The Secrets of the Cherubim are summed up in understanding the wheel within the wheel of life and the varied expressions as seen in the spokes of the magnificent wheel. The spirits of those magnificent Cherubim are in the wheel, forever turning; they only follow after the Great Spirit. The Great Spirit is that invisible life-force that exist outside of human reality, through human reality and unconsciously as human reality. The spiral of life deep within only leads upward to connect with all that you are on every plane of existence. Your journey into the heavens is not outer space, rather it is Inner space.

Man is spirit, soul, and body. You are Sun, Moon and Constellations, expressing all that the eternal heavens declare on earth. There are Guardians and Keepers of the sealed secrets encoded in our consciousness and DNA, allow me to introduce you to them. As the seventh angel sounds his trumpet within, all will be revealed.

**“He parted the heavens and came down; dark clouds were under his feet. He mounted the cherubim and flew; he soared on the wings of the wind.”** Psalms 18:9-10

Come take this journey with us.

## ACKNOWLEDGMENTS

**M**y mother, Clara Lewis-Jackson often encouraged me to write and make available to the public what she called "hidden manna" before her passing to the other side. Thank you. I finally did it. However, I can not take total credit – We, the Cherubim and I wrote this book.

Around the year 1999, following a teaching session on the "Order of the Cherubim" at our *Mystery School*, something wonderful happened. At that particular time, we were gathering on Friday nights at DayStar's house in Bellevue, Washington. There was such a move of Spirit among the 40-50 people or so which were gathered that night. Marjorie Bjorkstam, one of the Initiates (disciples) came to me and held my hand; she pleaded, "You must put this in writing, the Body of Christ needs this." At that point there seemed to have been a release, or impartation of grace to write this book. A few weeks later I began writing the contents of this book, using my notes as an outline for some of it. Thank you Marge.

I appreciate all those that have had an ear to hear what the Spirit has been speaking through me over the years, and those of you that encouraged me. Also, to those of you that were exposed and initiated into a deeper spirituality, the Upper Room *Mystery School* that met at my house usually on Saturday's, when I was in town. The many that came from literally around the world to hear and receive in those days. To Bright Capella DayStar for her countless hours of dedication editing and doing the layout for our first rendition. Thank you for your constant encouragement to get it done.

(I have replaced basically all of the images from the 1<sup>st</sup> edition put together around year 2000 with new images. Plus, we have a new cover. My sister and friend Lucy Ray (light-light) of Maryland was able to capture what I envisioned many years ago for the New Cover for "Secrets of the Cherubim," actually, she went beyond what I anticipated. Thanks Lucy – It's beautiful and the Cherubim thank you also.)

Great appreciation and thanks to the many unnamed individuals in this world, and those working with me on the other side. Finally, without the Holy Spirit, we could do nothing.

## PREFACE

This is a book and manual for life, the life that exists in a realm beyond what is perceived by the masses. The contents are a culmination of revelations, visions and messages that have stirred within my spirit for some time. I am sure that as we connect the dots, many questions about spirituality and the mystical aspects of Bible will be answered and many of your thoughts will get confirmed within you. Ultimately, on this journey, we will bring you back to the main point.

(The first publication of this book was written in a unique prophetic way. Spirit told me to have the beginning start on the last page, one would have to read from back to front. “God declares the end from the beginning.” Many of you will remember that. It was similar to reading the Bible or any book written in the many Semitic languages – right to left. One of the purposes was to activate the right brain hemisphere.)

The contents of this book deals with subjects that have not been greatly explored by organized Christianity and considered taboo. However, all of the contents can be traced to the Bible and history by dedicated students of the Word. The purpose for this writing is to Edify, Enlighten, Educate, Empower and Free the minds of many that are in religious bondage. We give you permission to Think, without being told what to think.

Those who have locked themselves into a limited religious mindset may not be able to hear the secrets and fully grasp the essence of them at once. The secrets are not a new revelation, they have existed from beginnings. The prophets, sages, and wisdom people of all cultures and religions have spoken them in various terminologies. We call them secrets because few today have heard them or desire to hear. However, they may be new to those that would venture beyond the physical. This is not the type of book that one could read through once and grasp the insight and taste the hidden manna, rather, it will become a manual for life in the Spirit. You will pick it up and put it down many times, as the spirit beneath the words of this book call to you. Meditate and chew thoroughly on these words of life which are coded with layers of meanings.

Concealed beneath the letter of the words, the Spirit speaks to bring life and enlightenment to those that have an ear to hear. You are summoned and challenged to go beyond the elementary doctrines of religion and become one with Him. The secrets are for All, who are contemplating the path of spirituality and seeking full illumination.

I have had out of the body experiences since I was around age 14 or 15. During various times in my life, I could leave the body at will to travel and see accurately what I wanted to see...anywhere. From the very moment I started writing, I seemed to have made contact with the Cherubim. A mantle from

the Holy Spirit came upon me and I found myself being raptured out of the physical each time I sat to write. At times I was taken out of my body; as I felt my spirit soar through the heavens and my eyes beheld the constellations. Other times, I found myself conversing telepathically with the Cherubim; as they appeared before me in their glory.

Once I decided to obey Marge's plea/request or demand to write about the message, "Order of the Cherubim," revelation, inspiration and encounters happened each time I quietened myself. The message evolved and took on a life of its own...totally different from the perspective I thought I would write from. I had just expected to write about all the instances there were mentioned in the bible. ***You will find much of this book is written from the perspective of the Cherubim. It was as if they channeled this message/book through me, as they appeared.*** It literally became a journey into the heavens for me, with some encounters and experiences I have shared with only a few. I pray that the same happens for you, as you read and meditate on the words. I pray they manifest to you, if you are prepared to see them.

A Spirit-inspired poem or prose filled with mysteries and prophetic clues about the following chapter precedes most chapters. Spirit download these to me while in meditation. As you meditate on the affirmations, your desires will be realized. I expect testimonials of healing, miracles, enrichment and enlightenment to manifest in the lives of those who read and understand.

We invite you on a journey from flesh to spirit, the earth realm to the heavens, time space to inner space-time and the visible to the invisible. This is a discovery of the possibilities of what happens when the seals are broken off ones life, the scroll is unrolled and the mysteries are revealed. It is a realization of the things you already know, but may have not realized yet. Listen to the wings of the Cherubim, as we get caught up to ride this circle of life that exists within the Circle. It is the wheel within a wheel spiraling upward. As we visit the ancient ones and the history they left, our destiny will become clearer.

## CHERUBIM INTRODUCTION

I sat in deep meditation, swaying, soaking and waiting for the Word of the LORD to come to me. The prolonged fast was going well and there was no more hunger. They began to appear, as on a TV screen and introduced themselves. It was almost as if I had somehow unconsciously summoned them. I say that because it felt as if I had been waiting for that moment, yet not knowing it. At first when one spoke, it was as if they were all speaking at the same time. I wrote quickly what I heard them say in various tones/voices at the same time. (This book/revelation was handwritten originally).

“Space, the mysterious void: the great beyond that holds the secrets of all life on the planet. This is where we, the Cherubim dwell yet guarding the ancient mysteries and secrets from the undeserving. But yet transcending space, time, and matter; revealing them only to the initiates that would dare follow the Way, and go pass the Flaming Sword.

We cannot be approached with the technological advances of man, nor will we listen to the modern rhetoric of religion. However, deep within the consciousness of man, and out of his innermost being will flow the passwords, granting him the rite of passage. Thus, he will learn the Secrets of the Cherubim and gain access to the Tree of Life. Here, we will only give you clues, words and phrases to activate the secret ancient wisdom conceal beneath layer of illusions, labels and misidentities, which you have accepted and made your own. *“To him that overcomes,”* shouts the Eternal Voice; it is he that will have the rite of passage to the Tree; that we appear to guard.

The Secrets of the Cherubim are concealed in the “way of 4.” It is the mystical four levels of spiritual learning taught by the ancients, the 4-Faces of your seasons, and experiences that complete the cycle of life. And it is the 4 Divine Directions that bring you to the Sacred Seventh Direction.

Concealed in the Zodiac symbols also lies Divine knowledge to unlock you, which surpasses modern day astrology, dating back to beginnings. Clues and codes were demonstrated in the naming of the sons of Jacob. We Cherubim stand 90 degrees apart guarding the knowledge of immortality and divinity; yet beckoning to the sons of men to come near.

We have been commissioned by the Creator not to rest until all creation has learned to unlock the Secrets of the Cherubim. At that point, heaven and earth will again kiss, the visible will become the invisible, and the invisible will again become visible. The twenty-four around the equator of the heavens will bow in worship, and Us 4 along the ecliptic circle will then shout, 'AMEN!'

Amidst the evolution of modern technology and the phenomenal achievements of the western world, the flutter of the angelic resounds deeply in the consciousness of your society. An aire of mysticism,

and the supernatural can yet demand the attention of the most analytical faithless. From some of the most unlikely people you have heard chilling stories of them experiencing the presence of unseen others; especially in critical situations.

Your major Magazines, TV Networks, and Talk Shows captivate the audience of millions, as they challenge your left brain society to consider the other side. As you enter the new millennium, there seems to be an under current of fear forcing modern man to return to a belief in the angelic. Hollywood has not left you alone in the past decade, creating box office hits one after the other, allowing you to experience your belief in a safe environment. And countless millions religiously watch the made for TV show, "Touched By An Angel" weekly; crossing all religious and cultural barriers. Everyone seems to be left with a renewed feeling of some type of communication with the Creator. Greeting cards, post cards, posters, and crystallized figurines of angelic beings seem to find their ways into your homes and offices. The angelic seems to have made a come back in this, your 21st century."

\*\*\*\*\*

\*\*\*\*\*

From early adolescent I seem to recall a strong interest in the unexplained, possibly brought on by what I considered supernatural occurrences in and around my life beginning at that time. I was always fond of the idea of Cupid, the little pudgy blindfold winged baby, with a bow, and a quiver full of arrows. Then there were the cute classic angels, standing majestically, sometime favoring one leg, slightly turned haloed head; with extraordinary wings. I am yet entranced by this androgynous art.

In Hebrew thought many classes of angels themselves are anthropomorphic, human-like without wings. It was not until around 6 century BC that angels actually grew wings; this was based on the strong Mesopotamian influence. What I mean by that is, there seem to have been a shift in consciousness – beings seem to be appearing with wings. During this time in the Persian Empire there was a spiritual revival and the Prophet Zoroaster was its leader; this later became the religion of Zoroasterism. Iconography, art, and writings became popular of angels sporting wings, this idea was adopted and accepted until this day. Keep in mind, not all those who are of the order of the angelic sport wings. Some of the art was based on the overactive imaginations of artists.

In Hebrew angelology, there are at least nine classes of angels. Angels are messengers and we are sure there are more than nine classes or races of them. Cherubim are the class of the biblical angelic we wish to examine here. In contrast to angels, Cherubim are more so zoomorphic; animal-like appearances with wings. They are the first of the classes of angels mentioned in the Bible; however, the highest order mentioned are the Seraphim. In some of the Hebrew traditions it is stated that, "*The winged Cherubim on the Ark have the faces of an innocent boy and girl. The Cherubim represent Peace, Love and Innocence; they also represent Destruction and Mayhem.*" Midrash

I surmise that all of humanity will have an angelic encounter. As the mind of mankind evolves, we will realize that we have come full circle. For the knowledge which the Cherubim would impart will only be a reminder that we have crossed this path before. And with the knowledge of the Cherubim, we shall once again join the great host, and be likened unto those immortal creatures. Yes, even those that stand in awe around the Eternal Cosmic Throne crying, "Holy, Holy, Holy."

### **THE CHERUBIM WISDOM**

Use the Secrets of the Cherubim to remove the holographic images projected from the duality in the human mind.

Cherubim means imaginary; the imagination, thoughts, images, emotions that are not real. Cherubim also means guardian and innocence. Allow the wisdom they share guard your mind from deception and everything that exalts itself against the knowledge of God. You will have to listen and hear with your spirit ear to catch the multi-layered essence of their encrypted words and clues.

### ECHOES OF EDEN

“So he drove out the man; and he placed at the east of the Garden of Eden Cherubim, and a flaming sword which turned every way, to guard the way of the tree of life.” Genesis 3:24

What is an **Echo** - a sound or series of sounds caused by the reflection of sound waves from a surface back to the listener. A close parallel or repetition of an event.

This is the first place where we are introduced to these magnificent creatures. The manifestation of them on the physical plane is only an expression of what the heavens record. However, in our first encounter with the celestial beings, they appear to be very defensive. This story goes back to antiquity, and has been recited countless times by every civilization on the planet in various forms.

On the 6th day of creation, God made man in his own image and likeness. He placed him in the Garden of Eden eastward, and gave him dominion over everything. Adam was literally a physical manifestation of God (Elohim) in the earth; he was called the son of God. He was placed in this seemingly perfect environment, but in the middle of this environment stood two metaphysical trees; the Tree of Life, and the Tree of Knowledge of Good and Evil. Adam was told that he could partake of all the trees of the garden, except the Tree of Knowledge of Good and Evil. “...*For in the day that you eat of it you shall surely die (dying you shall die).*” Genesis 2:18

Because God thought it was not good for Adam to be alone, He put him to sleep and took the counterpart of him out and presented it to him as woman (womb man) Eve. They together experienced the bliss of Eden and their communion with the Creator, until we are introduced to the serpent. Somehow this beast of the field had wiggled itself into the Garden. With its subtlety, convinced the happy couple that they were not Elohim; and that only by disobeying the Creator would they become as gods (Elohim). In their state of innocence and naivety, they ate the metaphysical fruit, and their eyes were opened as the serpent contested. But they were not prepared for the horror the physical limitations held. Instead of becoming as gods, which they already were, they became hewed man (human). The beings of light had lost their light bodies and were lowered into a much lesser expression of the Creator.

Let's look beyond the literal narrative of this story for more understanding. Realizing that the Creator did not put a literal poisonous tree in the Garden, as we would think of; there must be something deeper. We understand that Eve and Adam partook of soul knowledge within themselves, which was in opposition to the knowledge of the Spirit. This information from the reptile brain or carnal mind produced the concept of duality, thus, making man unstable and causing him to fall from a higher state of consciousness.

As the LORD (Yahweh) God came walking through the Garden in man, in the cool (spirit) of the day, or day of the Spirit, He calls out to Adam. Where are you? He's hiding from the Presence he once adored, he's afraid of the Voice he once loved to hear. He was naked; the light body of glory had been swallowed up in dying flesh. Adam blames Eve, Eve blames the serpent, the serpent is the only one exerting the wisdom of silence, and blames not even, God.

Was God really looking for Adam? Since the Creator is Omniscient He knew where Adam was, but Adam needed a reality check to see his fallen condition. Why did the Creator place man in this environment, knowing that he would appear to fail? What humans perceive as failure, may be success to God. Then what was the purpose? What is the purpose? God's time is not like our time. He has this elaborate plan to raise up all of creation over a period of 7000 years according to man's time. Humanity would be given the opportunity to develop into a Perfect Man over a period 7 days, equal to 7000 years.

This was not about an experiment gone wrong by a Divine Being deciding to do some testing on a new planet. This was not a trial and error; learn as I go project by the Creator. The Creator was aware what it would take and how long it would take to develop the God-specie he desired. What may have appeared the result of a rebellion in heaven, with God's archenemy Satan... What may appear as him winning rights to the planet for 6000 years through deceiving man...Was all part of the Plan. God has no enemies. *"The earth is Yahweh's and the fullness thereof..."* Psalms 24.

Adam was a seed sown into this planet, the purpose was to bring forth multitudes of Adam. What appears as a failure in the Garden of Eden, was only a part of his evolution. However, before his evolution, it was necessary for him to have an involution.

The Creator is Spirit, and can take on flesh-looking form at will, but in essence, He's Spirit (energy). Adam became the expression of that Great Spirit in soulic and physical form. The beginning stages of his development were to take 4 days in God's time, 4000 years human time. *"One day with the Lord is as one thousand years."* 4000 years from the time of Genesis 2 - placing Adam on the planet, a second Adam arrived, He was also called the last Adam, Messiah, and Jesus the Christ.

This last Adam was to cancel and replace the first Adam, for he had served his purpose. This was the beginning of the second stage, which was to last 2 days God's time, or 2000 years human time. The new Adam was to show mankind the Way back to Eden. His suffering, and death signified an end to the first Adam, and all that the Adamic race had suffered. His resurrection signified a new beginning for the new creation, Adam man. It was the fruit of the tree that brought death to Adam and his descendants in a Garden called Eden. It was also another Adam in a Garden called Gethsemane submitting to Universal Will and later dying on a tree that brought life to the last Adamic race.

No longer would mankind have to cover himself with the fig leaves of man made religion, traditions, and external laws. Rather, the blood of the Sacrificed One would not only cover man's shame, but also blot it out, and thoroughly wash it away forever.

The third stage of Adam's development is what I call, "the echoes of Eden." Eden means, the moment, spot, pleasures, place of abundance, bliss; heaven. This is the only environment where Adam can express all that he really is. It is the experience within man where the Presence is most intense, it is

the portal to the invisible world. In this experience one is not waiting to go to heaven, rather, heaven comes to him. This is the "G-Spot"! It is only here where the Glory and worth of humanity can be totally appreciated and realized.

The first phase of the echoes of Eden will last 1 day God's time, 1000 years human time. The completely evolved new creation company of Adam will stand in the Edenic Consciousness again; not as one person, but multiplied millions. This is beginning to happen 6 days in God's time from Adam. Just as the first Adam was created on the 6th day, so is this multiplied new creation Adam being formed in the evening of this 6000th year from the first. Man was created in the 6th day to live in the 7th day, and this time he will remember to keep it holy. Mankind will once again cease from his strife, hatred, and violence as he goes by the way of the Cherubim through the flaming sword and learn their secrets. It is through this 4-Faced path that once appeared guarded, that now woos mankind to come eat of the Tree of Life freely.

Cherubim means guardian, imaginary figure.

The Cherubim voices speaking in unison then said this to me. "What is it that has kept mankind from partaking of the Tree of Life within all these ages? ***Is it not his Imagination?!*** It is the breach in his consciousness that has caused him to see himself apart from his Creator. When he ate the metaphysical fruit of soul knowledge, the realm of imagination (vision-visualization, prophetic insight) became distorted. Thus, the inner turmoil was projected outside himself and he has imagined vanity. The world as he sees it today is only a holographic projection from the double mind of Adam that perceives good and evil.

Man's imagination and distorted image of himself must be cast down and brought into obedience to the true image. The holographic projection on the screen of mass consciousness can only end when humanity turns the focus within. The 5-sense realm of the soul affected by the outer dimension will then surrender its power to Spirit. At this point the imaginary figures will not appear hostile, rather, we the Cherubim, will cause mankind to again hear and experience the Echoes of Eden."

## ***REBIRTH***

*The growling from the depths of my solar plexus  
a dateless craving that cannot be satisfied  
in fetal position time and time again*

*Images and silhouettes fill my head  
phantoms haunting me of a past I do not remember  
sacred words that were said*

*A hunger for the birthing of myself  
complete and fully formed  
shall be found in me and nowhere else*

John Lewis

## Chapter 2

### **ANCIENT DESIRES**

**F**or the past more that 6000 years, since Adam and Eve were evicted from the Garden of Eden; mankind has exhausted every method to return. We seem to be programmed on a much deeper level with information that manifests these desires in our conscious mind.

I am sure that the Garden of Eden was a literal geographical area, however, “eastward,” where Adam was placed I feel was more so a state of being. In that dimension where Adam existed within himself, he was complete. He walked in spirit, as spirit with a physical form. His eastward experience speaks of new beginnings, a new day, enlightenment, and development.

His expulsion was like a birthing process through the long canal of darkness, to eventually see the Light again in a different spectrum. However, all must return through the tunnel of darkness to become one with the Pure Light again that awaits at the end. Some will experience the tunnel as physical death, others will experience it as a tunnel of suffering or discipline to overcome death.

## DIVINE HEALTH

*"Worship the LORD your God, and his blessing will be on your food and water. I will take away sickness from among you." Exodus 23:25*

For the past 6000 years man has tried to no avail to attain unto what we will call divine health. There have been many masters, prophets, and sages that experienced success in part. In our society, there has been an obsession with health and healthcare. There seem to be this intrinsic knowledge that we were not created to be sick and diseased.

In spite of all the lotions, potions, herbs, holistic approaches, science, prayer, and medicine; our thousands of years of accumulated knowledge struggles to defeat the common cold. Even with our most recent science of cellular and genetic manipulation, the crier shouts, "You must learn the secrets of the Cherubim."

Everything within lets us know that we should be whole. Sickness and disease are aliens, they don't belong. We as a society will continue to make great strides in our quest to be whole, but true wholeness will come when we enter back into the Garden eastward, where the Cherubim are. I am not alluding to experiencing physical death and going to a place called Heaven. Rather, it is dying to the lower self, and allowing the kingdom of heaven to come to us. *"Thy kingdom come"*! When we are filled with Spirit, sickness and disease are transmuted into healing and health; thus eliminating the need for the warning system we call pain.

This is what I heard the Cherubim say. *"What is disease? Is it not that which makes you uneasy; disturbance or disruption of the normal function of the body? It is the blockage of life (spirit/energy) flowing to a particular part of the body, or an organ. This results in deterioration of that member, thus, affecting, straining and polluting the entire body, and ending in death.*

*Thoughts, words, and actions are the sum total of disease and all negative experiences to the physical man. Thought is the genesis of all things, whether consciously or unconsciously. It is the most powerful vibration in the universe, as a person thinks so he becomes. It is the great Cause of all that effects the physical and material plane. Negative thinking and fear will create roadblocks throughout your internal road atlas, thus, hindering the flow of life and bringing you to a sudden dead end.*

*When a thought is conceived, by adding emotions and imagination, it is then formed into words. Words are the second most powerful vibration set forth. Once they have left the vocal cords and mouth, the law of attraction will fulfill that which has been ordered. Whatsoever you continue to say it will be. These words give power and form to the thoughts, which become symptoms and physical manifestations. But how can this be, you question? The very air (breath) that is used to form words is the same breath that spoke the cosmos and all there is into existence. And He*

## Secrets of The Cherubim

*breathed into man's nostrils the breath of life, this creative breath is what you have created your personal world with. Therefore, what one imagine and speak about himself must manifest on the material and physical plane.*

*As words are formed and developed by repetition, they become actions. Actions are the expressions of that which was hidden in the conception chambers of thought, and further developed, and given life to by the words spoken. They are the end result, the birthing. On this level one is forced to be responsible. Can one expect to violate his temple continually without it crying out? How can a constant diet of dead matter and other toxins support the divine life within?*

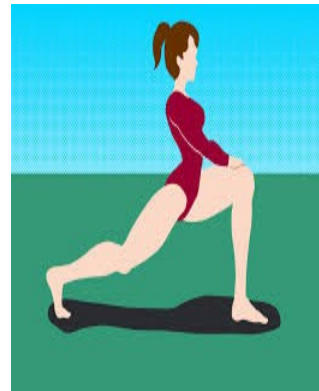

*You are not your body, it is a servant. What have you been telling your body? What have you convinced your body to believe? What sickness or disease have you been accommodating, and claimed as your own? That which you have programmed your body to do, it must do. That which you have said to your body, must come to pass. Your body can only express that which has been revealed in your spirit and soul.”*

## **HEALING AFFIRMATION**

*I am healed and well  
Every atom and cell in my body vibrates with life  
This life is from the Spirit  
Every muscle, fiber, and nerve operates properly  
Every organ in my body functions at optimum level  
My bones are strong  
My blood is pure, supplying nutrients to all my body  
God wants me healthy  
I give myself permission to be well  
I deserve to be healed and healthy  
My body is manifesting healing and health Now.*

*John Lewis*

## AGELESSNESS

*"I will rejoice over and take delight in my people; the sound of weeping and of crying will be heard in it no more. Never again will there be in it an infant who lives but a few days, or an old man who does not live out his years; he who dies at a hundred will be thought a mere youth; he who fails to reach a hundred will be considered accursed." Isaiah 65:19-20*

Before our fore parents transgressed in the Garden they did not age, the Torah does not record how long they lived in that state of agelessness. But when duality, the knowledge of good and evil was introduced, the fountain of youth spout became a trickle. Although, Adam lived 930 years and the aging process was much slower then; they yet aged and experienced its limitations.

There seem to be the inner urge to defy age in humans; especially in the female specie. We color our hair, implant hair, lift our face, and chins. Cosmetic surgery is at an all time high among both women and men; and the use of cosmetics to give the illusion of youth. The voice deep within our minds convinces us that we can be forever young.

The nutrition industry has exploded in the 1990's with the sale of products like DHEA, HGH, Melatonin, and other products promising to slow down the biological clock. All of these wonderful products and services are valid for those that adhere to them, and people are living longer, and looking younger.

Modern science says there is no reason a person can't live to be 120 years old if they exercise, eat properly, and take vitamins. Another leading physicist says that in 15-20 years humans will be inoculated to live over 200 years, enjoying good health. Seems like man is on the threshold of the fountain of youth and longevity.

Indigenous societies around the world commonly experience lifespan of over 100 years, without many of the diseases of the western world. But the crier yet shouts, "You must learn the secrets of the Cherubim."

