing "kundalini rising" was turning rods into serpents. During a

contest in Pharaoh's court Moses' (Aaron's) rod was cast down and became a serpent, but so did the sorcerers; however, Moses (Aaron's) rod swallowed up the others.

“And the LORD said unto Moses, See, I have made you a god to Pharaoh: and Aaron your brother shall be your prophet. When Pharaoh shall speak unto you, saying, Show a miracle: then you shall say unto Aaron, Take your rod, and cast it before Pharaoh, and it shall become a serpent. And Moses and Aaron went in unto Pharaoh, and they did so as the LORD had commanded: and Aaron cast down his rod before Pharaoh, and before his servants, and it became a serpent. Then Pharaoh also called the wise men and the sorcerers: now the magicians of Egypt, they also did in like manner with their enchantments. For they cast down every man his rod, and they became serpents: but Aaron's rod swallowed up their rods.” Exodus 7:1, 9-12

The “anointing” or “kundalini” can be used for what is *perceived* as good or evil, because there is but One Power Source, the Power of God. It is like electricity that exists all around us; some harness it to benefit mankind, while others to bring destruction. However, when one chooses to use the anointing to liberate humanity it can swallow up, absorb and transmute all negativity. The light of reality will always dispel the shadows of illusions; Moses absorbed their energies to further his purpose. When one learns the Serpent's wisdom, one can handle serpents without being harmed. There is no fear in love. Have you heard the Serpent speak? SSSSSsssss.

“Let every soul be subject to the higher power for there is no power but God.” Romans 13:1

THE BRASS SERPENT

Numbers chapter 21, the children of Israel became discouraged again and tired of moving from one state of consciousness to the next; they just wanted to settle down and not have to learn anymore. This is the attitude that most Christians have today; they are satisfied with the 4-spiritual laws and elementary teachings about Christ. The “children” of Israel were fearful and worried how they would survive (old reptilian behavior). They were called the 'children' of Israel and continue to be, even to this day because they refused to mature spiritually and move beyond the “me” attitude. Children are easily frightened and made afraid. Could this be why many Evangelical & Fundamental Christians are so afraid of anything that appears different? Could it be that even though most claim to have been “Christians” most of their life, they are yet plagued by Fear – because they are “children” spiritually?

“They traveled from Mount Hor along the route to the Red Sea, to go around Edom. But the people grew impatient on the way; they spoke against God and against Moses, and said, “Why have you brought us up out of Egypt to die in the desert? There is no bread! There is no water! And we detest this miserable food!” Then the LORD sent venomous snakes among them; they bit the people and many Israelites died. The people came to Moses and said, “We sinned when we spoke against the LORD and against you. Pray that the LORD will take the snakes away from us.” So Moses prayed for the people. The LORD said to Moses, “Make a snake and put it up on a pole; anyone who is bitten can look at it and live.” So Moses made a bronze snake and put it up on a pole. Then when anyone was bitten by a snake and looked at the bronze snake, he lived.” Numbers 21:4-9

Because of their complaining, fiery serpents came out and bit the people. Due to the large amount of people dying, God told Moses to make a serpent of brass and put it on a pole. As he lifted up the brass serpent on the pole and the people looked at it, they were miraculously healed. There is nothing more liberating than facing your fears. Ignoring or denying there is a problem will never make it go away. Look at it!

The brass represents hardship, judgment or punishment. The esoteric message here is; all the hardship, punishment and *perceived* judgment that had been inflicted by the serpent brain would be transmuted to healing and life in the raising up of the serpent, or “kundalini rising.” Another hidden message in this scripture is; if you don’t frequently have this experience of the raised serpent (Kundalini Rising, Holy Spirit), you’ll continue to function in the realm of negativity, fear and death.

The Serpent has both a negative and positive connotations; however, in the western world serpents are mostly associated with evil. Fear activates the negativity that produces pain and death; faith activates the positive that produces wholeness, abundance and life. Don’t get bitten by the humanistic serpents’ wisdom, but as Jesus said,

“Be wise as serpents and harmless as doves.” Matthew 10:16 KJV

The lesson that the 'children' of Israel did not learn regarding the fiery serpents is: Fear can poison and kill you just as venom from a snake. The things you fear most will become your reality. They feared they would die in the desert and kept giving power to that belief by speaking it with emotions; they all died in the desert except two of them. The power of life and death is in your mouth; words generated out of fear hasten to become what you have spoken.

KING TUT

The Pharaohs of Upper Egypt wore a cobra-shaped headdress with a Serpent head or sometimes two at the top over the frontal lobes (Neo-Cortex Brain) just above the pineal gland, with the tail going down the brain stem (reptile brain) and spine. How did they know about this science over 4000 years ago, while we are just now learning this? Could it be that they had learned how to listen to the Serpents’ Wisdom within?

CADUCEUS, DNA & LAMININ

When Moses was instructed by God to put the serpent on a pole, it was not the first time this was revealed as a healing symbol. Over 500 years before Moses in ancient Sumeria (Iraq), the enlightened ones used this symbol, but it was the 2 snakes (double helix-DNA) symbol. They also carved these symbols on vases in honor of the serpent god of healing called Ningishita.

A few hundred years after Moses, a very famous and skilled physician practiced in Greece, and his name was Asclepius. He practiced around 1200 BC (as described in Homer's Iliad). Eventually, through borrowed myth and legend, he came to be worshiped as Asclepius, the (Greek) god of healing.

The Asclepiadaes were a large order of Priest-Physicians who controlled the sacred secrets of the healing arts, which were passed from father to son. Harmless Aesculapian snakes were kept in the combination hospital-temples built by the ancient Greeks, and later borrowed by the Romans in honor of the healing god. The idea of the church, temple or cathedral being a place of healing is not a new idea; true science and spirituality always went hand in hand.

Again, it appears that the Creator was busy interacting with humanity all over the world and imparting deep esoteric teachings that were preserved by a priesthood of sometime scientists. He did this in Iraq, Africa (Egypt), Greece, India that we have record of.

A Statue of Asclepius with a Serpent on a Pole (RNA)

Metaphorically speaking, the one serpent on a pole represents the RNA (ribonucleic acid). The RNA structure is usually seen in esoteric ancient art as a single helix structure, a spiral upward as a serpent.

The RNA world hypothesis proposes that the universal ancestor to all life relied on RNA both to carry genetic information like DNA and to catalyze biochemical reactions like an enzyme. In effect, RNA precluded the emergence of the first cell, the dominant, and probably the only, form of life on earth.

(It makes even more sense now that the Serpent Brain is the oldest part of the brain and must also be redeemed from the curse; you might prefer the word *reconciled*).

As time went on, the healing symbol of the serpent on a pole evolved into two serpents on a pole with an eagle on the top, an arrangement more similar to an ancient Sumerian symbol.

This ancient Sumerian symbol dates back to over 4000 years ago. This is the double serpent or double helix DNA structure that somehow this ancient civilization of which is now known as Iraq was acquainted with.

They somehow knew that healing, wholeness and immortality was connected to genetic information. Many other messages can be derived from this symbol.

The modern symbol below is called the Caduceus; it is seen outside every medical facility worldwide and in all medical units and vehicles. It is a global symbol of the healing arts and practices. Where did it originate? Did modern scientists just happen to choose serpents on a pole as a symbol of healing for today?

This is the DNA structure, it was discovered in 1953. The double helix or double serpent (coiled serpent) within humans is the blueprint of our being. The DNA in each cell coils as a serpent, when stretched out, it is over 6 feet long.

When looking closely at the ancient Sumerian symbol and the Caduceus it is easy to see, the Double Serpent Helix of the DNA structure is the same. The DNA double helix was known by these ancient people without modern technology: although we just re-discovered it a little over 50 years ago. Where did this scientific knowledge come from in an ancient world that modern history says was mostly illiterate? Yet science today can only read 3% of the DNA language of codes.

Below is Laminin. This protein was discovered in 1979. *“Laminin is the major non-collagenous component of the basal lamina, such as those on which cells of an epithelium sit. Laminin is a protein found in the “extracellular matrix,” the sheets of protein that form the substrate of all internal organs also called the “basement membrane.” They are a family of glycoproteins that are an integral part of the structural scaffolding in almost every animal tissue. In simple terms, Laminin is vital to making sure overall body structures hold together.*

Somehow this ancient symbol that appears as a helix, double helix, double serpents or serpent on a cross has repeatedly appeared down throughout history and even in our bodies. This recent discovery further confirms the hidden codes and messages laden within our body-temple. Laminin, this mystical symbol, is found in the tissue of almost every animal on the planet. It signifies the mysterious Divine force that holds all things together and foreshadows the restoration of all creation through reprogrammed DNA and the Serpent Brain.

When the Serpent Brain realizes that it no longer has to operate in survival mode fueled by fear, it will be the key to unlocking the ancient wisdom of Life and Immortality. I expect science to be confirming this in the near future along with many other discoveries regarding longevity, multi and trans-dimensional existence being connected to the ancient reptile brain and DNA.

“And the serpent said, you shall not surely die..” Genesis 3:3 KJV

The serpent teaches us a very powerful lesson regarding the principle of resurrection and the glorified light-body. The serpent is a symbol of resurrection life and immortality because it sheds its skin to be renewed. The new or resurrected body does not come from outside, but from within, as it does with the serpent. Shed the illusion of fallen Adam and put on Christ the resurrected last Adam. Shed the illusion of mortality and put on immortality, now. Or rather, allow Christ and immortality to manifest from within.

The Caduceus was also called the magic wand of Hermes and Mercury, used for magical incantations of healing. It was also used by merchants to protect them from thieves. Astrologically speaking, it coincides with the Zodiac Sign of Scorpio, the Giant Scorpion. On the older maps this constellations, it also had an Eagle/Phoenix in the Scorpio sector. However, there is also the man Ophionuchus, a huge sub-constellation of Scorpio; also considered the 13th Zodiac house. He is wrestling with a serpent coiled about his body and is being stung in the heel by the Scorpion. We find that long before humans on earth, even the heavens conceal the ancient mystery of the coiled serpent and foreshadow what shall be.

This life and death scenario played out upon the night sky is also a symbol of sexuality and immortality. The serpent secretes venom that has the power to cause death or bring life; it is made up of nearly 90% protein. The male semen consists of protein, and it has the same power to bring life (procreate) or death through STD's. By the way, doesn't sperm (with its head and tail) move and look like tiny serpents?

CHAPTER XI

JESUS, THE SERPENT ON A POLE

What happened to Moses' Serpent on a pole and what did it prophetically foreshadow? The brass serpent of Moses' time later became an object of worship, an idol, because of the miracles of healing it continued to produce more than 500 years later. It was similar to Asclepius' Serpent on a pole that healed, and inspired the development of a secret healing cult. It became like the coiled serpent magical wand of Hermes. The name for Moses' brass serpent was *Nehushtan*, meaning the old serpent; the brass thing. Around 700 BC, King Hezekiah destroyed it because people were burning incense to it and worshipping it.

“He got rid of the local fertility shrines, smashed the phallic stone monuments, and cut down the sex-and-religion Asherah groves. As a final stroke he pulverized the ancient bronze serpent that Moses had made; at that time the Israelites had taken up the practice of sacrificing to it—they had even dignified it with a name, Nehushtan (The Old Serpent).” 2 Kings 18:4 Message Bible

“As Moses lifted up the serpent in the Wilderness, even so the Son of Man must be lifted up.”

“And if I be lifted up from the earth, I will draw (drag) all men unto me.” John 3:14, 12:32 KJV

The constellations, mythology, human anatomy, and Scripture all foreshadowed what would be summarized, fulfilled and realized in Jesus (Yahshua). He would literally absorb all the fears and everything that stems from this Serpent Brain in the negative sense. This was also concealed in the story of Moses and Aaron's serpent-rod eating the serpent-rods of the magicians. In essence, He would become what was *perceived* as evil, in order to release all creation from the curse of fearing and believing we are not the image of God. This mistaken identification is the root cause of rebellious, violent, self destructive, hate-filled, selfish lifestyles; people don't believe or fail to realize they are the image of God. Instead, it is more comfortable operating out of the old carnal mind, the serpent brain.

The Prophet Isaiah spoke regarding Jesus (Yahshua) symbolically being connected to the

Serpent Brain Stem;

“And there shall come forth a rod out of the stem of Jesse.” Isaiah 11:1

{This verse also conceals to another hot subject, “stem cell research” and its potential}. Jesus (Yahshua) became the serpent on the pole, the Nehushtan – the old serpent (brass=judged or cursed thing), taking the judgment of humanity to the Cross and becoming the *perceived* Curse. This powerful message is inescapable. Even is one is an Atheist or Satanist, it is also demonstrated in every human; our flesh is hung on a Skeletal Cross.

(Stop reading and do this exercise now: Stand up, feet close together and stretch your arms out horizontally. You are vicariously crucified with Christ. Your flesh is hung on your skeletal cross).

He crossed out everything that appeared to have been working against humanity on a hill called Golgotha. Golgotha means the place of the skull (head). This was also signifying the Transformation of the Serpent Brain/Carnal Mind that had produced death, but would be raised up to produce life and peace. The problem all along has been in our mind, our *perception*. We were enemies in our own mind.

Some Christian traditions say that the place was named Golgotha, the place of the skull – can be traced to Jewish tradition. It was believe it is where Adam’s skull was buried and miraculously the earth raised up and formed into a skull shape. Thus, for thousands of year everyone knew it as the place of the skull or Golgotha. The last Adam (Christ) blood had to be spilled on the head of all humanity (Adam), to cancel the *perceived* curse. History also point out that Golgotha was the place where executions often took place and that the hill is naturally formed to look like a skull until this very day.

Fear was overcome and defeated by the power of Love. The battle for the mind was defeated at the place of the skull. The first Adam from the Garden of Eden was canceled by the last Adam (Christ) that went to the Garden of Gethsemane and did not fall asleep before Golgotha.

In reality, was it *really* necessary for the all powerful Creator to allow this particular crucifixion in order to forgive what was *perceived* as “sin?” Think about it. Do you mean to tell me the all powerful God could not forgive sin without a human sacrifice?? Can the Limitless One be that limited? The answer is, NO! No! To all three questions. There had been many crucifixions in this place where people were barbarically executed. However, this literal crucifixion of Jesus (Yahshua) and resurrection was given so that humans could ACCEPT the forgiveness that had already been given before the foundation of the world.

“...The Lamb who was slain from the creation of the world.” (Revelation 13:8b)

Humans had fallen so far from the Divine in consciousness, and even further today, that people wanted to see to believe. The only way we could be reached was by an outward extreme miraculous physical sign. The fearful, unbelieving people of Jesus’ day constantly asked for a sign. He told them He would give them the sign of Jonah, dead 3-days followed by resurrection.

“Cursed is he who hangs on a tree.” Galatians 3:13 KJV

Behold, I show you another mystery. It was the Serpent in a tree that seduced the mind (Eve), she saw the fruit that looked good. It was the Serpent on a tree that set the mind (soul of humanity-Eve) free. The Serpent in Genesis chapter 3 spoke to the woman. *“Did God really say...?”* The Serpent on the Tree in John 19:26 spoke to a woman and said, *“Look at your son.”* **Look at me now!!**

The Serpent in Genesis promised their eyes would become open and they did, but their newly double-eyed vision created a distorted *perception* of reality. The Serpent on the Cross restored the single-vision, *“If your eye (not eyes) be single (whole) you will see and become the Light.”*

Let this mind be in you which was also in Christ Jesus. What mind was that? He knew who he was, he was the form or visible expression of the invisible God, and so are you. As great as this truth is, and from God’s Perspective *“It Is Finished,”* the old Serpent Brain in most of humanity does not realize it yet. Why? The Serpent Brain cannot think or reason due to the *perceived* curse, it’s not subject to the law of God in that sense, it only reacts out of fear. This is why the proclaiming of the good news (God spells = Gospel) is important.

“How shall they hear without a preacher and how can they believe when they have not heard? So then Faith comes by hearing and hearing...” Romans 10:14, 17 KJV

“And there appeared another wonder in heaven; a great red dragon with seven heads...And the great dragon was cast out, that old serpent, called the devil, and Satan who had deceived the whole world.” Revelations 12:3,9 KJV

When studying the Book of Revelation (Book of Unveiling), it seems like the old serpent brain is on steroids and crack cocaine. It has morphed into the *dragon brain*, grossly distorted with everything out of proportion. This is partially due to the fact that the overwhelming majority of humans choose to live in fear (the dust realm), which is food (devil’s food) for the Serpent Brain. One of the hidden messages is, the 7 headed dragon in the book of Revelation represents the complete world system (7 continents) being under the influence of Fear, carnality and deception. This *Medusa Effect* has turned the hearts of multitudes into stone, as the love of many has grown cold. *This ancient prophecy show the complete degradation of society consumed by the serpent brain thinking that has morphed into the dragon brain. We see to the expression of this manifesting as unending wars, increased sexual crimes, perversions and various addictive behaviors; all based in Fears.*

Today’s society exhibits very little concern for human life and can not see the value in preserving it. Fear dominates the thinking of our culture distorting all that is called sacred. Almost everyone is in survival (defensive-preemptive strike) mode, which means, hurt someone (physically, emotionally, financially etc) before they “might” think about hurting you.