We don't want to imagine a society with a lifespan of above 200 years living in greed, corruption, hate, racism, violence and materialism; otherwise, we might have a repeat judgment near the proportion of Noah's day. However, when mankind walks in communion with the Creator, love for other, proper diet, and a disciplined mind; his days will be long, youthful and meaningful. Only the Spirit can completely reverse the aging cycle, we must enter into the Garden experience eastward. It is there that it is realized that age is only a number created by the illusion of the conscious mind.

This is what I heard the Cherubim say. *"Age is determined by the system and measurement called time. However, there is a realm that exist before, after, and paradox to this system, it is called eternity. This realm is not outside of the human experience, behold it is in the heart (spirit) of humans. He has set eternity in the heart, as Spirit does not age or get old; so shall it be again with the physical man.*

*First, there must be a breaking away of thinking in the imaginary limited system of linear time.*

*Then, the repeating of words which the masses have been deceived into believing, and finally, acting the way society dictates according to what is perceived as age.*

*Do not judge others or compare yourself with others based on appearances, see all as eternal beings without age. Once this becomes a personal revelation, the physical must express that which has been realized in the Spirit. At this point stress, worries, and fears will no longer show themselves on the countenance and body, for they can only manifest in the imaginary realm of time.*

*The experience called worship with music and adoration is one thing that releases the consciousness and being out from the realm of time into eternity. This experience is not necessarily a posture, but must become a state of mind. As it is maintained, one will no longer go through time, rather time will go through him. This is where time is swallowed up into eternity within oneself, and the aging process is broken."*

## IMMORTALITY

*"For in the day that you eat of the tree you will surely die (dying you will die)." Genesis 2:17*

*"He that believes into me will never die." John 11:26*

One day with God is as one thousand years, one thousand years is as one day. How is that possible? It takes our planet 24 hours to spin or rotate in space to produce what is called day and night. There must be other planets that takes 1000 years for it to make one complete rotation on its axis. Could the planet that Yahweh lives on be like this? Adam died the very day that he ate the fruit, he only lived 930 years, not one day in God's time. Methuselah, the world's oldest man did not even live one day, he died at age 969.

To our western left-brain thinking society it is very hard to fathom someone living over 100 years, we rarely see them, and most of the times don't want to see them. The seed of death is the carnal mind in humans. As humans moved further from the Creator in consciousness, separation (death) began to come sooner. *"The pay for sin (transgressing Divine Law) is death."* Dying you shall die, resounds in the mind of all creation. At the same time there's this intrinsic desire for Life and unending life.

Death is called an enemy, something that waits to strategically attack. Sometimes, it comes in the slow process of a painful illness, or suddenly through an attackers weapon, an accident, suicide, and even at birth. In one moment, all that's been accumulated can be left to others, and the victim soon forgotten.

There have been records of people being raised from the dead throughout the eons, even today clinically dead are being brought back to life. The power of prayer and the gift of miracles have been used to resurrect the dead in our times, but the sad part is, they all died again.

History is filled with extreme stories, folklore's, and traditions man has gone through to attain immortality. Elixirs, herbs, and ingesting human organs, and extreme meditations to name a few. The most recent endeavor for immortality is cryogenics. The hopes that after being frozen for decades, a person can be thawed out and resume life. This chilling idea is very much possible. However, this kind of life will eventually end, only the life infused by Spirit brings immortality.

This is what I heard the Cherubim say; *"Death, the final frontier. Death does not respect wealth, status, culture, science, or religion. Your society and religions program you to die. Humans have been deceived into thinking that the only way into heaven is death, yes, physical death is one way. Yahshua (Jesus) said, "I am come to give you life. If you believe into me you shall never die." He was speaking of physical death. Mankind will continue to go by way of the grave, until he learns the way of the Cherubim. The crier shouts, "This is the Way, which brings forth Truth to set you free, to enter into Life."*

*In reality, there is no death, and there are no dead. Death is just another holographic image*

## Secrets of The Cherubim

*projected from the double mindedness of humans. Most humans live at a level of consciousness, where the body is not prepared to carry on or maintain the power of Spirit within. The lowered first Adamic body is dissolved at an increasingly younger age, to give way to the further development of Spirit within, beyond your present version. That life is continued on, on a different frequency out of your physical sight. This current version of humans have been subject to this type of processing for 6000 years, however, through the Adam Christ, he is given a chance to overcome this process while in the physical body.*

*Graduation from the physical plane to the spiritual by physical death has been accepted and expected. Therefore, humans will continue to shed the outer house to attain greater glories until they learn and expect something differently.*

*When it is realized that the holographic sin consciousness of duality has been overcome, mankind will no longer feel he needs the punishment of physical death for missing the mark. Death will then operate on a lower level; only to separate and transmute negative traits in the lower nature of man. Thus, allowing his physical being to receive and express more of Spirit, which is life.*

*The Tree of Life in the midst of mankind awaits and beacons the sons of men to eat and never die. The programming of death must be changed. Death and Immortality are within. They are the separation or union you chose to identify with.*

*As the mind of the new creation Adam evolves, becoming renewed and transformed, this will also affect his physical body, thus, breaking the false holographic image. For when the carnal mind is swallowed up by the spiritual mind, there is no more transgressing Divine Law, therefore, there is no more death at all. This has been Adam's desire for over 6000 years: immortality."*

## GODHEAD/GODHOOD

*“What is man that you are mindful of him, and you visit him. You have placed him a little lower than the angels (caused him to lack from his godhood).” Psalms 8:4-5*

*“I have said that you are gods (elohim), but you will die like men.” Psalms 82: 6-7*

Since what we term as the "fall of man," Adam has had amnesia. I suppose he hit his head. The remembrance of who he really is seems to elude him. Man has sought to dominate and control almost from day one. He has erected his towers, built empires, religions, and dynasties, all of which seem to crumble in shame and confusion.

But there is that knowing in man, flashbacks of the past that he is a ruler (Elohim). After millenniums of walking in the knowledge of good and evil, and habitually choosing evil, he is not qualified to righteously rule. He will continue to oppress the poor, and discriminate against those who don't think, act, or look like him.

Just as the Creator created man in his own image and likeness, man seeks to recreate himself, his concepts and imaginations. Something is wrong with this picture. God's image in man was shattered into a thousand pieces when he separated himself from God Consciousness. Therefore, man recreates a gross distortion of God's image because he is distorted. Out of this perverse grotesque image we have Religions, Wars, Ethnic Cleansing, Famine, Slavery, and Separatism; In the Name of God. God gave Adam dominion to subjugate the earth and its resources for the benefit of all creation. He did not give man this authority to subjugate his wife, weaker nations, or those he feel superior to. Until Adam wakes up, and realizes the work of the second Adam, he will continue to create death and mayhem, in his unconscious attempt to be like the Creator.

*“For in him dwells the fullness of the Godhead bodily, and we are complete in him.”* Jesus' purpose was not to just declare his divinity, the *"I Am;"* but to show us ours. The law states that every seed must bring forth after its kind, therefore, you can be nothing less than Gods. It is not possible for a dog to have a litter of kittens, it must have puppies-therefore, it is impossible for God to bring forth anything less than Himself. However, the godhood must be sanctified.

After 4000 years of amnesia, Jesus said the Holy Spirit would bring all things to our remembrance, and that we would do the same works he did and greater. For the past 2000 years our Therapist, the Holy Spirit has been at work to help us come to ourSelf.

Man has proclaimed himself to be Almighty God, he has demanded homage, wealth, and to be allowed to fulfill all of his lustful desires on the deceived and naive. He's built temples, mosques, synagogues, shrines and cathedrals to himself; enjoying the glory of men. Yet the criers shout, "You must come the way of the Cherubim and learn their secrets, for the way of man's religion is death."

This is what I heard the Cherubim say. *“The divine nature can only be holy expressed when the carnal nature is wholly absorbed into God. At this point the perfect image and likeness is fully*

*manifested and restored. Adam can then walk and talk with God in the Garden of his being, as he is transported into the day of the Lord.*

*Control and manipulation have been the tools substituted for humility and obedience in man's striving to become what he already is. Once he lets go of the ego, and subdues the weeds in the Garden of his own nature, he will stand again among the trees of the Garden and field as in his first estate.*

*The dominion will bring service to all creation, and out of this divine service will be restored the divine image to all creation. This divine imagine and imagination will produce the divine likeness; humanity, creation and the universe reflecting the Invisible and Divine.*

*The preparation and transformation from the human to the divine will be realized in the ages to come. Don't you know that you will judge angels, and participate in the new creations? The ultimate plan for you reaches beyond Earth and what you know of as your galaxy. Don't limit the Being that's been formed as you to the one small pebble called Earth."*

Adam has search for the past 6000 years through Religion, Science, and the Occult, for health, wealth, immortality, and power. Listen to the Secrets of the Cherubim and obey.

***AFFIRMATION FOR GODHOOD***

### EZEKIEL'S VISION

“**S**o he drove out the man; and he placed at the east of the Garden of Eden Cherubim...to guard the way of the tree of life.” Genesis 3:24

In Ezekiel's' vision we are given a description of what the Cherubim look like. Ezekiel's name means, God will strengthen. He was a priest without a job; due to the fact that the Temple had been destroyed, a prophet, and a captive deported to ancient Babylon. Surrounded by people who were so depressed they could no longer sing, and had lost all hope; he shines as a testimony to a faithful Creator. While others complained with their limited vision dictated by their circumstances, he received unlimited vision. Thus, proving that freedom is not determined by your present condition.

The heavens became open to him and he saw visions of God. *"And I looked, and a whirlwind came out of the north, a great cloud, and a fire enfolding itself, and a brightness was about it, and out of the midst of the fire. Also out of the midst of it came the likeness of four living creatures. Their faces looked like this: Each of the four had the face of a man, and on the right side each had the face of a lion, and on the left the face of an ox; each also had the face of an eagle. And they four had one likeness; and their appearance and their work was as it were a wheel in the middle of a wheel...for the spirit of the living creatures was in the wheels.... And there appeared in the cherubim the form of a man's hand under their wings. This is the living creature that I saw under the God of Israel by the river of Chebar, and I knew that they were the cherubim."* Ezekiel 1:4-6,10,16,20. Ezekiel 10:8,20

Before the first sunrise, I AM-*

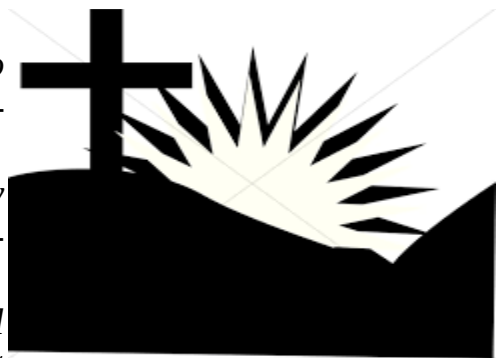

*The morning stars did sing to celebrate me  
The celestial Lion did roar to set me free-*

*This is the direction I chose to go  
This is the Way that I already know-*

### DIVINE DIRECTIONS

**T**here are 6 directions of space all sustained from a Central Point being the 7th. The 4 primary directions are East, West, North, and South. Then there is Up (Height), Down (Depth), which make up 6. The Central Point, out of which all directions come is the 7th. (This I was taught and told to research it by the Cherubim.)

### East

This is the divine direction that brings you to the first phase of your initiation. The place of dawning, rising of the sun, newness. Here begins my vision encounter with the Cherubim, communication and my comments.

The Sun was coming up over the horizon in my vision experience, when the winged Lion-Faced One with fiery eyes greeted me. Up to this point they had all appeared together, like on a huge screen. His expression was somewhat intimidating and inviting at the same time. He beacon to me as he shook his royal mane. My mind was trying to process the reality of this experience, if it was a dream, vision or literal...He was communicating with sound and telepathically simultaneously. Reluctantly, I came closer.

*"Do you seek to know the Way," said the Cherubim in a mighty roar. The vibrations from his voice sent chills up my spine and the hairs on the back of my neck and arms stood up. "Do you seek the Way," he roared once more. Visibly shaken by the power of the second roar, I nodded nervously.*

*"I am the Way that you seek", spoke the winged Lion-Faced One in a deep masculine voice. "I am Judah's Lion, Guardian of the Tree of Life. My path represents your new beginning on the physical plane that will ultimately lead you to many higher spiritual planes. This is where light becomes, and this light will shine to reveal your path, thereby, causing you to become enlightened.*

*I have roared on your behalf before the foundation of the world, and predestined you to be more than a conqueror. That which would seem adversarial has been defeated and there is nothing working against you. Listen carefully and you will hear the secrets. That which has been sealed in your spirit is now being loosed, as you enter the path of full expression of My Being.*

*In this divine direction are hidden many mysteries. The ancients did not see directions as you see them today. The earth to them was divided into four parts, each of the parts served a purpose beyond arriving at a destination.*

*This direction has been the focus of worship and adoration throughout the eons of time. From the days of sun worship, to Judaism, Islam and other religions today it is realized. This is a constant reminder of the mercies, which are renewed every morning, and at the entrance of the Incarnate Word, there is Light.*

*East, the new day also hints at an existence before what you know of as time. What has been will be again, and that which shall be done has already been done; and there is nothing new under the Sun. Is there anything new? It has already been before your time.*

*This physical existence is only a mirror of your spiritual existence, which has already been lived out. Before coming into the physical form, you existed as spirit. You are a part of the Great Spirit, which is eternal, eternal past and eternal future."*

The book of Jeremiah records God speaking to the boy seer called Jeremiah, reminding him of this existence. When Jeremiah became aware of the prophetic voice within, he was afraid to speak because of his age. God then told him that before he was formed in the womb, He was chosen and ordained to speak to the nations. God knew him. The Psalmist David states that we are wonderfully made, and there was a book written about us even before we were formed in the womb. This personal book records all the deeds one will ever do. Those with prophetic gifting are allowed to read or take a glimpse at the records of others, past, present or future; this is called prophecy.

The Spirit of God sought to jog Job's memory with a series of provocative questions, "Where were you when I laid the foundations of the earth, when the morning stars sang together and the sons of God shouted for joy?" Job 38 Job could not remember that he stood with the Creator in agreement, and so did all of mankind.

*"With the understanding of this direction comes expectancy, instead of fear. One can rest in the idea that they have already trodden the path ahead, and the challenges become opportunities. Ignorant resistance to the ebb and flow of life is dissolved in the knowledge of your pre-existence. The new mercies every morning now gives you the courage to fulfill your destiny with joy. You have come to fulfill what has been written of you in the volume of the book/scroll within," said the Lion-Faced One.*

The last nine chapters of the Book of Ezekiel are dedicated to the rebuilding of the Temple, called by some the Millennium Temple. Most scholars associate this detailed Temple of Ezekiel to the one that will be built in Israel. However, the true Temple of Ezekiel is the Millennium Temple; but not a

## Secrets of The Cherubim

literal one. *“Don’t you know that you are the temple of the Holy Ghost?” “The time has come when you will no longer worship on this mountain, nor in Jerusalem, God is Spirit, and they that worship Him must worship in Spirit and Truth.”* 1 Corinthians 6, John 4

The Lion-Faced One further stated. *“The metaphysical Temple of Ezekiel is “perfected man,” one that has allowed God to detail every area of his being till he looks like the Celestial Patterned Man. The Spirit of God only acknowledges the sacrifice of your lesser life, coupled with thanksgiving; not that of animal’s blood and religious works. Jerusalem, Rome, Mecca nor any other physical location can take priority; when one really understands worship in spirit and truth.*

*The Glory is seen as coming from the East, there is the prospect toward the East. A people expecting to again shine with glory as in Eden. This is the direction of wisdom, revelation knowledge, and enlightenment. This is the first phase of your initiation into the mysteries of God, as the sunlight comes in to dispel the darkness of what is called sin and ignorance. Because you have not used your eyes to see on this dimension, the brightness of this Light may cause temporary blindness and disbelief. However, once the initial shock is over, the scales will fall from your eyes and that which is truly real will become clear.*

*The challenges, which are encountered in this direction, can be easily overcome with an attitude of thanksgiving and gratitude. Your joyful attitude will produce the strength and authority that lies deep within your heart. The secret of a successful new life, lies in your ability to walk in resurrection life. This is the hidden life not seen by the mortal eye, nor recognized by religion. It is the relationship with the I Am. Out of this relationship comes the rest.”*

The Hebrew meaning for East is, that which is in front, before time, antiquity, and long ago.

## **SOUTH**

*Desires and needs that cannot  
be satisfied-  
Urges and cravings fulfilled again and again  
refusing to be pacified-*

*The world of matter hypnotizing  
it's addicted clients once more-  
As the deceitfulness of riches  
are promised behind each door-*

*Reverse the control of matter O'  
Son of the South-  
And the fire in your brain  
will control what comes out your mouth-*

*Rushing warm winds  
swirling around and filling your being-  
Bringing realization that you  
are more than what you are seeing-*

*John Lewis*

## South

This is the second phase of your initiation, which will unveil mystical meanings of the South.

Again, I seem to have been taken somewhere. It was beautiful, the colors, smells and water. It was about noon, on a very warm day when all of a sudden I felt a breeze of wind from the South. And there appeared a very handsome young Man; strong but gentle. His features were very defined and his voice almost seductive and very soft. I felt a strong connection with this human-looking winged Being. I was mesmerized by this creature and the overwhelming presence emanating from him. He said to me in a very loving, but demanding tone,

*"Do you seek Truth? Would you understand the Secrets of the Cherubim? Listen to what I have to say and you will not be distracted, as many have been.*

*Even the fowls of the air are aware of the divine direction of comfort and ease. At the hint of the cold northern winter wind, they immediately take to the skies in an opposite direction. It is from here, the split tongues of fire are brought in from this prospective to set on the head of mankind to put fire in his brain. This holy fire has a two-fold purpose even as the tongues were split. Its foremost purpose is to purge the carnality out of man's mind, then to transform his mind. With the excitement and comfort of the south, one can easily lose focus. In this experience too much spiritual insight not coupled with practicality can make one dry, and unproductive. When enlightenment comes, it is not for the purpose of feeding the Ego.*

*Schools of supposedly spiritual learning, and initiation into the mysteries are filled with those that have spent too much time in the Sun. There is no fruit of their learning, it is soon withered away. They have forgotten the most important lesson of 'application.' True Enlightenment comes when truth can be applied to everyday life, otherwise, it is memorized information from the tree of knowledge, which produces division and death.*

*However, on the right hand is where the art of balance is learned; South is the experience of prosperity. This is your second phase of initiation. Can you be trusted with the material things of this world? Many are easily choked by the cares of this life and the deceitfulness of riches. If you will not be faithful with unrighteous money, who will commit to your trust true riches, which are spiritual? If you have not been faithful in the responsibilities given to you, how will you be responsible if you are put in the position of ownership? The foundation for spiritual authority is laid with the stones of how well you handle your responsibilities with material possessions.*

*As the South wind blows the blessings for the material needs in your direction, there is also that subtle wind of accountability. At this right hand of the South are the pleasures ever more, as you learn to remain present, in the Presence. There is an ancient art that makes your desires a reality; walking in constant awareness of the I AM. The I AM awareness brings empowerment, and empowerment seems to bring awareness to the negative forces operating.*

*The South wind blows to bring supernatural provision for the natural man. Beware, lest your hearts' desire became a curse and cause you to be consumed by greed.*

*At this second phase of your initiation, a new level of spirituality will become open to you. You will now be introduced to what will appear as the dark side, and engagement in spiritual warfare. The fire in your brain will expose that which appears in opposition to you, this new light reveals your demons that appear to be outside of you.*

*In this dimension balance is very important, you must see things as they really are and not as they appear to be. The cool waters of refreshing will be poured out during the times of dryness. Realization and remembrance that your path has already been walked will produce the courage to move forward. The empowerment of the Holy Spirit will comfort and challenge you.*

*The secrets of sonship are revealed as you are brought into a personal relationship with the Creator as Father. In this, you will truly know that All is yours and there will be no lack. Command the South wind of blessings and prosperity to blow and it must. Summon the winds from the uttermost parts and they will bring your hearts desire into manifestation, you already have them. Give life and form to what already is by the spoken word. The imaginary state of poverty only exists to those who are mesmerized by the physical world. It is my desire that you be satisfied," said the Young Man.*

The Hebrew definition for the word South is, dryness; the right hand, right side facing eastward.

## **WEST**

*Wherever I go, there I will be  
To the heights of heaven or the depths of the sea-*

*In the deepest darkness to me it's light  
Even the brightest day can't blind my sight-  
The silent thoughts, which no one can tell  
My worst actions to the lowest hell-*

*No place to hide, nowhere to run  
Faced with good and evil that I've done-*

*The Sea of Forgetfulness that stretches from the east to  
the West  
Will comfort me only when I admit and confess-*

*Like the Ox lowering under the weight  
My redemption lies in the service to humanity, which is my fate-*

*From yesterday I will escape to nowhere  
In the mirror I am reconciled there-*

*My steps are directed in the path to forgive  
But it is truly only when I am able to release myself that I can live.*

*John Lewis*

## West

This divine direction brings us to the third phase of our initiation.

On yet another day, Spirit fell heavily upon me and again I was taken. The Sun appeared to set in the West on a perfect day, scattering a bouquet of colors across the evening sky: perspicaciously revealing tomorrow. In the stillness of the grassy field that seemed endless, I felt an uneasiness that could not be explained. My eyes were directed to look at the Sun, as I felt alone in this expansive space. Out of the red setting Sun appeared the winged Ox-Faced One moving slowly toward me. I could not discern if he was exhausted or angry. As his nose flared in the twilight, he cried in an anxious and suspicious tone,

*"Do you seek yet more? Are you sure that you want to hear the secrets of the Cherubim? Many have come to this point to only lose themselves in the darkness of yesterday.*

*The divine direction West may seem to carry a negative connotation. It speaks of a part of your being and experience that's very hard for most to accept, thus, refusing to deal with it. Deep in the crevices of your consciousness are heard the whimpering, and sometime anguish cries of your past. Those demons sometime seek to control your present and future; pretending they are not there will not make them go away. For they will cry louder, and pound harder, till they are given the attention deserved; only then are they transformed into angels."*

As the Ox-Faced One spoke this to me, my thoughts were immediately directed to the lives of the patriarchs and of Moses. I am sure he was directing my thoughts. For 40 years prior to Moses west side visitation, he had lived in Pharaoh's house. He was surrounded by opulence and magnificent architecture. He had to flee and leave all that behind, because he killed an Egyptian and buried him in the sand. For the next 40 years, Moses led the flock of his father in law Jethro to the West side of the desert. He spent 40 years on the run, then, the Voice out of the burning bush commissioned him to return to Egypt as a deliverer.

The Ox-Faced One further expanded and expounded on my thoughts saying, *"The West side of the desert is where the Egyptian nature is dealt with, the things that limit, and frustrate the grace of God must be overcome. It is the place of deprogramming and reprogramming. The flock of thoughts from the past that would bleat continually to drown out the voice of your destiny must be sacrificed. This is also the place of reconciling your past, where the foaming seas of regret are calmed. The Mount Horeb that reminded you of suffering, must become the Sacred Mount of Deliverance and Enlightenment.*

*Abram was told by God to leave Ur of Chaldea, the place of light and divine knowledge in the east, and to travel West to Canaan. This is the place where East meets West, your future and past is realized in your present. Before reconciliation comes, there are the wars with the 7 Canaanite nations; which in reality are the 7 abominations of the lower nature. {Pride, Lying, Murder (hatred), Evil Imaginations, Rejoicing at the misfortunes of others, Deceit, and Discord}. Once these kings are*

*subdued you can possess your Promised Land and enter into Rest.*

*The sons of Jacob were forced to go further West to Egypt, 22 years after trying to kill Joseph. The shadows of the past were brought to light, the cover was removed as he said, "I am Joseph." The afflictions of the father's house representing Adam had been forgotten in Manasseh, and he had become doubly fruitful in the land of affliction with Ephraim.*

*This is the initiation of what appears as suffering, which produces spiritual authority. The prophetic promises of the past keep you from becoming bitter. The power of dreams catapults you into your destiny. The West draws your attention to the past, not only the negative things of the past, but also the unfilled dreams waiting to become a reality. Patience is the foundation to build your new life.*

*When Jacob finally saw the face of his brother Esau, his supposed enemy, the one that had vowed to kill him; he said that it looked like the face of God. Your demons will remain demons as long as you run from them, self righteously deny them, and religiously cast them out. Once you turn to embrace them, they will transform to angels, offering great assistance. There is a glory waiting to be revealed in you, it is birthed through patience and pain.*

*Listen carefully and obey if you would know the Secrets of this path. Release yourself from the control of the material world and overcome your fears! You will not be permitted to move further until these two are resolved. Your past is part of the processing. Disappointments, failures, lost, tragedies, pain, and isolation teach long-suffering; which transmutes into divine authority. Learn well and experience the moments of success and failures without fear. Embarrassment and Shame must flee as the wind blows the trash away.*

*The path of suffering is the path of wisdom and strength. The entrance into New Jerusalem, the golden city within, is it not through gates of Pearls? Consider the irritation the oyster must endure to produce such beauty and value. Complete death to all resistance must come as you reminisce yesterday. Out of that death a new life will appear and light to transform the darkness.*

*West is the sacred direction that prepares you for rulership. Now that your past has produced love and compassion, you are qualified to serve. The experiences that appeared adversarial were really for your sanity and salvation. They were also to help those that will be drawn to you. Complete fulfillment comes through your service to others."*

*The Hebrew definitions for West are, roaring, noisy as an unsettled ocean; also the shade, evening, past, sense of covering.*

In the cold lofty position where the eagle wills-*

*The ancients searched these chambers through and through  
But the serpent revealed its mysteries to only a few-*

*Ancient civilizations were built by your direction

## North

This is your fourth phase of initiation.