So how do we get out of this FEAR mode that feeds the old Reptile Brain, causing it to morph, react, and destroy or self destruct? How do we cast down the Medusa Effect within us? Why are we so afraid of each other, and of being who we really are? Why do we allow media, politicians and preachers keep us in fear; hating, judging, feeling superior and overly suspicious of each

other-causing our heart to become like stone? What gives us the right to think or feel our individual expression of spirituality is better than others? How do we break away from this Fear-Driven, mentally disturbed, toxic behavior?

Perfect (mature unconditional) Love and acceptance of yourself first and then for others will destabilize and neutralize the old Serpent Brain -carnal mind. It will allow the Fire of the Holy Spirit to ignite it with holy passion, producing transformation. The flaming sword yet guards and beacons the way to the Tree of Life within, but we must go through the fire. This is where the slithering serpent becomes the flying Seraphim (Fiery Serpent). One must have a personal body-felt life changing encounter with the All Consuming Fire.

CHAPTER XII

GOD IS BETTER THAN SEX?!

While living in Seattle, Washington many years ago, there was a group that met at my home on Saturday nights (sometimes Friday nights). It was a very progressive Bible Study fellowship that was also referred to as “*the Mystery School.*” Somehow through divine appointments people were led there or found their way to my home from many parts of the world during the years we gathered. We never knew what would happen during the meetings, as we endeavored to be Spirit led. Each meeting was very different.

A middle-aged street evangelist by the name of Sister Carmelita from the Midwest happened to have found her way to our humble gathering. The atmosphere was charged with excitement as the people came in on that hot summer evening that I shall never forget. The time of worship was lively and very prophetic as usual and Sister Carmelita came unglued, as the Presence filled the room. Each person was having their individual spiritual encounter, as they were engaging the Spirit. Some were weeping, others were in quiet meditation, some were kneeling with hands raised uttering heavenly languages, as Sister Carmelita could no longer restrain herself.

She started to run up and down the narrow aisle between the chairs; sweating and shouting euphorically. It was not unusual to see this type of emotion displayed when the Spirit moved, but what was unusual was what she was shouting. “**GOD, YOU ARE BETTER THAN SEX!! GOD, YOU ARE BETTER THAN SEX!!**” She repeated many times as she held her head, running back and forth and vibrating. Somehow I lost my rhythm and could not strum the guitar anymore, as I bowed over with quiet laughter and a bit of embarrassment. There were a lot of red faces in the room that night, as people tried to continue with their experience, but could not.

Those who were kneeling and crying rose up with laughter; while tears yet streamed down their faces. As the meeting went on, Sister Carmelita tried to explain what she was experiencing; while yet holding her head and vibrating. It had been quite some time since she had been in a meeting and experienced the raw, pure, unrestrained Presence of God. It was as if her head was on fire and she could not contain or control her emotion. I later came to realize she was having what is termed by the scientific community as a “*BRAIN ORGASM.*” Christians call it being filled or overwhelmed with the Spirit. Hindus call it Kundalini Rising. “*There are many manifestations of the one Spirit.*” 1 Corinthians 12

Biologically speaking, this heavenly state takes place in the Limbic Nerve System, the Emotional (EVE) part of the brain - I FEEL. The hormonal secretions are what help produce these euphoric and mystical states. They are not delusions, emotional break downs, or epileptic seizures, as many atheist scientists used to suggest.

There are many people that have never experienced what we call the power of the Spirit and what science calls a *Brain Orgasm*. Why do some experience this while others don't? There must be an Ego death. The “i” (serpent brain) must submit and surrender to the higher brain activity

and become as a child. The survival mode and fear of what you may look or sound like must be shut down, and then the higher senses can become overwhelmed, as the fire of God falls on the head or moves up the spine and consumes the serpent brain. The brain actually craves these explosive supernova types of experiences. You don't have to have a brain orgasm/spiritual encounter as profound as Sister Carmelita's, (although, it's ok if you do) for it to be real and fulfilling. However, it is necessary for your spiritual development to have them often. God is truly better than sex... sometimes?

“The most beautiful emotion we can experience is the mystical. It is the sower of all true art and science. He to whom this emotion is a stranger ... is as good as dead.” —Albert Einstein

It takes the Fire of God, Holy Spirit Fire, to ignite and transform the Carnal Mind/Serpent Brain; to become the raised Fiery Serpent Brain expressing the wisdom of the ages. This was demonstrated in part on the day of Pentecost; however, this is not a one time experience. One must be continually filled and baptized with this holy Presence that comes from within and manifests on the outside.

In the Upper Room, which is a type of a higher state of consciousness and higher brain activity, the 120 disciples waited for the promise. Acts 1:15 Here is another concealed mystery. The astrological body has 12 parts and the deacons or sub-constellations rise in 10 degrees. $12 \times 10 = 120$. Science tell us the body has 12 system or parts; we are to be governed by the 10 Commandments. $12 \times 10 = 120$. In short, as we surrender our whole body to the divine laws of the Spirit, transformation comes suddenly.

In that higher state of consciousness, the disciples came into the One Mind, they tapped the God frequency (accord). The fire fell on their heads to bring transformation, they could actually see the spirit-fire. Suddenly, these uneducated fishermen and housewives who had fled in fear when their Master was arrested and crucified 53 days prior; were now filled with boldness and power. The Fire of God transmuted their fears into faith. At this point, the Serpent Brain/Carnal Mind becomes the Fiery Serpent Brain.

“Then, what looked like flames or tongues of fire appeared and settled on each of them.”
Acts 2:3 NLV

SERAPHIM SONG

*O'Seraph that fly and encircle the throne
Arise in me with fire from my spine to fill my dome-
Ancient wisdom from the Ancient of days
Show me your acts and reveal Yahweh-*

*Crying holy, holy, holy to my triune brain
Let your message resound until everything has changed-
The new creation filled with light and glory
Trans-dimensional being to proclaim the mystic story-*

*Awaken all that is within to come alive
Unknown talents and abilities to be utilized-
Manifesting the Elohim that I AM and shall be
At one with the universe and all that I cannot see-*

*The supernatural is now natural, heal the sick, raise the dead
Teleportation, creative miracles and everyone has been fed-
The earth is full of God, His glory is everywhere
You can see it, smell it, taste it, feel it-it's in the air-*

John Lewis

CHAPTER XIII

FIERY SERPENT BRAIN

“Be transformed by the renewing of your mind.” Romans 12:2 NIV

The next step in the evolution of mankind is total renewal of the Mind: this is the only way we can manifest the full image of God. The lowly reptile brain will then be changed into what I call the Fiery Serpent Brain or *Neo-Serpent Brain*. The Fiery Serpent Brain is the keeper of the secrets of life and physical immortality; it is the decipherer of the complex DNA book of life codes, matrix and mysteries. The fire is the spiraling energy (spinal fluid) moving upward from the sacrum (coccyx-tail bone, sacred bone), which was considered by the ancients as the *seat of immortality*. The sacrum has the shape of an inverted pyramid or the head of a serpent. According to science, it is your serpent brain that has survived from the age of dinosaurs til now. Locked within this ancient brain is the key to physical immortality and things the human mind can barely imagine.

“In the year that King Uzziah died, I saw the LORD seated on a throne, high and exalted, and the train of his robe filled the temple. Above him were seraphs, each with six wings: With two wings they covered their faces, with two they covered their feet, and with two they were flying. And they were calling to one another: “Holy, holy, holy is the LORD Almighty; the whole earth is full of his glory.” Isaiah 6:1-3 NIV

The fiery serpent brain cannot be completely accessed until King Uzziah (Ego-man of sin) that’s tied to the cursed serpent brain dies or is realized as dead. The “i” must completely cease to exist, and pride must be dethroned. Then, Yahweh is seen high and lifted up on the throne of human consciousness, then, suddenly appears the Seraphim.

Metaphysically, this again is the coiled fiery serpent energy kundalini rising from the sacrum up the spine into the brain stem crying, *“Holy, Holy, Holy is Yahweh Shaddai, the whole earth is full of his glory.”* Holiness or Whole-”I”-ness is singleness of thought-no longer the ego- self “i,” but the I AM that, I AM.

“Holy” is declared 3 times for each part of the brain (Serpent Brain, Neo-Mammal Brain, Neo Cortex). The whole earth is full of his glory. The “Wholiness” of the 3 brains causes the human earth body to be filled and transformed into light and glory. This is the restoration, reGENeration (Palengenesia) of the human form, back to the way it was prior Genesis 3 - when Adam was naked and not ashamed.

“The light of the body is the eye. If your eye (3rd Eye-Pineal Gland-I AM) be single (healthy-decalcified) your whole body (earth) will be filled with light (glory-understanding).” Matthew 6:22

This is where the poisonous venom from the old mentality (serpent brain), which has exerted control through a system of fear and indoctrination over mass consciousness is rendered powerless. That which was released to bring subjugation and death is transmuted into the elixir of life and physical immortality. This is what is meant by treading on (subduing) serpents and scorpions, complete dominion, where nothing can ever harm you again.

“I have given you authority to trample on snakes and scorpions and to overcome all the power of the enemy; nothing will harm you.” Luke 10:19 NIV

At this point you are totally awakened to the reality of a new world existing where all things work in harmony. The mind has been freed, the old matrix (world view) does not exist anymore and your mission is made clear. As the ancient prophet Isaiah said after Uzziah (Ego) died, *“Here am I, send me,”* so will everything within you say this.

[Two movies come to my mind, where Hollywood accurately portrays that the next evolutionary step in mankind lies in the brain stem (Serpent Brain). In Stephen Kings, *“Lawn Mower Man,”* the needle shots were injected in the brain stem. The scientist continuous injections changed the serpent brain stem that controlled the base emotions ruled by fear. That retarded (severely mentally challenged) man was transformed into a god.

In the 1999 blockbuster film, *“The Matrix,”* Neo took a shot to the brain stem that transformed him. As a matter of fact, all those born in the Matrix had to become unplugged by this reptilian activation of fire to the brain stem. You will notice that contemporary science preface the 2 brains, Mammal and Cortex with “Neo,” meaning NEW. In the future, we will call the Serpent (Reptile) Brain, the Neo-Serpent Brain or Neo-Reptile Brain, as new activity stimulates from it].

CHRIST SITS AT THE *RIGHT* HEMISPHERE (HAND) OF GOD

Most religious people feel comfortable with only recognizing the Creator outside themselves; the space-God that lives out there and his Son sitting beside Him on the throne. There is nothing wrong with that concept. However, it does not benefit me much with this concept and my ability to relate to him is somewhat impaired, due to the distance between us. It is more empowering for me when I can realize, it is *“Christ within me, the hope of glory.”* The relationship becomes even more deeper and meaningful, when I can actually identify him throughout my body temple. Let's discover him more...

“The LORD said to my Lord, Sit at My right hand, till I make Your enemies Your footstool”
Psalms 110:1

I believe that before the Genesis chapter 3 encounter, Adam and Eve operated out of Whole Brain Consciousness (hemispheric synchronicity). The Trinity Brain functioned as ONE. I am also sure that the Left and Right Hemispheres functioned as one on a much higher frequency than we access at this time.

*** *Left Brain* Characteristics - Theological, rational, questioning, reasoning, science, math, verbal, direct, past-present, analytical and calculating side of the brain. It communicates in words and is highly systematic. This is the masculine brain of the hemispheres, and it is considered the negative. It also represents law and Adam. In Scripture, left hand (side) represents correction, the dark side, lack and discontent.**

*** *Right Brain* Characteristics - Creative, intuitive, artistic, imagination, insightful, holistic, musical, present-future and calculating side of the brain. This is the feminine brain of the hemispheres, and it is considered positive. It also represents Eve and grace. It has the ability to communicate on a higher frequency beyond words and in pictures or images. In Scripture, right hand (side) represents power, authority, fullness, blessings, joy, abundance and self realization. Both hemispheres are necessary for proper body functioning; they are interconnected. (Positive+Negative=Power)**

“After the Lord Jesus had spoken to them, he was taken up into heaven and he sat at the right hand of God.” Mark 16:19

When we are completely restored to Edenic Consciousness, the triune brain will function as

ONE. It will be accessing and utilizing all of its abilities locked in the 200 billion cells and 100 trillion neuron connectors. Christ now sits at the right hand of God. In human biology this is speaking of the *Right Brain Hemisphere*, on the right side of the *Pineal Gland*. This is the area of creation, creativity, joy, supernatural, mystical experiences, healing, prophecy, spirituality and where scientists say many mystical experiences take place.

NOTICE THE RIGHT HEMISPHERE & PINEAL GLAND DEEP WITHIN

[Christ's ascension to the right hand symbolizes the transformation and ascension of the serpent brain. Jesus (Yahshua) became the Serpent on the pole and ascended to the place of power, at the right hand of God. The Pineal Gland represents the All Seeing Eye of God or 3rd Eye - God].

"You have made known to me the path of life; you will fill me with joy in your presence, with eternal pleasures at your right hand." Psalms 16:11 KJV

CLOTHED AND IN HIS RIGHT MIND

There's an interesting story in the book of Luke where there is a demoniac, a man with a serious mental illness, possessed by demons and is suicidal. He lived in the cemetery and was often bound with chains to prevent him from hurting himself and others. His serpent brain was in overdrive and his body was taken over by negative forces. Jesus (Yahshua) the Christ, being full of compassion, exorcized his demons (fears-torments) and healed him. In the passage below, notice his position and what mind he was in after being delivered and getting his power back.

"Then they went out to see what had happened, and came to Jesus, and found the man from whom the demons had departed, sitting at the feet of Jesus, clothed and in his right mind. And they were afraid" Luke 8:35

This is a prophetic story of humanity before a Christ encounter and the Divine Plan at the end of the ages for humanity's deliverance. As you read the story, starting from verse 26 of St Luke chapter 8, the mystery is unraveled. First of all, the man lived in the country of the Gerasenes,

which was opposite of Galilee. Gerasenes means *Reward at the end*. Galilee means circuit or *Circle of life*. This is a prophetic picture of how so many exist today; in opposition to the natural flow and circle of life. Their anxieties and fears will not allow them to experience the NOW flow of life; it is always the “some day” mentality in the future. They find themselves in opposition to nearly everyone and everything. Living itself becomes a daily struggle, when we live opposite of Galilee. This man in the story was naked; he was fully exposed and vulnerable. He is a type of Adam; humanity's extreme condition in this age. (Adam's *perception* of himself was naked in the Garden).

This man could not live a normal life, he could not abide in his house; meaning, he was at odds with himself. He was filled with fear, self-hate, shame, hurt, condemnation and guilt. He was out of touch with the reality of his being. He lived in the cemetery – this is the realm of death. It is the place of hopelessness, buried treasures, unfulfilled dream, forgotten talents, unknown inventions, and abilities. This man has lost all his dreams and had become a zombie, as so many today. He constantly mutilated himself; often he was bound with chains to protect him from killing himself and others. Fear and torments had driven him completely out of his right mind.

[While ministering among younger people, I am shocked again and again to see so many teens and young adults with burn marks and cuts on their arms from self mutilation. Some dress in all black with painted white faces and wander around cemeteries. They are the living dead. This is the same spirit activating the reptile brain of the man in this story 2000 years ago. Can you imagine the mental torment and anguish many youth are in? Some go to extremes in what is being called the art of body modification, which is more like dis-figuration. Shockingly, many of the ones I have met came from middle to upper class families, they had access to material things. Nothing can substitute love.]

Most of humanity lives in some form of fear, in the realm of death (the cemetery); to be carnally minded is death. People are constantly being tormented, mutilating themselves with the things of this life. Many are bound with addictions, obsessions, fears, anger, hatred, prejudice, greed, religion, politics and are a constant threat to themselves and others until they have a “genuine” spiritual experience. Fear is what denies access to the right hemisphere of the brain; where Christ sits.

Once the Christ appeared and the possessed man recognized him, he was set free. When the villagers of the area saw what had happened; the man was healed, clothed and in his right mind sitting at the feet of Jesus, they became afraid and demanded that Jesus leave the area. When one has an encounter with Christ and starts to operate out of their “*right brain*” or Christ Consciousness, it tends to make those yet controlled by the carnal mind/serpent brain and those in the analytical left mind (left brain hemisphere) afraid and intimidated. People have become accustomed to seeing drama, dysfunction, disorder, disaster and death; they expect it. This abnormality somehow provides false comfort. It is something they identify with and see in themselves.