The landscape seemed to change and the Sun could no more be seen. I had been brought to a completely different place. Not knowing what to expect, but expecting. Night had fallen and a chill from the North seem to fill the air. The silvery full Moon and the starry host shone with great brilliance, as I faced the cool breeze in silence. Above me I could hear a noise, then a loud screeching ear-shattering sound. I could see the piercing eyes rushing toward me; the enormous beak and head now before me. Astounded by the magnificence of this creature, awed by its presence, I fell on my knees, a little afraid. The Eagle-Faced One said to me in a strong, but sensitive and subtle tone,

*"Is it Life that you seek? Do you desire to know the Secret of Secrets? My abode is the high place in the north, come with me and soar.*

(Somehow I was instantly on him. I flew on the Cherubim, seemingly for a long time over many lands, mountains and even into space itself. I rode through the stars, constellations and the Zodiac.)

*The Secret of Secrets is Immortality, the life that exist without discarding the physical body. This life exists in the highest place of consciousness within all humanity, it is also encoded in your DNA, the record book of all humanity. The codes are waiting to be turned on. It has laid dormant down throughout the ages, with only a few that have ventured to activate the codes and grasp it. Deceptions, disappointments and doubts have deterred multitudes.*

*Overcoming the physical is the highest achievement in human evolution. At this point man is made completely whole. He will have broken through the illusionary barriers of matter, space and time. He will be able to transport his physical body at will to any location and bi-locate, not limited by time, space and matter. Much work will be achieved on both physical and spiritual planes-the visible and invisible worlds, as the Order of Melchizedek comes forth. This undying Cosmic Priesthood will minister life and immortality to all. The two worlds become one to the immortal.*

*Immortality is the consumption of mortality in man. It is the Spirit devouring and transmuting the physical into a higher glorified expression. It is the hidden divine nature swallowing up the exposed human nature.*

*Listen to the Secrets of the Eagle. Does she build her nest in the heights for naught? Does he soar alone above the principles for naught? The way of the Eagle is the way of the wind, where it comes from is a mystery and where it goes. It is so high that it cannot be seen, yet so low it transforms the earth.*

*The Secret of Secrets is the soul ascension through the fires of purification to be united with Spirit. As the soul ascends, the appetites and drives of the flesh diminish. This is the white throne judgment within man, the judgment unto life."*

The Hebrew definition for North is *tsawpone*, meaning, that which is hidden, dark, private, secret place, to protect, or hide one's self; gloomy and unknown.

Ezekiel, the prophetic priest saw the whirlwind that Elijah was caught up into, and that Job encountered when God interrogated him. This spiraling wind is always associated with the supernatural and an initiation into the mysteries. Coming out of the North (*tsawpone*), speaks of the abode of God, the Cosmic Throne.

The ancient builders of the Great Pyramid of Giza were endowed with wisdom and a sense of direction far beyond their time in relation to our time. Modern science tell us that the Great Pyramid, Temples, and other monuments were built in perfect alignment with "true north," using the stars as their compass. "True North" leads us to the Polar star (Pole-Star), which was once called the Dragon Star, Alpha Draconis. Psalms 147:4 say, "*He tells the number of the stars, and calls them all by their names.*" These names go back to antiquity, in the meanings of these names are the mysteries of the ages. Actually, they reveal God's plan and purpose.

This Pole Star is near the center of the Zodiac or Mazzaroth. Mazzaroth is the Hebrew word for Zodiac symbols, star constellations. Zodiac comes from the word meaning, path, the Way; circle of animals. The Pole Star represents "the gate of the enemy". Holy Scripture tells us that the seed of the faithful would possess the gate of the enemy. This enemy (Pole-Star) or constellation of Draco was once called, the Dragon. We know that represents Satan, the negative influence; which is at the center of all that is ungodly.

In the very center of the Mazzaroth symbols is a constellation of stars called, Cepheus. The stars take on the form of a king sitting on a throne, his foot is on the Polar Star. Cepheus means, the Royal Branch, the Righteous King; this is in the sign house of Pisces the Fishes Isaiah 4:2, 11:1, Zechariah 3:8, 6:12 The heavens were prophesying about Yahshua (Jesus), the King of the universe, sitting in the middle of the Zodiac Wheel within the wheel.

Over thousands of years, the Pole Star has moved from under Cepheus foot, and now the Polar Star is in Ursa Minor. Ursa Minor means the Lesser Sheepfold. This is a decan (constellation) in the Mazzaroth (sign house) of Cancer. Thus, prophesying, the called out ones of the Firstborn in the heavens have taken possession of the gate of the enemy. As the stars (heavens) have decreed this, so will it be established in the earth. "*Thy will be done in earth as it is in heaven.*"

So we see the ancient builders of Egypt built in alignment with "true north," the North Star, realizing that's where the Cosmic Throne is. The Pyramids were not built only as tombs for the kings, they are hi-tech communication and multi-purposes devices that will be reveal in the future. They were also built in alignment with "true north" because of their quest for life after death. The book of Hebrews states that Jesus (Yahshua) destroyed the one that had the power of death that is the devil; to deliver us from fear of death.

The book of Revelation says that the dragon is called the devil. We have found out that in "true

## Secrets of The Cherubim

north” there is a Pole Star called Alpha Draconis, the Dragon; but Cepheus, the Branch, the King won the victory over him and he was cast down. Ursa Minor (Believers) now have the authority.

North is the place of hidden mysteries, and dark sayings. The Egyptian Pharaohs and priests felt if they could align themselves with “true north,” they would have a better chance in the afterlife. After archaeologists finally dug their way into the king’s chamber in the Great Pyramid of Giza, they found only an empty sarcophagus. {The king is risen, death could not hold him} This was only the beginning of the fulfillment of Isaiah’s prophecy about the Altar (pyramid) becoming a place destined for future worship and great spiritual activity. Isaiah 19:19-22

There are many esoteric teachings regarding the North direction among the Hebrews also. The Ark of the Covenant, which housed the 10 Commandments, Aaron's Rod that budded, and the Golden Pot of Manna was placed in a Tent on Mt. Zion. For a short time the Brazen Serpent on a Pole was also in the Ark. The Mercy Seat, which covered this box, had two Golden Cherubim on top. Later David received divine revelation to build a Temple, he passed this information on to his son Solomon, which built the Temple with the help of Hiram the Master Architect. This Temple, the most beautiful site on earth was built on Mt. Zion, the northernmost, and highest mountain around Jerusalem.

In Numbers 21, the people of Israel became discouraged because of the way, they refused to march on in their celestial patterned procession. Venomous serpents and scorpions came out and destroyed many. God told Moses to take a fiery serpent, put it on a pole, cast it into molted brass and lift it up. Everyone that looked upon the Brazen Serpent would live. We recently discussed the Pole Star, Alpha Draconis; the constellation of stars that take on the form of a serpent/dragon, and its power to bring death. Now we see this demonstrated in the Torah with the Israelite people.

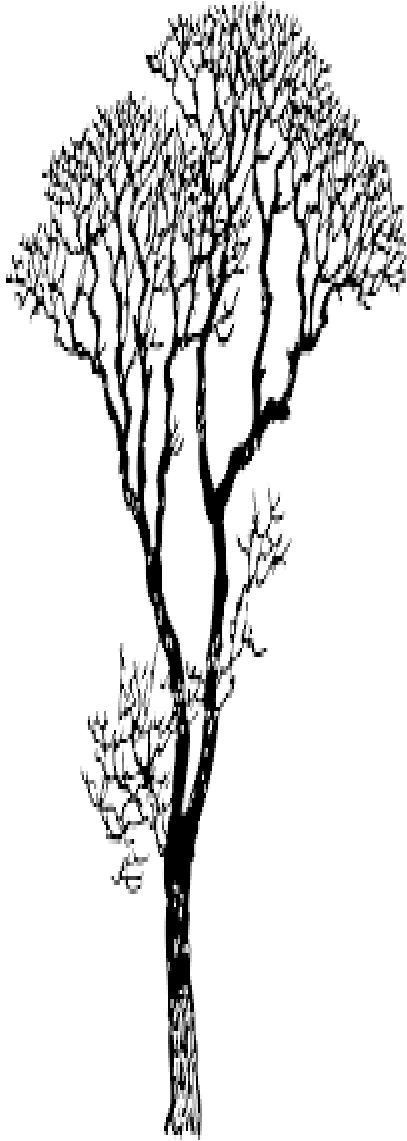

*“Great is the Lord and greatly to be praised in the city of our God, in the mountains of his holiness. Beautiful for situation, the joy of the whole earth, is Mount Zion, on the sides of the North (Tsawpone), the city of the great King.”* Psalms 48:1-2. Here again we find what was displayed in the stars eons ago was manifested on earth. Cepheus, the starry type of Messiah (Christ), seated on the sides of the north, “True North.” The Holy of Holies compartment of the Temple represented the Throne Room of the King of the universe.

*“Lucifer, you have said in your heart, I will ascend into heaven, I will exalt my throne above the stars of God; I will sit also upon the mount on the congregation, In The Sides Of The North.”* Isaiah 14:12-13. We see in this account of Lucifer, the Ego of man; that he realized the sides of the north as being the Throne of the Almighty.

Just as the Egyptians believed that this connection with the “True North” would assure life everlasting, so did the Hebrews and many other cultures that were aware of the esoteric meanings behind the North direction. The Egyptians placed a sarcophagus in a dark chamber, the Hebrews placed a gold covered box (Ark of the Covenant) in the Holy of Holies, a place of thick darkness in the sides of the north. Both with the beliefs that the curse of death would be reversed, and that the Shekinah of this northern light would restore man his immortality. (Many are not aware that the ancient Egyptians carried an ark on their shoulders before the Hebrews were commanded to do so).

## HEIGHT

*Does the tree consider the annoying  
weeds while in competition to grow?-*

*For a short moment it would appear  
that he will be overtaken-*

*In a stately manner he reaches  
for the heights of heaven without efforts-*

*He stands as king on the earth yet  
stretching out his arms to serve and provide shelter for all  
around-*

*From the weeds perspective  
his mighty trunk seem to be one with the stars-*

*John Lewis*

## Height

*“Is not God in the height of heaven? And behold the height of the stars, how high they are!”* Job 22:12

The Hebrew words for height used in this verse are (go-bah and roshe). Gobah meaning, elevated, high, grandeur, excellence, and arrogance. Roshe meaning implies a place, the head, chiefest, principal, highest in rank, a priest. (This is the 5th divine direction).

*“To the angel of the church of Laodicea...Behold I stand at the door and knock, if anyone hears my voice and opens I will come in to him and commune with him...He that has an ear let him hear what the Spirit says...After this I looked, and behold a door was opened in heaven: and the first voice sounded like a trumpet talking to me saying, Come up here...Immediately I saw a throne sat in heaven, and one sat on it...around the throne were twenty four elders and four creatures with wings, with the face of a lion, the face of an ox, the face of a man, and a flying eagle.”* Revelation 3:14, 20. Revelation 4.

Height is the divine direction that calls one upward, even as the trumpet voice spoke out of the heavens to Apostle John on the Isle of Patmos, *“Come up here.”* As John ascended in spirit to the heights of God, his eyes became open to a new dimension. This is the dimension that brings one beyond the Church Age consciousness, which ended with Laodicea 20th century religious expression. In the literal sense, this can be seen played out in the stars of heaven.

Yahshua (Jesus) the Messiah (Christ) is now standing outside knocking on the door of man’s spirit, for those who have ears to hear, he will bring them into something beyond the Pentecost or Charismatic experience. As the Christ is allowed to enter, immediately another Door appears, which opens to you. This is leading to the Feast of Tabernacles in your being, a holy comm-union. This experience is announced by the Trumpet Voice (Yom Teruah-Feast of Trumpets), *“Come up here.”* As the Door opens in heaven, so does the door of man’s consciousness to a higher expression of Spirit.

From here on, John the Initiate perspective changes. We are aware that the book of Revelation can be seen on many levels. This futuristic apocalypse is played out mostly using the constellations of heaven to conceal and reveal esoteric truth. Immediately he sees the throne sat in the constellation of Pisces, it is the throne of Cepheus, which means, the Crowned King, the Royal Branch. Around this celestial throne 90 degrees apart are the four Cherubim, and twenty-four ancient ones (sub-constellations).

*“Is not God in the height of heaven? And behold the height of the stars, how high they are!”*

This divine direction of Height brings one into the realization of God’s eternal witness in the stars. The astrological symbols that have been used for horoscopes have a far deeper meaning. They are God’s celestial Apostles and Prophets that can not lie. *“The heavens (star constellation) declare (prophesy) the glory of God.”* Psalms 19 The glory of God was fully expressed in the face of (Yahshua) Jesus, the Christ.

The One who sits upon the throne is the focus of attention, and he sustains all forms of life around the throne. The celestial creation gives glory and honor to Him who was, and is, and is to come, with shouts of “Holy, Holy, Holy.”

*“Praise Yahweh. Praise Yahweh from the heavens; praise him in the heights. Praise him, all his angels; praise him, all his host. Praise him, sun and moon; praise him, all you stars of light...Let them praise the name Yahweh.”* Psalms 148

The Apostle John saw this vision displayed in the stars of heaven. The learned Hebrew mind 2000 years ago would have understood the meaning of this. It was common knowledge that God had divided the constellations of stars to the nations of the world, and that the Mazzaroth (Zodiac) symbol given to the ancient Hebrews was Pisces the Fishes. The Torah records the division of the celestial host and distribution to the nations, with a warning not to worship them. Deuteronomy 4:19. The symbol of the Christian Church has been the Fish for 2000 years, most Christians not being aware of the implications and astrological prophecies surrounding it. Yahshua (Jesus) came announcing the Piscean Age, *“I will make you fishers of men.”*

In the Mazzaroth sign of Pisces, there is the constellation of stars forming a man sitting on a throne with scepter held high, and a band in the other hand. He has subdued the enemy under his feet as we discovered in the divine direction of North. The ancient name for this star constellation is Cepheus, the Royal Branch, the Crowned King.

It is important to realize that these stars in all their grandeur are only a type or shadow of the experience that’s taking place within us. As Cepheus sits on the throne, the Royal Branch told us that the overcomers, the Initiates would rule with him. The Roshe (Height) is the experience of power. The enemies or perceived enemies have been overcome.

The Apostle Paul prayed for the Church of Ephesus to be able to comprehend the Mystical Height of God that surpasses all human knowledge and understanding. Him being a very learned Rabbi could understand this King-Priest direction of Height.

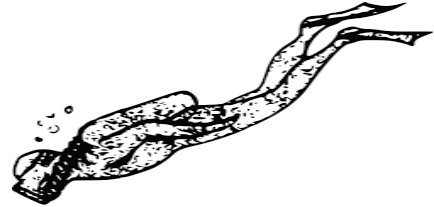

*“...So that Christ may dwell in your hearts by faith... may you be able to comprehend with all saints what is the breadth, and length, and depth, and Height.”* Ephesians 3:18

Come up to the heights of Zion. It is the place of the new wine of the Holy Spirit, the grain of the unleavened word, the oil of the anointing and initiation. It is the well-watered garden, the place where young and old dance and shout for joy as the stars of heaven. Yes, it is the place where the priests are satisfied forever. Come up to the heights of Zion. Jeremiah 31: 12-14

## DEPTH

*Summoned by the voices of the deep  
To an experience that takes away my sleep-*

*Challenges from the beast within  
Changes from the life within-  
He seeks to swallow me with his counterfeit nature  
She seeks to cloth me with wisdom and virtue-*

*The call into me out of me  
The call out of me to be free*

*I am not deceived by your mysterious numeric value  
I've heard truth call out to destroy all failure-*

*The unsearchable treasures of the deep you've held so tight  
Are now released in me by the spirits of wisdom and might-*

*John Lewis-*

## Depth

*“Deep calls unto the deep, at the noise of the waterspout all your billows have gone over me”*  
Psalms 42:7

The Hebrew word for “Depth or Deep” is *tehown*. *Tehown* means, the abyss, surging waters. The Greek word for “Depth” is *bathos*. *Bathos* means, profound, the mysteries.

This is the 6th divine direction we have discovered. Man was created on the 6th day, therefore, it is called the number of man. Man was created on the 6th day to live in the 7th day, which is the day of Yahweh, the Sabbath. In order for mankind to fully realize the 7th day experience, he must answer the call of the deep from the 6th day experience.

Deep calls unto the deep, the mysteries of God, to the mystery of man. This is the Awakening call to the Dead Sea of man. Before mankind is truly awakened to bring forth this mysterious wealth, there are things in the abyss of himself that must be dealt with.

This man of the 6th day is also referred to as a beast, because of the lower nature he chooses to express. The mystery of iniquity prevents mankind from hearing the call of Deep. The mystery of iniquity is the sea monster of the abyss.

In the book of Job, the Prophets and Psalmists Isaiah and David, he is called by the name, Leviathan. In the book of Revelation he is called the Beast, rising out of the sea. In the constellation of stars that the prophets were alluding to, he is called the Dragon or Cetus, the sea monster.

In order to understand the depth of the knowledge of God as Rabbi Paul prays for the Ephesians, the Lamb must tame Cetus the beast within mankind. Looking at the map of the heavens, Cetus is found at the lower end (depth) of the Mazzaroth (Zodiac) of Aries the Ram (Lamb). This Fishes (Pisces) eating beast Cetus is overcome by the Ram (Lamb). The bestial nature in man seeks to devour the mysteries of God hidden within man. But the heavens have prophesied “not so,” the prophets and holy scripture declares “not so.”

In the Apocalyptic vision of John, he describes a Lamb Company, which had gotten the victory over the beast (Cetus), his image (counterfeit image of God), his mark (character), name (nature), and number (666). They had ascended to the heights of Zion, after descending to the abyss, reckoning with the mystery of iniquity. They were singing with prophetic harps, the song of the Cherubim.

The sea that once surged with foaming waves, casting up mire, is now calmed. It has become a sea of glass, clear as crystal; mingled with Holy Ghost Fire. Revelation chapters 14 and 15.

In the Torah, we are given the story of the Exodus. Pharaoh’s army pursued Moses and the Hebrews to the Reed Sea (Red Sea). They must descend into the depths of danger; before they can ascend to

## Secrets of The Cherubim

sing the Song of Moses, the Overcomer on the other side. Pharaoh's army, the beast was drowned in the sea. The depths of this baptism prepared Moses to ascend Mount Sinai to receive the Divine Law and Pattern of the Tabernacle.

Mount Sinai is the shadow of Mount Zion where Divine Law is fulfilled by Divine Grace. The Law of the Spirit of life in Christ frees us from the law of sin and death. The depths of your baptism into Spirit, prepares you for the engraving of the mysteries of God upon the tables of your heart, and the full realization that you are the pattern tabernacle of God.

Depth is the place of Wisdom, she waits and calls out to those that would dare face Cetus, the mystery of iniquity within. She will assist you, but she must first be courted with the fear of the Lord.

*“Yahweh possessed me in the beginning of his way, before his works of old. I was set up from everlasting, from the beginning, or ever the earth was. When there were no depths, I was brought forth... When he prepared the heavens I was there, when he set a compass upon the face of the depth... and my delight is with the sons of men. For whosoever finds me finds life, and shall obtain favor of Yahweh.”* Proverbs 8

*“Oh, the depth of the riches both of the wisdom and knowledge of God! How unsearchable are his judgments, and his ways past finding out!”* Romans 11:33

In the constellations, the Ram, the Lamb binds Cetus the Beast, and casts him in the bottomless abyss. This celestial prophecy states, the mystery of iniquity will no longer have a foundation to operate from within us. Mankind will emerge out of his consciousness of sin that he's been committed to for 6000 years, and he will fully comprehend the Blood Sacrifice of Messiah. *“Behold the Lamb of God that takes away the sins of the world.”* They are cast into this Sea of Forgetfulness, to never be remembered again. {No fishing here}.

## CENTER

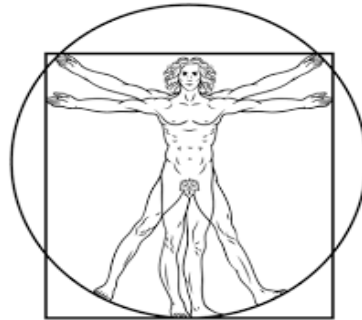

*I AM the point which all  
proceeds out from-  
The ray of light  
burning in ten thousands Suns-*

*I AM the foundation  
of the universe and all civilizations-  
The cornerstone and beginning  
of all generations-*

*It is from me that the 4 principals  
direct creation and the sons of men-  
It is from me that the 2 opposites  
remind them where they've been-*

*I AM the meeting place  
your steps are ordered from here-  
I AM the focal point  
that draws you near-*

*You may experience rebirth and joy  
in the East as the day starts-  
Or receive my blessings and power  
in the South, the desires of your heart-*

*But the West will remind you  
of the failures and forgotten dreams of the past day-  
And the North can be secretive and cold  
judging the words you say-*

*It is I who will allow you  
to ascend to the Height of the stars-  
It is also I who will take you  
to the lowest Depth to show you who you really are-*

*I gave the Lion his regal mane and mighty roar  
Created the upright Man to express so much more  
The Ox knows his place as an obedient servant  
The majestic Eagle spots the prey-but do you know the way of the serpent?*

*All 6 do show the  
way to the place you call heaven-  
But I AM CENTER  
the Sacred Seventh-*

## Center

The 3 Abrahamic Religions are yet at war with each other after thousands of years. This war seems to be over a piece of property in the Middle East. Judaism, Christianity, and Islam all claim Abraham as their father rightly so, therefore, making them beneficiaries of the promise.

Is it the minerals in the Middle East that have caused the fanaticism, and unholy wars we see today waged in the name of God? Or, is it the strategic position of this tiny country? I think not. Although, our modern society seeks to seize the opportunity of material wealth and strategic power, the root of this problem lies in Spirit.

Looking on a map it is very easy to see that Jerusalem is the Center of the world, and this area is rightly named the Middle East. Jerusalem, which means place of peace, has been everything but that. It has been destroyed and rebuilt more times than any other city in the world. In spite of all the unnecessary bloodshed and hatred surrounding this area, one cannot deny the sense of sacredness and awe. It has been said that, "he who controls Jerusalem controls the world."

The ancients of these Great Religions had an interest beyond political and economical power. It is believed by the spiritual ones today, that Jerusalem is not only the Center of our planet, but symbolizes the Center of the universe.

The Hebrew traditions of Judaism teaches that when God decided to create all that is in the universe, he had a starting point. On the physical plane that starting point was what is today called Jerusalem. In Zion there is the Foundation Stone on which everything was built. The Hebrew Prophet Isaiah alluded to this. *"Thus says the Lord God, Look, I laid in Zion for a foundation a stone, a tested stone, a precious cornerstone, a sure foundation; he that believes shall not be disturbed."* Isaiah 28:16

Some history says that it was also on this Sacred Stone that the binding of Isaac took place, as Abraham was prepared to offer Isaac his son as the sacrifice. The angel stopped him and revealed to him the ram in the bush. It was this 'certain place' where Jacob rested his head upon stones while fleeing from Esau. The heavens became open to him, a ladder was set upon the earth with angels ascending and descending. Nearly 500 years later Solomon built a Temple, using this Foundation Stone in the Center of the universe as its foundation. Out from this Center flowed the miracles and supernatural events as the Shekinah appeared. It was the Center of worship, as the faithful came from all over the known world.

History says that during the destruction of Solomon's Temple, the Prophet Jeremiah hid the Ark of the Covenant with its Cherubim in one of the caves underneath the Temple on the Center Stone. After one thousand years of the forces of nature covering this ancient spot and Herod's Temple being built on top of it, the Center could no longer be seen.

First century Hebrew Christians taught and believed that when (Yahshua) Jesus was crucified in the place of the Skull (Golgotha), his blood was spilled on this Foundation Stone. The gospel of Matthew

## Secrets of The Cherubim

gives an account of an earthquake, and the rocks splitting open. Matthew 27

It was also believed by first century Hebrew Christians that during this earthquake that the Ark of the Covenant was revealed momentarily as the blood of Christ fell on the mercy seat. When Yahshua cried, *“It is finished,”* it was at the same time the high priest said, *“it is finished,”* after the slaughter of the Passover lamb. He fulfilled the law of the Passover sacrifice, and also what Abraham had foreshadowed in Isaac 2000 years prior. The blood of this man flowed through the cracks of the earth reaching its eternal destination on the mercy seat between the Cherubim. Those standing by said, *“surely this was the Son of God.”*

The Dome of the Rock in Jerusalem is the holiest Muslim Shrine. This is the same spot where Abraham symbolically sacrificed Isaac, Jacob had a dream, Solomon built the Temple, and Hebrew Christians said Yahshua’s blood flowed to.

This spot is most sacred to the Muslims because according to their teachings, the Prophet Muhammad made an ascent into heaven from this very spot. This Rock or Foundation (Center) Stone underneath the dome of gold is very guarded until this day, and it’s ownership greatly disputed. As we can see, this dispute goes beyond natural resources, but there is a powerful spiritual connection and ancient technology at the root of this.

The Center direction is the point of being. It is the 7th of the Divine Directions. All directions proceed out from this point. This is the number of completion, perfection; the number associated with God.

*“Center is the Heart beat of the universe, it is where the sounds of life emanate from. Religion and the ego of mankind have caused the arteries to be plugged with deceit and wickedness. The abnormal patterns, rhythms and frequencies have disrupted and produced failure in the life of the solar system.*

*From here comes the attacks, wars, famines, hatred and arrogance of man that has polluted his directions in life? The extremes, opposites, and out of balance must be reconciled in the Center of his being. The shattered image must be healed.*

*When Center becomes a place of peace, then all the nations of the world shall be blessed with abundance and enlightenment. This is the Sabbath Rest, the highest form of worship. This then becomes the fountain of life and healing for the nations.”*

*“It is the glory of God to conceal a thing, but it is the honor of kings to search out the matter.”*  
Proverbs 25:2

## CEPHEUS SECRET

*Concealed in the thick darkness of Himself, far out of the view of the simpletons that only want fish and loaves multiplied, it is there he hides-*

*Cloaked in the veil from the Holy of Holies, invisible to religion and all its demands, unnoticed there he stands-*

*Darker than the blackness of space is this mysterious black fire-*

*Igniting my true nature with sacred desire-*

*Summoned by the luminaries, and chosen for this endless flight,*

*to stand as one with He who calls day as night-*

*Challenged by the glory of the Mazzaroth, it's beauty and it orderly processions,*

*to let the Sun pass through me in all of His expressions-*

*What is the ancient secret O' Cepheus, and those four who are about your throne?  
Along the ecliptic line I will search until it is known.*

## Part Two

---

### **BIBLICAL AGES OF TIME BASED ON ASTRONOMY**

**T**he Bible and its hidden astrological meanings. Much of the Cherubim's knowledge and secrets imparted to me in this part reiterates some of what I had known, taught and researched in the past. However, through my encounters; everything became much clearer. I could finally articulate or express this revelation on much deeper levels.

I have learned from the Cherubim that nothing happens on Earth before the heavens declare it, even to the minutes events in each of our lives. The Celestial Apostle & Prophets that can not lie, are the Guardians of what we know of as Time. The Ages -Eons are subject to and created by their movements. The planets and constellations movements are the silent prophetic language, shouting to those that wish to hear. They are set apart into 12 base energetic frequencies, that breaks down to infinity; a technology created by the Almighty God.

## Chapter 5

### **GOD THE ASTROLOGER**

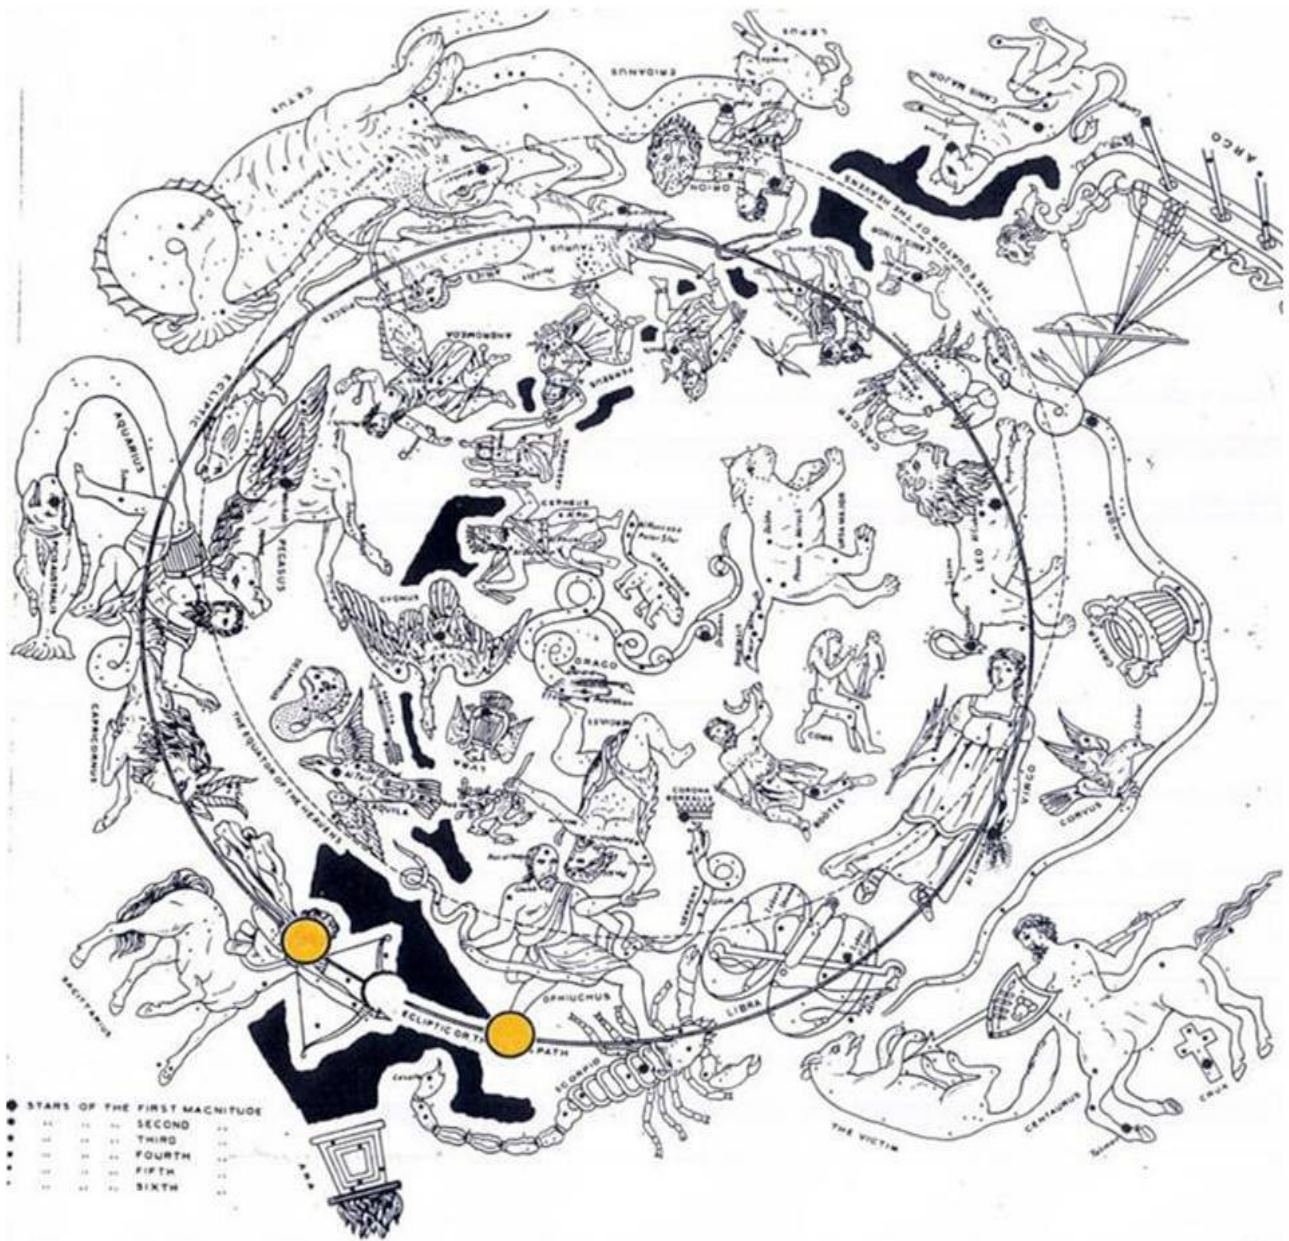

**F**or us to get a better understanding of the Cherubim and their secrets, we need to better understand the stars and their influences. We are not dealing with horoscopes, rather a divine prophetic science which goes back to beginnings. The Cherubim, that Ezekiel spoke about, and prophets from other cultures, are the 4 Fixed Zodiac Signs of the heavens. The oldest science and religion in the world is Astrology, it has endured the test of time and yet cannot be debunked. In the true sense of what I will refer to as Divine Astrology; the mysteries of God are revealed. It was not until recent times that Astrology evolved into Astronomy, becoming a separate study due to the fact that this precious science and religion had become suppressed and perverted; shrouded in superstitions and manipulated by charlatans. Nevertheless, this does not invalidate the truth and sacred secrets the constellations hold. This science can be traced back to every civilization on the planet. Unfortunately, most western Christian yet struggle with accepting that the Bible is filled with astrology in the true sense of the word from Genesis to Revelation. Due to ignorance and fear, many prefer to inaccurately call it “astronomy.” The Religion of Astrology is the oldest in the world. Before holy men or women were created to write inspired words on papyrus, the blackened skies boasted the epistles of the stars.

The celestial Prophets were boldly shouting their messages, waiting for earthly prophets to interpret them. *“By his spirit he has garnished the heaven; his hand has formed the crooked serpent.”* Job 26:13 The crooked serpent is a constellation of stars called Serpens, there is also Hydra. The ancient ones understood this divine science, realizing that before any event takes place on the physical plane, whether individually or globally, the heavens must have recorded it and announced it first. All of the Great Religions of the World have a basis in Divine Astrology; including Christianity. The untrained eye looking into the heavens would not be able to see the eternal prophetic pictures sketched on the night sky. The stars appear as though they were randomly hurled into space. The figures and images were assigned to the stars for the sake of memory. When the Creator gave this divine science to mankind, He pointed out animals, humans, and objects that the ancients could identify. Therefore, they would be able to remember the shapes and positions, which astronomers agree have not changed in 6000 years.

In the Torah (Bible), the first prophecy about the coming Messiah spoken by God is based on the Zodiac. *“God said to the serpent...and I will put enmity between you and the woman, and between your seed and her seed: he shall bruise your head, and you shall bruise his heel.”* Genesis 3: 14-15 God here is pronouncing a curse upon the serpent in the Garden, this is the same crooked serpent that

## Secrets of The Cherubim

Job speaks about that's in the heavens; it's a constellation of stars called Serpens. However, God prophesied that the seed of the woman; the woman being the Zodiac sign house of Virgo (Bethulah), her seed being Messiah would bruise the head of the serpent; but the serpent would bruise Messiah's heel. In the sign house of Scorpio there is a constellation called Ophinuchus, the Serpent Wrestler. He is stepping on the head of the Scorpion with one foot, as he wrestles with the serpent; but Scorpion is stinging his other heel.

4000 years later Yahshua (Jesus) fulfilled this prophesy that the heavens had recorded before God spoke it to be later written. Yahshua (Jesus) further said *“I give you power to step on serpents and scorpions.”* Paul states that Yahshua (Jesus) took the sting of death. He is the one that the heavens call the Serpent Wrestler, Ophinuchus. Throughout the writings of the prophets are hidden the mysteries of the Zodiac, the book of Revelations boldly displays these symbols for those who understand sign language. So we see the celestial scenario of the stars are played out on the earth plane.

In earlier times, the science of Astrology was reserved for kings, the rich, and prominent citizens. In many cultures when a major event was observed in the heavens, there were often ritual sacrifices of humans and animals. Those that understood the movements of the celestial orbs were called Wise Men. 2000 years ago wise men observed signs in the heavens predicting that the Savior was born. Upon hearing about this, Herod ordered the slaughter of many young children. About 30 years later Yahshua (Jesus) became the Sacrifice, fulfilling what the stars and prophets had prophesied.

The definition for Astrology is the study of how events on earth correspond with the movements of astronomical bodies; mainly the sun, moon, planets, and star constellations. In other word, Astrology is the science of interpreting how energy in space is affecting energy on Earth. Astronomy is the science dealing with all the celestial bodies, sun, moon, planets, stars, comets, asteroids, galaxies, and interstellar matter. Observing and studying the movements of the heavens.

The Hebrew word for Astrology means, divider of the heavens and interpretation of the stars. God is the dividers of the heavens (astrologer). He is also the Master Interpreter of their heavenly language. There were 2 types of Astrologers in biblical times. The scientific astrologers were the dividers of the heavens, they were able to forecast future events based on the cycles of the stars. They were also astronomers, because they tracked the movements. The Stargazers were the ones that received prophetic visions in relationship to the movement of the planets. This was often done by those with a prophetic gift meditating or staring at the stars.

It is by these sciences our ancestors hunted, fished, planted crops, harvested, prepared for disasters; and it is through this science we yet survive in these modern times. Through this science they were able to predict plagues, wars, earthquakes, and other natural and historic events. *“And God said, Let there be lights in the expanse of the heavens to divide the day from the night; and Let Them Be For Signs, and for Seasons (fixed periods)..And God made two great lights, the greater light to rule the day, and the lesser light to rule the night : he made the stars also.”* Genesis 1:14, 16 The word "rule" means to govern. The Sun and Moon are the Governors of the day and night. They are the governors over the affairs of men and everything on the planet.

Our modern western society of science is beginning to realize that just as the celestial bodies move in their cycles, repeating themselves at the appointed times; so does natural and historic events. The luminaries are not there to just paint a beautiful portrait on the night sky; but they are for signs. Yes, by them we are given the seasons, the 4 fixed periods in spite of bizarre weather patterns. Yet these 4 seasons are merely shadows of the stages of human life, set times for blessings, natural disasters, world events, and spirituality.

The ancient calendars of the Babylonians, East Africans, Hebrews and other Semitic people are based on the cycles of the moon. All of the 7 Great Feasts God gave to Israel are based on the cycles of the Moon. They were foreshadowing the coming of Messiah and His Kingdom. The Feasts are God's Prophetic Calendar. There is a special feast celebrated each new moon (month) called Rosh Chodesh, because the new moon represents Messiah. The Moon also represents the spiritual person that goes through the challenges of initiation into higher levels of spirit, but is always renewed. These are feasts, which God actually commanded to be observed based on Astrology, the movement of the heavens.

*“The heavens declare (speak forth, number out, prophesy) the glory of God, the expanse shows forth his handiworks (power, plan, operations).”* Psalms 19 According to Holy Writ, the heavens (star constellations, celestial bodies) foretells the future, and the plan of God. Since the Bible attests that the heavens are speaking, should not the Christians be listening? *“He counts the number of stars, and he calls them all by their names.”* Psalms 147:4. The names of the constellations go back to antiquity, within these names lie the mysteries of the ages. These wonderful luminaries are not to be worshiped or feared. The constellations are just another way the Creator has chosen to reveal His purpose and plan to those who understand heavenly sign language.

It would appear that the stars move across the sky at the same rate the earth turns. However, almost all the stars are in a fixed position in relation to each other. Some of the stars actually do move, they are called, wandering stars. These wandering stars are actually planets we can see with our naked eye. The word planet actually means wandering star. When the Bible mentions the word star, many time it is speaking about a planet or a symbolic fixed star.

How can you tell if you are looking at a star instead of a planet? Stars twinkle, while planets shine with a steady light. The Bible teaches that stars were created for signs on the 4th day of creation. Gen.1:14 Astrologers look for signs to understand what is happening or will happen on earth. Astrology is the science of interpreting the signs of the sun, moon, stars, and planets based on their pattern. This does not take any psychic abilities or special powers, however, spiritual gifts can be used along with this science; especially in star-gazing.

## **THE BIBLE – THE BEST SELLING BOOK ON THE OCCULT**

In Christianity it is widely believed and erroneously taught that Astrology is from the devil. Most fundamentalists and evangelicals, in their description spiritual truth they refuse to understand, they use the word “occult” in a very negative sense. Much of Christianity seems to have become a fear driven religion with strong emphasis on "the devil." Credit and blame is constantly being given to Satan for anything that is not understood, or mishaps in the human or spiritual experience. The Apostle Paul predicted and warned that this would be one of the signs of the last days of this age. He said that people would stop walking in faith and become overly concern with teachings (doctrines) about the devil.

Let's examine the meaning of the word Occult. Occult means to conceal or hide. It means that which pertains to the supernatural, beyond human comprehension, phenomena; secrets only available to initiates. Occultism is the belief in angels, spirits, healing, predictions; how stars, planets, gemstones and colors relate to human life. {Encarta Encyclopedia} In the science of Astronomy- the word occult is often used. For example the Moon occults (hides) the Sun, this is a Solar Eclipse.

Taken from the definitions of occult and occultism, it would seem that the Bible would qualify as the best selling book on the occult.

Jesus and the prophets often spoke in parables and symbolic language. The masses listening to their messages could not understand because it was meant for the initiates. Jesus often said, *"he who has an ear let him hear."* He often explained the secrets to the Initiates Peter, James and John. The sacred truth is hidden from the eyes of the arrogant and those that would use the pearls of wisdom for personal gain. *"Give not that which is holy unto the dogs, neither cast your pearls before swine's."* Matthew 7:6 *"Having eyes to see they refuse to see, having ears to hear they refuse to hear, having a heart and mind to comprehend, they choose to remain in ignorance. But unto you, the Initiates, it is give to know and understand the mysteries of God."* Matthew 13

The Bible teaches and encourages us to believe in angels. It was the angel Gabriel that came to Mary, revealing to her that she was chosen to birth the Christ child. It was the same angel that came to Zechariah telling him that John the Baptist, the forerunner of Christ would be born. Jesus was comforted and strengthened by angels during his temptation in the wilderness and prayer in Gethsemane. Angel encounters were common and encouraged throughout the Christian New Testament. In other cultures Angels are called Guides or Messengers. *"Are the angels not all ministering spirits, sent forth to minister for them who shall be heirs of salvation?"* Hebrews 1:14. Is this occultic, based on the definition of the word "occultic"?

A belief in spirits, good and evil is also found throughout the Bible. Jesus was famous for performing exorcisms, and communicating with the spirit world. On one occasion it is recorded that he spoke to Moses and Elijah, both men had been deceased hundreds of years before Jesus' birth. (However, most Believers don't realize that there is a grave-site for Elijah in Israel. When he was taken up in the chariot of fire, it was only to transport him to another physical location. During the years of the famine, the Spirit often took Elijah out of danger, this is why the sons of the prophets searched 3 days for Elijah. 2 Chronicles 21:12-15 Elijah sent a prophetic letter over 10 years after his supposed translation). Those who believed on him were encouraged to do the same works of exorcism.. Exorcisms are yet widely practiced among Pentecostals and Charismatics. Is this occultic based on the definition of the word?

Jesus was the greatest Healer of all time and many call on him today to bring healing. This was a common practice of the 1st century Believers, they depended on the power of God through prayer, and invoking the name of Jesus. This has become an increasing practice in much of Christianity today with phenomena results, as well as other religions also. Even the American Medical Association realizes the benefits of focused prayer (meditation), and touch healing (laying on of hands). The Bible encourages us to pray for the healing of others, and it teaches about the gifts of healing. There are many ways or

## Secrets of The Cherubim

expressions of these gifts of healing. It cannot be limited to a confined religious setting. Jesus demonstrated this by the many methods he used; touch, spitting, spoken word, cloth, and extending His aura. Is this occultic?

Jesus was believed to be as a prophet by Jews, Muslims, and Christians. The New Testament is filled with his predictions regarding the plight of the Jewish people and the end of the age. He told his disciples that when the Holy Spirit was sent to them they would also have the ability to predict future events. *"He will show you things to come."* John 16:13. Jesus gave all of his disciples permission to use the prophetic gifts; which had been limited to exclusive groups in prior times. *"Desire spiritual gifts, but let your strongest desire be for the gift of prophecy...that you may bring comfort, edification and exhortation to all."* 1 Corinthians 14:1-3 One of the definitions for occultism is belief in or practicing predictions, is this occultic?

Does the Bible speak anything about gemstones and colors in symbology relating to human life? From the book of Genesis to Revelation this knowledge and belief is revealed. In the Rainbow of Noah, we are introduced to the 7 primary colors. This is the everlasting covenant of colors between God and every living thing on the planet. Genesis 9 In the story of Joseph, his father gives him a prophetic coat of many colors. Genesis 37 Rahab, the prostitute hangs a scarlet rope outside her window to alert the angels and the Israelites that her family is to be spared. Joshua 2 There were 12 gemstones that were worn in Aaron the High Priest breast plate as he went before the Cherubim once a year. These were the birthstones of the tribes of Israel, they are the 12-fold expressions of the new creation man, the zodiac or heavenly man.

Aaron's 7-piece high priestly garment of various colors was designed for glory and beauty. The colors were a revelation of God's redemptive work to man. Each color of the garment and colors used in the Tabernacle was a testimony and constant reminder that man would one-day return to his first estate. Exodus 28. In the Apocalypse of John, we find that the metaphysical New Jerusalem is made up of 12 gemstones and gates of pearl. This again is man in complete realization of his divine self-manifesting God in the earth.

To promote healing, cleansing, balance and heighten spirituality, spiritual people today, use these same colors and gemstones. Aaron and the prophets used the Urim and Thummin gemstones as tools of what is called divination, to hear from God. The nation so depended on these gemstones that no major decision was made without using them. And what about Joseph's silver cup of divination that he used to predict the future. *"And Joseph said put my cup, the silver one in the sack of the youngest one...The servant said, is not this my masters cup that he drinks from, and also uses for divination?"* Genesis 44. Is this occultic?

Luke 21:25-27 Jesus prophesied that we would be able to determine the season of his second coming by understanding Astrology. He told us there would be signs in the Sun, Moon and stars. The Sun turned to darkness (solar eclipse), the moon turned into blood (lunar eclipse), wandering stars (planets conjuncting), stars falling from heaven (meteor showers). He would not have told us that if he did not expect someone to look for them. Jesus must have also had some knowledge of Astrology.

It was the Astrologers that announced his first coming and Jesus basically said that those who understood the stars will announce His coming again. The Astrologers came to honor him, the wise men (magi) followed the Wandering Star {Planet}. Magi is magus. We get our word magistrate from that. The star that the Magis noticed was actually 2 planets, Jupiter and Venus conjuncting in the constellation of Leo. Saturn, Jupiter and Mars had also conjunct for a period of 3 years in the constellation of Pisces announcing the Piscean Age. Thus, foreshadowing the Messiah being born of the tribe of Judah, the Lion of the tribe of Judah, of the Piscean nation Israel.

According to history, the prophecy had been given by Daniel that when this sign appeared the Messiah would be born. Daniel was a Master Astrologer, better than all of those in Nebuchadnezzars kingdom. He not only understood the science, but also could predict future events as a stargazer. A stargazer is one that can prophesy by vision or revelation based on the science of the stars. This set him apart from the scientific astrologers of his day.

God spoke to the Magis (wise men) in a dream. He revealed to them the intentions of Herod to destroy the Christ child. Why would God do that if Astrology was evil and of the devil? God protected the lives of these Astrologers. These Astrologers actually saved the life of Jesus by not reporting their findings to Herod. How ironic, the religious people desired to destroy Jesus, but the Astrologers desired to save him. Today Christianity crucifies the science that announced its founder.

{God spoke to Abraham, Isaac, Jacob, Joseph, Moses, Deborah, Isaiah, Job and many others; all of which understood and used the science of Astrology}.

In Our modern society today, world leaders consult the stars before waging war, this is an ancient custom. During the administration of Deborah, the Judge, Prophetess, and Mother over Israel; she also consulted the stars to defeat the Canaanites. In her prophetic song of victory she states, *"They fought from heaven; the stars (constellations, planets) in their course fought against Sisera."* Judges 5:20. She had read the stars correctly and knew that the heaven prophesied an ill fate for Sisera, but victory for her.

Joshua the warrior commanded the Sun and Moon to remain stationary upon Gibeon, and in the valley of Aijalon. This enabled the Hebrews to win the war against the enemy army. Could it have been that Joshua knew that while the Sun and Moon were in specific positions it was more favorable for them? *"And the sun stood still, and the moon stayed, until the people had avenged themselves upon their enemies. Is not this written in the book of Jasher? So the sun stood still in the midst of heaven, and did not rush to go down about a whole day. And there was no day like that before it or after, that the LORD listened to the voice of a man."* Joshua 10:13-14

The famous passage of Scripture that is used out of context by most of Christianity today to condemn Astrology is found in Isaiah 47:11-15

*11 Therefore evil shall come upon you (Babylon); you shall not know from where it arises. And trouble shall fall upon you; you will not be able to put it off. And desolation shall come upon you suddenly, which you shall not know.*

## Secrets of The Cherubim

*12 Stand now with your enchantments and the multitude of your sorceries, in which you have labored from your youth-- perhaps you will be able to profit, perhaps you will prevail.*

*13 You are wearied in the multitude of your counsels; let now the astrologers, the stargazers, and the monthly prognosticators stand up and save you from what shall come upon you.*

*14 Behold, they shall be as stubble, the fire shall burn them; they shall not deliver themselves from the power of the flame; it shall not be a coal to be warmed by, nor a fire to sit before!*

*15 Thus shall they be to you with whom you have labored, your merchants from your youth; they shall wander each one to his quarter. No one shall save you. (NKJ)*

Was this a condemnation for the use of Astrology? No! Isaiah was prophesying judgment upon the King of Babylon for his arrogance and declaring that nothing, not even his astrologers, or adviser would be able to help him. This would be something totally unavoidable even if they saw it in the stars or by some other means. Who were the Master Astrologers during the time Babylon was destroyed? Was it not Prophets Daniel, Shadrach, Meshach and Abednego? Would God have been condemning them? No!! In Deuteronomy 4:19 the worship of the heavenly bodies is condemned, not the study or prophetic practice of them.

Based on the definition of the word "occult" we have discovered that the Bible would be considered an occultic book inspired by God. Furthermore, we realize that the beliefs of Christians are very much occultic in nature. (Prophecy, angels, demons, healing, the Gemstone New Jerusalem, etc).