We are at the end of the age and our Father God has a reward (Gerasenes) for all humanity that has lived in opposition to Divine Law, which produces life; the reward is Christ. He will come to your cemetery or place of bondage in your mind to give you resurrected life. You will be clothed with your true identity. You will be clothed with the glory of Eden and come to your right

mind; where Christ sits at the right hand of God. Take your power back, by transforming your mind. Repent means to change your mind – accept the love of God. Go tell what great things the Creator has done and liberate others. It is the Christ in you, the hope of glory, not Christ in the literal sky (heaven).

CHRIST STANDS AT THE *RIGHT* HEMISPHERE (HAND) OF GOD

In Eastern culture, to be seated denotes influence or honor; to be seated on a throne is a place of power and authority. The kings rarely stood or got off the throne while ruling and issuing decrees, because the throne represents the seat of power. If a king stood while in the presence of his subjects it was because he was upset and that meant someone might get beheaded, or that he was extremely pleased. It was a high honor if the king stood because he was either pleased or inclined to encourage someone. In ancient Israel, there was also another special time when the kings got off the throne to come among their subjects. It was during the month of Elul (6th month on Hebrew Calendar) that the kings would walk among the people and answer their requests. Why? It was strongly believed during that time of the year; the Creator God was actually closer and moved among men to answer prayers.

There is a scripture where Jesus (Yahshua), the Ascended Master, actually stands up on the right hand of God to give someone a “standing ovation” from the heavens. Standing up also denotes honor, service or serving someone; it is an act of humility.

“But Stephen, full of the Holy Spirit, looked up to heaven and saw the glory of God, and Jesus standing at the right hand of God.” Acts 7

I think at this point, we are no longer thinking of heaven only as being a far away planet; in the illustrations we are using, it is much closer. We realize this whole experience is taking place within us and we have been given this outward record of holy Scripture to only remind us and bear witness to what is within. The letter (literal understanding) of the Word only kills, but the Spirit of the Word gives life.

CROWN OF LIFE

Christ stands and sits at the right hand (right brain hemisphere) of God (pineal gland). This also represents your position and authority; as the Apostle Paul wrote,

“We are raised up and seated together with him in heavenly place in Christ Jesus.” Ephesians 2:6 KJV

Stephen was the first martyr of the 1st century movement, inspired by Jesus (Yahshua) the Christ called *The Way*. At the end of his bold address to the Sanhedrin (Jewish Religious Supreme Court), they reacted to his message with great fear. Their religious doctrines were challenged with TRUTH. The men feeling threatened by truth reacted violently out of the Serpent Brain and killed him. We see this scenario played out in homes, communities, cities and nations everyday. In organized religion one can easily be “black listed,” their character or ministry can be assassinated, by those comfortably stuck in old paradigms.

Humans have been killing because of their religious beliefs since Cain and Abel argued over religious worship (Genesis 4). People develop false *perceptions* about the Being we call God and his requirements and expectations of us. The false *perceptions* become beliefs and doctrines that they feel they have to defend and protect; even with their life. Their beliefs, doctrines and religion actually become idols they worship; instead of the God they preach about. Is God not big enough to defend himself? Is he so easily threatened by a different view of him? Could it be that you have only been seeing/experiencing the rope-like tail with hair on the end of the massive elephant?

“When they heard this, they were furious and gnashed their teeth at him. But Stephen, full of the Holy Spirit, looked up to heaven and saw the glory of God, and Jesus standing at the right hand of God. “Look,” he said, “I see heaven open and the Son of Man standing at the right hand of God.” At this they covered their ears and, yelling at the top of their voices; they all rushed at him, dragged him out of the city and began to stone him. Meanwhile, the witnesses laid their clothes at the feet of a young man named Saul. While they were stoning him, Stephen prayed, “Lord Jesus, receive my spirit.” Then he fell on his knees and cried out, “Lord, do not hold this sin against them.” When he had said this, he fell asleep.” Acts 7:54-60 NIV

Jesus gave Stephen a standing ovation for his *courage, love for truth and willingness to forgive*. The name Stephen means *Crowned*. When the Bible speaks about the Believers wearing crowns as king-priests, it does not mean that there will be a bunch of people sitting on clouds with literal harps smiling with *Burger King* crowns on.

First of all the crown is symbolic of authority, signifying someone that is worthy to rule. On a much deeper spiritual or metaphysical level it speaks of the “Crown Chakra Energy Center” or the *Pituitary Gland*, one of the Master Glands of the Endocrine System. It is considered a Master Gland because of its hormones that control or direct most of the other glands. It is located deep within the brain at the base of it. It is intimately connected to the Limbic Nerve System (Eve) and very close to the top of the Serpent Brain.

One of the most powerful messages in the story of Stephen is, when the Serpent Brain or Carnal Mind is ignited with Holy Spirit Fire and transformed, one can easily lay down his or her life for the sake of truth. One realizes that he does not belong to himself and that there is no resistance or fear. *The gnashing teeth, the throwing of stones, nor any other weapon can kill someone who has already experienced Ego death.* Courage, love for truth and forgiveness are attributes of the Christ, and this is what causes the Christ Consciousness to rise within us at the right hand of God to serve all mankind and applaud us. *“Let God arise.”*

Metaphysically speaking, this is the opening of the Crown Chakra energy center (using Eastern-Sanskrit terminology) or full activation of the Pituitary Gland that orchestrates the 6 other main glands (pineal, thyroid, thymus, adrenal, pancreas, gonads/ovaries) of the Endocrine System (medical terminology). Once the 7 main glands are vibrating at the same frequency, man becomes the full expression of the Christ standing at the right brain hemisphere of God. This is also called “hemispheric synchronization,” or whole brain functioning. In the Bible (Judeo-Christian terminology) these 7 *Glands of the Endocrine System* energetic counterparts are called the 7 *Spirits of God or the 7 Eyes of God*. (Spirit of Yahweh (the LORD), Wisdom, Understanding, Counsel, Power, Knowledge, Reverence) Isaiah 11:2, Revelation 5:6 As we see, it is the same elephant that's being described, using various terminologies.

Stephen was the first martyr. Your first nature lower self-Ego (Adamic nature) must be considered dead before you can be crowned with life. There is a part of your head that is called the Crown (corona capitis). When babies are born, the top of the head (corona capitis) is soft, the top skull has not hardened. The Crown energy center is yet open and they are directly connected to the right hand (hemisphere) of God or the spirit realm. They easily interact with the angelic, other dimensions and God. Did you ever wonder what babies are smiling at? Or, why are they staring in a direction where there seems to be nothing and why they seem to be communicating? What is it they are seeing and sensing? As time goes on the head is hardened (literally and metaphorically), the connection is slowly reduced for most and they become more acquainted with the 3 dimensional world and forget the real world they descended from; until a spiritual encounter awakens their consciousness again.

CROWN OF THORNS

When Stephen's crown energy center (Pituitary Gland-the Master Gland) was activated, the heavens opened to him. He saw the glory of God and the Christ standing at the right hand (hemisphere) of God; he had a vision and connected with the spirit world. He fell asleep to the natural illusionary world only to awake to the spiritual real world that exist in, around and through us all. The innocence and power to forgive as a child will cause the Christ in you to stand tall in service to humanity.

“Father forgive them they do not know what they are doing.” “Then Pilate took Jesus and had him flogged. The soldiers twisted together a crown of thorns and put it on his head.” John 19:1-2
KJV

“And unto Adam he said ... cursed is the ground for thy sake; in sorrow shall thou eat of it all the days of thy life; Thorns also and thistles shall it bring forth to thee. In the sweat of thy face shall thou eat bread.” Genesis 3:17-19 KJV

The thorns are associated with lack, poverty and things that cause pain and discomfort. This is where the crown of thorns, the effects of the *perceived* curse on Adam operating out of the serpent brain (fear) is transformed into the blessing of a Crown of life. Jesus (Yahshua) the Christ demonstrated this by allowing his accusers to place a crown of thorns on his head in mockery. This was showing how the Crown energy center (Spirit of Yahweh) has been suppressed and limited in mankind. Our lives have been a joke, compared to the way we were designed to live. The pituitary gland, which is a master gland, that energetically connects man to Super Intelligence was under the *perceived* curse until Jesus (Yahshua), the Serpent on the Cross (pole) absorbed it (by taking on the crown of thorns) and transmuted it into a blessing. Stephen (whose name means crown), in his vision, once again reiterates that Christ's ascension to the right hand is the ascension/transformation of the serpent brain, as Jesus (Yahshua) became the Serpent on the pole and ascended to the place of power, standing at the right hand (hemisphere) of God.