Listen to the wisdom of the Cherubim with the Eagle Face. *"The coin has two sides, so it is with occultism, there is the positive and the negative. There is but one power and there is but one Source. God is all there is and all that can be. All power in heaven and in earth belongs to Him. The power from Source can be used to bring forth evil or good, depending on the nature of the person using it. Since every human is connected to Source, all are born with this power. However, most individuals go through life overly concerned with the material world, and never tap into Spirit. There are few that seem to be born with a stronger ability to access the spirit world or read the heavens with greater accuracy. Many others become aware of this power through spiritual encounters, conversion, meditation, tragic or near death experiences.*

*Listen to the wisdom of the Cherubim with the Eagle Face, but also transforms and dwells in the sandy places of the Scorpion. When someone is controlled by greed, hatred, unforgiveness, anger and other negative emotions, the occultic power flowing through them will be negative and destructive. It will become contaminated with a self-serving purpose with intentions to manipulate and control. This type of practice leads one into rebellion against the higher purposes of this power to benefit all. This is what is referred to as a form of witchcraft in the Bible, "rebellion is as the sin of witchcraft.*

*The negative, unconverted, darkened mind opens the door for negative or lower spirits where the Scorpion lives, which the Bible calls demons. Fears, anger, unresolved hurts, pride and lust are the platforms from which demons manifest and express themselves. While it would appear that the worker of darkness practicing negative occultism or the dark arts is successful, there is always a price to pay. This price may lead to the worship of demons and Satanism. Can a man take fire into his bosom without being burned? Is it not the scorpions nature to sting or the serpents nature to bite? The spirits*

*will make many promises and fulfill most them, but in the end the same platform that gave them permission to operate will bring a very painful death and destruction upon the practitioner. Depending on the depth of this negative occultism, the sting may affect relatives and generations to come.*

*However, when this power is channeled through those that have purified their hearts and choose to be motivated by love and compassion, this power benefits all. The higher light spirit beings and positive forces are released to assist the light worker, others call these spirits angels, some call them guides. This occultic power brings healing, direction, enlightenment and edification. When the practitioner of light is submitted to Source, he/she realizes that every good and perfect gift comes from the Father of lights. Therefore, he is not overly concerned with recognition, for he is only a co-worker with the Holy Spirit.*

*A skilled and diligent practitioner will become very successful, the angels will make sure opportunities come his way. Access to the spirit realm will not be denied to the one seeking to edify others. Will God render evil to him that does well? Will he give him a scorpion instead of an egg? As the golden Eagle soars to the heights to become lost in the sun, so it is with those that choose light. The light that you seek, you will become and the true power is in the surrender of the human will. The endowment and blessing of this experience will affect all in your vicinity in a positive way, even to many generations."*

*(From here on, I will share revelations given by the Cherubim to me, several more channeled messages and research. Most of the other encounters with the Cherubim, OBE's and visions might find their way another book in the future—or mystic teachings.)*

*Zodiac, the Circle of animals; the Path (Way) the Sun moves through the heavens.*

*The Zodiac Wheel within the Wheel. The 12 signs, symbols and names. “God calls the stars by all their names.” Psalms 147:4 - The 4-Cherubim – LEO, TAURUS, AQUARIUS, SCORPIO-they are the Fixed signs forming the Cosmic Cross forever in the heavens. In the Center is the constellation of CEPHUS, a man sitting on a throne (not shown in this image) as Revelation 4 describes it.*

### ZODIAC AGES

There are 12 months in the year, and 12 Zodiac signs. The 12 Zodiac signs point toward the 12 Zodiac Ages. Most scientists agree that each age last approximately 2160 years according to the precession of the equinoxes. Every 2000 years or so the earth's pole tilts in the direction of a new astrological constellation, thus pointing to a new Astrological or Zodiac Age. It takes approximately 26,000 years to complete an "equinoctial cycle" because of the tilt in earth's axis. The pole would have come full circle, pointing to each of the Zodiac signs during that time.

The ancients of Egypt place Leo as the first of the Zodiac Ages. The Sphinx reveals to us the beginning and the ending of the celestial circle or cycle. The head of a woman (Virgo) being the beginning, and body of a lion (Leo) being the end. Based on the concept of beginning and end, this explains why Christ was born of a Virgin and returns in His kingdom as a conquering Lion. He is the First and the Last.

However, the ancients did not place the first Zodiac Age as Virgo, but Leo. As I pondered upon why it would be as such, the mystery begun to unravel. It is understood when we realize that God declares the end from the beginning, the first becomes last and the last becomes first. Furthermore, as the Sun moves in what appears as a backward, counter clockwise motion through the Zodiac this makes sense that Leo would be considered the first Zodiac Age.

As we study history and the Zodiac Ages, we have found that every 2000 years or so, a major New Religion or belief system is developed. We have progressed from Innocence and the slaughter of animals, to Judaism and it's 613 Laws and Ordinances, to Christianity and its many religions. Here we are at the dawn of a new Zodiac Age, and our belief system is due for a major overhaul.

{To help us further understand the Zodiac Ages, look at the chart below. This chart does not give the exact year each Zodiac Age begun, but I have rounded the years down. For example, instead of showing the Piscean Age beginning approximately 2100 years ago, we will say 2000 years ago}.

First Age	Age of Leo	dawned about 12,000yrs ago
Second Age	Age of Cancer	dawned about 10,000 yrs ago
Third Age	Age of Gemini	dawned about 8000 yrs ago
Fourth Age	Age of Taurus	dawned about 6000 yrs ago
Fifth Age	Age of Aries	dawned about 4000 yrs ago
Sixth Age	Age of Pisces	dawned about 2000 yrs ago
<b>Seventh Age</b>	<b>Age of Aquarius</b>	<b>dawned 1997?</b>

### Age of Gemini, the Twins (Adam and Eve – Innocence)

For the sake of understanding, we will start with the end of the 3rd Zodiac Age, Gemini. This would have been over 6000 years ago according to the biblical story of human creation.

Every 2000 years or so, there is an event in the heavens that is called the Equinox of the Sun. The Sun crosses the celestial equator in a counter clockwise movement appearing in a different Zodiac sign house. This is normally accompanied by a configuration of the planets. After a period of nearly 26,000 years, the Precession of the Equinox begin again. For those that understand the Sign Language of the heavens, this is a very prophetic event.

Around 8000 year ago the sun was equinox in the Zodiac sign of Gemini, the Twins. This was the Age of Gemini. The Twins symbolized it. Was it coincidental that Adam and Eve were created during the end of that age over 6000 years ago? On many planispheres (maps of the heavens) and in many cultures this constellation Gemini represents the first man and woman, the opposites.

Gemini's element is Air, and Creator did breath the wind (ru'ah -spirit) into Adam and he became a living soul. The ruling planet of Gemini is Mercury. In mythology, Mercury is the messenger god, he's controls communication and other things, but he is also the trickster or deceiver. Looking at what happened with Adam and Eve, we see that the energy of Mercury affected their sense of gullibility. Adam and Eve's eagerness to receive messages of truth, but also susceptible to deception. Aside from all the positive attributes of the Gemini Age, which we wont take the time to cover here, there were some major problems.

The Age of Gemini is the Age of Duality. In Genesis, we are introduced to this concept. We see light and darkness, land and sea, heaven and earth, man and woman, good and evil, God and Satan (Serpent). This sense of duality or double mindedness caused the first humans to be unstable in all their ways. They were easily influenced by the negative energies that produce death. During this period of naivety and innocence, they were prone to extremes.

Although, Adam and Eve were created during the end of the Age of Gemini, they were not created while the Sun was in the Zodiac sign house of Gemini as in respect to the month. Adam was created on Yom Teruah (Rosh Hashana), which is also called the Feast of Trumpets. This is the 1<sup>st</sup> day of the 7<sup>th</sup> month on "God's Calendar." This is also called the birth date of the Earth in Hebrew tradition. This day falls in the Zodiac sign house of Virgo, Adam was a Virgo; which speaks of his purity and innocence, but also seductiveness and eager for new experiences.

In that initially pure state of existence of this particular creation of humans, there was no organized religion needed. Their only religion was LOVE. They were Elohim (Gods) on the earth, encountering the reality of experiencing a human form.

## **Age of Taurus, the Bull (Hinduism-Mithraism)**

Approximately 6000 years ago, the Sun was equinox in the fixed sign house of Taurus. This was the beginning of the Age of Taurus, the Bull symbolized it. The ruling planet for Taurus is Venus, which speaks of femininity, love and beauty. Taurus is an earthy sign which speaks of materialism, and concern with the physical world.

It was during this age the oldest world religion was born, Hinduism. Hinduism is known as the religion of 30 million gods and goddesses. However, they do acknowledge the One Supreme Being, that's Absolute and has no form. This is the only Reality called Brahman, the Supreme God of Gods. The ancient people of India understood the science of the heavens and that planet. Earth's north pole pointed toward Taurus, the people made the Bull or Cow sacred and worshiped it. Even until this day in India, the bull or cow is held sacred. In studying the Vedas (holy books of knowledge) of the Hindus, I could clearly see the foreshadowing of the coming age of Christ (Pisces) and the many similarities between Hinduism and Christianity.

In parts of Africa, Egyptians and other nations worshiped Apis, the bull-god during the Age of Taurus. Evidence of that remains til this day, as remnant rows of bulls/cows yet stand outside magnificent structures. When Israel had come out of Africa (Egypt) and into the Wilderness they worshiped the golden calf, the Bull that symbolized the Age of Taurus. Moses knowing that a new age had arrived, which would have the lamb (Aries the Ram) as its symbol threw the 10 Commandment and destroyed the golden calf. This was a foreshadowing of what Mithra would do in Persia, by slaying the Bull. The new religion would be Judaism, and the God's name was revealed as Yahweh, the true God.

Much later, the religion of Mithraism was formed and spread about. It was popular from Rome to Persia. Mithraism was an outgrowth or extension of Hinduism, developed mostly around Persia (Iran) at first. Mithraism beliefs were very close to that of Christianity; except they excluded women from their worship. The myth says that Mithra was born from a rock without father or mother. He was the Sun god that gave light to all men, the Light of the world. December 25 was celebrated as the birthday of the Unconquerable Sun-god, Mithra. He was called the savior of the world around hundreds of years before Jesus the Christ was born. Before his death, according to history, he was said to have a supper with his 12 disciples, who represented the 12 Zodiac signs. Mithra killed the sacred Bull, Tthat symbolized the Age of Taurus. This was meant to be a finally prophetic act directing the people to move on beyond the Age of Taurus that many were yet stuck in.

In the religion of Hindiusm, there is a prophecy about someone coming during the Age of Pisces. His name was even revealed 3000 years before his birth. In the ancient Puranas (Sanskrit language writings of ancient times- chapter 19: 22-30) – It relates a story of the Hindu King Shalivahana encountering a mysterious man of golden complexion in the countryside of Huna (Tibet). The king asked, “Who are you?” The mysterious golden complexion man dressed in white said, “I am Isha Putra, the Son of God.” It states that Isha Putra would later be called Isha Masiha (Yahshua Messiah in Hebrew, who we call Jesus Messiah/Christ) born of a virgin – strictly adheres to Absolute Truth. The mysterious man also later identified himself as Masiha the Prophet. This same Jesus (Yahshua) **Isha** – Messiah – **Masiha** was prophesied by name in the Sanskrit language 3000 before he was born.

The Cherubim's Wisdom of the Bull-Faced One would have us know and understand:

“Each world religion and off-shoot of that religion in it's purest original state was designed to prepare the human conscioussness for the fulfillment of All. Not one of them was able to completely express the magnitude of the Plan for creation and humans on this planet. Each concealed the Truth in symbols, metaphors, rituals and language; many of these encryption were and yet are waiting to be decoded by those who do hunger for the reality of their being. The sacred writings, engravings, traditions, myths art, and architect are mere clues uniquely placed around the world. Each points to another; not opposing the other, to form the image that you already have seen and known. The Cherubim are the Guardians of the imaginary clues which are real. The image is you.

## Age of Aries (Judaism – Buddhism)

Over 4000 years ago, we entered the Age of Aries as the earth's pole pointed toward the constellation of Aries. The symbols of the Arian Age were the lamb and Ram's horn (Aries the Ram). These were the symbol used for ancient Judaism and is still used today.

Nearly 4000 years ago there was a man called Abraham. He was instructed by God to offer his only son Isaac upon an altar as a burnt offering to God on Mt. Moriah. Although, God would not accept any human sacrifice, Abraham's faith was to be tested. Just when he was about to kill his son, the angel called out to him and showed him the Ram in the bush.

The lamb (Ram) became the animal most suitable for sacrifice because of the new age at that time and the fulfillment it foreshadowed. The Ram's horn became the instrument used for worship, warfare, repentance and prophetic declarations.

Many years before Abraham saw the Ram in the bush, his name was called AbRAM (father of exaltation) and his wife was called Sarai (bitterness, contention, striving). Abram was from Ur (land of enlightened ones) of the country of Chaldea (astrologers). He being a Master Astrologer, according to the Jewish Tradition understood the stars had predicted that he and his wife would not have a child together. One night while he was studying the stars God said to him, "Count the stars if you can, so shall be your seed innumerable."

In Genesis 15, Abram comes into a covenant relationship with God, which is signified by the cutting of the animals. It was customary to take on part of a person's name that you're in covenant with. Genesis 17 Abrams name is change to AbraHam (father of multitudes) and Sarai name is changed to SaraH (Princess, or daughter of God).

The Creator took the "H" (**Hey**) out of His name YHWH and placed it in AbraHam and SaraH's names. The "**Hey**" speaks of a window, movement, and transition. **Hey** is the fifth letter of the Hebrew alphabets, which speaks of Multiplication & Grace. It is also the first of the 12 single letters, which correspond with the 12 Zodiac signs. **Hey** is assigned to Aries, the first astrological sign. So we see the mysterious name changes were also declaring and confirming the new age of Aries led by AbraHam.

Furthermore, speaking the "**hey**" in the new name, each time Sarah called Abra-Ham, she was prophesying and declaring, "you are the father of multitudes." Each time AbraHam called Sara-H, he was declaring that she was a princess, daughter of the King of Glory. It was believed that if the stars had predicted a negative destiny for someone, that could be altered by a changed name. Thus, we see this illustrated throughout the Bible. "A new name (nature) will be given to the overcome." Revelation 2:17

Nearly 500 years later, the Arian Age was further realized during the life of Moses. He used the lamb's blood to bring salvation to a whole nation, the new religion of Judaism was being established. This was the age of the patriarchs and prophets. It was also the age of aggression, and warfare; ruled by the planet Mars. Their perception of God was that of an angry Creator with a short fuse, they had to work to appease him. This was the age of law, and that's what Moses gave them.

During this age those called the Aryans (called so because of the Age of Aries) coming from the north used the energies of aggression and warfare exerted by Mars to conquer many lands. Their territory stretched from western Europe to India. The Hebrews aware of the new age and its opportunities used this same influence to conquer nations. (Although we have long moved from the Arian Age of aggression and warfare, there are strong residual influences operating today).

Judaism, as other world religions foreshadowed something greater than what the bloody masculine energy Age of Aries could produced. The prophets rising up early and going down late prophesied of the Ultimate sacrificial Ram/Lamb would come to take away the sins of the world. Isaiah even gave us one of his names, Emmanuel, and described the wounds he would take on his body to bring salvation to All. Isaiah 53

The religion of Buddhism was also develop near the end of the Age of Aries. The Buddha prophesied over 400 years before the Christ.

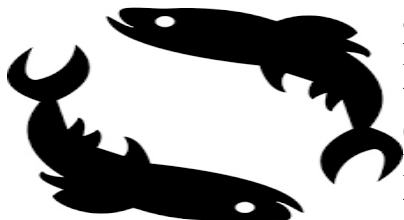

"Look for another Holy One who will be coming so that will help the world and all of you in the future. The palm of his hand and the flat of his fee will be the sign of a disk (like the head of a nail). His side a stab wound and his forehead will have many scars. This Holy One will be the golden boat which will carry you all to the highest Nirvana (heaven)." Lord Buddha

## **Age of Pisces (Christianity-Islam)**

2000 years ago we entered the Age of Pisces according to the Precession of the Equinoxes. In February of 6 BCE, Jupiter, Saturn, and Mars was conjunct in the constellation of Pisces for about 3 years, as the heavens announced a new age. The symbol for the Piscean Age is the Fishes, this is the same symbol used in Christianity. Christianity became the new religion of the new age. A lamb (Ram) no longer had to be slaughtered and sacrificed, Jesus became the Lamb of God to take away the sins of the world. Jesus came to announce the new age of that time by saying, "Follow me and I will make you fishers of men."

Again we see several miracles of Jesus involving Fishes. The money in the Fish's mouth speaks of the prosperity that would be generated during the Christian or Piscean era. The miracle of the abundance of Fish caught by the disciples after they had toiled all night. This speaks of the multitudes that would be brought into Christianity during this era. The multiplying of the 2 Fishes (Pisces) and loaves yet speak of provision and duplication during this era of the old and new covenant. Peter, the fisherman was chosen to be the leading Apostle of the Church at Jerusalem.

The Piscean Age has been ruled by the planet Neptune which speaks of religious expression, this is why there have been so many religions developed over the past 2000 years. Islam was developed 500 years after Christianity. They appear to be the 2 Fishes of the Piscean Age traveling in opposite directions. However, things are not always as they appear. The Piscean Age also represents the age of brotherhood and love, this is the message that Jesus brought; although, we have not always seen this manifested.

Jesus saw that the Piscean (Christianity-Muslim) Age as great as it was, would eventually come to an end as we know it. He signified the new age would be the Age of the Outpouring (Aquarius). This he figuratively demonstrated on the last day of the Feast of Tabernacles, while the priests were pouring out the wine and water. He shouted, "He that believes on me as the scripture says, out of his innermost being will flow rivers of living waters." The Apostle Peter shouted on the day of Pentecost, in the last days (of the Piscean Age) God would pour out of His Spirit upon all flesh..." Thus, bringing in a new age. John 7, Acts 2

## **The Age of Aquarius (Unity-Spirituality)**

*"When the moon is in the seventh house  
And Jupiter aligns with Mars,  
Then peace will guide the planets  
And love will rule the stars-*

*This is the dawning of the Age of Aquarius,  
The Age of Aquarius  
Aquarius! Aquarius!*

*Harmony and understanding Sympathy and trust abounding,  
No more falsehoods or derisions  
Golden living dreams of visions Mystic crystal revelation  
Are the minds true liberation*

*Aquarius! Aquarius!"!*

(This was song by the group called, "The 5th Dimension" in 1969 and went Platinum. "Aquarius/Let the Sunshine In" won the Grammy for best record of the year and remained on the album chart for 72 weeks). It takes 72 years for the movement of one degree in the precession of the equinoxes of the equinoctial cycle.

In January 1996 there was an alignment of Sun, Moon, Mercury, Earth, Mars, Uranus and Neptune on the cusp of the constellation of Capricornus. Uranus entered Aquarius for the first time in 77 years, as 7 other planets entered Aquarius. Each Astrological Age is introduced by extraordinary signs in the heavens.

The ruling planet in Aquarius is Uranus, the 7th planet from the Sun. Uranus has 21 moons. Uranus speaks of breakthroughs and revolution. Uranus was discovered between the American and French revolutions, symbolizing our capacity to go beyond limits. It is about inventiveness, originality and independence. The Aquarian Age is about unique individuals who act as agents for change, they are awakeners here to help us break our patterns.

In January 1997 another rare planetary alignment took place, it was also called a Grand Sextile. The planets lined up to form the 6-pointed Star of David perfectly, many felt this was ushering in the Zodiacal Age of Aquarius. Jesus said there would be signs in the heavens announcing the end of the (Piscean/Christian-Muslim) age and to introduce the new age. The term new age in the original context only means, the beginning of a new Zodiacal Age that the heavens proclaim, which will last at least

## Secrets of The Cherubim

2000 years. However, many others have coined this term and caused it to mean many other things.

While the expert astronomers and astrologers cannot agree on the exact date and year that the Age of Aquarius begins, they do agree that we are entering into a new age. Aquarius is a fixed sign whose element is wind (air). Aquarius is symbolic of the Outpouring of Spirit that will come upon all humanity. In it we will also find Individuality, everyone will experience God in a very real, but personal way. The religious formulas of the Piscean Age will disappear.

The 7th Feast, the Feast of Tabernacles (Sukkots) on the Hebrew Calendar is synonymous with the 7th Zodiac Age, which is Aquarius. The ritual of pouring out the water mixed with wine by the priest signified the Age of the Outpouring. This Outpouring is also called the Ingathering, exclusivity will not be a part of the new age. It is the Marriage Supper of the Lamb, where all are invited. The outcast, down trodden and rejects of the Piscean Age will freely partake of the Christ within, without religious bondage. This is the celebration of Be-coming and Do-ing. It is the ending of religion as we have known it, Babylon is fallen and will not be rebuilt.

Jesus did 2 miracles during Sukkots in the Bible, both were involving or related to water. This was foreshadowing the Water bearer of the Aquarian Age, the Age of Miracles.

### **John 5:1-12**

"After this there was a feast of the Jews, and Jesus went up to Jerusalem. Now there is in Jerusalem by the Sheep Gate a pool, which is called in Hebrew, Bethesda, having five porches. In these lay a great multitude of sick people, blind, lame, paralyzed, waiting for the moving of the water. For an angel went down at a certain time into the pool and stirred up the water; then whoever stepped in first, after the stirring of the water, was made well of whatever disease he had. Now a certain man was there who had an infirmity thirty-eight years. When Jesus saw him lying there, and knew that he already had been in that condition a long time, He said to him, "Do you want to be made well?" The sick man answered Him, "Sir, I have no man to put me into the pool when the water is stirred up; but while I am coming, another steps down before me." Jesus said to him, "Rise, take up your bed and walk." And immediately the man was made well, took up his bed, and walked. And that day was the Sabbath. The Jews therefore said to him who was cured, "It is the Sabbath; it is not lawful for you to carry your bed." He answered them, "He who made me well said to me, 'Take up your bed and walk.'" Then they asked him, "Who is the Man who said to you, 'Take up your bed and walk?'" (NKJ) And they have been walking away from the house of misery (religion) to follow Jesus every since.

Bethesda which meant house of mercy had become a place of misery. The 5 porches represent the Torah, the first 5 books of the Bible, wherein lies 613 laws. "The letter kills, but the spirit gives life." The multitude of sick people represents humanity in various stages effected by the power of sin consciousness and guilt. The paralyzed man represents the Believer that waits for a futuristic event and makes excuses for himself not manifesting the Christ. Conference after conference, revival after revival only to regress back to the old lifestyle. The 38 years testifies of the bondage to religious thinking that limits the Now Christ.

The Son of Man (Aquarius), the Water-bearer stands in the midst to stir the waters of the soul and spirit in the Aquarian Age. Those that have never walked before will walk and leap for joy. Those that have been crippled by religion and depending on someone else to do it for them will learn to work out their own salvation. "Rise, take up your bed and walk."

### **John 9:1-14**

"Now as Jesus passed by, He saw a man who was blind from birth. And His disciples asked Him, saying, "Rabbi, who sinned, this man or his parents, that he was born blind?" Jesus answered, "Neither this man nor his parents sinned, but that the works of God should be revealed in him. I must work the works of Him who sent Me while it is day; the night is coming when no one can work. As long as I am in the world, I am the light of the world." When He had said these things, He spat on the ground and made clay with the saliva; and He anointed the eyes of the blind man with the clay. And He said to him, "Go, wash in the pool of Siloam" (which is translated, Sent). So he went and washed, and came back seeing. Therefore the neighbors and those who previously had seen that he was blind said, "Is not this he who sat and begged?" Some said, "This is he." Others said, "He is like him." He said, "I am he." Therefore they said to him, "How were your eyes opened?" He answered and said, "A Man called Jesus made clay and anointed my eyes and said to me, 'Go to the pool of Siloam and wash.' So I went and washed, and I received sight...Now it was a Sabbath day when Jesus made clay and opened his eyes." (NKJ)

This blind man represents humanity born blind, the scales of the distorted Adamic nature have prevented him from seeing God. However, the works of God are being revealed during the Aquarian Age (Sukkot) to open the eyes of all. "Every eye shall see him."

The pool of Siloam (Sent) was near the Tower of Siloam; which fell on 18 men and killed them.  $6+6+6=18$  is the number (nature) of the beast, which must be killed. The Tower foreshadows the religious systems which man has built that can only bring forth the bestial nature and destruction.  $9+9=18$  which again speaks of finality and judgment to the religious system that exalts itself above God and builds walls of division.

Once the eyes of the spirit have been open, the disciple is no longer begging or depending on someone else to show him what is truth. The amazing grace becomes a reality and no Pharisee will be able to ever intimidate him again. He develops a holy boldness and speaks for himself. He is even willing to risk being excommunicated from the limited religious systems of man.

Jesus used earth and water, the ingredients that man is made up of to create the miracle of sight. As you realize that you were Sent here for a purpose, the miracles that you expect will manifest out of your own being. It is the Christ in you, as you, the hope of glory. "If you believe on me as the scriptures say, out of your belly (innermost being) will flow rivers of living waters."