“Do not fear any of those things which you are about to suffer. Be faithful until death, and I will give you the crown of life.” Rev.2:10 KJV

“To him who overcomes I will grant to sit with Me on My throne, as I also overcame and sat down with My Father on His throne” Revelation 3:21 KJV

CHAPTER XIV

SERAPHIM

Throughout time and history, fiery flying dragons or giant serpents have been popular subjects for myths and legends on every continent in the world. They were often worshiped as gods or thought to be messengers and protectors of the gods. The fiery flying dragons somehow were able to unlock the destiny of humans, thus, causing a great shift in consciousness during those legendary times. The creatures were always somehow connected with releasing the latent God-powers in humans. In most of those legends the hero often had to tame or subdue the creature before peace and goodwill came to all mankind. Somehow the stories of fiery flying serpentine creatures or dragons found their way right into the Torah /Holy Bible. From Genesis to Revelation, holy prophets seem to have this interaction with these other-worldly creatures.

Seraphim (Seraph) means burning ones, to be set on fire, fiery flying serpents; dragons

We are given a description of these biblical creatures through the eyes of the Prophet Isaiah. They were serpentine as their name portrays, and they were able to fly and generate fire from within their being. Isaiah accounts this particular species had six wings, two covering its face, two to fly with and two covering its feet (mostly likely a euphemism for genitals). These creatures that he saw seem to be a hybrid of humanoid and serpentine, seeing that they had hands, recognizable genitalia that required covering and a human voice.

I think my favorite movies of all time thus far have been the Matrix Trilogy. I had just returned home from being on an extended ministry tour of southern Russia, when I was asked to go watch the first film. I remember leaning over to my friend, often whispering in excitement about the prophetic biblical parallels throughout the film I could clearly see. Plus, it had not been long since I had published my first extended article on “Serpent Brain” on the internet and sent out in hard copies. I saw confirmations one after another. That first lengthy publication served as much of the outline for this book.

I am sure that most people would think that Neo was the most important character in the movie; however, that is not true, although, he was very important. In the second and third installments of the Matrix Trilogy, a character is introduced by the name of Seraph. He’s an exile program that had once served the Merovingian (negative program-satan/ carnal mind). Seraph was approached by a female program called the Oracle (positive program-Prophetic Voice of God), to serve as her protector. Seraph revealed that his purpose is “*To protect that which matters most;*” that happened to be the Oracle, the most important character. He protected her by using *dragon kung fu*. Seraph was the guardian of the Oracle, the closest to her, as in all the ancient legends, myths and mentioned in your Bible. In the Bible and Hebrew history, there is a mysterious class of celestial beings that are translated only one time in the Bible by name; however, in a few other places the same Hebrew word is used. This mysterious Angelic Order is

called the Seraphim or Seraphs. They minister to God and on His behalf. They appear as Fiery Guardians of the Throne of God.

“In the beginning was the Word (Oracle).” John 1:1 KJV

In our western religious concept of serpents, we have been told that they are evil and represent satan. The 1st in rank in the Order of the Angelic are the Seraphim (flying serpents-dragons), followed by the Cherubim. As with the ancient myths and legends from around the world, we are told the Creator has these Serpentine Celestial creatures closest to the throne. Why would Serpents, reptilian dragon type beings be the closest to the throne of the Most High?

There are 9 classes of Angels (messengers) in the Angelic Order of celestial beings revealed in the Bible: Seraphim, Cherubim, Ophanim, Dominions, Virtues, Powers, Principalities, Archangels, and Angels. Could the ancient legends and myths have been true history?

“In the year that King Uzziah died, I saw the LORD seated on a throne, high and exalted, and the train of his robe filled the temple. Above him were Seraphs, each with six wings: With two wings they covered their faces, with two they covered their feet, and with two they were flying.

And they were calling to one another: “Holy, holy, holy is the LORD Almighty; the whole earth is full of his glory.” Isaiah 6:1-3 KJV

This is the first and only clear encounter with the Seraphim in the Bible. The prophet Isaiah was privileged to have this encounter and relate the story to us. Evidently, he knew what these creatures were and was able to identify them.

Isaiah’s name means Yahweh is Salvation, or Salvation from Yahweh (the Lord). However, instead of salvation there was a lot of correction and condemnation being preached by Isaiah prior to chapter 6. The things he spoke were not inaccurate, just out of balance. After seeing the Seraphim and the glory of the LORD; Isaiah shouted, *“Woe is me, I am undone, I am a man of unclean lips.”* Isaiah the prophet realized it was not just the people he preached to in the need of Holy Communion with the Creator. He then realized the people were only reflecting the *perceived* flaws and spiritual sickness in himself. In spite of the heavy anointing as the oracle, he was yet somewhat operating out of the old serpent brain programming of fear and condemnation.

The Ego (Serpent Brain) will never allow one to deal with ones own short comings; it is too fearful to look into the mirror, because it is much easier to point them out in someone else. Ego death is the most painfully scary and beautiful experience one could encounter. It is letting go and detaching oneself from what is familiar and comfortable to embrace the uncertain and unknown. When Uzziah (ego, that which you get strength and validation from) dies, the focus is turned to the inward mirror, the Word of God.

“It’s easy to see a smudge on your neighbor’s face and be oblivious to the ugly sneer on your own. Do you have the nerve to say, ‘Let me wash your face for you,’ when your own face is distorted by contempt? It’s this whole traveling road-show mentality all over again, playing a holier-than-thou part instead of just living your part. Wipe that ugly sneer off your own face, and you might be fit to offer a washcloth to your neighbor.” Matthew 7:3-5 Message Bible

“And why do you look at the speck in your brother’s eye, but do not consider the plank in your own eye? Or how can you say to your brother, ‘Let me remove the speck from your eye’; and look, a plank is in your own eye? Hypocrite! First remove the plank from your own eye, and then you will see clearly to remove the speck from your brother’s eye.” Matthew 7:3-5 NKJV

Then one of the Seraphim took burning coals to place on Isaiah mouth and said, “Lo, I have cleansed you.” Isaiah 6:7 KJV

There is a fiery Seraph of higher consciousness within you that guards all that is holy and righteous. It is the transformed Serpent Brain activated by the holy fire of God. It is released to minister to you at the moment of ego death. The first phase of this is to make you realized that you are clean; there is nothing wrong with you. You are not Un-done (anymore); It is Done (Finished)! The fear and false *perception* that made you feel unworthy and naked is gone; it has been consumed by the Seraphim’s righteous thoughts. God loves you. The fire of God has not come to annihilate you, but to purify you, the spirit of burning is a holy fire in your midst now.

The next thing is that Isaiah volunteered for a new assignment and then is re-commissioned after hearing the voice of the fiery flying serpent;

“Here am I; send me”... “Go and tell this people.” Isaiah 6:8-9

Again, this is the process of yielding and surrendering of the serpent brain, carnal mind, fear-ego “i” to the I AM that I AM. This is the transformation of the Serpent Brain, the reprogramming that is motivated by faith and love. This is the transformation by renewing your mind. It is the same mind that has undergone a transformation. The fire of the Holy Spirit and Word purges, cleanses and makes it possible to function and think as we were designed to. Isaiah saw a vision of Yahweh seated on the throne; the smoke of his glory filled the Temple as the Seraphim cried, holy, holy, holy, the whole earth is filled with his glory.

“And there shall be no more curse...” Revelation 22:3 KJV

This is the full realization that Christ has redeemed us, every part of us, even the reptile brain from the curse of the law. No longer does the metaphoric serpent have to slither on its belly. No longer do we have to live out of the lowest dust realm controlled by fear. But now the Serpent Brain is raised up, the brain/mind has been renewed, transformed and reformatted. It has gone through the 12 stages of consciousness and heard the 12 horns/messages of Initiation blast from within. At this point, it is the Fiery Flying Serpent (Mind of Christ) and the sole purpose for Seraph is to guard the Oracle (Incarnate Word).

Most of your life you have been looking outside of yourself for something or someone to help you or save you. We have all been trained by everything around us that our completion, satisfaction and fulfillment are in the hands of someone or something else. We have sought validation from family, friends, lovers, spouses, preachers and gurus. We have even looked to careers, education and material things to spark the fire of life within us. All that we have looked to have fallen short miserably and will continue to until it is realized; *I AM the one I seek.*

Your real identity is what matters most, not the assumed one based on your biological, religious and cultural make up. Not the one you feel you have to assume so that people will like you or accept you. Not the one that you assume to hide behind, fearing what you consider as flaws may be revealed. There is a prophetic word of destiny and purpose in you that's been threatened by previous programs running amuck in your life called fears, beliefs, people and lifestyles. There is also the Voice of God in you that may have been silenced until now but is waiting to roar out your destiny with power. I release that Voice to resound loudly throughout your being.

Some of us were silenced by religious people seeking to control our lives. You are free from that religious control, guilt and manipulation- today. Do not fear what man or woman can do or say, they can not curse what has been blessed. Some people have been silenced by family, lovers or people we had great confidence in. Take your power back and never give it to anyone again. You were not place here on the planet for abuse by those who say they love you. Today, you are released from that control and cycle of attracting abusive people to you. You are released from those toxic co-dependent relationships. Seraph comes to protect that word and promise that's been placed in you. The voice of destiny and purpose will always prevail when one totally submits to the Christ; *this is your true second coming.*

That Oracle, Seer, Voice of God is also symbolic of the Pineal Gland or Peniel; this is where you see God face to face, or in your own face. When Jacob had wrestled inward, outward, and upward to break away into a new dimension, his nature (name) was changed, as was his walk. He named the place or experience Peniel, for his 3rd eye was opened. (Genesis 32) His twin brother Esau that he ran from for 20 years and *perceived* as his Enemy, was no longer *perceived* as an enemy.

"I have seen your face, as though I had seen the face of God, and you are pleased with me.."
Genesis 33:10 KJV

Jacob was a very religious man. But Jacob could not see God in the face of the *perceived* adversary until he saw God in his own face. Then, he was able to realize there was really no adversary. How often religious people see their brethren of another religious persuasions, political party, other races, or ethnic groups as the adversary. We prejudice, condemn, and demonize based on a paradigm rooted in fear and ignorance. Jacob's *perception* had caused him to become his own adversary, looking over his shoulder in fear for 20 years. When the Serpent Brain/ Carnal Mind is transformed, that which has been *perceived* as an adversary is realized as God and devils become angels assisting you in your spiritual ascension.

Most snakes are nocturnal; even in your darkest hour the fiery serpent brain is able to see what others cannot see. Allow the mysteries of the kingdom within to be revealed during the dark seasons. Dream yet another dream, make bigger plans for your future, defy what medical science diagnoses about your body and be transformed. There is no more curse, there is no more enemy; be reconciled to your true Self, there is no more fear. The ancient people in the book of Numbers had to look into the face of the bronze serpent on a pole. It was *perceived* as the thing that was causing pain and death. You must find the courage to look into the face of anything that rises up within you to bring judgment, pain and sorrow or that comes from outside you. This is how you *over-come.*

Stop prophesying death over yourself. You are creating and giving permission for death to become activated and accelerated. Speak LIFE and Living. Think LIFE! I cringe when I hear people say things like; *"When I die," "We all have to die someday," or "I am looking forward to dying and going to heaven."* The serpent is a symbol of resurrection life and immortality; it is in this transformed experience that physical immortality is granted. It is a gift that 21st century believers have little understanding of. *"I have come that you might have Life..."* John 10

And the Serpent said unto the woman, *"You shall not surely die."* (Genesis 3:4) KJV

All of the ancient serpent wisdom and knowledge latent in your brain stem will become activated as the coiled serpent energy (anointing) crawls up your spine, igniting your Limbic Nerve System and exploding through your Neo Cortex and frontal lobes. Biological chemicals, hormones and neurological signals will alert your DNA to activate and function as it did prior to Genesis chapter 3 *Genetic Fall of Humans*. The double helix, double serpent will be completely reformatted as this new programming is copied onto all 60 trillion cells throughout your body. The DNA scroll of 7 energetic seals will be broken and read plainly. This should be the goal and expectation of spiritual people.

"Lo, I come in the volume of the scroll (DNA) that is written about me." Hebrews 10:7, Psalms 40:7 KJV

In a moment, in the subatomic structure of your being, in the wink of an eye you shall be changed, transformed, metamorphosized. That body of frailty and mortality will be raised up into glory, your spirit, soul and body shouting holy, holy, holy. The mis-sequencing, mis-information called missing the mark (sin) shall begin to communicate in proper sequence with fresh light information on the targeted genetic markers. That is the end of "sin." Thus, your Silent Sirtuin Genes will awaken, communicating loud and clear the message of life and longevity throughout your body. A nuclear explosion of energy shall burst forth at the cellular level that will cause your dying, aging, tired, crippled, deformed body to be swallowed up into LIGHT. Your temple light-body will be filled with the glory of God; all of your flesh shall see and experience it.

"I have come that you might have life." John 10 KJV

"The last adversary to be destroyed is death." 1 Corinthians 15:26

See God, goodness, and love continually, hold that frequency (image) in your face, behold it in the face of all that is *perceived* as an adversary, even death; and you can not physically die.

RESTORED ABILITIES

As we swiftly journey closer to the end of the age and into the new day, there will be many noticeable changes globally in humanity. I have listed some of them below that Spirit revealed to me when the outline for this book was first given around 1998 or so. We that understand the truth and the power of repentance, which is changing and transforming the mind; will enjoy the extra benefits. However, all over the planet, phenomenal experiences will be taking place among those who are considered to be spiritual and even those who may not be considered spiritual. This will transcend religious and doctrinal beliefs, forcing many to re-think their theology. All of humanity is connected at an energetic level and is part of the same Super Consciousness. The power to transform the serpent brain is available to all and will affect all.

The reptile brain does not dream in the present non-transformed state. However, through the coming transformation process; there will be an increase in clear prophetic dreams and even lucid dreaming with lots of activity stemming from the *Neo-Serpent Brain*.

* **LUCID DREAMING**-The dream-world will become very interactive for many and at times link others together from a distance. Many will find themselves having shared-dreams, each having a part that will fit together to solve problems and answer puzzling questions. There will even be scientific studies of these phenomena. Groups of people will come together in consciousness at the same or separate physical locations to purposely dream and see the past and future. It will be similar to Remote Viewing but in Lucid Dream states.

Further, an ability will be developed out of the lucid dreaming state that will actually allow one to physically-literally interact with what is being seen in the dream state to the point of actually bringing tangible-material things out of the dream/vision state into this world. Things of the past, present and future will be retrieved and verified.

* **GIFT OF VISIONS & PROPHECY** - It will become very hard to hide things or easily deceive others as the gift of visions is restored. There will be a release of the Seer Prophet anointing as the modern world has not seen. Criminal cases will be solved swiftly as even Law Enforcement embrace the forensic prophetic abilities. Some will be able to clearly see and read the energy field of people, animals, and plants. In great details, will events be revealed through plants, animals and objects. Detailed accurate prophecies of things to come will be uttered by the mouth of inspired oracles both young and old.

* **X RAY VISION** -The ability to literally see right through (x-ray) people and objects shall become normal. This method will be used to diagnose many illnesses correctly with wisdom to treat and heal them. This spiritual technology shall become extremely popular, especially in developing nations.

* **TRANS-DIMENSIONAL VISION** -As the pineal gland is decalcified and re-activated, we will break out of the limitation of only seeing the 3-Dimensional world and will see into the many other dimensions existing all around us. In the Book of Revelation Apostle John saw creatures that had eyes within and eyes without. They are the Orphanim. This represents the coming ability to see into other realms and dimensions at will and interact with them.

*** ANGELIC & ALIEN ENCOUNTERS**-We will walk where angels walk. The walls of dimensionalities will be broken down and interaction with the angelic, crossed-spirits and beings from other planets and galaxies will become the norm. The galaxies and multi-universes await the complete restoration of mankind to its right mind. Humans and angels (what some call aliens) are destined to work together to restore the planet and our solar system.

***TIME TRAVEL**-Time travel and trans-dimensional experiences shall become the norm for many. Portals and vortexes will be created and opened allowing the ability to move about freely in and through time. In reality there is no time, there is only NOW. The past-Now, future-Now and present-Now all exist in the now-Now.

***GIFTS OF HEALING** - Gifts of healing and miracles like the world has not seen will flow through us as fear is completely overcome. The mature love of God coupled with compassion shall make what is termed supernatural natural. Healing by thought frequency, sound frequency, spoken word and laying on of hands will not be limited to “the healers.” Creative miracles of amputated limbs and removed body parts will be restored – it will no longer be hidden or disputed, all will see it. Extreme deformities, muscular, brain and nervous disorders will be instantly healed, causing many to turn to the Living God. People that have been dead and even buried will be called back to life, as supernatural powers are restored to those who believe. Secular media won't be able to overlook or discredit the awesome works of the Almighty.