The Aquarian Age is the Age of Wisdom, she has built her house and hewed out her 7-Pillars, the full expression of the 7-fold Spirit of God. Proverbs 9:1-6 Isaiah 11:2

- 1) *Spirit of Yahweh*
- 2) *Spirit of Wisdom*
- 3) *Spirit of Understanding*
- 4) *Spirit of Counsel*
- 5) *Spirit of Might*
- 6) *Spirit of Knowledge*
- 7) *Spirit of Reverence*

"Wisdom has built her house; she has hewn out its seven pillars. She has prepared her meat and mixed her wine; she has also set her table. She has sent out her maids, and she calls from the highest point of the city. "Let all who are simple come in here!" she says to those who lack judgment. "Come, eat my food and drink the wine I have mixed. Leave your simple ways and you will live; walk in the way of understanding". (NIV)

This is the age of getting reacquainted with the Divine Mother- God-dess, She is also called, El Shaddai. For 3500 years we have seen the masculine energies at work-Father God. We are beginning to see a great expression of Feminine energies -Mother God. "...In the last days sons and Daughters will prophesy.."

**Wisdom**, she stands in the top of the high places and cries. There are 15 steps to the high places where she may be serenaded to bring the Balance again between the male and female energies. In the natural it takes male and female to produce a child, this principal is also true in spirit. It has been said that "Men are from Mars and Women are from Venus." During the Feast of Tabernacles, we will realize that we are really from each other.

"O my dove, in the cleft of the rock, In the Secret Places of the Stairs, let me see your countenance, let me hear your voice; for sweet is your voice, and your countenance is comely." Song of Solomon 2:14

In Solomon's Temple, there was a stairway; a bridge to bring male and female together. Also, in this temple of God (body), there is the secret place of ascending; which brings Divine Balance. At the top of the stairs is where the women (Wisdom) were gathered. We now have both the Masculine (spirit-positive) and Feminine (soul-negative), a full expression of All Power. **Yah**, being the masculine and **Weh**, being the feminine. The tetragrammation **YHWH**, the unpronounceable name of God. With the vowels, "A" and "E" from the names Adam and Eve we get YAH-WEH.

In Psalms 133, at the 14th mystical step, there is a song of celebration of the Unity of the brethren (male-female). In the realization of this Union will the anointing, peace, and blessings flow, it is also a place of maturity. The call or voice in the cleft of the Rock or the secret places of the stairs is the Voice of the Bridegroom (Christ) to the Bride (Initiate). The voice of spirit to soul, or the voice of Adam (male) to Eve (female). She has been dwelling in the secret places of the stairs. **Adam has blamed Eve from the beginning for getting them evicted from the Garden, losing their light bodies garments,**

**and living in poverty.** She's been afraid to show her face or to speak in various religions, cultures and chauvinistic households.

She is called a dove, symbolic of the Holy Spirit. A dove commits to its mate for life; that's how our commitment should be to Christ in the Aquarian Age. The purified soul is committed to the spirit. In the Songs of Ascent, sung during the Feast of Tabernacles, we realize that our countenance is the image of His, our voice (words) are sweet, because they are His.

That which we called sin has been dealt with at Atonement, we have been abiding in the secret place and all He wants to do is rejoice over us and in us with singing and dances of deliverance. Zephaniah 3:17 The Songs of Ascent begin with Psalms 120. During the 8 days of Tabernacles (Sukkot) the Levites ascended the 15 steps with musical instruments and songs. (8 x 15=120)

The number **120** has a two-fold meaning as most numbers do. The side that appears negative of 120 means, **the end of flesh.** (In reality that's positive). Gen. 6: 3 God shortens man's lifespan from 969 to 120 years. He brought an end to flesh in that day by flood. Moses lived 120 years, Joshua succeeded him. On the other hand we see Outpourings surrounding the number 120. There were 120 priest blowing trumpets, they fell under the power and the glory of God as He filled the Temple. 2 Chronicles 5 On the day of Pentecost 120 were in the Upper Room, they were all filled with the Holy Ghost. Acts 2 Through the preaching of Jonah 120 thousand were saved. Jonah 4:11 We have experienced 6000 years from Adam, 50 is the number of Jubilee, and we are experiencing the 120th Jubilee. (50 x 120=6000).

One of the secret messages of the stairs is, before there can be an Outpouring on and through your life, your flesh must come to an end. You must become the living sacrifice. Before you can ascend these 15 mystical steps in the Tabernacle Experience, you must die to the lesser self. Then, the flood of the Spirit will come, the Joshua will arise to take you to the other side, the glory of God will fill your physical body, the upper room of your mind will be set ablaze to purge your thinking, and your whole spirit, soul, and body will be saved through the ministry of Jonah, which means, Dove (Holy Spirit). And all of groaning creation will be set free into the glorious liberty of the sons of God.

Aquarius is the Age of the Messiah and messiahs, for saviors shall come forth upon Mt. Zion to serve all of humanity. The Religious Babylon of the Piscean Age must fall and submit its authority to the new day. "Behold I will do a new thing, do not remember the former." In the past, we have had big religion and big governments with many dictators. In the new day everyone will know the LORD for himself, as His Kingdom rules from the heaven.

This is the Age that will reproduce God's Image and Likeness in the earth, a people that will realize their godhood and restore all creation. The war and striving in man will cease as he enters into the millennium Sabbath's Rest. It is the age of reversals. All of the holographic images projected on mass consciousness will be removed. The planet will be restored back to the likeness of the Garden of Eden, heaven on earth. Sickness and death will be totally eradicated during this age as humans learn to value and love one another.

### MAJOR CELESTIAL EVENTS OF 1996-1997

**T**hree Lunar Eclipses of a Blood Red Moon over Jerusalem within one calendar year according to the Biblical Calendar on Biblical Hebrew Holidays.

April 3, 1996	Passover
September 27, 1996	Sukkot (Tabernacles)
March 23, 1997	Purim
September 16, 1997	Yom Teshuva (Trumpets)

(Keep in mind, the religious Hebrew Calendar starts in the spring March/April each year)

Jewish tradition states: "When the moon is in Eclipse it is a bad omen for Israel, when it is as red as blood, it is a sign that the sword is coming to the world."

March 23, 1997, Feast of Purim on the same day of a Lunar Eclipse, the comet Hale Bopp came closet to the earth. Purim is from the word Pur, which means to cast lots by astrological forecasting.

Talmudic traditions also states: "A comet never passed through the constellation of Orion, if one did, it would signify that the world would soon be destroyed."

Hale Bopp passed through the constellation of Orion, which denotes Judgment Coming. Astronomers say the last time Hale Bopp was seen was before the Flood of Noah. Each age ends with upheavals and natural disasters, this serves as a cleansing and purging for the coming age. The holographic world that unenlightened man has created for himself must come to an end.

"There will be signs in the heavens, watch for them," Jesus said. Each New Zodiac or Astronomical Age is introduced with unusual movements of the heavens, conjuncts, configurations and eclipses. The Celestial Prophets are prophesying, hoping for terrestrial prophets to decree and declare on Earth what the heavens have decreed and declared. Only then can it be ESTABLISHED in the Earth realm.

### JESUS the LIBRAN ?

**A**lthough Jesus was born at the beginning of the Piscean Age to fulfill the prophecies of the promised Messiah to the Piscean nation of ancient Israel, he was not a Piscean or Capricornian by birth sign. For nearly the past 1700 years Christians have confidently celebrated Jesus' birthday on December 25. Virtually anyone in the western world will tell you that December 25, is his birthday. Could they all be wrong?

The Hebrew religious New Year begins during the Spring. Since the beginning of a new month cannot be declared until the sighting of the new moon, the beginning of the Hebrew month would start toward the middle or end of our Gregorian Calendar month. "This shall be unto you the beginning of months; it shall be the first month of the year to you." Exodus 12: 2 Nisan/Abib would be equivalent to March/April. Therefore, from the middle of March to the middle of April would be the 1st month on the Hebrew Calendar in most cases.

In 1 Chronicles 24, David establishes the 24 courses of the priest. This would allow 2 priests to minister each month of the year. The names of these leading priest and their divisions served as a pattern for future generations of priest. Each course was called by the name of its founder.

"These were the divisions of the sons of Aaron: The sons of Aaron were Nadab, Abihu, Eleazar and Ithamar. But Nadab and Abihu died before their father did, and they had no sons; so Eleazar and Ithamar served as the priests. With the help of Zadok a descendant of Eleazar and Ahimelech a descendant of Ithamar, David separated them into divisions for their appointed order of ministering. A larger number of leaders were found among Eleazar's descendants than among Ithamar's, and they were divided accordingly: sixteen heads of families from Eleazar's descendants and eight heads of families from Ithamar's descendants. They divided them impartially by drawing lots, for there were officials of the sanctuary and officials of God among the descendants of both Eleazar and Ithamar. The scribe Shemaiah son of Nethanel, a Levite, recorded their names in the presence of the king and of the officials: Zadok the priest, Ahimelech son of Abiathar and the heads of families of the priests and of the Levites-- one family being taken from Eleazar and then one from Ithamar.

The first lot fell to Jehoiarib, the second to Jedaiah, the third to Harim, the fourth to Seorim, the fifth to Malkijah, the sixth to Mijamin, the seventh to Hakkoz, the eighth to Abijah, the ninth to Jeshua, the tenth to Shecaniah, the eleventh to Eliashib, the twelfth to Jakim, the thirteenth to Huppah, the fourteenth to Jeshebeab, the fifteenth to Bilgah, the sixteenth to Immer, the seventeenth to Hezir, the eighteenth to Happizzetz, the nineteenth to Pethahiah, the twentieth to Jehezkel, the twenty-first to Jakin, the twenty-second to Gamul, the twenty-third to Delaiah and the twenty-fourth to Maaziah. This

was their appointed order of ministering when they entered the temple of the LORD, according to the regulations prescribed for them by their forefather Aaron, as the LORD, the God of Israel, had commanded him." (NIV) 1 Chronicles 24: 1-19

One thousand years after the death of David this order of the priest was yet enforced. "There was, in the days of Herod, the king of Judea, a certain priest named Zechariahs, **of the course of Abijah**; and his wife was of the daughters of Aaron, and her name was Elisabeth." Luke 1:5. As the story goes on, Zechariahs encountered the angel Gabriel, which told him that his prayers had been heard and that his barren wife would miraculously give birth to a son. His name would be called John, he would be the forerunner to the Messiah.

Six months later this same angel came to the virgin girl Mary telling her that she would miraculously give birth to the Messiah. "Then Mary said unto the angel, How shall this be, seeing I know not a man? The Holy Spirit will come upon you, and the power of the Highest shall overshadow you; and that holy thing which shall be born of you shall be called the Son of God. And your cousin Elisabeth has also conceived a son in her old age; **and this is the sixth month with her**, who was called barren. For with God nothing shall be impossible." Luke 1: 34-37

From this passage of scripture we learn that John the Immerser (Baptist) was six months older than Jesus, who is called Christ (Messiah). We were told that Zechariah was of the course of Abijah. Based on the scripture from the Chronicles, the course of Abijah was the eight course. This means that Zechariah's priestly duties fell in the month Tammuz, which is equivalent to July.

Elisabeth conceived her son (John) in the month of (July) Tammuz, six months later Tebeth/Shebat (January) Mary conceived Jesus. John the Immerser was born on or around the Passover, the 1st Feast in the month Nisan/Abib (March/April). Passover may fall in March or April due to the leap year and siting of the New Moon; however, it is always in the Zodiac sign house of Aries – the 15<sup>th</sup> date of the 1<sup>st</sup> month., during the Full Moon. John the Immerser was an Aries and exemplified strong Arian traits.

Malachi, the prophet had prophesied 400 years earlier that Elijah must first come before the Messiah. Malachi 3:1 Jesus made it clear that John the Immerser came in the spirit and power of Elijah. "And from the days of John the Immerser until now the kingdom of heaven suffers violence, and the violent take it by force. For all the prophets and the law prophesied until John. And if ye will receive it, this is Elijah, who was to come." Matthew 11:12-14

The custom remains in Judaism today that during the Passover meal an extra cup of wine is set aside for Elijah and a plate mat. A young boy is sent to look out of the door, while an adult asked, "Do you see Elijah?" The expectancy and prophecy of Elijah being born and appearing during Passover was fulfilled in John the Immerser.

Six months after Passover is the 7th Feast on the Hebrew Calendar, it is called Tabernacles (Sukkot). This feast takes place in the month Tishri/Ethanim (September/October). Jesus was born between the end of September to around the first week of October on Tishri 15. This Feast always falls in the Zodiac sign house of Libra. Jesus was a Libran.

The Logos, Universal Thought spoken forth became tabernacled in flesh. This was the Cosmic Sukkot, foreshadowing the experience of all humans in touch with the Divine Self. "Behold the tabernacle of God is with men." This is the Emmanuel experience.

Jesus was transfigured during the Feast of Sukkot, this was his birthday. The Light Being that he was, burst through illuminating his entire being while in a state of prayer on the mountain. Peter said, "shall we build three sukkas (booths)?" Matthew 17

The Zodiac sign of Libra was assigned to the tribe of Levi. Libra is the seventh sign of the Zodiac. Levi, the third son of Jacob means joining together. The priesthood had come out of the tribe of Levi for 1500 years. Their ministry was to join man back to God, instead it had somehow pushed man further away from God. They were entrusted to bring Balance and Justice, suddenly a new priest arose from the tribe of Judah with the birth sign of Levi (Libra). In this was hidden the mystery of immortality and Melchizedek, the King-Priest of the Most High God.

The ruling planet for Libra is Venus. The Magis (Astrologers) came asking, "Where is He that is born King of the Jews? We have seen His star (planet) in the east, and are come to worship him." Matt.2: 2. What they saw was Jupiter and Venus conjunct in Leo. Venus is the second planet from the

Sun, and the brightest object in the sky besides the Sun and Moon. Venus was called by the ancients the bright and morning star; this is a name also associated with Christ. Venus symbolizes love and beauty, the gentle peacemaker; these are the characteristics of Christ.

"I, Jesus, have sent My angel to testify to you these things in the churches. I am the Root and the Offspring of David, the Bright and Morning Star." Revelation 22:16 (NKJ)

Jesus exemplified the Libran personality. His love and mission was to bring justice and freedom to all. Daniel's interpretation of the mysterious handwriting on the wall stated that humanity had been weighed in the Scales of Libra and we were found lacking. This lack stemmed from amnesia, we had forgotten who we were and were controlled by a false reality. However, Jesus (Justice) came to supply the grace for deficient humanity, so that we could regain our memory and become sufficient again.

## **Christmas ?**

What about December 25? December 25 was celebrated centuries before Jesus was born. The ancient pagans realizing the Sun was further from the earth in December, out of fear they offered sacrifices to the Sun. They noticed around December 25 after the Winter Solstice the Sun seem to return. December 25 became the birthday of the Sun.

This day was also celebrated as the birthday of Mithra, a god that the Romans worshiped. He was also called the Sun of righteousness, the unconquered Sun god. By the 3rd century the papacy adopted this date and called it the birthday of the Son. Mithraism had such influence on the Roman Church and acceptance, that it was imposed on the Christian world. Not only that, but SUN-day became the official day of worship, in honor of the Sun; instead of Saturday (Sabbath), which had been recognized till this point.

Year after year the faithful exchange the mature resurrected Christ for an infant in a manger on a wintry December night. Wouldn't it seem unusual that at every birthday party of an adult person, their infant photos are displayed, and that the date is inaccurate by nearly three months? Yet this seems to be acceptable and normal for the masses. By many it is casually excused by saying, "we know it is not Christ birthday, but for tradition sake, we will continue to recognize it." Could that not be a form of paganism?

### THE MYSTICAL NUMBER 4

Understanding the 4 Faces of the Cherubim and the Principal Directions are keys to unraveling dark sayings and parables throughout the Bible. The number 4 denotes material creation, it was on day four that material creation was completed. The number 4 also denotes wholeness, and completion. It was on the 4th day of creation that the sun, moon, and stars were created and given authority to govern over the day and the night. Genesis 1:14-19

The number 4 happens to play an important role in many religions of the world, this understanding is shared by the enlightened ones everywhere. Although, the semantics of their doctrine may differ, the message seems to be the same.

The Kabbalist of Judaism teaches that there are 4 levels of understanding the Torah. These 4 levels are actually initiations into the mysteries of God that brings the student to a place of rest, or Paradise within himself.

The first level is called Pshat, which means the plain, literal, and superficial knowledge and understanding of the scriptures. Anyone can attain unto this level; it requires no effort.

The second level is called Rimez, which means a hint, to go beyond the letter of the literal word; this is the development of the intellect. This is when the disciple starts to “do” the word as faith comes.

The third level is called Darash, meaning the opening of the eye of the Spirit, intuition; this goes beyond the intellect of human reasoning. This is when revelation knowledge becomes power to bring about transformation, the realization of who you are.

The fourth level is called Sod, meaning the secrets, revealing of the deepest mysteries. This is the level of “becoming,” the word is written on your heart by the finger of God. This is reserved only for those who desire to be masters or overcomers.

When these 4 levels have been realized the disciple becomes a master, a Tahar, perfect one. As Yahshua said, “Be perfect (pure-complete) as your Father in heaven.”

Taking the first letter of each word opens the door of another mystery. Pshat, Rimez, Darash and

## Secrets of The Cherubim

Sod. P R D S is PaRaDiSe (Paradise). In the Hebrew alphabet of 22 letters there are no vowels, although the letter Aleph is used as a vowel. Paradise awaits those that seek the way of 4.

The principle of this teaching can be found in the Parable of the Sower of Mark 4:13. “Don’t you know this parable? Then how can you fully understand all parables?”

This simple parable shows the Way of 4, the 4 levels of initiation, or developmental stages of the heart. The 4th being Sod in the literal and spiritual sense. In the literal sense sod, or good soil will produce fruit 100 fold. In the figurative sense, a heart of sod is what prepares the way for the Sod “Secrets” of God to be revealed.

Secrets are not shared with strangers, or those who have become satisfied with the limited rainfall of manna in the Wilderness. Rather, secrets are shared with those who have developed an ear to hear Spirit for themselves. This is developed through an intimate relationship with Him.

The Parable of the Sower is the 1st of 8 parables listed in Matthew 13. It is the key to the 4th dimension and beyond, which is explained in Sod; the 4th level of initiation. The 8th parable unveils the mystery of the scribe and his treasure. This is the Tahar, Pure One. This is where the student becomes Teacher, the servant becomes Master. This is the entrance into the Sabbath Rest (PaRaDiSe) within.

In the book of Joshua, we find the Israelites experiencing great victory as they entered into the Promised Land. There was great victory but they did not come into the Promised Rest or Paradise experience, because they did not learn the way of 4; which is the Secrets of the 4 Cherubim. They heard the word preached to them daily, but not going beyond the Pshat, Rimez, Darash, and mixing it with faith to produce the Sod, it profited them nothing.

The book of Judges is the result of not progressing on through the 4 levels of initiation. Judges is a book of defeat for the inhabitants of the Promised Land. It reveals the 4 cycles of history which are repeated over and over when the disciple does come to a Sabbath Rest within himself. The 4 cycles are Rebellion, Retribution, Repentance and Restoration, they are projected from the realm of duality.

## **The Fourth Day**

In the days of creation, we find the 4th day ended the material creation. The sun, moon, stars, and the planets came into expression. The prophet Malachi prophesied that the Sun of Righteousness would arise with healing in his wings (tzit tzit) blue fringes on his garment.

One day with God is as one thousand years, one thousand years is as one day. The Messiah was expected to come on the 4th day, just as the Sun, the light of the world was created on the 4th day. 4000 years from the creation of Adam, or 4 days later the second Adam arrived, called Yahshua (Jesus) the Messiah (Christ). He proclaimed himself to be the Light of the world, the Sun of Righteousness.

If he really was the Sun of Righteousness, he would have healing power in the hem (fringes-tzit tzit) of his garment according to the prophet Malachi. The woman in with the issue of blood put this to the test and was instantly restored on the 4th day. Matthew 9:20

The birth of the Sun of Righteousness on the 4th day also signified the Tahar, the perfect one. He was to be the Firstborn of a new creation of perfect ones, which will learn the secrets of the Cherubim.

**4** is the number of the elements, Earth, Wind, Fire, and Water.

**4** are the seasons of the year, Spring, Summer, Fall, and Winter.

**4** are the phases of the moon, New Moon, First Quarter, Full Moon, and Last Quarter.

**4** are the divisions of the day, Morning, Noon, Evening, and Midnight.

**4** are the mystic rivers flowing out of Eden, Pishon, Gihon, Tigris, and Euphrates.

**4** are the heads of animal creation, and Cherubim, Lion, Ox, Eagle, and Man.

**4** are the number of the Creatures around the throne in the Apocalypse of John in Christianity.

**4** are the Gospels of the New Testament, Matthew, Mark, Luke, and John.

**4** are the Holy Books of the Abrahamic Religions, Torah, Psalms, Gospels, and Koran.

In Native American Religions, especially among the Sioux, Hopi, and Dakota the number **4** is the central or perfect number. Their deities are grouped in **4** animals, and their special positioning in the Sacred Circle. The **4** eagle feathers symbolize strength.

The Egyptians worshiped the **4**-faced deity (similar to the Hebrews Cherubim) called Amen-Ra, Lord of the **4** directions.

The Indians of Hinduism worships the **4** armed dancing god Shiva with the bull (Ox) beneath; dancing the dance of destruction and recreation.

Muslims in Iran made **4** channels for many rivers, hoping to experience paradise as in beginnings.

The Chinese introduced the principle of “fang” the square, thinking the earth was square; thus erecting homes and shrines with **4** corners.

## Secrets of The Cherubim

In Judaism the sacred unpronounceable name of God has **4** letters, YHWH or YHVH; the Tetragramation.

In the Christian Apocalypse of John there are **4** horses, White, Red, Black, and Pale.

**4** is the Perfect Square, the place of harmony and balance of all things.

The **4**th letter of the Hebrew alphabet is Daleth, signifying the number **4**. Daleth means Door. This is the point of transition from the material world to the spiritual or next world. The Door is you, you are the everlasting doors that the King of Glory knocks on. When the door is opened, He is revealed in a different dimension.

Daleth is also the door of initiation. Because your vision of Him has changed, you can now make the transition. The Psalmist assigned these eight mystical verses to the fourth letter of the Hebrew alphabet. "25 My soul clings to the dust; Revive me according to Your word. 26 I have declared my ways, and You answered me; Teach me Your statutes. 27 Make me understand the way of Your precepts; So shall I meditate on Your wonderful works. 28 My soul melts from heaviness; Strengthen me according to Your word. 29 Re move from me the way of lying, And grant me Your law graciously. 30 I have chosen the way of truth; Your judgments I have laid *before me*. 31 I cling to Your testimonies; O LORD, do not put me to shame! 32 I will run the course of Your commandments, For You shall enlarge my heart. Psalms 119:25-32

"Behold I stand at the door and knock."

"And the likeness of their faces were the Face of a Man, and the Face of a Lion, on the right side; the Face of an Ox on the left side; and the Face of an Eagle." Ezekiel 1:10

These **4** Cherubim are also called by other religions the **4** Genii, they are also represented as the **4** minor sphinxes of Egypt. Others called them the **4** Guardians of Heaven or the **4** Pillars. It was believed that the heavens were sustained by these **4**. They are the **4** Fixed signs of the Zodiac forming the Cosmic Cross.

The Mayan called them Kan Bacab (yellow-east), Chac Bacab (red-west), Zac Bacab (white-north), and Ek Bacab (black-south).

They were also known by the Chaldeans as the Guardians to the human race. Judaism calls them the **4** Cherubim, Christianity calls them the **4** Heads of the beast/Cherubim.

### JACOB'S SONS & THE CHERUBIM

**T**he mysteries of the Hebrew alphabet and biblical numerology. The Hebrew alphabet are glyphs. There are 22 of them and they have layers of meaning which are very esoteric. In biblical Hebrew thinking, the number 22 denotes LIGHT. The 22<sup>nd</sup> letter of the Hebrew alphabet is Tav or the “T” Cross, the place of Light or enlightenment.

The 22 alphabets are also in the shape of star constellations, I have been able to even match some of them with star constellations. Jacob's 12 sons represented the 12 Zodiac constellations. 4 of the 12 sons were set as the Fixed Guardians – the Cherubim. The Zodiac has 4 fixed signs that do not move, forming the Cosmic Tav (t) or Cross-providing Light to all who would simply look up and Live.

These 4 sons of Jacob are what the Cherubim told me are the Divine Directions – showing humanity the Way, Truth, Life & Eternal Godhood of his being. Judah, Joseph, Reuben, and Dan...let's see how they came to be.

## Chapter 10

### JACOB'S SAGA

We have seen in the previous chapter how that the mysterious number 4 played an important role in the society of all humanity. From the Egyptian 4-Faced deity (similar to the Cherubim), the 4 Armed Hindu deity standing on a bull, the 4 Eagle Feathers of Native American Indians, to the 4 Faced Cherubim of Judaism and the 4 Beasts Christianity. The Spirit seems to have enlightened those who sought truth according to their level of development, in spite of their religion.

In the book of Beginnings (Genesis) the Torah gives the story of a man called Jacob, whose name was later changed to Israel. After Jacob stole the blessing from his twin brother by deception, he was forced to become a fugitive for over 20 years. During this time away from his homeland he married two women, and also fathered children by their two handmaidens at his wives request. In all Jacob fathered 12 sons and one daughter. The four women in Jacob's life were Leah, Rachel, Bilhah, and Zilpah.