***WONDER CHILDREN** -Infants and children shall display paranormal abilities and wisdom beyond their age. Because they have virtually no fear or false *perceptions* about the universe it will be easy for them to naturally remain connected to the realm from which they came. Their crown chakra will remain open. They will be performing feats of telekinesis, levitation and creative miracles. A giant leap in consciousness will take place that surpasses most adults at that time. The prophetic Scripture will become fulfilled, “*A young child shall lead them.*”

***TELEPATHY** -The higher abilities of telepathy (the ability to communicate mentally without speaking words, even at a great distance) will be common place. Humans will realize that most of our form of communication in speech originates in the left brain hemisphere (western form), which is the lowest form of communication. The highest form of communication is using thought frequency, conscious or unconscious. This form of communication is activated by the neo-fiery serpent brain (Seraph) out of the right brain hemisphere (eastern form)-when Christ sits or stands. The brain and mind is subtly being prepared for this through the modern technology of internet and cell phone communication – the communication using partial words, symbols (smiley face, sad face, hearts, etc) are linking us back to our highly advanced ancestor that used hieroglyphs. However, before hieroglyphs and cuneiform, thought was the universal language and needs no interpreter.

***TELEPORTATION** -This is the ability to physically move from one place to another at the speed of thought or at a lower speed. Jesus the Christ manifested this ability before and after the cross. When the fearful religious leaders tried to throw him over a cliff, he was able to move right through them in the invisible realm and they could not touch him. On another occasion, he was able to teleport himself and a ship filled with his disciples to the other side of the lake. Finally, after his resurrection he appeared in a room without opening a door. (I have experienced

teleporting and know it to be true.) As the R-complex is transformed, this mode of transportation will happen at will. This form of transportation will not be limited to places on this planet.

*** ACCELERATED LEARNING & WISDOM** -There wont be a need to study and gather information and knowledge in the traditional sense. Just by holding an object in the hand or a book, all of the information will be almost instantly absorbed or downloaded. In reality, all of the knowledge of the cosmos and all that exist is already within us; books, information and objects will only activate what we already know within.

*** PLANETARY TRANSFORMATION** -Through angelic technology and new sciences that will be developed, coupled with the power of the Spirit flowing through individuals, the planet shall be restored. The DNA of the planet shall be reformatted to respond to thought, musical sounds and spoken words. Barren land shall become as the Garden of Eden through the manipulation of sound technology, and spoken word, hunger shall be eradicated. The animal kingdom, vegetable kingdom, mineral kingdom, insect kingdom and even the microscopic kingdom shall be brought back into balance during this planetary transformation. Creation will again respond to the higher consciousness of the transformed mind-Christ mind in motion. We will have a new earth and atmosphere, as angelic technology is released. They and all creation are waiting for us to grow up in love and overcome fear.

*** DIVINE HEALTH & WHOLENESS** -Divine health and wholeness will be restored to humanity. It will be shocking to hear of someone dying less than 100 years old. Many shall enjoy a healthy life for 200, 300, and 400 years. The aging process will be greatly slowed down, reversed and eventually stopped. Someone 100 years older may only look like what we now *perceive* as 30 years old look. Some who have aged according to this out of balance fear driven culture, will have the ability to reverse the aging process and even to *shape-shift*.

Detachment from what we know of as age is the first key-refusing to utter a number that is beyond 30, unless it is absolutely necessary. Numbers hold a vibratory frequency based on what it is *perceived* to be or look like. If you think the number 40 as in age is suppose to look a particular way and the people you are around think that; your face and body must manifest that reality that you and others have created and projected on to you. Aging is an illusion created from the old serpent brain. It is the facial and body expression of hidden worries and fears..that can sometimes be a result of transferred genetics-known as “premature aging,” or accelerated aging.” The fact is, we are all ageless, immortal and eternal beings...Spirit can not age, it just IS.

The list of restored abilities above are only a few that most can readily identify with; however, there are many more that most have never even imagined. As the inner Seraph becomes fully activated and mankind returns to the unlimited being he is, he will only think and it will become. This is the creative force of the Creator functioning at its optimum level. There are no needs and there is no lack.

“The people that do know their God shall ACT “ Daniel 11:32 - I ACT. If your eye be single your whole body will be filled with light. It was the Serpent on the tree that seduced the mind and it was the Serpent on the Cross (tree) that set the mind (soul of humanity) free. Let this mind be in you which was also in Christ Jesus.

Shed the skin of fear, anxiety, frustration and all that is negative; there's a new snake skin garment of faith, patience, power, peace, joy and love manifesting from within. Allow the scales to fall from your eyes as Apostle Paul did on the 3rd day; this is the 3rd day for you to be resurrected into a new life.

“And he was three days without sight...And immediately there fell from his eyes as it had been scales; and he received his sight...” Acts 9:9,18 KJV

“Beloved, now are we the sons of God, and it does not yet appear what we shall be, but we know that, when he shall appear, WE SHALL BE LIKE HIM...” 1 John 3:2

12 HORNS OF INITIATION

*Twelve cones extending from the looking glass in the shapes of horns
In sacred geometry sounding the melody-I have been re-born
From the looking glass I now see
All that creation is meant to be-*

*Sounds of life frequencies blasting inside my brain
Exploding horns of initiation to bring me to another plane-
Summoning me yet deeper to an internal unknown route
Warning me if I don't go within I will go without-*

*12 horns, 12 pairs of nerves vibrating the senses in my cranium
24 Elders sounding in harmony to create divine equilibrium-
From my serpent brain stem, the Vagus nerve does wander away
Around the atlas to show the mystical ancient way-*

*Twelve dimensions of healing and power all around
Playing this inner sacred music in surround-
Angelic notes that can not be heard from without and duplicated
Only heard by those who are initiated-*

*It's the eternal song of our formation and liberation
The spiraling chorus of our illumination and transformation-*

ABOUT THE AUTHOR

John Lewis lives in the Southwest the of USA. He is an internationally known speaker. He's traveled extensively throughout Europe, Asia, Africa, Latin America and North America, conducting conferences, evangelistic crusades and humanitarian works. He was called of God as a young man with a strong prophetic word to the nations. His call is simply to proclaim the good news of the kingdom of God and a loving Creator. His message assures us that the Father has provided salvation/enlightenment for All. His desire also is to make known the mysteries of God, in the light of present truth understanding.

John has written a few other prophetic mystical books, "Secrets of the Cherubim - A Journey Into the Heavens," and "TribeOscope - Christian Alternative to Secular Astrology." God has blessed him with insight and revelation knowledge on biblical subjects not explored by most Christians. Through understanding symbolism, scripture numerology, ancient Middle Eastern customs and science, he paints a clear picture that brings the Word alive and relevant for this time. He also proves how true sciences only confirm the Bible. His passion is to bring the Body of Christ beyond the 4-5 spiritual laws and elementary teachings about Christ, to a point of experiencing "daily fresh manna," "the mysteries" and the supernatural that produces spiritual maturity.

BACK COVER

Powerful, liberating, and deep! A bold witness of the awesome hand of God. Prophet John Lewis takes us beyond the scientific explanation of the human brain to a critical awareness of its psycho-spiritual relevance. Truly a missing link! This is a captivating revelation on how “perfect love drives out fear.” Expect to be changed!

My initial spiritual encounter with the Almighty God was in the western Christian tradition, a Pentecostal Church. I am grateful for the basics I learned there. However, much of the focus of my spiritual experiences were externalized. Most of the *perceived* problems could easily be blamed on a force outside of me; a dark entity that seemed to track my every move and was bent on wrecking havoc in my life. In other words, I did not have to take full responsibility for my actions and experiences due to this sinister force.

You are about to discover that the Serpent in the Garden of Eden was also a metaphor for the serpent IN you; actually it is called the *R-complex* or *Reptile/Serpent Brain*. This is the carnal mind; where all your base emotions, things *perceived* as negative and death stem from. Fear is what activates the ancient ritualistic survival programming that creates the chaos in our lives. In spite of the thousands of years of programming, there is a way out.

- * Could what religion call “sin” be a genetic mis-sequencing?
- * Are we due for planetary transformation?
- * What if the Christ is sitting at the Right Brain Hemisphere of God, instead of on a big chair in space?
- * An Activated Pineal Gland and transformed Serpent Brain will restore physical immortality and the multi-dimensional light-body (glorified body)
- * Rediscover Eden within – you never really left the Garden.
- * Release your fears and experience the power of love that comes after ego death.