The law of karma (cause and effects) started to work in the life of Jacob immediately. Just as he had deceived his father to get the blessing, he was deceived by his uncle into marrying the elder sister. He had spent the wedding night calling out the name of Rachel to only awake the next morning and find Leah in his arms. If we can get beyond the saga of this love triangle between Jacob, Leah and Rachel, and all the bitterness it produced between the two sisters, we can see the Sovereignty of God. The names of these 12 sons of Jacob are very important and prophetic; although the names were to spite the other sister.

Leah's firstborn son was called Reuben, meaning, "look a son." This was to spite Rachel who was barren, but favored by Jacob. The second son of Leah was called Simeon, meaning, "God hears;" implying that God did not hear Rachel's prayer for a child. The third son of Leah was called Levi, meaning, "join together;" thinking that the relationship between her and Jacob would be closer. The fourth son of Leah was called Judah meaning, "Praise Yahweh." At this point Leah was very optimistic that she had won the love of Jacob, after all she had given him four sons and was praising God for it.

Since Rachel was still barren, she decided to have children through Bilhah the handmaiden as a surrogate. The firstborn was called Dan, meaning, "he has judged me." Implying to her older sister that she was worthy of children, even if by a surrogate. The second son through Bilhah was called Naphtali, meaning, "I am wrestling and winning." Rachel at this point feeling more confident that she not only had the love of Jacob, but also sons from him. This now brings the number of sons to six, Leah has four and Bilhah (Rachel) has two.

Leah's not so optimistic about winning Jacob's favor now, plus she can't seem to get pregnant no matter how hard she tries. She resorts to Rachel methods, she allows her handmaiden Zilpah to become a surrogate. Zilpah's first son is called Gad, meaning, "good fortune; a troop coming to conquer." This baby boomer Leah was announcing that Rachel might have won in the wrestling ring, but she would win the war. The second son of Zilpah was called Asher, meaning, "happiness and prosperity." Leah was again beginning to feel in control, after all Jacob was probably spending more time at Leah's tent; since most of the children were there. This now brings the number of sons to eight, none of which are biologically Rachel's.

As this seemingly made for TV drama continues to unfold, life seems to get more complicated. Leah is wanting another baby, she sends her eldest son Reuben out to pick mandrakes. The root and leaves of this plant worked as an aphrodisiac, the people of the east praised its power of fertility. Rachel sees the mandrakes and asks her sister for some. Leah rebukes her sister, accusing her of stealing her husband, and now wanting to take her sons fruit. However, Leah agrees to share the aphrodisiac with Rachel on one condition, if Jacob is allowed to sleep with her tonight. Rachel agrees to let Jacob go for that night.

Then as fate would have it Leah gets pregnant and bears the fifth son to Jacob and calls him Issachar, meaning, "my reward for hire." She had hired Jacob for the mandrakes and another son was her reward. Since Jacob saw that Leah was still able to bear children, he started spending more time with her. Leah bore him a sixth son and called him Zebulun, meaning, "dwelling place and stability." Her confidence was rising again and the mandrakes were working. (The mandrakes root contains a psychoactive substance that can induce hallucination and was used for magic and incantations. Was hot and bothered Leah using magic and uttering incantations to also win Jacob's love?) She felt that their relationship would now be stable, and that Jacob would be pleased to dwell with her. Leah also bears a daughter and calls her Dinah, meaning, "I have justice; been judged and acquitted." Leah now comes to a place of rest, feeling God had found her worthy, even more so than her sister.

Leah is now biological mother to six sons and one daughter, Zilpah, Leah's handmaiden has two sons. Bilhah, Rachel's handmaiden has two sons, Rachel has no biological children. Jacob is now the proud father of ten sons and one daughter. Life is filled with changes and challenges, and long forgotten prayers are often answered.

God remembers Rachel's prayers for a son, many years have gone by and she has cared for the surrogate children as her own. Rachel bears a son and calls him Joseph, meaning, "God will add another son." Through the years of heartache, shame and grief, she prophesies of another. And after a change in Jacob, Rachel is pregnant again. This pregnancy is different, her long journey is about to come to an end on this plane of existence. While enduring hard labor and giving birth she dies. As her soul is passing away the midwife comforts her with the news of a son to no avail. Struggling to keep her eyes open and to catch her breath that's become very shallow, she looks at the newborn. Her mind racing back through time on all of her grief, competition, and misfortune, she whispers as her soul is passing away, call him Benoni, "son of my pain and suffering." Then she shuts her eyes to the physical world to only awaken to the spirit world. Jacob whose name has now been changed to Israel is standing by her side, he says call his name Benjamin, for he shall be the "son of my right hand, son

## Secrets of The Cherubim

of authority.”

The long rivalry between the sisters is over. Just as Leah, the less favored one had prophesied through the naming of her children, she had won the war and God had acquitted her of any wrongdoing. She could now live the rest of her life with the man she so much loved.

Beneath the letter of this very romantic and complicated story about the matriarchs and patriarchs are hidden the greatest love story of all. In the definition of the names of these ancient people, we will learn the secrets of the Cherubim; thus finding our way back to the garden.

We will now take a closer look at the names, and their mysterious meanings:

The name **Leah** means, *weary, exhausted; weak eyed*. She represents the realm of the soul that expresses limitations. This is the soul that has become weary with the development and journey.

Leah's handmaiden **Zilpah** means, *distilling, to drop as myrrh or tears*. This is an extended expression of the state of Leah's soul or consciousness. Filled with hurt and bitterness (myrrh). Her vision had become blurred with tears-limited or lacking prophetic insight. This was manifested in the actions of their eight sons down through history as the tribes were formed, and they fought against each other bitterly.

The name **Rachel** means, *migration, to journey; ewe*. She represents the realm of soul that's yet in a transitory state, ever evolving to higher spiritual planes. This is the soul that is motivated to develop and finish the journey.

Rachel's handmaiden **Bilhah** means, *bashfulness; timidity and tenderness*. This is also an extension of the state of Rachel's soul. As soul evolves to higher truth, one is brought into a state of humility and compassion. It is the long suffering that produces such a work, this work brings death or detachment from the physical. The evidence of this was manifested in the four sons down through history as the tribes were formed.

The name **Jacob** means, *heel catcher, supplanter, deceiver; liar in wait*. He represents the realm of the soul that knows what is needed and goes after it, however, the methods needs transformation. The heart is desperately wicked and deceitful above all things, who can know it?

Jacob's name was changed to **Israel**, meaning, *striving for God, prince of God*. This was the further extension of Jacob's soul evolution. The striving and manipulations within him was now sanctified. Inside the Jacob (deceiver) was an Israel (prince of God). The Israel was not allowed to swallow up Jacob until he experienced the dark night of the soul. The evidence of this is manifested individually, as we wrestle to overcome the deception in us all.

Now we will organize the names of the Sons of Jacob to get a clearer picture, the meanings of their names.

Taken from Genesis Chapters 29, 30, and 35. The list of the matriarchs and patriarchs.

The bitterness and jealousy that Leah was so filled with toward her sister Rachel had somehow been transferred to her sons. The sons of Leah became very jealous of Joseph, the son of Rachel. This jealousy was cruel to the grave that they cast him into, because he dared to reveal his prophetic dream.

Joseph dreamed that the Sun, Moon and 11 stars (constellations) bowed to him. His brothers became furious realizing the prophetic interpretation, and plotted to destroy this dreamer clad with a coat of many colors. The Sun and Moon represented Jacob and Leah, 11 of the stars (constellations) represented his brothers that would one day submit to him. This was fulfilled after about 22 years had passed and Joseph had been promoted from the prison to the palace. There was a great famine, his family had to leave Canaan to go to Egypt in order to survive. Joseph was then second in command to Pharaoh and in charge of all the food supply. The Sun, Moon, and 11 stars had to indeed submit to this visionary in order to survive. Nearly 300 years after the birth of the 12 sons of Jacob they had formed tribes and grown to be a great nation, but they were slaves in Egypt.

## Secrets of The Cherubim

Looking at this family more closely, we will see that it was not by accident that Jacob/Israel had 12 sons, rather it was a divine plan. The Sun, Moon, and 12 stars were to replicate on earth what the heavens had proclaimed for eons. The 12 sons represented the 12 sign houses of the Zodiac (Mazzaroth). The Sun and Moon were to represent the path taken through the signs. They were numbered and ordained to be the regulators of the seasons of man. Jacob and his Astrological Family are keepers of the sacred teachings, and light to all humanity.

## Chapter 11

---

### ORDER OF THE CHERUBIM

The Torah records in the book Bemidbar (Numbers) the Wilderness Wandering years of the Israelites. They were no longer slaves in Egypt, Moses had delivered them by signs and miracles. However, they became slaves to their own fears and unbelief. This Wilderness experience was a part of their migratory development as seen in the name Rachel. Also their wandering in the Wilderness demonstrating the law of circularity pointed to the wandering of stars (planets).

Although they were no longer in Egypt, there was yet a lot of Egypt in them. The wilderness wandering years were to help them overcome the slave mentality they had developed in Egypt, and bring them to a realization that the Creator saw them as kings and priests.

The 12 sons of Jacob and their families had grown to become a nation of 12 tribes, each bearing the names of the 12 sons. In a matter of 210 years there were several million of them marching in their procession to enter the Promised Land. “Remember the days of old, consider the years of many generations. Ask thy father, and he will show thee; thy elders and they will tell thee. When the Most High divided to the nations their inheritance, when he separated the sons of Adam, he set the bounds of the people according to the number of the angels of God.” Deuteronomy 32:7-8 (Septuagint Version) Here in this scripture the tribes are called angels of God.

Numbers Chapter 2 reveals the order of the celestial procession of the constellations as they were demonstrated in the Wilderness. “And the Lord spoke unto Moses and Aaron, saying, Every man of the children of Israel shall encamp by his own standard, with the banner (sign) of their father’s house (Zodiac sign house): over against the tabernacle of the congregation shall they encamp.” Numbers 2:1-2

Herein we will find the 4 principal divine directions, the leading tribes associated with them, the sub tribes, and the 4 Fixed Zodiac Signs, the leading tribes carried. The 12 tribes were divided into four squadrons, three assigned to each. This was to become a display of the will or workings of God done on earth as the heavens displayed. In the order of the host of Israel is to be found the Secrets of the Cherubim; thus showing the way back into Eden.

## Secrets of The Cherubim

“And on the EAST side toward the rising of the Sun shall they of the standard (sign) of the camp of Judah encamp.” And those encamped next to them shall be of the tribe of Issachar. And those encamped next to him shall be of the tribe of Zebulun.” Numbers 2:3-7

“On the SOUTH side shall be the standard (sign) of the camp of Reuben. And those by him shall be Simeon. And those by him shall be Gad.” Numbers 2:10-14

“On the WEST side shall be the standard (sign) of the camp of Ephraim. And those by him shall be the tribe of Manasseh. Then the tribe of Benjamin.” Numbers 2:18-22 {Joseph is not named directly because Jacob gave him an extra portion, however, he is represented in his two sons Ephraim and Manasseh}. Rachel's 2 sons.

“The standard (sign) of the camp of Dan shall be on the NORTH side. And those who camp by him shall be of the tribe of Asher. Then the tribe of Naphtali.” Numbers 2:25-29

At this point we will not discuss the numbering of the tribes and their mystical meanings, nor will we deal with the prophetic meanings behind the names of the captains. Comparing the order of this great host to the list of names in the previous chapter, we find they were not grouped by birth order. Rather, they were grouped by families from the 4 wives of Jacob.

In Ezekiel's Vision we briefly examined what the Cherubim looked like.

**Face of a LION**  
**Face of an OX**

**Face of a MAN**  
**Face of an EAGLE**

## SONS OF LEAH

The Tribe of JUDAH on the **EAST** was given the Zodiac symbol of the **LION**. Genesis 49:9, Revelations 5:5 “Judah is a lion's whelp: from the prey...a lion and as an old lion. Who shall arouse him?” This corresponds with the sign house of LEO the Lion. A picture of a regal, conquering lion.

ISSACHAR represents the sign house of CANCER the Crab. Deuteronomy 33:18-19. “The abundance of the seas and treasures hidden in the sand.” In this constellation, we will also find Argo the Ship confirming the prophecy of Deuteronomy.

ZEBULUN represents the sign house of VIRGO the Virgin. Genesis 49:13 His dwellings also by the sea at the border of Sidon (place of hunting). In this constellation there is also the Centaur with a spear hunting its victim.

## SONS OF LEAH

The Tribe of REUBEN on the **SOUTH** was given the Zodiac symbol of the **MAN**. Deuteronomy 33:6 Reuben meaning a son (man) corresponds with the sign house of AQUARIUS, the Waterman. “Reuben, the first born of my strength...Let not his men be few.” Genesis 49:3-4. A picture of the outpouring of refreshing water.

SIMEON represents the sign house of PISCES the Fishes. Genesis 34 The account of Dinah the sister of Simeon being taken and raped corresponds with the constellation of Andromeda, the woman in chains in the sign of Pisces. (This is also the ancient sign for the nation of Israel and Christianity).

GAD represents the sign house of ARIES the Ram. Deuteronomy 33:20-21 It was prophesied that he would tear off the arm or head of his challenger. “Gad he shall tear the arm with the crown of the head, he executes the righteousness of the Lord.” In this constellation is displayed Perseus, the triumphant warrior with the head of the enemy in one hand and a sword held high in the other. **(Gad was the son of Zilpah- Leah's handmaiden)**

## SONS OF RACHEL THROUGH JOSEPH GENESIS 48:5

The Tribe of EPHRAIM on the **WEST** was given the Zodiac symbol of the **OX (BULL)**. Deuteronomy 33: 13-17 Ephraim and Manasseh are the horns of this aggressive wild ox (Joseph). “His glory is like the firstling of a bull, and his horns are the horn of a wild ox.” This corresponds with the sign house of TAURUS the Bull.

MANASSEH also represents the sign house of TAURUS the Bull. Deut. 33:13-17 One of the great horns on the **Bull**. “With his horns he shall push the people together.”

## SON OF RACHEL

BENJAMIN represents the sign house of GEMINI the Twins. Genesis 35:18 Benjamin was called by two names, his mother called him Benoni, his father called him Benjamin. Gen. 49:27 “He shall consume as a wolf; in the morning he shall devour the prey...” Benjamin is called a wolf (dog), in this sign house there is a constellation called Sirius, the Great Dog.

### **SON OF BILHAH, RACHEL'S HANDMAIDEN**

The Tribe of DAN on the **NORTH** was given the Zodiac symbol of the **EAGLE (SERPENT)**. Genesis 49:16-18 “Dan shall be a serpent by the way, an adder in the path that bites the horses heel, so that the rider shall fall backward.” On modern planispheres you will not see the **eagle** in the constellation of Scorpio, however, it is a part of the older ones. This corresponds with the sign house of SCORPIO the **Scorpion**.

### **SON OF ZILPAH, LEAH'S HANDMAIDEN**

ASHER represents the sign house of SAGITTARIUS. Deuteronomy 33:24-25 “Asher be blessed (happy-rejoice)..” In this sign is a constellation called Lyra, a musical instrument. It is an eagle holding a lyre, as if rejoicing with the victory.

### **SON OF BILHAH, RACHEL'S HANDMAIDEN**

NAPHTALI represents the sign house of CAPRICORN. Genesis 30:8 The wrestling to overcome, the quest for transformation. This is seen in a constellation of stars called Delphinus, the dolphin as it is associated with resurrection.

Due to the fact that Jacob gave Joseph an extra portion in the divine inheritance through his two sons (Ephraim and Manasseh), there was actually a 13th tribe. Ephraim and Manasseh were each represented as the horns of the **Bull** in Taurus, so that leaves one Zodiac sign.

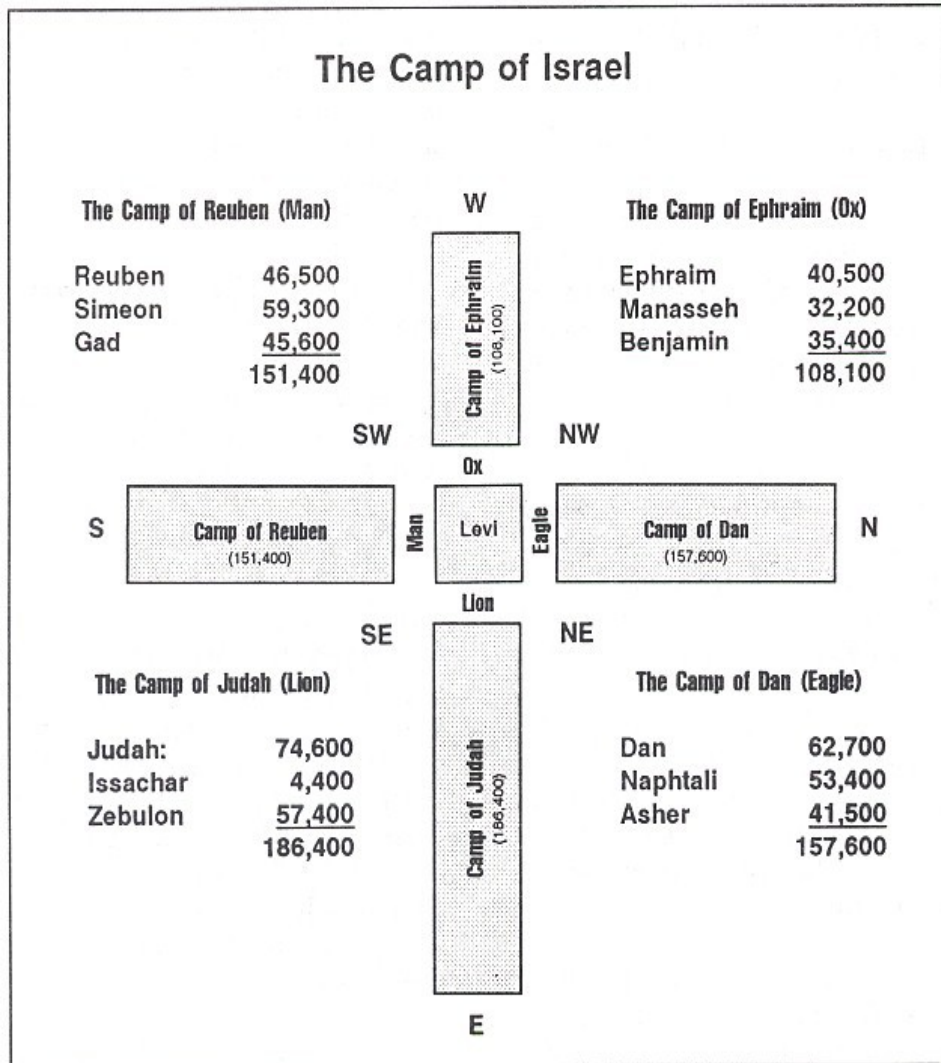

“But the Levites were not numbered among the children of Israel”. Numbers 2:33 (At least at that point) The only sign not taken is LIBRA, the Scales (Balances). The tribe of LEVI corresponds with this sign. “And of Levi he said, Let your Thummin and your Urim be with the holy ones...They shall teach ordinances, and the law...” Deuteronomy 33:8-11 This is seen in the constellation of stars called LIBRA. We use this symbol in our justice system here in America today.

The tribe of Levi was positioned in the Center of the 4 principal directions, along with the Tabernacle, which housed the Ark of the Covenant with the Cherubim on top. They were as a wheel in the midst of a wheel. “For the spirit of the living beings (Cherubim) was in the wheels.” Ezekiel 1 Their positioning also represented the height and depth that brings us to the Center, or 7th direction.

This Center position was the place of Divine Worship and Communion, it was the foundation stone of an ancient society; even the Rock of Ages.

(Just as there is a mystery about the 13<sup>th</sup> tribe, keep in mind that Jacob/Israel had a daughter also. 13 children – there is a hidden 13<sup>th</sup> Zodiac sign for Dinah – concealed in the house of Scorpio).

Encampment of the 12 Tribes of the ancient Hebrew Israelites in the Wilderness.

“There is none like unto the God of Jeshurun, who rides upon the heavens to help you, and soars in excellency on the sky.” Deuteronomy 33:26

***AWED***

I gasp at the knowledge of the Unknown One,  
Cloaked in the darkness of time-  
Spewing forth your wisdom  
In star light sublime-

I stand in awe at your Arrogance,  
Loftier than the highest Sun-  
Humiliating philosophers of all the ages,  
By this one work you've done-

I remain breathless, speechless before the Word,  
Concealed in the breath of the Cosmos-  
Shouting in the your celestial language,  
Along with your starry host.

To whom can I compare you?  
There has not been nor will be-

You sat on the kingly Lion  
And tamed his mighty roar-  
Upon the mortal Man you placed your mighty hand  
And set before him an immortal door-

O' Eternal One the brightness of your light,  
I am blinded and cannot see-

You rode the terrible Bull  
That pushes to the east and to the west-  
Then you soared upon the wings of the magnificent Eagle,  
Far above the Scorpion and the serpents' nest-

How dreadful along this belt  
Day and night you ride-  
Upon animals, monsters, ship and men  
With your royal scepter at your side-

I am entranced by your mysterious throne  
Suspended in the center of your complex host of signs-  
My intellect fails me and reasoning ceases to exist,  
As I strain to contemplate the Great Mind

John Lewis.

**RECOUNT**

Here is wisdom, let him that has understanding count  
Using the mystic's algebra we can know the amount-

Esoteric equations combined with the ancient alphabet  
Unveiling information limited only to the elect-

The secrets of Aleph to Tav  
Psalms 119 extols the sacred Law-

In verses of eight your octave rings clear  
With twenty-two letters of fire to burn those who draw near-

The wise will count and gain insight  
From one to twenty-two the number of Light-

Yod expresses the power of ten  
Holding the name of the Creator, and the  
words used that caused the worlds to begin-

Aleph stands all alone in the strength of unity  
For out of him proceeds all the letters and  
numbers of mystery-

### **NUMEROLOGY & THE HEBREW ALPHABET**

**I**t is important to understand the numeric value of the ancient Hebrew alphabet in order to comprehend the messages the Cherubim would further related. There are 22 letters in the Hebrew alphabet coded with deep spiritual meanings and power.

It was very common for ancient civilizations to use letters to indicate numbers, this is called Gematria by the Hebrews. This numbering system was also used by the Romans, Greeks, Egyptians and other eastern civilizations. Gematria permits the student to discover the relations between words through calculating their numeric values. Words with the same numeric value may replace one another. Also new words can be created and meanings by using the numbers.

Specifically in the book of Bemidar (Numbers) are hidden these coded mysteries. By using these numbers, looking at the Hebrew alphabet, and understanding the meaning of each letter, mysterious codes are broken. Thus, yielding secrets and prophetic messages for the ages.

Below we will list the Hebrew alphabet and the numeric value of each letter. In any system of Numerology, the letters of the alphabet have 9 digits or single numbers. Then the double digits start with 10. The eleventh Hebrew letter has the numeric value of 20, the nineteenth letter begins the triple digits numeric value of 100.

The Hebrew alphabet is divided up into three sets of sevens equaling 21, then Tau stands alone as the 22<sup>nd</sup>.

## Princes and Numbering Order - East

There are no accidents in the universe, and there are no coincidences in life. As we train ourselves to look closer into the true nature of things, we began to understand the Voice that is always speaking. The parables of life are only prophetic indicators to spring board us to the next level of consciousness.

We take for granted addresses, telephone numbers, names, and the many other subtle messages presented to us on a daily basis, not realizing the power they carry. Everything in the universe is built on the law of vibration, and will attract it's equal.

## Secrets of The Cherubim

In the book of Numbers (Bemidbar) are hidden the mystical powers of numbers. They are demonstrated in the numbering of the host of God, as he replicates a celestial procession on earth. We have demonstrated how the sons of Jacob, the Tribes of Israel were in correlation with the 12 Zodiac Signs, however, within the 12 signs are 36 decans or sub constellations. Each Sign House/Mansion has 3 decans or sub constellations. This brings us to the total of 48 constellations that go back to ancient times, the 4 groups of 12.

In the study of Numbers Chapter 3, the Levites and their families are numbered. They form a ministerial wheel within the wheel in their procession around the Tabernacle. However, outside this inner circle is the larger wheel made up of the 12 tribes, and their captains (princes). They are also numbered in Chapter 2.

Concealed within the numbers of this great host, their names, positions, and the Zodiac symbols are revelations the Cherubim would further unfold to those who have ears to hear, and eyes to see. In this section we will look at the 12 leading Princes in groups of 3's.

JUDAH (LEO the LION) on the EAST side. The leading Prince was Nahshon. **Nahshon** means, *whisperer, enchanter, a prophet, diviner or seer*. He led a host of 74,600.

ISSACHAR (CANCER the CRAB). The leading Prince was Nethanel. **Nethanel** means, *given of God, the gift of God; grace*. He led a host of 54,400

ZEBULUN (VIRGO the VIRGIN) The leading Prince was Eliab. **Eliab** means, *God is Father, Father of strength*. He led a host of 57,400

### **The East Side Numbering 186,400 (Speed of Light)**

This is what the Lion-Faced Cherub roared to me. *“God whispers enchantments and secrets to the prophets and seers (Nahshon). This is a gift from God, even given to the rebellious (Nethanel). The words and insight produces great joy, which is the strength of God. This divine strength becomes yours when you get to know Him as Father (Eliab).*

*The Lion is a royal beast, worthy of praise for his strength and boldness. He is the ruler in his domain, striking fear in the hearts of all that hear him roar. His uncanny discernment leads him to the prey. His mane is filled with blood, the color of wine, as he becomes intoxicated from the spoils of his victim.*

*And the Crab holds tightly to her reward, not willing to let go. With a unique ability to vanish in the sand, her giant claw waits to take possession of the next unwary passerby. Her walk is not always straight forward as she passes from sea to land, and her beauty is brought into questioning.*

*Not like the Maiden who finds strength and praise in her purity. She knows no man, but all men seek to be known by her. She has no kingdom, yet she exerts dominance and control over all that she cast her eye upon. Her dwelling place is not hidden, she is as a light shining in a dark place that can not be hid.*

*The secret to power and possessions is summed up in in virtue and Purity. Her presence will demand respect from all the beasts of the field, and all the beasts within. This inward working in the spirit and soul will cause an expression in the material world. Things will lose their priority, let go and retain more. Greed, anxiety and arrogance are ineligible suitors that will never date her. This is your return to innocence, and the vibration of your being will become as fast and pure as white light.”*

## **THE NUMBER 186,000**

The numbering of the host on the East side is 186,400.

Hidden within the numbering of the 3 leading Princes on the east side we have a repetition of numbers denoting Light. Light travels at the speed of 186,400 miles per second according to the latest testing. And we know that the positioning of these 3 tribes led by Judah faced the east, the rising of the Sun.

Light is the entrance and exposing of the Incarnate Word. This is the true Light that becomes, the Light that illuminates every person that comes into the world. It is the beginning of the Cosmic Fellowship where the new Initiate starts to walk in Light, experiencing cleansing and forgiveness, till he becomes Light. This is the breaking of the day of the Lord within you, whose Light will consume and transmute all darkness. The brightness of his coming within destroys the mystery of iniquity.

(A deeper look at the number 186,400 or  $1+8+6+4=19$  or  $1+9=10$  that reduces to 1 - the Cherubim repeated uncovered this mystery and power of One throughout the order and arrangements of the angels of God. We can only achieve Light-speed when we come into Unity with ourselves and everything.)

## **THE NUMBER 400**

We see the number 400 in the hosts of Nethanel (54,400) and Eliab (57,400). The number 400 is the numeric value of the 22nd letter of the Hebrew alphabet, Tau/Tav. The number 22 denotes Light. Subsequently, we will find the number 400 in each of the sacred directions, however, it is intensified in the east. "And the glory of the God of Israel came from the way of the east...and the earth was made to shine with his glory." This is the transfiguration of the physical to express the Light within. Ezekiel 43:2

The first time the number 400 was mentioned in the Torah (Bible), was when God was spoke to Abram. At this point Abram had received elements of communion from Melchizedek, and God was

now confirming the covenant. He was told that his seed would be as the innumerable stars of the heavens, but before this would happen, there would be a space of 400 years. This 400 years period would be perceived as affliction, 210 of these years would be slavery in Egypt. In this passage of scripture, the number 400 would seem to denote something negative, affliction. Genesis 15

This affliction was a 'Light Affliction' compared to the glory that would be revealed just before and after the exodus. Enlightenment is a double edged sword of blessings and curses. The awareness of being and all the benefits are a blessing. But for those that are rejecting the light it can become a curse. When one walks in Light, the rebellious are constantly exposed even by your wordless presence. They will hate the light and seek to extinguish it, something about you just wont jive with time and of course, you will be blamed for it. Photophobia is what keeps the majority in the void uncreative holographic world of darkness.

The second place where the number 400 is mentioned is also in Genesis. Isaac, the promised seed was 37 years old when Sarah his mother being 127 years old died. Abraham purchased his first piece of real estate in the Promised Land from Ephron the son of Zohar the Hittite. He buried Sarah in the cave of Machpelah. He purchased this property and burial site for 400 shekels of silver. This was also signifying the redemption or the recover of the Light that would one day enlighten all mankind.

Later a mountain would bear the name Ephron on the border of northern Judah. Ephron means fawn like, quick. It represents the phase of thought that is impulsive, quick to change. It helps one in making the necessary change in letting go of the old. (Typified in the death of Sarah).

Ephron was the son of Zohar, which means, dazzling brilliance; white light, purity. This is the state of thought operating out of the enlightened mind. When the ray of light is drawn into the darkness of man's soul, it is scattered out of his spirit 7 fold. The 7-fold colors of the rainbow, the 7 Spirits of God expressed through enlightened man.

### **THE CAVE OF MACHPELAH**

This cave in the land of Zohar (light) was not just any cave. Machpelah means double, twofold. This speaks of both the physical and the spiritual worlds.

It was in this cave that not only Sarah was buried, but Abraham, Isaac, Rebekah, Leah and Jacob/Israel also. Some Hebrew traditions states that this was also the final resting place of Adam and Eve. It was believed by the sages that this cave was the entrance back into the Garden of Eden that exists on a much higher plane. It was believed to be a literal gateway or portal to other worlds.

It is the belief even today of many Orthodox Jews that if they are buried in the land of Israel, they'll have easier access to the Garden of Eden on the other side. Many modern Orthodox Jews yet strive to be buried at least near that area.

## Princes and Numbering Order - South

REUBEN (AQUARIUS the WATER BEARER) on the SOUTH side. The leading Prince Elizur. **Elizur** means, *God is a Rock, God is my refuge*. He led a host of 46,500

SIMEON (PISCES the FISHES). The leading Prince was Shelumiel. **Shelumiel** means, *God of peace, wholeness*. He led a host of 59,300

GAD (ARIES the RAM). The leading Prince was Eliasaph. **Eliasaph** means, *God adds, increases and enlarges*. He led a host of 45,650

*This is what the Cherub with the Man Face gently said to me. "God must become your Rock and place of stability when the world around you is torn apart (Elizur). He will keep you in perfect peace because you trust in Him and know Him. The realization of wholeness comes during the most challenging times (Shelumiel). It is then you realize how blessed you are, He will continue to increase and enlarge you (Eliasaph).*

*Mankind is the highest of all creation, the offspring of God. He has been given a spirit to commune with the Creator, a brain more complex than imaginable. Such a lofty position for one who has the potential to abuse his dominion, and find security in external things. Yet he is worthy of the visitations and outpourings from on high.*

*The Fish are a strong people in the environment where the position on food chain could mean a short life. They have learned a secret in the placid classroom of the deep; they listen and work together. At an instant, hundreds can change their course in perfect unison, thereby, depriving the predator of his planned meal.*

*In the high places the Ram can be found. He is ready to take opposition head on and sometimes will look for it. Will he continue to boast of his balance? He may find that sacrifices will produce the true strength of humility. Enlargement comes with a price, it is the harvest of what has been sown.*

*Thus, the secret to stability and security is Sacrifice. When the spirit of son-ship is developed within and personal desires aren't a priority, peace and wholeness is found. All the high things, and that which would intimidate must be brought low. Increase and favor are the grades only given to those that listen well and actively do."*

## The South Side Numbering 151,450

As we see in the numbering for those on the South is found the number 400 plus 50. As discussed earlier 400 denotes Light, but 50 denotes Jubilee, liberation and the realm of Pentecost. The Hebrew alphabet *Nun* has the numeric value of 50. *Nun* (noon) means Fish. This is foreshadowed in Simeon

## Secrets of The Cherubim

(Pisces, Fishes), whose position was behind Reuben (Aquarius, the Water-man) in the order of the Cherubim. The water is being poured into the mouth of the Fish. This indeed is the Light that comes within the soul that liberates it from the debts of the physical plane, you are not indebted to the physical.

From the time that God spoke to Abraham about the 400 years of affliction, to the time the Hebrews actually settled into the Promised Land was about 450 years. Joshua the son of Nun (50- Fish) led the Hebrew Israelites into Canaan. Thus, again signifying the soul liberation into glorious liberty, and being raised up by the Holy Spirit. This again is like the 450 talents of gold from Ophir sent by Hiram to King Solomon to produce the highest quality of light in the city of God.

The negative or shadow side of 450 denotes artificial light, which is filled with deception. This can be seen in the 450 prophets of Baal during the time of Elijah. Swift destruction came to those that tried to manipulate and pervert the light, those that would discourage others from seeking the true Light. This is the area of the soul that would settle for "Fool's Gold," where the thieves and robbers try to avoid entering in by the Door.

(The number 151,450 or  $1+5+1+4+5=16$  or  $1+6=7 - 7$  speaks of complete, mature, whole and oneness – 7 the number of God, God is One.)

## Princes and Numbering Order – West

EPHRAIM (TAURUS the BULL) on the WEST side. The leading Prince was Elishama. **Elishama** means, *One whom God hears, understanding*. He led a host of 40,500

MANASSEH (TAURUS the BULL). The leading Prince was Gamaliel. **Gamaliel** means, *led of God, benefits of God*. He led a host of 32,200

BENJAMIN (GEMINI the TWINS). The leading Prince was Abidan. **Abidan** means, *father of judgment, a judge*. He led a host of 35,400

## The West Side Numbering 108,100

This is what the Ox-Faced Cherub humbly bellowed to me. *"God hears and understands you, even when others don't or, you don't understand myself (Elishama). You must put my trust in Him and be led by Him. Never forget all His benefits, the wonderful things He has done (Gamaliel). He is your righteous Judge, and will help you discern wisely in every situation (Abidan).*

*The Bull has a mind of its own and strength to carry out its will. So terrible are his expressions as*

*his nostrils flares, who can stand in his path? Yet with understanding of the nature of the beast, he can be tamed.*

*Discipline is not found in the heart of a fool, his stubbornness will not allow him to listen. His temper will cause him to rebel, and pride will hold him back from promotions. Yet the harness of understanding and strength can steer him in the right way. The Creator showers His blessings even on the undeserving. It is sometimes the goodness of God that leads to changing the heart of a strong willed person.*

*The secrets of wisdom are double, and they are opposite to what appears. Can light and darkness exist at the same time except on opposite sides? Yet are they not concealed in one another? To one it is light, to another it is darkness. Only the Sword can discern and separate the Twins, and true judgment rest with the wise.*

*To know Strength and Unity is to understand Discipline and Duality. Temperance and patience must have complete work in you. This is the taming of the human will and emotions, to serve the true nature within.”*

## **The Number 108,100**

Abidan, the leading Prince from the tribe of Benjamin, led a host of 35,400. We again see the number 400, the number of Light concealed in the order of the Cherubim. This is the judgment or decisions that brings Light. This is produced through the suffering and pain of Benoni to become the Benjamin.

The number 35 is associated with the cubit height of the Twin Pillars of Solomon's Temple, they were called Jachin and Boaz. These are the Pillars of Initiation into the mysteries of the Holy of Holies where you are established in His strength. Jachin and Boaz represent the initiatorial elements of wind and fire. These elements are understood in all *Mystery Schools*. Moses, the Law-giver received this initiation on Mt. Sinai at the giving of the Torah. The mountain was set on fire as the winds and clouds encircled it. Exodus 19 Elijah, Master Prophet of the School of Prophets was transported by a chariot of fire in a whirlwind. 2 Kings 2 There were 120 gathered in the upper room when the cloven tongues of fire fell and the rushing mighty winds came. This initiation empowered them to speak and be heard in 17 different languages simultaneously, and to perform miracles. Acts 2

108,100 basically speak of the Maturity and the expression of fullness produced by the Light. The numbers  $1+8+1=10$  or reduces to 1. We are one, reconciled in the One.

## **Princes and Numbering Order – North**

## Secrets of The Cherubim

DAN (SCORPIO the SCORPION) on the NORTH side. The leading Prince was Ahiezer. **Ahiezer** means, *brother of help, helpful*. He led a host of 62,700

ASHER (SAGITTARIUS the ARCHER). The leading Prince was Pagiel. **Pagiel** means, *visitation of God*. He led a host of 41,500

NAPHTALI (CAPRICORNUS the GOAT). The leading Prince was Ahira. **Ahira** means, *brother of evil, unlucky*. He led a host of 53,400

### The North Side Numbering 157,600

The Eagle-Faced Cherub screeched this message to me. *"A friend is one that sticks closer than a brother. He is a help and refuge when all else fails (Ahiezer). When the soul feels cold and barren, He will come, his words will be as spring rain. Wait for the visitations of God (Pagiel). Misfortune and evil is known to all (Ahira), but those who will wait and expect help from the Almighty will receive times of visitation.*

*Fear can be deadly and one sting from the Scorpion can cause a life of pain. Vengeance and unforgiveness will poison the soul and destroy the body, they can produce nothing but negative energy. The prison of pain and bad memories holds its captives forever, but letting go will bring eternal freedom. This freedom will allow a brother hated to become a brother of help. The solution is within the problem.*

*The Hunter aims at his target and the arrow is released. The strength and power of human and divine will accomplish every goal. Speed and supernatural abilities are visitations to the one that will remain focused.*

*Transformation is not all that easy, but it can be done. Misfortunes and adversities are the escorts through this narrow road. It is more complicated and confusing to turn back. As the road gets narrower, there is less room for baggage.*

*Thus, the secret to forgiveness and achieved goals is Sacrifice. This is the power within that brings about the transformed life, this is the life out from among emotional and spiritual death."*

Ahira, the leading Prince of the tribe of Naphtali, led the host of 53,400 on the North side. Again we see the number 400 denoting Light even in the cold darkness of the north. The Light in this dimension is produced through the wrestling to overcome within. The struggles of evils in the realm of duality, and the challenges of life's experience are brought into divine judgment within.

The number 53, taken from the letter Nun which has the numeric value of 50, and the letter Gimel which has the numeric value of 3 give us more details about the souls progression. 50 speaks of Jubilee and Gimel speaks of awakening to enlightenment. It is in this experience that one learns to rejoice and maintain a positive attitude during opposition, which in return brings about an awakening.

This again is the realization of the light that burns within and can not be quenched by opposition.

The numbers 157,600 or  $1+5+7+6=19$  or  $1+9=10$  reduces to 1. Again, we are reminded that we are one and true Light brings Unity.

## **TOTAL OF 603,550 of the men of war.**

The Torah tells us in Numbers chapter 1 that a census was taken, 603,550 is the number of men counted from 20 years old and upward. This number denotes spiritual warfare. The spiritual warfare is the disciplining of the flesh and soul appetite. It is the internal working out of the lower self, so that which has been deposited can manifest. This number also denotes strength and maturity.

Looking a bit deeper, we see a repeated hidden truth.  $6+3+5+5=19 - 1+9=10$  which again reduces to 1. The righteous Army of Yahweh is one – “Hear Oh Israel, Yahweh your Elohim is One.”

## **The Levites Numbering 22,000 (The Center)**

The 22nd letter of the Hebrew alphabet is Tau/Tav. Tau speaks of Light, corresponding with the 22 amino acids within the DNA of all humans. This is the hidden Light, Christ in all waiting to be expressed through all. Within the codes, chromosomes, and amino acids are hidden the secrets of impossibilities and immortality, from Aleph to Tau. The breaking of these codes and seals will release mankind from limitations of time, space, and gravity.

Within the center of the camp of Israel were the Levites, they were strategically positioned there to bring light and life to the whole house of Israel. In the center of your being is the muscle called the heart, supplying blood to your whole body. The life of the flesh is in the blood and blood appears as congealed light under a high powered microscope.

This is the place of Divine Balance where the Levite within joins you to the Light of life. Out of this state of being centered flows the abundance of life and joy. It is the conscious act of cutting off and separating from the system and methods of the world to become God's inheritance.

22,000 represents Infinite Light and the soul liberation from being subjected to the holographic images of matter. This is where the new priestly order is revealed. It is the Order of Melchizedek, the administration that transcends time and space. Melchizedek ministers from behind the veil of many civilizations on various planes of existence. 22,000 is the number of planets with conscious life according to some Hebrew traditions.

## Chapter 13

---

### CHERUBIM IN THE TABERNACLE AND TEMPLE

The first of the nine classes of angels mentioned in the Bible are Cherubim. They seem to be guarding the only way to immortality, the desire of all human beings. These magnificent beings are not only guarding the way, **but they are showing the way; even beckoning to the sons of men.** In each of the Faces of the Cherubim are the phases of initiation, the rite of passage.

2500 years after the exodus of Adam and Eve from the Garden of Eden, the Cherubim are seen again. It is a very critical time, the Hebrew Israelites have experienced an exodus from Egypt, and they need direction to the Promise Land. The spirit of these magnificent beings led the way on top of the Ark of the Covenant. This Promised Land was said to have been like the well watered Garden of Eden.

The Hebrew nation demonstrated the journey of mankind. The patriarch Jacob, who was later renamed Israel was in Canaan, a type of heaven; the Garden of Eden. He left and went down to Egypt, a type of the 3 dimensional world, and his descendants became enslaved. Later, they cried out to the Creator, and he sent a deliverer to bring them back to where they came from, the land of Canaan.

Before we were birthed in flesh form, we existed in the realm of Spirit, also called heaven. We descended to the physical world of limitations, and became slaves in this body to the cravings of the flesh and materialism. The Creator has sent us deliverers to show us the way back to Spirit, this knowledge is revealed in the teachings of the Cherubim. The Cherubim are the 4 Recording Angels of human destiny the 4 Faces of God They release the 4 Cosmic Elements of Fire, Earth, Water, and Air, man is under the protection of these Beings until he awakens completely and develop the Godhood within.

Moses was summoned to worship God in the mountain, for 6 days he was to worship afar off. On the 7th day he was called to come nearer, in this high experience, the Torah was given, and the revelation of the Tabernacle and Cherubim. He was instructed to make it according to the pattern revealed in the heavens. This literal Tabernacle was to be a replica of what existed in the heavens, the realm of Spirit. On the Mercy Seat, which covered the Ark of the Covenant were two Cherubim of pure gold, this was placed in the Holy of Holies. This was to become the meeting place of mortal and Immortal between the Cherubim; the meeting place for visible and Invisible. Thus, the Cherubim signified the way to the Promised Land. Exodus 24 – 25 The also led in battles and activated the blessings

The Midrash teaches us that the Cherubim on the Ark had the faces of children. The Secret of the Cherubim is Innocence, this was the state that Adam and Eve walked in before the transgression. The

Master teaches us that no one can enter into this mystical kingdom, except he become as a little child. Also, the Cherubim teaches us that we can only rise spiritually, as we honor one another face to face, submitting to the divine in each human.

The Cherubim with their wings stretched on high, and with their Innocent faces of Adam and Eve were looking downward. It was as if they were looking through the Mercy Seat (blood) into the Ark where the 10 Commandments, Hidden Manna and Aaron's Rod that budded were. Our face to face encounters with each other, recognizing and respecting the God in each other; give us the rite of passage through the flaming sword. The Laws of God are a Tree of Life to those who obey. Embroidered in the fine linen in the Holy Place were found the Cherubim peering down as it were on mortal man worshiping the Almighty, pointing the way to the Holiest of all and reminding him that his imagination alone keeps him out.

500 years later when Solomon was building the Temple we find the Cherubim standing in the Holy of Holies. On the walls and doors were carved the Cherubim and other Zodiac symbols, such as the Lion (Leo), and the Bull (Taurus) showing the way to the Tree of Life. The Lion signifying the tribe and southern kingdom Solomon was from, Judah; the Bull signifying Ephraim and Manasseh, the northern kingdom of Israel. The veil has been ripped and the Shekinah awaits you.

The introduction to the Cherubim 3500 years ago by Moses was the initial step on the path toward the Secrets of the Cherubim; however, because of their vain imaginations and unbelief, the people did not go all the way. They entered into the physical Promised Land, but failed to overcome to enter into rest (Spiritual Promised Land).

*"We, the Cherubim are standing and peering from the heavens, not to keep you from the Tree of Life, rather, to show you how to access this Tree. We are standing high in the consciousness of humanity to show the road within. The Fixed Directions will provide all the tools and experiences needed for the journey of deprogramming and reprogramming oneself. As the detailed work of the Spirit furnishes the inner man, your prayers and meditations will provide the sweet incense of communion. This is liken unto setting on fire the 5 sacred spices, the 5 senses of the soul, creating the Shekinah within man.*

*The Cherubim and the heavens are a parable of the universe within mankind. The starry host and all it's beauty is only a pattern for which man is the replica. Humans make up the constellations of stars and their signs. The wise will shine as the stars of heaven. The mysterious darkness and all its secrets are exposed to the seeker that dare to listen to the multi-dimensional Voice of inner Space.*

*Hear and learn the Secrets of the heavens. Human indeed can be compared to the 12 constellations signs. As the Sun and Moon passes through and governs the 12 constellations, the planets exercise their rulership, and the elements influences in the heavens; so it is with the Zodiac Man. You are the Zodiac Man. These are the 12 stages of his development, the 12 foundations stones of becoming the*

## Secrets of The Cherubim

*New Jerusalem.*

- 1) At his physical birth, he is as pure as a Lamb, filled with innocence and easy to lead in any direction. (Aries)*
- 2) Then, as he becomes older, he becomes as strong as an Ox, easily enraged and sometime stubborn. (Taurus)*
- 3) As he comes to the stage of puberty, he seems to develop a split personality and becomes Twins. Life provides many choices and discoveries for the completion of oneself. (Gemini)*
- 4) Adulthood brings about a maturity and a sexual identity. The controls and drives of the physical can hold some in its clutches as a Crab does. (Cancer)*
- 5) The desires of the lower life may appear as strong as a lion, or the power to overcome may take the strength of a Lion. (Leo)*
- 6) When sin has been recognized and repented of, he is restored to appear as a Virgin. The past is only an illusion. (Virgo)*
- 7) If sin is not repented of and increases, it must be weighed in the Scales. The price can cost a life. (Libra)*
- 8) If un-repented repeated experiences called sin outweighs that which is right, he must be turned over to the Scorpions and vipers till there is balance. However, if righteousness outweighs sin, the wings of an Eagle will lift him far above the material. (Scorpio)*
- 9) The man with a changed heart will be shot forth with the speed of the Arrow of deliverance and great strength. (Sagittarius)*
- 10) Again mankind experiences a purity through the power of transformation, he is as a kid Goat. (Capricornus)*
- 11) Refreshing Water is poured out upon him from the celestial urn, as he is made to feel anew. (Aquarius)*
- 12) The waters of life now provide the proper atmosphere for man to succeed in every area and multiply as the Fishes. (Pisces)*

*At this point man has come to the end of himself and no longer lives as a hewed-man. Now he is raised up to realize his oneness with the heavens. His communion and fellowship is with the Cherubim and angels, and knowledge of the ages to come is passed on to him.*

*However, we cannot be approached with the technological advances of man, nor will we be aroused by the modern rhetoric of religion. But deep within the consciousness of man, and out of his belly will flow the passwords, granting him the rite of passage. Thus, he will learn and experience the Secrets of the Cherubim and gain access to the Tree of Life within. "To him that overcomes," shouts the Eternal Voice, it is he that will have the rite of passage to the Tree."*

*"He parted the heavens and came down; dark clouds were under his feet. God rode on a cherub, and flew. Yes, he was seen on the wings of the wind." 2 Samuel 22:10-11*

## PRAYER

*Creator of the Cherubim, all that ever existed and all that will exist, I look to you within and all about me. Thank you for creating me in your Divine Image and Likeness. I confess, I have allowed my imagination to control me in times past. I have allowed myself to be mesmerized and controlled by the holographic images projected from my consciousness of good and evil. I now change my mind. I realize that You have always loved me and I should love myself and others. Thank you for sending the highest Master Jesus (Yahshua), to demonstrate Your great love for me and finished work. I accept the provision and life that's been given before the foundation of the world. I Am FORGIVEN! I forgive others. I Am one with You in the Garden of my being. Thank You! I love you Creator. You are my Father/Mother (Parent)! Hallelu-YAH! Hallelu-YAH! Hallelu-Yah!*

## **1 Corinthians 13:1-13**

“If I speak in the tongues of men and of angels, but have not love, I am only a resounding gong or a clanging cymbal.

If I have the gift of prophecy and can fathom all mysteries and all knowledge, and if I have a faith that can move mountains, but have not love, I am nothing.

If I give all I possess to the poor and surrender my body to the flames, but have not love, I gain nothing.

Love is patient, love is kind. It does not envy, it does not boast, it is not proud.

It is not rude, it is not self-seeking, it is not easily angered, it keeps no record of wrongs.

Love does not delight in evil but rejoices with the truth.

It always protects, always trusts, always hopes, always perseveres.

Love never fails. But where there are prophecies, they will cease; where there are tongues, they will be stilled; where there is knowledge, it will pass away.

For we know in part and we prophesy in part, but when perfection comes, the imperfect disappears.

When I was a child, I talked like a child, I thought like a child, I reasoned like a child. When I became a man, I put childish ways behind me.

Now we see but a poor reflection as in a mirror; then we shall see face to face. Now I know in part; then I shall know fully, even as I am fully known.

And now these three remain: faith, hope and love. But the greatest of these is love.” (NIV)

# SECRETS OF THE CHERUBIM

## A JOURNEY INTO THE HEAVENS

It has been said that the key to understanding human existence on planet Earth lies in outer space, the great beyond...somewhere among the mysterious void, where all hope to one day go;heaven. Could it be that the key to understanding our existence is the vastness of inner space? Could it be in our DNA spiral of life, the wheel within the wheel- like the counterclockwise motion of nebula, galaxies unfolding humans very essence? The Cherubim challenges us to take the journey within to discover Spirit, by overcoming the false images of ourselves and the world.
